Independent Auditors' Report

Plan Administrator
FNF Construction, Inc. Davis-Bacon Retirement Plan
Tempe, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of FNF Construction, Inc. Davis-Bacon Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of FNF Construction, Inc. Davis-Bacon Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FNF Construction, Inc. Davis-Bacon Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FNF Construction, Inc. Davis-Bacon Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FNF Construction, Inc. Davis-Bacon Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FNF Construction, Inc. Davis-Bacon Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

FNF Construction, Inc. Davis-Bacon Retirement Plan

Notes to Financial Statements

Year Ended December 31, 2024

1. Description of plan:

The following description of the FNF Construction, Inc. Davis-Bacon Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan was established in January 1989, and has been amended several times since that date.

General:

The Sponsor of the Plan is FNF Construction, Inc. (the Sponsor).

The Plan is a money purchase pension plan. The Plan covers all employees of the Sponsor who performed services under a public contract subject to the Davis-Bacon Act or any other federal, state, or municipal prevailing wage law. Employees become eligible on the later of the date they first complete one hour of service on a covered contract or become a covered employee. Management and qualifying employees on such contracts may collectively agree to opt-out of the Plan on a contract-by-contract basis through payment of additional W-2 wages to meet the prevailing wage requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer contributions:

Each plan year the Sponsor will contribute to the Plan, on behalf of each participant covered by prevailing wage contracts, hourly contribution rates designated for that participant's employment classification by the U.S. Department of Labor, for the construction project at which that work was performed. The employer's contribution may consist of cash or "qualifying employer real property," or any other property acceptable to the insurance company.

Participant accounts:

The custodian shall maintain a separate employer account in the name of each participant, which will reflect the participant's share of employer contributions arising under the Plan, and the earnings, losses, appreciation, and depreciation attributable to such amounts.

Vesting:

Participants are immediately vested in their employer contributions plus actual earnings thereon.

Investment options:

Participants may direct contributions in any increments into any of several investment options. Participants may change their investment options inside the platform at any time.

1. Description of plan (continued):

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. All loans require written spousal consent, cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The loan must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the loan may be repaid over a ten-year period. All loans will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator, on the date of the loan. The participant's individual account serves as collateral for the loan and, in the event of default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statements of net assets available for benefits as notes receivable from participants.

Payment of benefits:

On termination of service due to disability, retirement, or other reasons, a participant may elect to receive a distribution in the form of either a lump-sum amount equal to the value of the participant's vested interest in their account, or installments under substantially equal payments as soon as practicable after six months have elapsed following termination. Mandatory automatic distributions under the Plan for vested balances less than \$5,000 may be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distributions. The plan document should be consulted for additional distribution methods available.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

Year Ended December 31, 2024

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at a contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2024 through September 16, 2025, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a non-standardized pre-approved money purchase/CODA plan as published by the Standard Insurance Company (the Standard), who obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Sponsor believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

FNF Construction, Inc. Davis-Bacon Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2024

3. Federal income tax status (continued):

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2024, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	<u>\$ 6,187,714</u>	<u>\$ 6,187,714</u>	<u>\$ -</u>	<u>\$ -</u>

FNF Construction, Inc. Davis-Bacon Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2024

4. Fair value measurements (continued):

At December 31, 2023, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	<u>\$ 4,783,477</u>	<u>\$ 4,783,477</u>	<u>\$ -</u>	<u>\$ -</u>

The assets in the preceding tables were measured primarily using the market approach. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

Certain information related to investments and notes receivable from participants in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Charles Schwab Trust Bank and the Standard, the custodian and insurance company of the Plan.

6. Investment contract with insurance company:

The Plan holds a traditionally fully benefit-responsive guaranteed investment contract with the Standard Insurance Company totaling \$257,571 and \$251,362 at December 31, 2024 and 2023. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

FNF Construction, Inc. Davis-Bacon Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2024

6. Investment contract with insurance company (continued):

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

7. Related party and party in interest transactions:

Certain plan investments are managed by Charles Schwab Trust Bank. The Plan paid certain expenses to the Standard, the recordkeeper, and other service providers during 2024 related to plan administration and investments activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan. However, no employee receives compensation from the Plan.

FNF Construction, Inc. Davis-Bacon Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2024

8. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 7,022,806	\$ 5,485,587
Less participants' contribution receivable	<u>-</u>	<u>(28,406)</u>
Net assets available for benefits per the Form 5500	<u>\$ 7,022,806</u>	<u>\$ 5,457,181</u>

The following is a reconciliation of employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2024:

Employer contributions per financial statements	\$ 1,626,963
Add prior year employer contribution receivable per the financial statements	<u>28,406</u>
Employer contributions per Form 5500	<u>\$ 1,655,369</u>

10. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
