INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Bechtel NR Program Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bechtel NR Program Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bechtel NR Program Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain salaried and bargained employees of Bechtel Plant Machinery, Inc. (BPMI or Company), a wholly owned subsidiary of Bechtel National, Inc. On October 1, 2018, the contract for the Naval Nuclear Laboratories (NNL) was awarded to Fluor Marine Propulsion (FMP), and employees of Bechtel Marine Propulsion Corporation (BMPC) became employees of FMP. When this occurred, BPMI assumed responsibility as a Plan sponsor of the Plan from BMPC, a wholly owned subsidiary of Bechtel National, Inc., and the FMP employees were transferred into a new plan sponsored by FMP. The Plan is designed to assist employees in saving for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The designated trustee of the Plan is Northern Trust Corporation (Northern Trust), and Fidelity Management Trust Company (Fidelity) provides recordkeeping and administrative services.

Eligibility - Eligible employees are able to participate in the Plan on their date of hire. Eligible employees are automatically enrolled within a reasonable period of time after they are hired or rehired by the Company.

Contributions - A participant may make contributions on a pretax, after-tax or Roth 401(k), or a combination of all three, through payroll deductions of between 2% and 25% of eligible compensation, in increments of 1%, subject to the limitations of the Internal Revenue Code (IRC). Employees who are automatically enrolled will have 4% deducted from their compensation unless they affirmatively elect not to participate in the Plan. If no affirmative election has been made, contributions are invested in the Vanguard Target Retirement Fund closest to their projected retirement age. Participants direct their contributions into various investment options offered by the Plan. Each pay period, the Company provides a match, up to a certain limit as defined by the Plan. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans maintained by their previous employers, subject to the approval of the Plan administrator. In addition, all participants who will have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with and subject to the limitations of the IRC.

Participant Accounts - Each participant's account is credited with the participant's contributions, Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants pay a recordkeeping fee taken from their accounts on a quarterly basis. If an employee files a Qualified Domestic Relations Order, the participant is required to pay a fee in order to have it be qualified. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in all their and Company matching contributions plus earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants - Subject to terms of the Plan, participants may borrow up to 50% of their account balance, up to a maximum of \$50,000. Notes receivable are secured by the balance in the participant's account. Repayment of a note receivable must be made over a period not to exceed five years (or 15 years in the case of a home loan) and, in the case of active employees, are generally made by payroll deduction. Notes receivable bear interest at the prime rate as published by Reuters that is in effect on the last business day of the previous calendar month (7.50% as of December 31, 2024), plus 1%.

Payment of Benefits - On retirement, termination of employment, death or attainment of age 59-1/2, a participant is entitled to the full value of his or her vested account balance. Distributions may be made in cash, an annuity or a rollover. Distributions of account balances of less than \$1,000 are made upon termination of service. Participants who are active employees may request a distribution not exceeding \$5,000 of their vested account balance, provided the distribution satisfies the requirements of a qualified birth or adoption. Participants may also request a hardship distribution from their participant-funded account balance if certain circumstances are met.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statements of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan holds an interest in the net assets of the Bechtel NR Program Defined Contribution Master Value Trust (Master Trust) as of December 31, 2024 and 2023. The Master Trust investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 5 for discussion of fair value measurement.)

Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on securities sold or redeemed are determined on the basis of average cost. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income from the Plan's interest in the Master Trust includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as interest and dividends.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note receivable repayments and the Plan administrator deems the participant loan to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. The Plan pays investment management fees to Northern Trust, which are included in the Plan's interest in the Master Trust investment income, and fees to Fidelity for administration of the Plan, which are shown as administrative expenses. Fees related to the administration of notes receivable are charged directly to the participant's account and are also included in administrative expenses.

Risks and Uncertainties - The Plan invests in various investment securities that are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of securities, it is at least reasonably possible that a change in value will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through September 17, 2025, the date that the financial statements were issued, and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.

NOTE 3 - TRUSTEE CERTIFICATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023 and investment income related to the Plan's interest in the Master Trust and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust, trustee as of and for the years ended December 31, 2024 and 2023.

NOTE 4 - INVESTMENTS IN THE MASTER TRUST

The Plan holds an interest in the net assets of the Master Trust. The interest is expressed in units of value. Each plan rolls up into the Master Trust, as the trustee maintains separate accounts that reflect each plan's share of the Master Trust investments. Each plan account holds units of the various investment manager accounts within the Master Trust. Allocation of investment income is based on each plan's specific interest in the underlying plan investments, which are based on participant direction of the investments. Separate reporting is provided for each plan, as well as for the Master Trust in the aggregate.

NOTE 5 - FAIR VALUE MEASUREMENT

The Plan discloses the category of assets and liabilities measured at fair value into one of three different levels, depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. Financial assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement.

The fair value hierarchy is defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BECHTEL NR PROGRAM SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodology used at December 31, 2024 and 2023.

Interest-Bearing Cash - Valued at amortized cost plus accrued interest.

Corporate Common Stocks - Valued at the closing price in the active market on which the individual security is traded.

Depository Receipts - Investments in a foreign entity through a U.S. exchange-traded security held in Depository Trust Company priced nightly by a third party.

Common Collective Trusts - Valued at net asset value (NAV) of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be distributed to the participants in proportion to their respective account balances.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan administrator by a letter dated June 23, 2014 that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 7 - TAX STATUS (Continued)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Should the Plan incur penalties and interest related to unrecognized tax benefits, such amounts would be recorded as administrative expenses. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan were managed by an affiliate of Northern Trust and Fidelity; therefore, these transactions qualify as party-in-interest transactions.
