## Independent Auditor's Report

Plan Administrator and Participants  
Worldwide Travel Staffing, Limited 401(k) Profit Sharing Plan and Trust

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Worldwide Travel Staffing, Limited 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### Opinion

In my opinion, based on my audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

**Other Matter** – *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Worldwide Travel Staffing, Limited 401(k) Profit Sharing Plan and Trust

## Notes to Financial Statements December 31, 2024 and 2023

---

### 1. Description of the Plan

The following is a brief description of the Worldwide Travel Staffing, Limited 401(k) Profit Sharing Plan and Trust (the “Plan”) provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

*General* — The Plan is a defined contribution retirement plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code, covering eligible employees of Worldwide Travel Staffing, Limited (the “Company” and “Plan Sponsor”). The Plan is funded by employee and employer contributions. Paychex, Inc. serves as the Plan’s recordkeeper, and Mid Atlantic Trust Company is the trustee for the assets under its custody. The Plan is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

*Eligibility* — Employees of the Company are eligible to participate in the Plan upon attaining age 21.

*Contributions* — Participants may authorize an elective deferral contribution rate between 0% and 92% of their compensation as defined by the Plan document on a pre-tax basis or Roth (post-tax) basis, up to the maximum annual limitations as provided by the Internal Revenue Code. Participants who are age 50 or older before the end of the plan year are allowed to make an additional “catch-up” contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company provides a safe harbor matching employer contribution equal to 100% of the first 6% a participant contributes to the Plan. The Company may also make a discretionary contribution to the Plan. No additional discretionary contributions were made to the Plan during 2024. Company safe harbor matching employer contributions amounted to \$1,743,298 for 2024, of which \$204,917 was received by the Plan and allocated to eligible participants in 2025.

All contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants direct all contributions into various investment options available under the Plan. If an election is not made by the participant, then elective deferrals will be directed into a default investment.

*Investments* — Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

*Vesting* — Participants are 100% vested in all contributions, plus actual earnings thereon. *Notes Receivable from Participants* — Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years but may exceed five years for the purchase of a primary residence. The loans are collateralized by 50% of the vested balance in the participant’s account and bear interest at a rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. The maximum number of loans outstanding at any one time is one.

*Participant Accounts* — Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of plan investment earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or they may elect to keep their vested balance in the Plan until the earlier of normal retirement age, death, or disability, in accordance with the Plan document. If the participant elects to keep his or her interest in the Plan, the participant's account will continue to receive its share of earnings or losses.

*Withdrawals and Distributions* — Upon termination of service due to retirement, death, or disability, a participant will receive a lump-sum distribution equal to the value of their account if the total vested account balance does not exceed \$7,000. If the total vested account balance does exceed \$7,000, the participant may elect to receive a distribution at any time, or the vested account balance will be distributed following the later of the date the participant reaches normal retirement age of 65 or the date the participant terminated employment. Hardship distributions may be taken from a participant's vested account balance, subject to certain limitations. In-service distributions of employee contributions only are allowed upon attainment of age 59½.

## **2. Summary of Significant Accounting Policies**

*Basis of Accounting* — The Plan prepares its financial statements on the accrual basis of accounting and presents the net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

*Use of Estimates* — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

*Risks and Uncertainties* — The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the accompanying financial statements.

*Payment of Benefits* — Benefits are recorded when paid.

*Investment Valuation and Income Recognition* — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year and any return on concessions from the recordkeeper, as defined.

*Notes Receivable from Participants* — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

*Administrative Expenses* — Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

*Subsequent Events* — Plan management has evaluated subsequent events through September 18, 2025, the date the financial statements were available to be issued.

### 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Money Market Fund and Mutual Funds* — Valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is therefore classified as a Level 1 asset.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	Hierarchy	Fair Value at December 31,	
		2024	2023
Investments, at fair value:			
Mutual funds	Level 1	\$ 16,532,702	\$ 13,192,990
Money market fund	Level 1	<u>354,687</u>	<u>283,025</u>
Total investments		<u>\$ 16,887,389</u>	<u>\$ 13,476,015</u>

#### 4. **Related-Party Transactions and Party-In-Interest Transactions**

Paychex, Inc. is the recordkeeper of the Plan and Mid Atlantic Trust Company is the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, and some fees are made by direct payments.

Certain employees and/or officers of the Company perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants qualify as party-in-interest transactions.

#### 5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### 6. **Tax Status**

The Plan uses a pre-approved plan document sponsored by Paychex, Inc. (Paychex). Paychex received a determination letter from the Internal Revenue Service (IRS) dated August 31, 2020, which states that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

As of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### 7. **Certified Investment Information**

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Mid Atlantic Trust Company and furnished to the Company. The Company has obtained certifications from Mid Atlantic Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that such information is complete and accurate.
