## Independent Auditors' Report

To the Plan Participants and Plan Administrator  
Frozen PHS and HMHS 403(b) Annuity Plan:

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We were engaged to perform audits of the financial statements of Frozen PHS and HMHS 403(b) Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Disclaimer of Opinion*

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### *Basis for Disclaimer of Opinion*

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of

changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

*Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

*Auditors' Responsibilities for the Audit of the Financial Statements*

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

*Other Matter - Supplemental Schedule Required by ERISA*

The supplemental Schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

**FROZEN PHS and HMHS 403(b) ANNUITY PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2024 and 2023

**1. Description of Plan**

The following description of the Frozen PHS and HMHS 403(b) Annuity Plan (the Plan) provides only general information. Reference should be made to the plan document, as amended, for a more complete description of the Plan's provisions.

***General***

The Plan, formerly the Presbyterian Healthcare System 403(b) Annuity Plan (the PHS 403(b) Plan), is a defined contribution plan qualified under Section 403(b) of the Internal Revenue Code of 1986, as amended (the Code), that covered all eligible full-time and part-time employees of the adopting employers (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Texas Health Resources (the Plan Sponsor) assumed sponsorship and administration of the Plan on August 1, 1997. The board of trustees for the Plan Sponsor elected to freeze the Plan effective December 31, 1997, and beginning January 1, 1998, plan participants became eligible to participate in the newly formed Texas Health 401(k) Retirement Plan.

Effective October 1, 2001, assets of the Harris Methodist Health System Retirement Plan (the HMHS 403(b) Plan) were merged into the PHS 403(b) Plan. Simultaneous with the merger, the name of the PHS 403(b) Plan was changed to Frozen PHS and HMHS 403(b) Annuity Plan.

***Administration***

Fidelity Workplace Services LLC, (Fidelity) provides recordkeeping and administrative services to the Plan Sponsor on behalf of the Plan and is an authorized agent of Fidelity Management Trust Company (the Custodian). The Custodian invests cash received and plan earnings, as directed by the participants, and makes distributions to participants. The Governance Committee, as appointed by the Board of Trustees, is the named fiduciary responsible for overall administration and operation of the Plan.

***Participant Contributions***

Under certain conditions, participants may be eligible to roll over distributions from a previous employer's 401(k) plan, 403(b) plan, or other qualified defined contribution plan, or conduit individual retirement account (IRA).

***Participant Accounts***

Each participant's account is credited with the allocated plan earnings or losses. Allocations are based on the proportion that their account balance bears to all participants' accounts in each investment fund. The participant's account is charged with any loan fees incurred by the Plan on their behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The investing of participant account balances is self-directed by each participant among the available mutual funds selected by the trustee of the Plan. Participants may modify or transfer investments between the designated mutual funds at any time during the year. If the participant fails to provide investment allocation directions, the participant's account is invested in the Plan's qualified default investment fund. The default is a series of target retirement date asset allocation mutual funds, JPMorgan Chase Bank (JPMorgan) SmartRetirement Funds, which most closely align with the participant's retirement age of 65.

**1. Description of Plan, continued**

***Vesting***

Participants are 100% vested in their respective individual account balances at all times.

***Notes Receivable from Participants***

Participants may borrow from their vested account balance as defined by the Plan. The participant must borrow a minimum of \$1,000. The maximum a participant may borrow is the lesser of (1) 50% of the participant's accrued benefit or (2) \$50,000, reduced by the participant's highest outstanding balance of loans from the Plan in the prior 12 months. The plan administrator establishes the interest rate on loans, and the interest paid on loans is fixed for the period of the loan. Currently, the interest rate is the prime interest rate as of the first of the month when the request is received plus 1%. At December 31, 2024, interest rates on participant loans, due through 2036, ranged from 4.25% to 9.50%. The loan is secured by the participant's remaining account balance. The repayment period available for loans depends on the reason for the loan. For a general-purpose loan, the participant can elect a repayment period up to five years. For a loan to purchase a principal residence, the participant can elect a repayment period of up to 20 years, and documentation of the purchase must be provided.

***Payment of Benefits***

Participants may receive a distribution from the Plan while an employee when they reach age 59 1/2 or later, or during a time of serious financial hardship. The Plan will pay a participant's fully vested account balance at normal retirement (age 65 or later), termination of employment, disability, or death. The participant's account will be valued on the day that the proper paperwork is received and processed by Fidelity. Payment is issued in a lump sum.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The Plan's financial statements are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

***Plan Expenses***

The Plan incurred certain administrative fees which are charged to the participant's account for which the fees were incurred. The Plan Sponsor paid certain other immaterial administrative expenses that otherwise would be paid by the Plan if not by the Plan Sponsor. The Plan has no liability to the Plan Sponsor for any such expenses paid on behalf of the Plan. Certain investment related expenses are presented as a reduction of investment income.

**2. Summary of Significant Accounting Policies, continued**

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investment securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents the net appreciation or depreciation in the fair market value of its investments, which includes realized gains and losses from sales of investments and unrealized gains and losses on investments held at year-end, in the accompanying statements of changes in net assets available for benefits.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

***Payment of Benefits***

Benefits are recorded when paid.

**3. Financial Information Certified by the Custodian**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, notes receivable from participants held at December 31, 2024 and 2023, investment income, interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, the information in Note 4, and the information included in the supplemental schedule as of December 31, 2024 were certified by the Custodian as being complete and accurate and were used in the preparation of the financial information included in the accompanying financial statements, notes to financial statements, and supplemental schedule.

#### 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1    Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2    Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3    Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used, or fair value inputs, that may require a transfer within the fair value hierarchy, for the years ended December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered by the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTES TO FINANCIAL STATEMENTS**, Continued

**4. Fair Value Measurements**, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

**Assets at Fair Value as of December 31, 2024**

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,549,844	\$ —	\$ —	\$ 35,549,844
Total assets at fair value	\$ 35,549,844	\$ —	\$ —	\$ 35,549,844

**Assets at Fair Value as of December 31, 2023**

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,163,322	\$ —	\$ —	\$ 39,163,322
Total assets at fair value	\$ 39,163,322	\$ —	\$ —	\$ 39,163,322

**5. Related-Party Transactions**

Certain plan assets are invested in shares of mutual funds of the Custodian. These transactions, as well as notes receivable from participants, qualify as party-in-interest transactions, which are exempt from the “prohibited transactions” provisions of ERISA and the Code.

**6. Plan Termination**

While the Plan Sponsor has not expressed any intent to discontinue the Plan, the Plan may be terminated at any time by the resolution of the Plan Sponsor's board of trustees subject to the provisions of ERISA. Upon termination of the Plan, participants receive the entire balance of their accounts.

**7. Tax Status**

The Plan Sponsor believes that the terms of the Plan and the operation of the Plan are in compliance with the requirements of Section 403(b) of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is not subject to IRS examinations for tax years 2021 and prior as the statute of limitations has expired.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term.

**9. Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans Excluded Contracts (Unaudited)**

The Plan has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, (FAB 2009-2). However, GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. If the identified contracts, as reported by the Custodian, were included, net assets available for benefits would increase by approximately \$5,282,354 and \$5,668,456 as of December 31, 2024 and 2023, respectively. Further investment income of approximately \$322,372 and \$365,382 and deductions of approximately \$708,474 and \$286,852 related to such accounts, as identified by the Custodian, have also been excluded from the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, respectively.

**10. Subsequent Events**

The Plan evaluated events subsequent to December 31, 2024 and through July 29, 2025, the date on which the financial statements were available to be issued.
