September 5, 2025

Swalling & Associates, P.C.
3201 C Street, Suite 405
Anchorage, AK 99503

This representation letter is provided in connection with your audit of the financial statements of The Aleut Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (collectively, the “financial statements”).

We elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the information regarding assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

 25. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.
 26. We have disclosed to you the names of all of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions, including any side agreements.
 27. The Plan has satisfactory title to all owned assets, which are recorded at fair value, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.

 29. Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
 30. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

- 
31. The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows:

Mutual funds. Valued at quoted market prices of shares held by the Plan at year end.

Self-directed brokerage. Accounts primarily consist of common stocks and mutual funds that are individually valued based on closing price quoted in active markets, as well as cash, which is valued at cost, which approximates fair value.

The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

32. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair values as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
33. All required amendments to and filings of Plan documents with the appropriate agencies have been made. The Plan obtained its latest determination letter on June 30, 2020 in which the IRS stated that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by FMR, LLC which has been adopted by the Plan is acceptable pursuant to Section 401 of the Internal Revenue Code and in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
34. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The Plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
35. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan for the year ended December 31, 2024.
36. The Plan has complied with the fidelity bonding requirements of ERISA.
37. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
38. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

ERISA Required Supplemental Schedule

39. We believe the form and content of the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Aleut Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and the Plan Administrator
The Aleut Corporation 401(k) Retirement Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Participants and the Plan Administrator
The Aleut Corporation 401(k) Retirement Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Participants and the Plan Administrator
The Aleut Corporation 401(k) Retirement Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2024 and 2023

Note 1: Description of the Plan

The following description of The Aleut Corporation 401(k) Retirement Plan (the Plan) provides only general information. Participants and interested parties should refer to the Plan documents for a more complete description of the Plan and its provisions.

General

The Plan is a defined contribution plan established on January 1, 1990 covering all eligible employees of The Aleut Corporation (the Company or Plan Sponsor), including participating employers under common control of the Company, as defined in the Plan document. The Plan was restated effective March 25, 2021 and this restatement includes the amendments required for the Coronavirus Aid, Relief, and Economic Security Act provisions implemented in 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (Secure 2.0 Act)

On December 29, 2022, the SECURE 2.0 Act was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants currently and/or in the future include increasing the age for Required Minimum Distributions (RMDs) and provisions relating to catch-up contributions. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required. The deadline for adopting plan amendments has been extended, most recently to no later than December 31, 2026.

Contributions

Eligible employees may elect to defer both pre-tax and certain after-tax (Roth) contribution amounts up to 100% of annual eligible compensation, as defined by the Plan, not to exceed limitations set by the Internal Revenue Code (IRC). Any newly hired employee who is eligible for the Plan will have 3% of eligible compensation contributed on a pre-tax basis of the Plan as soon as feasible following 30 days from the date of hire unless the participant makes a contrary election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into a self-directed brokerage account or through various investment options offered by the Plan. Participants may change their investment allocations and transfer accumulated savings between funds on a daily basis.

The Company may make discretionary matching or profit-sharing contributions for eligible participants or a designated group of eligible participants, as directed by The Aleut Corporation management. The discretionary matching contribution was \$3,345,650 for the year ended December 31, 2024. There were no profit-sharing contributions for the year ended December 31, 2024.

The Aleut Corporation 401(k) Retirement Plan
Notes to the Financial Statements (Continued)
December 31, 2024 and 2023

Note 1: Description of the Plan (Continued)

Employees hired under a prevailing wage contract receive prevailing wage contributions that help satisfy the fringe benefit requirements of prevailing wage law. For purposes of receiving any prevailing wage contribution made to the Plan, participants are eligible to participate on their date of hire and enter the Plan on that date. Total prevailing wage contributions were \$581,450 for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, allocations of the Company's profit-sharing contributions, if any, investment earnings/losses, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are 100% vested at all times in all contributions, both participant and employer, and the earnings thereon.

Investment Options

Upon enrollment in the Plan, participants may direct their employee contributions and employer contributions in any of the investment options offered by the Plan. Participants have the opportunity to reallocate contributions among the investment funds at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may only have one outstanding loan and the term of the loan may not exceed five years, except for those to purchase a primary residence. The loans are supported by promissory notes, are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates at the date of issuance, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Amounts credited to an individual participant's account are distributed at termination of service, death, disability or retirement, as a lump sum amount. In-service distributions are permitted for participants who attain age 59½ or older. In certain hardship situations, as described in the plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Distributions may be deferred until the participant reaches the age of 73 if the value of the distributions is not less than \$1,000. However, the plan agreement stipulates that distributions must commence no later than April 1 of the year in which the participant reaches the age of 73.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value is the net gain or loss on disposition of investments, plus the net unrealized increase or decrease in fair value of investments held at year end.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal balance which approximates fair value. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan.

Payment of Benefits

Benefits are recorded as distributions when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure in the financial statements through September 5, 2025, which is the date the financial statements were available to be issued.

Notes to the Financial Statements (Continued)
December 31, 2024 and 2023

Note 3: Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company, a qualified institution to be complete and accurate:

- (a) Investments, at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits;
- (b) Total investment income and interest on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits; and
- (c) All information included in the Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as shown in the ERISA required supplemental schedule.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include –
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Aleut Corporation 401(k) Retirement Plan
Notes to the Financial Statements (Continued)
December 31, 2024 and 2023

Note 4: Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual funds* - Valued at quoted market prices of shares held by the Plan at year end.
- *Self-directed brokerage* - Accounts primarily consist of common stocks and mutual funds that are individually valued based on closing price quoted in active markets, as well as cash, which is valued at cost, which approximates fair value.

The fair value of investments measured under this hierarchy as of December 31, 2024 and 2023 is as follows:

	2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 49,988,157	\$ -	\$ -	\$ 49,988,157
Self-directed brokerage	<u>4,786,439</u>	<u>-</u>	<u>-</u>	<u>4,786,439</u>
Total investments, at fair value	<u>\$ 54,774,596</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,774,596</u>

The Aleut Corporation 401(k) Retirement Plan
Notes to the Financial Statements (Continued)

Note 5: Related Party Transactions and Party-in-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. Certain plan investments consist of investments managed by Fidelity Management Trust Company, the Custodian, therefore these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, each respective participant's account will continue to be 100% fully vested and will be distributed to each participant in accordance with the plan agreement.

Note 7: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's volume submitter sponsor by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by FMR, LLC, which has been adopted by the Plan, is acceptable pursuant to Section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine exams by taxing jurisdictions; however, there are currently no exams for any tax periods in progress.

The Aleut Corporation 401(k) Retirement Plan
Notes to the Financial Statements (Continued)
December 31, 2024 and 2023

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks and uncertainties, such as interest rate risk, credit risk, market risk, economic changes, political unrest, regulatory changes, and foreign currency risk. The Plan's exposure to a concentration of risk is dependent upon funds selected by participants. The following table shows details on investments that represent a concentration of greater than 10% of the Plan's investments in either year:

<u>Investments</u>	<u>December 31, 2024</u>		<u>December 31, 2023</u>	
	<u>Balance</u>	<u>% of Investments</u>	<u>Balance</u>	<u>% of Investments</u>
Fidelity Freedom 2035 Fund Z	\$ 5,545,592	10%	\$ 4,536,252	11%
Fidelity 500 Index Fund	5,778,552	11%	*	*

Due to the concentration of investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

* Balance did not represent a concentration of 10% or greater of the Plan's net assets as of December 31, 2023.

Note 9: Reconciliation of Financial Statements to the Form 5500

This representation letter is provided in connection with your audit of the financial statements of The Aleut Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (collectively, the “financial statements”).

We elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the information regarding assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of September 5, 2025 the following representations made to you during your audit.

- 
31. The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows:

Mutual funds. Valued at quoted market prices of shares held by the Plan at year end.

Self-directed brokerage. Accounts primarily consist of common stocks and mutual funds that are individually valued based on closing price quoted in active markets, as well as cash, which is valued at cost, which approximates fair value.

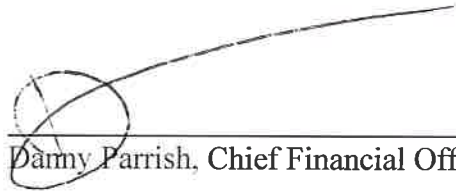

The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

32. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair values as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
33. All required amendments to and filings of Plan documents with the appropriate agencies have been made. The Plan obtained its latest determination letter on June 30, 2020 in which the IRS stated that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by FMR, LLC which has been adopted by the Plan is acceptable pursuant to Section 401 of the Internal Revenue Code and in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
34. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The Plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
35. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan for the year ended December 31, 2024.
36. The Plan has complied with the fidelity bonding requirements of ERISA.
37. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
38. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

ERISA Required Supplemental Schedule

39. We believe the form and content of the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
