Independent Auditor's Report

RSM US LLP

Plan Sponsor and Participants
White House Custom Colour, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of White House Custom Colour, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

White House Custom Colour, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of White House Custom Colour, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of White House Custom Colour, Inc. (the Company). Employees are eligible to participate in the Plan immediately upon hire. The Company's Board of Directors and Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute amounts of their pretax annual compensation, up to the maximum permitted by law. Participants may also make post-tax salary reduction contributions into the Plan's Employee Roth Contribution account. Participants may also contribute, by way of rollover, amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled at a contribution rate of 6% of eligible compensation, unless they affirmatively elect not to participate in the Plan or elect a different rate. The Company makes a matching contribution equal to 100% of the first 1% of eligible compensation, and 50% of the next 5% of eligible compensation, contributed to the Plan by the participants as deferral contributions. Additionally, the Company, in its sole discretion, may provide profit sharing contributions and qualified nonelective contributions. No profit sharing or qualified nonelective contributions were made for the year ended December 31, 2024.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan investment results less an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon and vest in the Company's matching contributions plus actual earnings thereon after 24 months of qualified service. The Company's profit-sharing contributions and nonelective contributions, if any, plus actual earnings thereon vest ratably between two and six years of service, at which time the participant is fully vested. Notwithstanding the foregoing, a participant is fully vested upon reaching normal retirement age, death or becoming disabled while an employee.

Participant investment options: Participants direct the investment of their account into a variety of investment choices, as more fully described in the Plan's literature. Participants may change their investment choices at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are determined by the Plan Administrator but may not exceed five years, except for the purchase of a principal residence, for which the term will be established at the time of the note. These notes are secured by the balance in the participant's account. The notes bear interest at rates ranging between 4.25% and 9.50% at December 31, 2024, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are received ratably, through payroll deduction, from participants, as further explained in the Plan document.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Benefit payments: Upon termination of service, retirement, attainment of age 59½ or older, death, disability or Plan termination, participants may elect to roll over their balance to another qualified plan or receive the value of the vested interest in their accounts in the form of a lump-sum distribution. Participants are also able to make hardship withdrawals from the Plan upon fulfillment of the hardship provisions detailed within the Plan document. Upon termination of service and if no benefit payment election is made by the participant, participants with vested account balances of less than \$1,000 will be cashed out, and balances between \$1,000 and \$7,000 will be distributed by either a lump-sum payment or into an individual retirement account (IRA) or another qualified retirement plan.

Forfeitures: Forfeited nonvested accounts are used to restore forfeitures, fund future employer contributions, or pay Plan administrative expenses. The available amount of forfeited nonvested accounts was approximately \$0 at December 31, 2024 and 2023. Total forfeitures used in 2024 to fund Company matching contributions and pay administrative expenses were approximately \$18,000.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for further discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair value of investments as of the end of the period being reported on.

Contributions: Contributions from Plan participants and the related matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2024 or 2023. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Benefit payments: Benefit payments to participants are recorded when paid.

White House Custom Colour, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: The Plan pays the trustee's administrative fees. Legal, accounting and other administrative expenses incurred relative to the Plan are primarily paid by the Company and are excluded from these financial statements. If not paid by the Company, the administrative expenses become the responsibility of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included as a component of net appreciation in fair values of investments.

Risks and uncertainties: The Plan provides for investment in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events and transactions for potential recognition or disclosure through August 14, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's investment information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets.

	December 31	
	2024	2023
Investments at fair value:		
Registered investment companies	\$ 16,340,137	\$ 14,005,648
Money market fund	28,703	22,187
Collective trust fund	135,605	116,634
Total investments at fair value	16,504,445	14,144,469
Receivables:		
Notes receivable from participants	93,789	120,249
	<u>\$ 16,598,234</u>	<u>\$ 14,264,718</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$1,595,883 of net appreciation in fair value of investments, \$396,459 of interest and dividend income related to the aforementioned investments and \$8,329 of interest income on notes receivable from participants for the year ended December 31, 2024.

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Registered investment companies are valued at the unadjusted quoted market prices of shares held by the Plan at year-end in the active market in which the individual securities are traded.

Money market fund: The money market fund is valued at cost plus accrued income, which approximates fair value.

Collective trust fund: The collective trust fund is valued at the net asset value (NAV) as reported by the investment advisor using the audited financial statements of the fund at year-end. The fund's underlying assets consist of investment contracts and security-backed contracts.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

White House Custom Colour, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value at December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 16,340,137	\$ -	\$ -	\$ 16,340,137
Money market fund	-	28,703	-	28,703
Total assets in the fair value hierarchy	<u>\$ 16,340,137</u>	<u>\$ 28,703</u>	<u>\$ -</u>	16,368,840
Investments at net asset value:				
Collective trust fund (a)				135,605
Total assets at fair value				<u>\$ 16,504,445</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 14,005,648	\$ -	\$ -	\$ 14,005,648
Money market fund	-	22,187	-	22,187
Total assets in the fair value hierarchy	<u>\$ 14,005,648</u>	<u>\$ 22,187</u>	<u>\$ -</u>	14,027,835
Investments at net asset value:				
Collective trust fund (a)				116,634
Total assets at fair value				<u>\$ 14,144,469</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes the investment where NAV is available as a practical expedient:

	Fair Value as of		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	December 31 2024	December 31 2023			
Collective trust fund	\$ 135,605	\$ 116,634	N/A	Daily	12 months

The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investment. For individual participants who choose to withdraw from the investment, there is no redemption notice period required.

White House Custom Colour, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Income Tax Status

The Plan adopted a non-standardized form of a pre-approved plan sponsored by FMR LLC. The pre-approved plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Related-Party Transactions and Party-In-Interest Transactions

The Plan has investments in registered investment companies and a money market fund, which are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and record keeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the custodianship and record-keeping services are included as a component of net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Independent Auditor's Report

RSM US LLP

Plan Sponsor and Participants
White House Custom Colour, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of White House Custom Colour, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

White House Custom Colour, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of White House Custom Colour, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of White House Custom Colour, Inc. (the Company). Employees are eligible to participate in the Plan immediately upon hire. The Company's Board of Directors and Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute amounts of their pretax annual compensation, up to the maximum permitted by law. Participants may also make post-tax salary reduction contributions into the Plan's Employee Roth Contribution account. Participants may also contribute, by way of rollover, amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled at a contribution rate of 6% of eligible compensation, unless they affirmatively elect not to participate in the Plan or elect a different rate. The Company makes a matching contribution equal to 100% of the first 1% of eligible compensation, and 50% of the next 5% of eligible compensation, contributed to the Plan by the participants as deferral contributions. Additionally, the Company, in its sole discretion, may provide profit sharing contributions and qualified nonelective contributions. No profit sharing or qualified nonelective contributions were made for the year ended December 31, 2024.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan investment results less an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon and vest in the Company's matching contributions plus actual earnings thereon after 24 months of qualified service. The Company's profit-sharing contributions and nonelective contributions, if any, plus actual earnings thereon vest ratably between two and six years of service, at which time the participant is fully vested. Notwithstanding the foregoing, a participant is fully vested upon reaching normal retirement age, death or becoming disabled while an employee.

Participant investment options: Participants direct the investment of their account into a variety of investment choices, as more fully described in the Plan's literature. Participants may change their investment choices at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are determined by the Plan Administrator but may not exceed five years, except for the purchase of a principal residence, for which the term will be established at the time of the note. These notes are secured by the balance in the participant's account. The notes bear interest at rates ranging between 4.25% and 9.50% at December 31, 2024, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are received ratably, through payroll deduction, from participants, as further explained in the Plan document.

Note 1. Description of the Plan (Continued)

Benefit payments: Upon termination of service, retirement, attainment of age 59½ or older, death, disability or Plan termination, participants may elect to roll over their balance to another qualified plan or receive the value of the vested interest in their accounts in the form of a lump-sum distribution. Participants are also able to make hardship withdrawals from the Plan upon fulfillment of the hardship provisions detailed within the Plan document. Upon termination of service and if no benefit payment election is made by the participant, participants with vested account balances of less than \$1,000 will be cashed out, and balances between \$1,000 and \$7,000 will be distributed by either a lump-sum payment or into an individual retirement account (IRA) or another qualified retirement plan.

Forfeitures: Forfeited nonvested accounts are used to restore forfeitures, fund future employer contributions, or pay Plan administrative expenses. The available amount of forfeited nonvested accounts was approximately \$0 at December 31, 2024 and 2023. Total forfeitures used in 2024 to fund Company matching contributions and pay administrative expenses were approximately \$18,000.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for further discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair value of investments as of the end of the period being reported on.

Contributions: Contributions from Plan participants and the related matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2024 or 2023. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Benefit payments: Benefit payments to participants are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: The Plan pays the trustee's administrative fees. Legal, accounting and other administrative expenses incurred relative to the Plan are primarily paid by the Company and are excluded from these financial statements. If not paid by the Company, the administrative expenses become the responsibility of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included as a component of net appreciation in fair values of investments.

Risks and uncertainties: The Plan provides for investment in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events and transactions for potential recognition or disclosure through August 14, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's investment information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets.

	December 31	
	2024	2023
Investments at fair value:		
Registered investment companies	\$ 16,340,137	\$ 14,005,648
Money market fund	28,703	22,187
Collective trust fund	135,605	116,634
Total investments at fair value	16,504,445	14,144,469
Receivables:		
Notes receivable from participants	93,789	120,249
	<u>\$ 16,598,234</u>	<u>\$ 14,264,718</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$1,595,883 of net appreciation in fair value of investments, \$396,459 of interest and dividend income related to the aforementioned investments and \$8,329 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Registered investment companies are valued at the unadjusted quoted market prices of shares held by the Plan at year-end in the active market in which the individual securities are traded.

Money market fund: The money market fund is valued at cost plus accrued income, which approximates fair value.

Collective trust fund: The collective trust fund is valued at the net asset value (NAV) as reported by the investment advisor using the audited financial statements of the fund at year-end. The fund's underlying assets consist of investment contracts and security-backed contracts.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value at December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 16,340,137	\$ -	\$ -	\$ 16,340,137
Money market fund	-	28,703	-	28,703
Total assets in the fair value hierarchy	<u>\$ 16,340,137</u>	<u>\$ 28,703</u>	<u>\$ -</u>	16,368,840
Investments at net asset value:				
Collective trust fund (a)				135,605
Total assets at fair value				<u>\$ 16,504,445</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 14,005,648	\$ -	\$ -	\$ 14,005,648
Money market fund	-	22,187	-	22,187
Total assets in the fair value hierarchy	<u>\$ 14,005,648</u>	<u>\$ 22,187</u>	<u>\$ -</u>	14,027,835
Investments at net asset value:				
Collective trust fund (a)				116,634
Total assets at fair value				<u>\$ 14,144,469</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes the investment where NAV is available as a practical expedient:

	Fair Value as of		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	December 31 2024	December 31 2023			
Collective trust fund	\$ 135,605	\$ 116,634	N/A	Daily	12 months

The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investment. For individual participants who choose to withdraw from the investment, there is no redemption notice period required.

White House Custom Colour, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Income Tax Status

The Plan adopted a non-standardized form of a pre-approved plan sponsored by FMR LLC. The pre-approved plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Related-Party Transactions and Party-In-Interest Transactions

The Plan has investments in registered investment companies and a money market fund, which are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and record keeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the custodianship and record-keeping services are included as a component of net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.
