Report of Independent Auditors

The Plan Administrator and
Retirement Committee for Employers Insurance Company of Nevada 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employers Insurance Company of Nevada 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting

and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employers Insurance Company of Nevada 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2024

1. Description of the Plan

The following description of Employers Insurance Company of Nevada 401(k) Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan documents and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

The Plan is a defined contribution plan covering all eligible employees of Employers Insurance Company of Nevada and its affiliated companies, Employers Holdings, Inc. and EIG Services, Inc. (collectively, the Company), who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan's trustee and record keeper are T. Rowe Price Trust Company (T. Rowe Price) and T. Rowe Price Retirement Plan Services, Inc., respectively. The Plan's administrator is Employers Insurance Company of Nevada.

Contributions

Employees who elect to participate in the Plan may contribute on a pre-tax basis up to 100% of their eligible compensation, subject to certain Internal Revenue Service (IRS) limitations. The Plan was amended to allow Company employees to select a Roth option. Under the Roth option, employees may contribute funds on a post-tax elective deferral basis in addition to, or instead of, pre-tax elective deferrals under the traditional 401(k) plan. The Company has adopted a safe harbor matching contribution. The safe harbor matching contribution consists of a dollar-for-dollar matching contribution on salary deferrals up to 3% of compensation and 50 cents for every dollar contribution on salary deferrals for the next 2% of compensation.

Upon enrollment, a participant may direct contributions to various investment options offered by the Plan. Participants may change their investment options at any time.

Each participant's account is credited with the participant's contribution, the Company's contribution, and allocations of Plan earnings (losses) and charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

"Rollover" contributions from other qualified plans are allowed by the Plan.

Vesting

Participants are 100% vested in their own salary deferrals and the Company's safe harbor matching contributions. Certain discretionary Company contributions vest based on years of service, with 40% vesting after two years and then 20% annually thereafter, reaching 100% at year five. Contributions for active participants are fully vested after five years and contributions for terminated participants cease to vest upon termination. The terminated participants' non-vested contributions remain in their accounts for five years after termination. After a five-year break in service, the non-vested contributions are forfeited.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balances, excluding any account balances from Roth 401(k) contributions. Loan terms range from one to five years or up to ten years for a primary residence loan. Each loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the plan trustee. Principal and interest are paid ratably through biweekly payroll deductions. The interest rate on all outstanding loans ranged from 4.25% to 9.5% at December 31, 2024 and 2023, with loans maturing through December 2032. If a participant terminates employment with the Company and has an outstanding loan, the Plan allows terminated participants to continue loan payments directly with T. Rowe Price.

Distributions and Withdrawals

Upon retirement, death, disability, or termination of employment, the balance in the participant's account is paid to the participant or his or her beneficiary in a lump sum or cash installments, or it may be rolled into a different individual retirement account. Participants may withdraw funds prior to retirement, death, or termination if they qualify for hardship withdrawals as defined by the Internal Revenue Code (Code). Vested contributions and earnings less than \$1,000 are automatically distributed. Vested contributions and earnings between \$1,000 and \$5,000 are rolled over into an individual retirement account or paid out in a lump sum payment in accordance with applicable Code requirements. Vested contributions and earnings greater than \$5,000 of a terminated employee may remain in the Plan at the terminated employee's discretion during his or her remaining lifetime.

Administrative Expenses and Fee Credits

The Plan's administrative expenses are paid by the Plan, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses are paid by the Company. Administrative fee credits include deposits of administrative fees from the sponsor into the Plan's account, which are used to offset the Plan's administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date (i.e., an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Assets and liabilities recorded at fair value on the statements of net assets available for benefits are categorized based upon the levels of judgment associated with the inputs used to measure their fair value. Level inputs are defined as follows:

Level 1 - Inputs are unadjusted quoted market prices for identical assets or liabilities in active markets at the measurement date.

Level 2 - Inputs other than Level 1 prices that are observable for similar assets or liabilities through corroboration with market data at the measurement date.

Level 3 - Inputs that are unobservable that reflect management's best estimate of what market participants would use in pricing the assets or liabilities at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balances plus any accrued interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as investment advisory and management fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems

the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

3. Investments

All information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, dividend income and other investment income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by T. Rowe Price.

Fair Value Measurements

The Plan's estimate of fair value for financial assets and liabilities is based on the inputs used in the valuation and gives the highest priority to quoted prices in active markets and requires that observable inputs be used in the valuation when available. The disclosure of fair value estimates is based on whether the significant inputs into the valuation are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Plan's significant market assumptions. The three levels of the hierarchy are described in Note 2.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For mutual fund investments that have quoted market prices in active markets, the Plan uses the quoted market prices as fair value and includes these prices in the amounts disclosed in Level 1 of the hierarchy. The Plan bases all of its estimates of the fair value of assets on the bid price, as it represents what a third-party market participant would be willing to pay in an arm's-length transaction. When quoted market prices are unavailable, the Plan estimates fair value based on objectively verifiable information, if available. The fair value estimates determined by using objectively verifiable information are included in the amount disclosed in Level 2 of the hierarchy. If quoted market prices and an estimate determined by using objectively verifiable information are unavailable, the Plan produces an estimate of fair value based on internally developed valuation techniques, which, depending on the level of observable market inputs, will render the fair value estimate as Level 2 or Level 3.

Investments in collective trusts, such as those offered by banks and trust companies, are evaluated to determine whether a readily determinable fair value exists. If no readily determinable fair value exists, the investments are valued at such fund's or trust's closing NAV per share or unit, respectively, on the measurement date. Investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

Total assets at fair value	\$ 130,686,831

As of December 31, 2023:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 106,169,202	\$ —	\$ —	\$ 106,169,202
	\$ 106,169,202	\$ —	\$ —	\$ 106,169,202

Common/collective trust fund measured at net asset value:

Stable Value Common Trust Fund ^(a)	\$ 10,885,813
Total assets at fair value	\$ 117,055,015

^(a) The Stable Value Common Trust Fund invests primarily in guaranteed investment contracts (GICs), bank investment contracts (BICs), synthetic investment contracts (SICs), and separate account contracts (SACs). GICs, BICs, SICs, and SACs are types of investment contracts that are designed to provide principal stability and a competitive yield. Participant-directed withdrawals have no restrictions; however, the Plan is required to provide a one-year withdrawal notice to liquidate its entire share in the fund. The investment strategy is to protect principal and provide a stable return.

4. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated August 19, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested and all accounts will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

6. Related-Party and Party-in-Interest Transactions

T. Rowe Price, the trustee, is a party-in-interest with respect to the Plan. The Plan holds certain investments managed by T. Rowe Price and its affiliates. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. Subsequent Events

Management evaluated subsequent events for the Plan through September 18, 2025, the date the financial statements were available to be issued.
