Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

(1) Name: CLIFTONLARSONALLEN LLP

(2) EIN: 41-0746749

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Graco Employee Retirement Plan - Blue, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, statement of accumulated plan benefits as of December 31, 2023, the statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Graco Employee Retirement Plan - Blue's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Graco Employee Retirement Plan - Blue and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Graco Employee Retirement Plan - Blue's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Benefits Finance Committee
Graco Employee Retirement Plan - Blue

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Graco Employee Retirement Plan - Blue's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Graco Employee Retirement Plan - Blue's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Benefits Finance Committee
Graco Employee Retirement Plan - Blue

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of the Graco Employee Retirement Plan - Blue ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

On December 7, 2023, Graco entered into an agreement to purchase a group annuity contract from Midland National Life Insurance Company ("Midland") to fully fund approximately \$147M of benefits earned under the Graco Employee Retirement Plan - Blue (the "Plan"). Midland was selected after a thorough search of reputable and financially secure insurance companies. With this change, the obligation to pay and administer the benefit (and any available benefit to your beneficiary) was transferred to Midland. This transaction included all current in-payee/retirees and all terminated vested participants. The transfer did not change the amount of the monthly pension benefits received by the affected participants. A total of 656 participants with total a monthly benefit amount of \$1,133,774 were transferred to the annuity contract.

General

The Plan is a noncontributory defined benefit plan established to provide benefits for eligible employees of Graco Minnesota Inc. and Lubriquip, Inc. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and Vesting

Graco Inc., the plan sponsor, established this Plan on October 30, 2017, at which time it received a spin-off of assets and liabilities from the Graco Employee Retirement Plan (Legacy Plan). The Participants, Beneficiaries and Alternate Payees covered under this Plan as of October 30, 2017 all had a benefit under the Legacy Plan before the spin-off of assets and liabilities. Only those Participants actively employed on October 29, 2017 (and certain Disabled Participants), accruing a benefit under the Legacy Plan as of October 29, 2017, and listed in Schedule F of the Plan document are eligible to accrue a benefit under this Plan (no other individuals are eligible to become a Participant or accrue benefits under this Plan). The spin-off of assets and liabilities from the Legacy Plan included certain individuals in the following categories with respect to the Legacy Plan: (i) actively employed Participants, (ii) former employees who are Participants who have not yet commenced benefits (also referred to as deferred vested Participants), (iii) former employees who are Participants who have commenced benefits (in-pay status Participants), and (iv) Beneficiaries and Alternate Payees who have a benefit or are in-pay status. Participants are 100% vested in their benefits under the Plan at all times.

Benefits

Participants are eligible to receive normal monthly retirement benefit payments upon reaching the normal retirement age of 65. The Plan also provides for early retirement at age 55 with five years of service, disability retirement and a benefit in the event of death.

Normal retirement benefits under the Plan are the greater of the following:

- 1) Eleven dollars (\$11.00), multiplied by the years of benefit service.
- 2) One and forty-five one-hundredths of 1% (1.45%) of the average monthly compensation multiplied by the years of benefit service less the applicable offset. The applicable offset is six-tenths of 1% (.60%) of the lesser of average monthly compensation, covered compensation, or final monthly compensation as defined by the Plan document, multiplied by the years of benefit service.

The benefit for participants formerly part of the Lubriquip, Inc. Pension Plan for Hourly Paid Employees of Warrensville Heights, Ohio is calculated as follows:

- 1) For Lubriquip participants who commenced benefits on or before December 31, 2006, the amount and form of the benefit will remain the same as paid under the prior plan.
- 2) For Lubriquip participants who commence benefits after December 31, 2006, the benefit will be equal to twenty-seven dollars and fifty cents (\$27.50) multiplied by years of credited service.

Graco Employee Retirement Plan - Blue
Notes to Financial Statements
December 31, 2024 and 2023

If the value of the benefits is \$5,000 or less, it will be distributed, as soon as administratively feasible, either as a single lump sum payment or can be rolled over into a qualified plan or individual retirement account. Benefits in excess of \$5,000 are payable in the form of an annuity, as defined.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the ongoing basis of accounting for the years ended December 31, 2024 and December 31, 2023.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The cash and cash equivalents are valued at cost, which approximates fair value. Investments in collective trust funds, and private equity funds are valued based on the NAV of units (or its equivalent), which is based on the underlying assets, held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized gains and losses on investments purchased and sold during the year as well as unrealized appreciation or depreciation of the investments held at the end of the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative expenses, including investment management fees, are paid by the Plan.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include all benefits expected to be paid to:

- 1) Retired or terminated employees or their beneficiaries.
- 2) Beneficiaries of employees who have died.
- 3) Present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined as of the beginning of the Plan year and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The accumulated plan benefits and changes in accumulated plan benefits are presented as of December 31, 2023 or on a one day roll back from the beginning of the Plan year. This is reasonable as no amendments to the plan were enacted during the one day time-frame that would have impacted the presented valuation.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 12, 2025, the date the financial statements were available to be issued.

Graco Employee Retirement Plan - Blue
Notes to Financial Statements
December 31, 2024 and 2023

Note 3 - Certification of Investment Information

The trustee is responsible for the Plan's investment assets and investing transactions.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Empower Trust Company, LLC, (Referred to as Empower), the qualified institution(s) of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information presented on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and the statements of changes in net assets available for benefits for the years ended December 31, 2024 and December 31, 2023, the schedule of assets held and the schedule of reportable transactions for the as of and for the year ended December 31, 2024.

Note 4 - Funding Policy

The Company's funding policy is to make contributions to the Plan in amounts estimated to be sufficient to provide the Plan with assets with which to pay pension benefits to the Plan's participants. The contribution requirements are determined annually by the Plan's actuary as of January 1 of the Plan year. The Company's contributions met the minimum funding requirement of ERISA in 2024 and 2023.

Note 5 - Fair Value Measurements

The Plan categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used as of December 31, 2024 and December 31, 2023.

** Transfers of shares must be approved by the fund's General Partner/Director. Distributions from the fund are at the discretion of the General Partner/Director but will typically occur when cash is received.

(1) Disclosure of the investment strategy is not required for funds measured using the net asset value per share practical expedient that file U.S. Department of Labor Form 5500 as a direct filing entity. All collective trust funds for the plan meet this criteria.

(2) Private equity trust funds include the JPMorgan Secondary Private Equity Fund II and the Highbridge Principal Strategies Irish Specialty Loan Fund III PLC. The JPMorgan fund invests in secondary private equity partnership investments and secondary private equity direct investments in private transactions. The Highbridge fund seeks to generate current income while preserving capital primarily through investment in underlying funds, which, in turn, invest primarily in newly originated secured loans and debt securities issued by middle market companies.

Notes to Financial Statements
December 31, 2024 and 2023

Note 6 - Tax Status

The Plan obtained its latest determination letter on April 17, 2018, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the financial status of the Plan and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are shares of a money market fund and collective trust funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee were \$434,608 and \$1,064,197 for investment management services for the years ended December 31, 2024 and the period ended December 31, 2023, respectively.

Rationale for economic assumptions

- Discount rate – Prescribed by the IRS and based on the company’s current elections.
- Salary increases – Based on a plan experience study completed in 2017.
- Social Security taxable wage base increases – Consists of inflation plus average real wage increases for the U.S. economy as a whole; current assumption equals the inflation assumption plus 100 basis points.
- Inflation – The inflation assumption is based on the long-term expected inflation rate included in Mercer Investment Consulting’s Capital Market Outlook as of October 2023.
- Expected investment return – Based on the median simulated investment return using capital market assumptions published in Mercer Investment Consulting’s Capital Market Outlook for the plan’s current asset mix.
- Expenses – Based on the actual administrative expenses from the prior year.

Rationale for demographic assumptions

- Mortality – Prescribed by the IRS.
- Withdrawal – Based on a plan experience study completed in 2017.
- Retirement age – Based on a plan experience study completed in 2017.
- Form of payment – Based on a plan experience study completed in 2017.
- Percentage married/Spouse age difference – Based on a plan experience study completed in 2017.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial methods for funding****Asset methods – effective October 30, 2017**

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

The market value is the amount reported in the year-end trustee statement plus discounted receivable contributions.

Participant methods – effective October 30, 2017

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods – effective October 30, 2017

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Benefits included or excluded**

Unless noted below, all benefits provided by the plan, as adopted and effective October 30, 2017, and as amended December 7, 2023, are included in this valuation:

- **Most recent plan amendments included:** Fourth Amendment adopted December 7, 2023.
- **Plan amendments excluded:** None.

Plan provisions specific to funding**Additional benefits included or excluded**

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* See below.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Summary of major plan provisions

Effective date and plan year	Original plan: January 1, 1961 (H.G. Fischer Division) and January 1, 1972 (Graco Inc.). Plans merged: January 1, 1984 Prior plan: Graco Employee Retirement Plan Plan adoption/effective date: October 30, 2017 Plan year: Calendar year
Most recent amendment	Fourth Amendment adopted on December 7, 2023.
Status of the plan	The Plan has ongoing benefit accruals. The Plan is closed to new participants.
Significant events that occurred during the year	None.
Definitions	
• Participation	All regular employees. Employees are eligible to become participants on the first day of the month following the completion of one year of service and attainment of age 21. The Plan was closed to new participants effective December 31, 2005.
• Vesting service	One year for each year in which at least 1,000 hours of service are completed.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit service	Continuous service based on calendar months worked for salaried employees and hours worked for hourly employees.
• Average monthly compensation	Average of the five highest consecutive years of earnings out of the last ten.
• Covered compensation	The average of Social Security wage bases for the 35 years ending in the year of termination. For employees over Social Security Retirement Age at termination, the average of wage bases for the 35 years ending in the year Social Security Retirement Age was attained.
• Accrued benefit	The benefit is equal to the greater of \$11.00 per month for each year of Benefit Service or 1.45% of Average Monthly Compensation less 0.60% of Average Monthly Compensation up to Covered Compensation for each year of Benefit Service.
Normal retirement	
• Eligibility	Normal Retirement Date is the first day of the month coinciding with or first following attainment of age 65.
• Benefit	The Accrued Benefit at Normal Retirement Date.
Early retirement	
• Eligibility	Eligible after five years of Vesting Service and attainment of age 55.
• Benefit	Accrued Benefit payable at Normal Retirement Date. For early commencement, the benefit is reduced 0.5% for each month the commencement date precedes age 65.
	If a participant has thirty years of Vesting Service, the Accrued Benefit is reduced as follows:
	The participant's Average Monthly Compensation is reduced 0.5% for each month the commencement date precedes age 62 and the Covered Compensation offset amount is reduced 0.5% for each month the commencement date precedes age 65.
	If a participant has an Accrued Benefit based on the \$11.00 minimum, the benefit is reduced 0.5% for each month the commencement date precedes age 62.
Deferred vested	
• Eligibility	Eligible after five years of Vesting Service.
• Benefit	Accrued Benefit is payable at Normal Retirement Date. For early commencement, the benefit is reduced 0.5% for each month the commencement date precedes the Normal Retirement Date. If the participant has thirty years of Vesting Service, the benefit is reduced under the same provisions as the Early Retirement Benefit.
Pre-retirement death	
• Eligibility	For all Vested Participants.
• Benefit	A benefit payable to an eligible spouse for life commencing on the date the participant would have first been eligible for Early Retirement (commences first of month following death if eligible for Early Retirement). The amount of

Schedule SB, Part V — Summary of Plan Provisions

the benefit is the amount the spouse would have received if the participant had terminated on the date of death (or date of termination if earlier), survived until eligible for Early Retirement, commenced benefits under the 50% Joint and Survivor Option and then died. Active participants with a qualified dependent also receive a benefit of 20% of salary at death payable until the earlier of five years or until the qualified dependent ceases to be a qualified dependent.
