INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Zumtobel Lighting Inc. 401(K) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zumtobel Lighting Inc. 401(K) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zumtobel Lighting Inc. 401(K) Retirement Savings Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section (a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zumtobel Lighting Inc. 401(K) Retirement Savings Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zumtobel Lighting Inc. 401(K) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform the audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of the Zumtobel Lighting Inc. 401(K) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zumtobel Lighting Inc. 401(K) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZUMTOBEL LIGHTING INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements December 31, 2024 and 2023

Note 1 Description of Plan

The following description of the Zumtobel Lighting Inc. 401(K) Retirement Savings Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Zumtobel Lighting Inc., and Tridonic Inc. (collectively, the “Company”) who have one month of eligible service. Part-time, temporary, and seasonal employees who have reached age 21 and have completed at least 500 hours of service are also eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Each year, participants may contribute up to Internal Revenue Service dollar limitations as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers forty-two mutual funds and a guaranteed fund as investment options for participants.

For non-union participants, the Company contributes 100% of the first 3% of eligible compensation that a participant contributes to the Plan plus 50% of salary deferrals between 3% and 5%. For union employees, the Company contributes 37.5% of the first 5% of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain limitations. The Company may make discretionary non-elective contributions in an amount determined by the Board of Directors for each plan year. There were no such contributions made by the Company in 2024 and 2023.

Participant’s Individual Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings (losses), and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants who are non-union employees are immediately vested in their account upon entry date. Participants who are union employees are immediately vested in their contribution plus actual earnings thereon. Vesting in the Company’s contribution portion of their account for union employees is based on years of service. A union participant is 100% vested after five years of credited service.

Notes to the Financial Statements December 31, 2024 and 2023

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at commercial bank rates, determined at the time of the loan. Loans currently outstanding bear interest at rates ranging from 4.25% to 10.50%. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments. For termination of service due to other reasons, a participant will receive the value of their vested interest as a lump-sum distribution. Financial hardship withdrawals are permitted pending submission of verification to the Plan Administrator warranting the financial hardship.

Funding Policy

The Company remits employee deferrals and Company matching contributions to the Plan on a weekly and bi-weekly basis.

Forfeitures

Forfeited accounts are amounts forfeited by participants who have terminated their employment and who have withdrawn from the Plan.

Unallocated forfeitures at December 31, 2024 and 2023 were \$129 and \$126, respectively. These amounts will be used to pay administrative expenses or reduce future employer contributions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America except for benefit payments which are recorded when paid.

ZUMTOBEL LIGHTING INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements December 31, 2024 and 2023

Note 2 Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions are recorded when the Company makes payroll deductions from eligible Plan participants. Employer contributions are accrued in the period in which they become obligations of the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ZUMTOBEL LIGHTING INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements December 31, 2024 and 2023

Note 2 Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses are paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

ZUMTOBEL LIGHTING INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

Note 3 Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. These methodologies were consistently applied to all assets and liabilities carried by the Plan as of December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan’s assets at fair value as of:

	<u>Fair Value Measurements Using:</u>	
	Quoted Prices in Active Markets for Identical Assets	
December 31, 2024	Level 1	Total
Mutual Funds	<u>\$ 14,354,437</u>	<u>\$ 14,354,437</u>
Investments at Fair Value		<u><u>\$ 14,354,437</u></u>

	<u>Fair Value Measurements Using:</u>	
	Quoted Prices in Active Markets for Identical Assets	
December 31, 2023	Level 1	Total
Mutual Funds	\$ 12,491,801	\$ 12,491,801
Investments at Fair Value		<u>\$ 12,491,801</u>

Note 4 Fully Benefit-Responsive Investment Contract

The Plan has a benefit-responsive investment contract with the Lincoln Life & Annuity Company of New York (“Lincoln”). Lincoln is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.70%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the Plan’s ability to transact at contract value with Lincoln. Such events include the following: (a) Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (b) premature termination of the contract, (c) Plan termination or merger, (d) changes to the Plan’s prohibition on competing investment options, or (e) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan’s normal operations.

The Plan Administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (a) an uncured violation of the Plan’s investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

ZUMTOBEL LIGHTING INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements December 31, 2024 and 2023

Note 5 Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Lincoln Financial Group Trust Company, Inc., trustee of the Plan, certified to the completeness and accuracy of all investments and related investment activity in the accompany statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

Note 7 Related Party-Transactions and Party-in-Interest Transactions

Plan investments were managed by RBC Wealth Management for the years ended December 31, 2024 and 2023. Lincoln National Corporation provided record keeping and administrative services for the Plan during 2024 and 2023. These transactions qualify as party-in-interest transactions. These transactions, are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

Note 8 Tax Status

The Plan Sponsor has adopted a prototype plan, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator timely adopted the restated prototype plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in accordance with IRC requirements.

ZUMTOBEL LIGHTING INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements December 31, 2024 and 2023

Note 8 Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by federal, state and/or local taxing authorities. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 10 Subsequent Events

In August 2025, the Plan Sponsor decided to close one of their production sites. The site employed approximately 70 individuals. Management has determined that the closure of the production site is not expected to pose a significant impact to the Plan.

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through September 11, 2025, which is the date that the financial statements were available to be issued.
