Independent Auditor's Report

RSM US LLP

Participants and ATS 401(k) Profit Sharing Plan Committee
Advanced Technology Services, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Advanced Technology Services, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Investments

As discussed in Note 5, the financial statements include an investment representing 9% and 10% of total assets as of December 31, 2024 and 2023, respectively, whose fair value has been estimated by an independent appraisal, in the absence of readily ascertainable fair value, with the assistance of management and approved by the trustee. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – schedule of delinquent participant contributions for the year ended December 31, 2024, and schedule H, line 4i – schedule of assets (held at year end) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Plan Description

The following description of Advanced Technology Services, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time and part-time employees of Advanced Technology Services, Inc. (the Company, Plan Sponsor or Employer) who are age 18 or older and meet other eligibility requirements as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The ATS 401(k) Profit Sharing Plan Committee is responsible for oversight of the Plan.

Contributions: Participants may elect to reduce their salary and have the amount contributed to the Plan. The elective deferral amount may not be more than the lesser of: (a) 100% of their eligible compensation for the period, (b) the maximum dollar limit allowed under the requirements of the Internal Revenue Code (IRC) (\$22,500 for 2024) or (c) such lesser amount as determined by the discrimination tests for the Plan. Participants who will be age 50 or older during the plan year can make additional special catch-up contributions (up to \$7,500 additional for 2024).

Participants are automatically enrolled at a deferral rate of 5% of compensation unless they make an elective deferral election or otherwise opt out. Participants begin their elective deferral contributions immediately. Prior to January 1, 2011, all contributions were made pretax (tax deferred). The Plan includes a Roth option to allow contributions to be made on a post-tax basis. Contributions of distributions to participants from another qualified plan are permitted as defined in the Plan and are reflected as rollover contributions.

The Plan provides for discretionary matching contributions by the Company. Matching contributions applicable to the year ended December 31, 2024, consisted of a standard match of 25% of the first 10% of each participant's elective salary deferral, plus a supplemental match (if employed on the last day of the plan year), which is determined based upon the Company's percentage achievement of its budgeted fiscal year operating income at various thresholds and allows participants an opportunity to earn a percentage of the first 10% of each participant's elective salary deferral. Standard matching contributions are allocated biweekly. The standard match of 25% of the first 10% of each participant's elective salary deferral amounted to \$2,884,568, while the supplemental match for the year ended December 31, 2024, was 25% of the first 10% of each participant's elective salary deferral for a total supplemental match of \$2,517,690. The standard match and the supplemental match were reduced by approximately \$752,000 of forfeitures used. Supplemental matching contributions are allocated when determined during the first quarter following the close of the previous year. The Company may also make a discretionary profit sharing contribution each year. Participants must be in the active employ of the Company on the last day of the plan year and meet all other eligibility requirements to receive any profit sharing contribution. There was no profit sharing contribution made applicable to the year ended December 31, 2024. Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

**Advanced Technology Services, Inc.
401(k) Profit Sharing Plan**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: The Plan offers mutual funds, a common/collective trust fund and Advanced Technology Services, Inc. common stock (through the Company Stock Fund as more fully described in Note 5 to the financial statements) as investment options for participants. Effective as of January 1, 2023, the Company Stock Fund ceased to be an investment option for participants as more fully described in Note 9. Participants can direct their accounts directly into the investments offered by the Plan. Participants may change their investment options daily in all funds other than the Company Stock Fund. Prior to January 1, 2023, participants who invested in the Company Stock Fund had no right to transfer the invested funds to any other designated investment option provided by the Plan, nor to direct GreatBanc Trust Company in any manner with respect to the management or disposition of the Company's shares held in the Company Stock Fund. Additionally, prior to January 1, 2023, participants who invested in the Company Stock Fund have the sole right to receive, in cash, the value of the Company's shares held in their accounts at the time they become eligible to receive a distribution from the Plan or cease to be an active employee of the Company.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. The Plan has a three-year, cliff-vesting schedule (100% after three years of service).

Forfeited accounts: Forfeitures of terminated participants' nonvested accounts may be used to reduce future employer contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$65,359 and \$876,848, respectively. During the year ended December 31, 2024, \$1,386,307 was used to reduce Employer contributions. Of this amount, \$700,000 was used to reduce the 2023 Employer contributions which were remitted in 2024.

Payment of benefits: On termination of service, death, disability or retirement, a participant with a vested account balance greater than \$5,000 may elect to receive:

1. a lump-sum amount equal to the value of his or her vested account balance, or
2. annual or more frequent periodic payments of substantially equal amounts over a period as defined in the plan document until the entire account balance has been fully distributed.

If a participant's vested account balance is \$5,000 or less, a lump-sum amount distribution is the required form of payment on termination of service, death, disability or retirement.

Additionally, a participant may also elect to have a portion or all of his or her distributions paid in the form of a direct trustee-to-trustee transfer to another eligible retirement plan designated by the participant.

401(k) Profit Sharing Plan**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Any distribution of a participant's account will first be distributed from investments in the participant's account other than the Company Stock Fund. After liquidation of all other investments in the participant's account, the Company Stock Fund will then be liquidated according to the Company's Stock Election Administration Policy. The primary differences in Company Stock Fund distributions are that such distributions will only be made on an annual basis following the close of the trading window (as more fully described in Note 5 to the financial statements), while other distributions are generally available for distribution within a brief period of time following termination of service, and the Company Stock Fund of plan participants who are no longer active employees of the Company but have not requested a distribution of their accounts under the Plan, will be liquidated as of the next following trading window with the proceeds reinvested in accordance with the participant's most recent investment direction on file with the Plan Administrator for non-Company Stock Fund investment options.

Also, a participant may receive a distribution of his or her elective deferral contributions:

1. if the Plan terminates and there is no successor Plan,
2. if the Company or most of its working assets are sold to another unrelated company,
3. if the Company sells its interest in a subsidiary to another unrelated company, or
4. if a participant has a financial hardship as defined in the Plan. Hardship distributions are not offered with respect to a participant's amounts in the Company Stock Fund.

Notes receivable from participants: Participants may borrow from their non-Company Stock Fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms include a maximum of five years, unless the loan is for the purchase of a primary residence. In that case, the maximum term for a loan is 30 years. Loans are collateralized by the balance in a participant's account and bear interest at the prime rate (as specified in the Wall Street Journal) plus a margin. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The ATS 401(k) Profit Sharing Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan trustees. The methods used to determine the fair value of investments are described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Advanced Technology Services, Inc.
401(k) Profit Sharing Plan**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is earned.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes, and accordingly, have been included as an investment in the supplemental schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employees receive compensation from the Plan. Certain other administrative expenses are also paid directly by the Company.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 19, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by GreatBanc Trust Company and Ascensus Trust Company

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by GreatBanc Trust Company and Ascensus Trust Company, qualified institutions.

Note 3. Information Certified and Provided by GreatBanc Trust Company and Ascensus Trust Company (Continued)

GreatBanc Trust Company, certified to the completeness and accuracy of the following, to the best of their knowledge as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

	2024	2023
Advanced Technology Services, Inc. common stock	\$ 17,440,870	\$ 19,224,965
Net appreciation in fair value of Advanced Technology Services, Inc. common stock	3,133,316	

Shares held in Advanced Technology Services, Inc. common stock as of December 31, 2024 and 2023, were 377,508 and 507,255, respectively.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

401(k) Profit Sharing Plan**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: The units of investment in the common/collective trust fund are stated at NAV which is based on the aggregate fair value of the underlying assets of the trust in relation to the total number of units outstanding. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Advanced Technology Services, Inc. common stock: The fair value of the Company's common shares (assuming full dilution of shares and equivalents outstanding) held by the Plan at year-end is valued at estimated fair value based upon an independent appraisal. The appraisals for valuations performed as of December 31, 2024 and 2023, were based upon a combination of the income and market valuation techniques.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Description	2024			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies (mutual funds)	\$ 174,975,295	\$ -	\$ -	\$ 174,975,295
Advanced Technology Services, Inc. common stock	-	-	17,440,870	17,440,870
Total investments in the fair value hierarchy	<u>\$ 174,975,295</u>	<u>\$ -</u>	<u>\$ 17,440,870</u>	192,416,165
Investments measured at NAV*				5,956,865
Investments, at fair value				<u>\$ 198,373,030</u>

Description	2023			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies (mutual funds)	\$ 156,609,118	\$ -	\$ -	\$ 156,609,118
Advanced Technology Services, Inc. common stock	-	-	19,224,965	19,224,965
Total investments in the fair value hierarchy	<u>\$ 156,609,118</u>	<u>\$ -</u>	<u>\$ 19,224,965</u>	175,834,083
Investments measured at NAV*				6,070,945
Investments, at fair value				<u>\$ 181,905,028</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Advanced Technology Services, Inc.
401(k) Profit Sharing Plan**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common/collective trust fund:					
Putnam Stable Value Fund	\$ 5,956,865	\$ 6,070,945	\$ -	Daily	None

Changes in fair value of levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

For the year ended December 31, 2024, 129,747 shares with a fair value of \$4,917,411 were redeemed by the Company, as discussed in Note 5.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements: The following table represents the Plan's Level 3 assets, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs:

Instrument	Fair Value		Valuation Techniques	Unobservable Inputs
	2024	2023		
Advanced Technology Services, Inc. common stock	\$ 17,440,870	\$ 19,224,965	Discounted cash flow Guideline Public Companies	- Weighted-average cost of capital - Projected adjusted EBITDA - EBIT multiple - EBITDA multiple

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 5. Advanced Technology Services, Inc. Common Stock

During 2011, the Plan was amended to provide an investment opportunity for participants to transfer up to 50% of their existing vested account balances into a newly created investment option within the Plan known as the Company Stock Fund (CSF) which provides participants with a beneficial (indirect) interest in shares of the Company's common stock. Balances transferred are drawn first from amounts attributable to the participant's Employer matching contribution account portion and then from amounts attributable to the participant's elective deferral account portion. In addition, balances transferred to the CSF are withdrawn on a pro rata basis from the participant's existing investment fund selections. Initial shares of common stock acquired by the Plan were made at estimated fair value with such value determined by GreatBanc Trust Company, with the advice of its independent financial advisor and based on an appraisal. Shares of common stock acquired by the Plan are held in the Plan's trust by GreatBanc Trust Company (the CSF Trustee).

Notes to Financial Statements

Note 5. Advanced Technology Services, Inc. Common Stock (Continued)

Prior to January 1, 2023, Plan participants who own a beneficial interest in the Company's common stock held by the Plan may have an annual opportunity to transfer additional portions of their vested account balances to the CSF if: (i) participants separate from the Company during the year and their shares in the CSF are made available, (ii) distribution eligible participants make liquidation/distribution elections, and/or (iii) stockholders of the Company sell their shares to the CSF and such shares are made available. To the extent that shares are available under or for acquisition by the CSF, on an annual basis, shortly after the fair value of the Company's stock is established by the CSF Trustee and plan accounts are reconciled, eligible participants of the Plan may acquire available shares of the Company's common stock during a limited period of time (i.e., a Trading Window). Shares of the Company's common stock held in a participant's account who has ceased to be an active employee of the Company may become available for sale during the Trading Window. To the extent that there are excess available shares (those offered to but not acquired by the Plan's participants) the Company is required to purchase such excess shares from the Plan at fair value, based upon an independent appraisal.

Effective as of January 1, 2023, and by virtue of the Tolling Agreement with the Department of Labor (DOL) (see Note 9), the Company decided to discontinue this investment opportunity and wind down the CSF no later than December 31, 2026. Plan participants were given the option to elect, during the Trading Window, to transfer all or some portion of their CSF balances into other available investment options offered by the Plan.

On April 19, 2024, the annual Trading Window CSF offering closed, whereby 129,747 shares of common stock of the Company, with an approximate fair value of \$4,917,000 based upon the fair value determined by an independent appraisal, were redeemed on April 22, 2024, by the Plan Sponsor from the Plan.

The Plan's investment in the common stock of Advanced Technology Services, Inc. represents 9% and 10% of the Plan's total assets as of December 31, 2024 and 2023, respectively.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan held and sold shares of the Company's common stock during the year. The Company is the Plan Sponsor and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative fees for audit services and investment management are paid by the Plan. The Plan paid approximately \$285,000 for these services for the year ended December 31, 2024. The Company also provides certain additional administrative services to the Plan at no cost to the Plan.

Note 7. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Advanced Technology Services, Inc.
401(k) Profit Sharing Plan**

Notes to Financial Statements

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities, including Company stock. Investment securities are exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with certain investment securities, and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In February 2020, the Plan received a notice from the DOL indicating that the 2016 to 2018 plan years have been selected for investigation.

On February 7, 2023, the Plan Sponsor and the DOL have entered into a Tolling Agreement, which is intended to provide the Plan Sponsor an opportunity to voluntarily terminate the CSF and to take any other agreed upon corrective action to address the DOL claims. The Plan Sponsor has agreed to freeze new investments into the CSF (see Note 5), and to incrementally wind it down and liquidate it over a period ending no later than December 31, 2026. CSF balances of terminated participants will be liquidated and purchased by the Company during the annual Trading Window, and reinvested at the direction of such participants. Additionally, during this Trading Window, participants who are age 59 ½ or older who ceased to be an active employee of the Company on or prior to December 31, 2021 (retirees) and active or terminated participants who are subject to required minimum distributions (RMD participants) will also be given the opportunity to divest out of the CSF and invest such balances into other investment options. Furthermore, restrictions on the ability of actively employed participants to transfer amounts invested in the CSF to other investment options have been eliminated.

Plan participants who were employed as of April 3, 2023 were given the option to elect, during the Trading Window, to transfer all or some portion of their Company Stock Fund balances into other available investment options offered by the Plan. There is an annual limit on Company purchases. Except for 2026, that annual limit is 25% of the number of shares of the Company's common stock held by the CSF Trustee as of December 31, 2022. In the event that liquidations of the CSF holdings of terminated, retirees and RMD participants, when combined with the elections to divest by active participants, exceeds this annual limit, the elections to divest of active participants will be prorated so the total does not exceed the annual limit. To the extent that liquidations during the Trading Window do not exceed the limit for a given year, the unused amount will be added to and included for purposes of the limit on Company purchases in the following year.

Notes to Financial Statements

Note 9. Risks and Uncertainties (Continued)

On February 26, 2024, the Plan Sponsor and the DOL entered into a Second Tolling Agreement, which extended the terms of the original tolling agreement through April 2025. Additionally, on March 17, 2025, the Plan Sponsor and the DOL entered into a Third Tolling Agreement, which extended the terms of the original tolling agreement through April 2026. The Plan Sponsor intends to cooperate with the DOL to resolve any matters that may be identified in order to maintain the plan's qualified status. As the investigation is ongoing, the ultimate outcome is uncertain; therefore, no adjustment has been reflected in the financial statements.

Note 10. Plan Operational Defect

During 2019, the Plan Sponsor discovered that it had inadvertently failed to enroll certain eligible employees and it was discovered that this error affected certain participants back to the 2011 Plan year, when the Plan adopted an auto enrollment provision. The Plan Sponsor has corrected these errors by ensuring the eligible employees were properly enrolled, and has deposited approximately \$260,000 of corrective contributions including lost earnings, in February 2021. In addition, the Plan Sponsor used approximately \$1,302,000 of forfeitures in February 2021 to fund the remainder of the corrective contributions. The Plan Sponsor intends to submit the correction to the Voluntary Correction Program (VCP) for IRS approval following the conclusion of the DOL investigation referenced in Note 9 above.

Note 11. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit \$3,851 of participant contributions within the required timeframe as stated by the DOL. The Plan Sponsor intends to deposit lost earnings to correct this failure in 2025. The Plan Sponsor intends to file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from assets of the Plan.

Note 12. Subsequent Events

On April 18, 2025, the annual Trading Window CSF offering closed, whereby 201,297 shares of common stock of the Company, with an approximate fair value of approximately \$9,300,000 based upon the fair value determined by an independent appraisal, were redeemed by the Plan sponsor on April 21, 2025, by the Plan Sponsor from the Plan. This transaction qualifies as a party-in-interest transaction.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

- (1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

- (1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: _____

(2) EIN: _____

d The opinion of an independent qualified public accountant is **not attached** because:

- (1) This form is filed for a CCT, PSA, or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)			
4a			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d			
e Was this plan covered by a fidelity bond?			
4e			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
4f			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
4i			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k			
l Has the plan failed to provide any benefit when due under the plan?			
4l			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)
