Report of Independent Auditors

To the Administrator of HP Hood LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of HP Hood LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HP Hood LLC Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following brief description of the HP Hood LLC Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the HP Hood LLC Retirement Savings Plan Document (the “Plan Document”) for a more complete description of the Plan’s provisions.

General

The Plan, established on April 5, 2004, is a defined contribution plan covering eligible employees of HP Hood LLC (the “Company” or the “Plan Sponsor”), and is administered by the Plan Sponsor’s Retirement Plan Committee (the “Plan Administrator”). The Plan was established under Section 401(a) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

Principal Life Insurance Company is the recordkeeper of the Plan and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company (“Principal”) is the trustee and custodian of the Plan.

Eligibility

Employees of the Plan Sponsor are able to participate in the Plan unless otherwise provided for in a collective bargaining agreement. Participants should refer to the Plan Document for specific requirements for employees who are part of collective bargaining agreements.

Contributions

Participants in the Plan may elect to contribute on a pre-tax or post-tax basis, a percentage of their eligible compensation, as defined in the Plan Document, subject to the maximum allowable limits established by the applicable sections of the IRC. For the 2024 plan year, the maximum 401(k) contribution limit is \$23,000. Participants age 50 and over by the end of the plan year are eligible to make additional catch-up contributions up to \$7,500.

The Plan offers a Roth 401(k) option, in which participants may make all or part of their contributions to the Plan on a post-tax basis. Post-tax contributions may be made in an amount up to the lower of 75% of a participant’s pay, or the annual Internal Revenue Service (“IRS”) limit. Participants who are over the age of 50 by the end of each plan year are also eligible for Roth 401(k) catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Plan provides Company matching contributions which the Company makes based on the matching contribution formula as defined in the Plan Document. Effective January 1, 2020, the Company provides matching contributions of 50% on the first 10% of the participant’s contribution contributed to the Plan, up to a maximum of \$5,000. In addition, the Company can elect to make a profit-sharing contribution to eligible employees, in an amount determined annually by the Company. The Company made profit-sharing contributions of \$1,759,000 and \$1,740,000 for the 2024 and 2023 plan years, respectively, which are included in employer contributions in the statements of net assets available for benefits.

HP Hood LLC Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies and common/collective trust funds as investment options for participants. Employer contributions are allocated among these funds in the same ratio as the participant directed contributions. Participants may change their investment options and allocations for participant and employer contributions at any time.

The Plan also includes automatic enrollment for all eligible employees hired on or subsequent to June 1, 2013, unless an employee specifically elects not to participate in the Plan. Effective January 1, 2020, all automatically enrolled participants are enrolled within 45 days from their date of hire and set up with a deferral contribution rate equal to 5% of eligible compensation. These contributions are automatically directed into the age appropriate American Funds Service Company Target Date Retirement Fund, unless otherwise specified by the participant, in accordance with the Plan Document. For each active participant with a deferral contribution rate less than 5%, the rate for each will automatically increase to 5%, effective as soon as administratively practicable on or after in June 1 of the plan year. For each active participant with a deferral contribution rate between 5% and 9%, the rate for each will increase annually by 1%, effective as soon as administratively practicable on or after in June 1 of the plan year, until the default percentage is 10%, unless the participant affirmatively elects another deferral percentage.

Participant Accounts

All participant contributions to the Plan are invested in accordance with the investment elections specified by each participant. Each participant's account is credited or charged with the participant's pre-tax or post-tax contributions or withdrawals and an allocation of (a) the Company's matching and profit-sharing contributions and (b) plan earnings or losses, less plan administrative expenses, to the extent forfeitures are not adequate to cover such expenses (c) loan fees and repayments, as applicable. Allocations of plan earnings or losses are based on a participant's individual fund balance as a percentage of the total plan balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Except to the extent provided otherwise in collective bargaining agreements, participants who are actively employed are immediately vested in their voluntary pre-tax and post-tax contributions, Company matching contributions and Company profit-sharing contributions, as applicable, and plan earnings or losses thereon.

Notes Receivable from Participants

Loans to participants bear interest at the prime rate plus 1% as of the beginning of each month in which the loan is issued and are payable in periodic installments over terms of up to five years based on one-month increments. No loan shall be granted to any participant having a loan currently outstanding from the Plan. No loans shall be extended if the total of all loans from all qualified plans of the Plan Sponsor will then exceed the lesser of (1) 50% of the participant's vested account balance (associated with the participant deferrals, catch-up contributions, pre-tax and post-tax contributions, and rollover contributions) or (2) \$50,000 minus the highest loan balance in the prior 12 months, not to exceed \$20,000. No loan will be granted in an amount less than \$1,000. Loan transactions are treated as transfers between the investment fund(s) and the loan fund. Loans are secured by the remaining vested balance in the participant's account, not to exceed 50% of a participant's vested interest in the Plan (determined immediately after origination of the loan). Interest rates on loans outstanding ranged from 4.25% to 9.50% as of December 31, 2024 and 2023, respectively. Repayments are made through payroll deductions and are reinvested in the individual investment fund(s), according to the current investment allocations of the participant.

Notes to Financial Statements

December 31, 2024 and 2023

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant, or his or her beneficiary, may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or annual installments, over a period elected by the participant, that is not more than the participant's life expectancy or the joint life expectancy of the participant or his or her beneficiary or potential beneficiary. For termination of service or for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. A terminated participant with a vested interest less than \$1,000 will automatically receive the vested interest of his or her account as a lump-sum distribution.

Administrative Expenses

Administrative expenses are paid by the Plan, except for those expenses that the Company, at its discretion, chooses to pay from time-to-time. Expenses paid by the Company are excluded from these financial statements. Administrative fees for participant loans will be charged against the participant's account when each loan is extended. Investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, and are in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Income from investments is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded. No allowance for credit losses was deemed necessary as of December 31, 2024 or 2023.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

HP Hood LLC Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Collective Bargaining Agreements

At December 31, 2024, 21% of the Company's labor force was covered by various collective bargaining agreements, two of which expired in 2024, which have been renegotiated as of December 31, 2024. One of the collective bargaining agreements is set to expire in 2025.

Risks and Uncertainties

The Plan provides for various investment options in a variety of registered investment companies and common/collective trust funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of the Plan's investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. ASC 820 provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information. ASC 820 requires that assets carried at fair value be classified and disclosed in one of the three categories described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HP Hood LLC Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies: Valued at the closing net asset value in active markets of shares held by the Plan at year-end.
- Common or collective trust funds are valued based upon the Plan's interest in the net asset value of the common or collective trust funds, which is determined based upon the financial statements of the common or collective trust funds. The Plan Sponsor considers the net asset value of the common or collective trust funds to be representative of fair value.

The following table sets forth by level within the fair value hierarchy the Plan's investments measured at fair value on a recurring basis as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 387,592,218	\$ -	\$ -	\$ 387,592,218
	<u>\$ 387,592,218</u>	<u>\$ -</u>	<u>\$ -</u>	387,592,218
Common/collective trust funds: ⁽¹⁾				<u>51,980,439</u>
Total investments at fair value				<u>\$ 439,572,657</u>

The following table sets forth by level within the fair value hierarchy the Plan's investments measured at fair value on a recurring basis as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 345,460,162	\$ -	\$ -	\$ 345,460,162
	<u>\$ 345,460,162</u>	<u>\$ -</u>	<u>\$ -</u>	345,460,162
Common/collective trust funds: ⁽¹⁾				<u>54,341,113</u>
Total investments at fair value				<u>\$ 399,801,275</u>

- ⁽¹⁾ In accordance with Accounting Standards Update 2015-07, certain investments that are measured at fair value using the net value asset per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There have been no transfers between levels within the fair value hierarchy during 2024 or 2023.

The table below presents the fair value measurements of the Plan's assets as of December 31, 2024 and 2023 that calculate and provide the Plan with a net asset value per share (or its equivalent):

	2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust funds ⁽¹⁾	\$ 51,980,439	None	Daily	None

HP Hood LLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

	2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust funds ⁽¹⁾	\$ 54,341,113	None	Daily	None

(1) The common/collective trust funds include the Wellington Trust Company Small Cap 2000 Fund (“Wellington 2000”), Fidelity Institutional Asset Management Core Plus Commingled Pool (“FIAM Core Plus”), and Principal Global Investors Trust Co. Morley Stable Value III Fund (“Morley Stable Value”). The Wellington 2000 invests primarily in U.S. small-cap stocks and benchmarks the Russell 2000 Index. There are no restrictions upon redemption. The FIAM Core Plus invests primarily in corporate and U.S. government bonds. There are no restrictions upon redemption. The Morley Stable Value invests primarily in a diversified portfolio of stable value investment contracts and high-quality bonds. The objective of the Morley Stable Value is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity. There are no restrictions upon redemption.

The valuation methods described in this note may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Income Tax Status

The IRS has determined and informed the Company by a letter dated February 7, 2017, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2021.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan Document, to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants will have a fully vested and nonforfeitable interest in their share of the net assets available for benefits.

6. Summary of Financial Information Certified by the Trustee

The following is a summary of the Plan's financial information certified as complete and accurate by Principal Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

This information has been relied on by the Plan Administrator in the preparation of the Plan's financial statements and related supplemental schedules in accordance with ERISA:

- a. The cost and fair value of the investment balance, by fund and in the aggregate;
- b. Unpaid principal and accrued interest earned on notes receivable from participants for the years ended December 31, 2024 and 2023;
- c. Net appreciation or depreciation in fair value of investments by fund and net appreciation in fair value of investments in the aggregate;
- d. Investment income, including interest and dividends received or accrued, by fund and in the aggregate;
- e. Interest income earned on notes receivable from participants for the year ended December 31, 2024;
- f. All investment purchase and sales activity; and
- g. All information reported on the schedule of assets (held at end of year) as of December 31, 2024.

7. Party-in-Interest Transactions

The Plan Sponsor is party to revenue sharing arrangements as part of their Master Plan Services Arrangement ("MSA") with Principal under which these entities provide certain administrative services. Further, these entities receive revenue from fund service providers for services they provide to the funds. If the revenue received from such fund service providers exceeds the amount owed under the MSA, the excess is remitted to the Plan. This excess is recorded in investment income within the statement of changes in net assets available for benefits. Amounts remitted to the Plan are held as credits in the Plan's ERISA spending account and qualify as assets of the Plan. The Plan Sponsor uses revenue earned under these arrangements to pay Plan administrative expenses. As of December 31, 2024 and 2023, there were no unused credits. Revenue earned under these arrangements qualifies as party-in-interest transactions.

Recordkeeping services provided by Principal, the trustee of the Plan, represent party-in-interest transactions. Total expenses associated with these services for Principal were \$427,051 for the year ended December 31, 2024.

The Plan's investments include a fund managed by an affiliate of Principal, the Plan's trustee. Transactions in this investment qualify as party-in-interest transactions. Notes receivable from participants of the Plan also qualify as party-in-interest transactions.
