**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

## Independent Auditor's Report

Plan Administrator and Retirement Plan Committee  
Hulman & Company Retirement Plan  
Indianapolis, Indiana

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Hulman & Company Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hulman & Company Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hulman & Company Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hulman & Company Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hulman & Company Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hulman & Company Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note 1. Description of the Plan**

### **General**

The following description of the Hulman & Company Retirement Plan (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

The Plan is a noncontributory defined-benefit plan covering substantially all employees of Penske Motorsports Corp. (Company) and participating subsidiaries who had at least one year of service and were age 21 or older, or 19 if the eligible employee was included in a unit of employees covered by a collective bargaining agreement; if retirement benefits were the subject of good faith bargaining between the employee representative for such unit and the employer. The Plan excludes leased and nonbenefit eligible employees. The participating subsidiaries through December 31, 2024 include: IMS Properties, Inc.; Indianapolis Motor Speedway, LLC; INDYCAR, LLC; and IMS Productions, Inc. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Newport Trust Company (Newport) serves as the trustee of the Plan.

Effective December 31, 2012, the Plan was frozen. Benefits no longer accumulate and no new participants will be admitted to the Plan.

### **Contributions**

The Company's intention during 2024 was to continue funding the Plan to annually fund the Plan's current service cost and the initial past-service costs plus interest on them over a period of 30 years. As discussed in Note 10, during 2025, the Company made the decision to terminate the Plan and distribute the assets to participants. The Plan has met the minimum funding requirements established by the federal government.

### **Pension Benefits**

The primary purpose of this Plan is to provide a minimum or "floor" retirement benefit for eligible employees who become participants in this Plan. The Plan is intended to work together with the Penske Entertainment 401(k) Plan; if the profit-sharing benefit is greater, then the profit-sharing benefit is awarded rather than the Retirement Plan benefit.

Benefits under the Plan are based on the average of an employee's highest five years of consecutive calendar-year wages, within the last ten calendar-years. The benefit will be equal to (a) reduced by (b) below, subject to certain minimum accrued benefit considerations:

- (a) An amount equal to the sum of (1) and (2)
  - (1) An amount equal to 1.00% of participant's average compensation not in excess of the participant's integration level multiplied by the participant's accrual service on such date.
  - (2) An amount equal to 1.50% of participant's average compensation in excess of the participant's integration level multiplied by the participant's accrual service (not to exceed 35 years) on such date.
- (b) Participant's adjusted profit-sharing benefit

Normal retirement age for Plan benefits is age 65. Participants may elect to receive reduced benefits upon early retirement at age 55, provided they have at least five years of service with the Company. Accrued benefits are payable as an annuity for life, certain life annuity or joint and survivor annuity for married participants. Participants with vested balances under \$5,000 will receive benefits in the form of a lump-sum payment.

### ***Death and Disability Benefits***

A surviving spouse will be entitled to receive a monthly death benefit in the event of a participant's death prior to receiving any retirement benefits. The benefit is payable for life commencing on the earliest date on or after the date of death on which the participant could have elected to retire if he had a severance from employment on the date of death and survived to retire. The benefit payable to the spouse under this coverage shall be equal to the survivorship benefit that would have been payable to the spouse if the participant retired under the qualified joint and survivor annuity on such date and died. Survivorship annuities are payable at 50%, 75% or 100% of the vested participant's retirement benefit, as determined by the participant's election.

A participant qualified for permanent disability insurance payments under the Social Security Act is eligible to receive disability benefits under the plan. If disability occurs prior to normal retirement (age 65), the benefit shall be reduced 1/180<sup>th</sup> for each completed month of the first five years and 1/360<sup>th</sup> for each completed month of the next five years by which the disability benefit preceded the normal retirement (age 65), and actuarially thereafter for each additional month by which the disability benefit preceded normal retirement (age 65).

### ***Vesting***

Upon completion of five years of vesting service but prior to becoming eligible for a normal retirement benefit, a participant is entitled to a deferred vested termination benefit equal to a percentage of their accrued retirement benefit. Eligible employees are fully vested upon completion of five years of vesting service.

### ***Plan Termination***

At the time the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations discussed below
- d. All other vested benefits (that is, vested benefits not insured by the PBGC)
- e. All nonvested benefits

Certain benefits under the Plan are insured by the PBGC upon Plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits upon Plan termination will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

## **Note 2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

### ***Valuation of Investments and Income Recognition***

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts are valued at estimated fair value as provided by Principal. These accounts provide for daily redemptions with no advance notice requirement and have no unfunded commitments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Accumulated Plan Benefits***

Accumulated plan benefits (see Note 6) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (A) Retired or terminated employees or their beneficiaries
- (B) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

### ***Administrative Expenses***

Administrative costs may be paid by the Company or the Plan, at the Company's discretion.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

**Hulman & Company Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

***Plan Tax Status***

Effective January 1, 2021, the Plan entered into an updated adoption agreement, which operates under the Newport Group, Inc. Volume Submitter Defined Benefit Plan #18-001. The Plan has not submitted to the Internal Revenue Service (IRS) for an individual determination letter as the nonstandardized prototype document has received a favorable opinion letter from the IRS. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

**Note 3. Certification of Plan Trustee**

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2024 and 2023
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2024 and the schedule of reportable transactions for the year ended December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

**Note 4. Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

**Hulman & Company Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

***Recurring Measurements***

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

<b>2024</b>					
<b>Fair Value Measurements Using</b>					
<b>Fair Value</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>		
Mutual funds	<u>\$ 5,683,013</u>	<u>\$ 5,683,013</u>	<u>\$ -</u>	<u>\$ -</u>	
<b>2023</b>					
<b>Fair Value Measurements Using</b>					
<b>Fair Value</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>		
Mutual funds	<u>\$ 4,917,706</u>	<u>\$ 4,917,706</u>	<u>\$ -</u>	<u>\$ -</u>	
Total assets in the fair value hierarchy	4,917,706	<u>\$ 4,917,706</u>	<u>\$ -</u>	<u>\$ -</u>	
Investment measured at net asset value (A)	<u>755,630</u>				
	<u>\$ 5,673,336</u>				

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Hulman & Company Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

***Investments***

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Mutual funds are considered Level 1 securities held by the Plan. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 2 or Level 3 securities held by the Plan. See Note 2 for definitions of inputs utilized to determine fair value.

**Note 5. Contract With Insurance Company**

The Plan entered into a group annuity investment contract with the Principal Life Insurance Company. Under this contract, the Plan invested in registered investment companies pooled separate accounts. The pooled separate accounts were not benefit-responsive investment contracts. The pooled separate accounts were credited with the income, gains or losses resulting from the assets allocated to the account but were not credited with the income, gains or losses resulting from the insurance company's general account or any other separate account. The return on the separate accounts was not guaranteed. The value of an interest in the separate accounts increased or decreased based on the value of the assets held in the separate accounts. During 2024, the Plan exited the group annuity investment contract.

The value of the separate accounts was its market value, less operating expenses accrued but not deducted, if any. If there was no readily available market value, its value was the fair value of the underlying investments held in such separate account as determined by the trustee using generally accepted accounting practices and applicable law.

**Note 6. Accumulated Plan Benefits**

An actuary from Newport Group estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

**Hulman & Company Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

The accumulated plan benefit information as of January 1, 2024 was as follows:

	<u>2024</u>
Actuarial present value of accumulated plan benefits	
Vested benefits	
Retired participants and beneficiaries receiving payments	\$ 4,971,304
Other participants	<u>459,124</u>
	5,430,428
Nonvested benefits	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 5,430,428</u>

Changes in the actuarial present value of accumulated plan benefits were as follows:

	<u>2024</u>
Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 5,696,160</u>
Increase (decrease) during the year attributable to	
Increase for interest due to the decrease in the discount period	324,481
Actuarial experience gain	(6,291)
Benefits paid	<u>(583,922)</u>
Net decrease	<u>(265,732)</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 5,430,428</u>

Significant assumptions underlying the actuarial computations are:

- Assumed rate of return on investments: 6.00%
- Mortality basis: Pri-2012 Total Dataset Mortality Table with Projection Scale MP-2021
- Retirement: At normal retirement age (65)
- Asset valuation: Asset method

The foregoing actuarial assumptions are based on the presumption the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

### **Note 7. Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the Plan trustee. The Plan paid \$29,266 and \$27,424 of administrative fees to the trustee during December 31, 2024 and 2023, respectively. The Company provides certain administrative services at no cost to the Plan.

### **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **Note 9. Differences between Financial Statements and Form 5500**

The difference between the Form 5500 and the accompanying financial statements relates directly to the accrual of benefit payments as of December 31, 2023 for the Form 5500. The financial statements reflect benefit payments on a cash basis (as indicated in Note 2), therefore, the benefit payable as of the end of 2023 and the corresponding benefit payment are not reflected in the 2023 financial statements, but are reflected on the 2024 statement of changes in net assets available for benefits.

### **Note 10. Subsequent Events**

Effective August 6, 2025, the Plan was amended to terminate the Plan. Upon termination, plan assets will be liquidated and distributed to the participants. The participants have the option of receiving the liquidation distribution in the form of cash, a deferred annuity or as a rollover into another qualified plan. The Plan liquidation was not complete as of the date these financial statements were available to be issued.

Subsequent events have been evaluated through September 2, 2025, which is the date the financial statements were available to be issued.

**HULMAN & COMPANY RETIREMENT PLAN**

Active participants are expected to retire at the plan's assumed retirement age of 65. An Active participant working past assumed retirement age is expected to retire at current age.

The average retirement age is 65.46.

### **Summary of Plan Provisions**

#### **Plan Effective Date**

January 1, 1957

#### **Eligibility Requirements - Plan Participation**

Age 21 and completes one year of service.  
Effective December 31, 2012, participation in the plan is frozen.

#### **Eligibility Requirements - Normal Retirement**

Normal Retirement Age: 65

#### **Eligibility Requirements - Early Retirement**

Early Retirement Age: 55  
Years of Service: 5

Benefits are reduced 1/15 for the first five years before age 65 and then 1/30 for each of the next five years of early commencement.

#### **Death Benefits**

For the spouse of a deceased participant who had a vested accrued benefit. A monthly benefit for life equal to 50% of the benefit the participant would have received on a joint and survivor basis had he commenced receiving benefits on his date of death (or early retirement, if later). Payment of the benefit will commence on the first day of the month following the later of (i) the Participant's date of death, or (ii) the Participant's Early Retirement Age.

#### **Disability Benefits - Amount and Eligibility**

A Monthly Pension payable immediately until the participant's earliest retirement date. A benefit equal to the participant's accrued benefit reduced 1/15 for the first five years before age 65 and then 1/30 for each of the next five years of early commencement and then actuarially thereafter.

#### **Method of Payment of Normal Retirement Pension Benefit**

The Monthly Normal Retirement Pension is payable in the following form:

For the Retiree's Life

### **Summary of Plan Provisions**

#### **Amount of Monthly Normal Retirement Pension**

The Monthly Pension payable is the sum of (1) and (2) reduced by (3):

1. 1% of Final Average Monthly Compensation, not in excess of integration level, multiplied by accrual service
2. 1.5% of Final Average Monthly Compensation in excess of the integration level multiplied by accrual service (not to exceed 35 years)
3. Adjusted profit sharing benefit

Final Average Compensation shall mean the Participant's highest average five consecutive years out of the last 10 years of employment.

Effective December 31, 2012, benefit accruals under the plan are frozen.
