Independent Auditor's Report

Participants, Trustee and Plan Administrator
The 401(k) Profit Sharing Plan of
Tacoma Screw Products, Inc.
Tacoma, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The 401(k) Profit Sharing Plan of Tacoma Screw Products, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

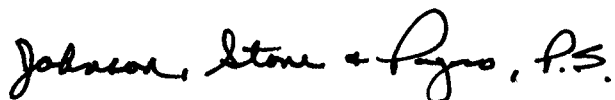

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

General

The following description of The 401(k) Profit Sharing Plan of Tacoma Screw Products, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

The 401(k) Profit Sharing Plan of Tacoma Screw Products, Inc., a defined contribution plan, was established January 1, 1976. In general, all employees of Tacoma Screw Products, Inc. (the "Company"), unless specifically prohibited by the Plan, are eligible to participate in the Plan upon the first day of the payroll period coinciding with, or the next payroll period following, the date the requirements are met, after reaching age 18 and having three months of service for purposes of employee deferrals under Section 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute the maximum allowed under Internal Revenue Code Section 402(g), which is \$23,000 for the year ended December 31, 2024; participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 for the year ended December 31, 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Company has elected a discretionary match, wherein, they may, at their discretion, match up to 3% of employee contributions. A participant must work for three months to be eligible for the employer matching and profit sharing contributions. The Plan also has a ROTH provision, which allows participants to make after-tax contributions to the Plan. The Company's board of directors determines the discretionary contributions for each Plan year. For the year ended December 31, 2024, the Company contributed matching contributions of \$330,908 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings on the investments in their account and is charged with transaction fees related to loans and withdrawals received by the participant. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

In the past, participants were permitted to separate their accounts and utilize an investment manager of their choice. While this is no longer permitted, participants with separated accounts may continue to direct those accounts. New contributions must all be invested in the Plan's investment options.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. As an exception to the vesting schedule, participants hired prior to January 1, 2022 are considered fully vested in the Plan for all contributions.

Vesting in the Company's matching contributions and discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of service:

<u>Years of Service</u>	<u>Vested %</u>
1 Year	25%
2 Years	50%
3 Years	75%
4 Years	100%

Notes Receivable from Participants

A participant may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may borrow from their accounts up to two outstanding loans at a time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, termination of service or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a series of payments not to extend beyond either the participant's life expectancy or the joint life expectancies of the participant or beneficiary. Account balances less than \$1,000 are automatically paid as a lump-sum distribution.

Forfeitures

Forfeitures of Company contributions may be used first to pay administrative expenses, and any remaining forfeitures will reduce future employer matching contributions. For the year ended December 31, 2024 there were \$4,949 of forfeitures.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting.

**THE 401(k) PROFIT SHARING PLAN OF
TACOMA SCREW PRODUCTS, INC.**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash - Money Market

The Plan considers cash to include money market accounts. Fair value approximates carrying value due to the short maturity of these instruments.

Investment Valuation and Income Recognition

Investments are stated at fair value using quoted market prices. Investments in mutual funds, common stock and corporate bonds are based on quoted market prices for the identical security in an active market. Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held, during the year.

The stable value fund held in a collective trust is composed primarily of fully benefit-responsive investment contracts that are valued at contract value using the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

Fair Value Measurements

The Plan applies fair value measurements, which provide a framework to measure the fair value of assets and liabilities and requires certain disclosures about those measurements. The framework establishes a hierarchy to prioritize the inputs that underlie a fair value measurement and requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs essentially distinguish the relative reliability of inputs to fair value measurements. Level 1 inputs are more reliable and objective than Level 2 inputs, which are in turn more reliable and objective than Level 3 inputs. In arriving at a fair value measure, the Plan is required to determine the level in the fair value hierarchy within which a fair value measurement ultimately falls and provide disclosure of such determinations.

Participant Transaction Fees

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Some administrative expenses of the Plan are paid by the Company. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

Fees incurred by the Plan for the investment management services or recordkeeping that are paid through revenue sharing, rather than a direct payment, are included in net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023, as management determines outstanding loans are fully collectible. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions are recognized when they are withheld by the Plan sponsor. Employer discretionary matching contributions are recognized when the corresponding participant contribution is recognized.

Payment of Benefits

Benefits are recorded when paid.

Amounts Allocated to Withdrawn Participants

Net assets available for benefits at December 31, 2024 and 2023 include \$3,738,176 and \$3,388,493, respectively, allocated to the accounts of persons who, as of or prior to that date, had withdrawn from participating in contributions to the Plan, and will be paid their benefits subsequent to December 31, 2024 and 2023.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The management of the Plan evaluated subsequent events and transactions for potential recognition and disclosure through September 18, 2025, the date the financial statements were available to be issued.

NOTE 3 - CONCENTRATION OF CREDIT RISK

The Plan maintains a cash balance at one financial institution. Accounts at the institution are not insured by the Federal Deposit Insurance Corporation and are subject to credit risk.

NOTE 4 - INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted with this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Plan's trustee, Charles Schwab Trust Company, except for comparing such information to information included in the Plan's financial statements and supplemental schedule. Charles Schwab Trust Company, the custodian of the Plan, has certified the completeness and accuracy of the investments and notes receivable from participants from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, net appreciation in fair value of investments, net increase in contract value of common collective trust and interest on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024. Charles Schwab Trust Company did not certify the money market funds, common stock or corporate bonds.

NOTE 5 - INVESTMENTS

Following is the hierarchy and relative fair value measurements of the major classes of investments at December 31, 2024 and 2023:

	<u>Total</u>	<u>Assets at Fair Value</u>		
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Other Subjective Inputs (Level 3)</u>

Investments at Fair Value	\$ <u>15,213,888</u>	\$ <u>13,898,217</u>	\$ <u>27,667</u>	\$ _____

Investments valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets. Level 3 inputs are based on the Plan's own assumptions on how knowledgeable parties would price assets or liabilities and are developed using the best information available in the circumstances.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The common collective trust held in the Morley Stable Value Fund (the "Fund") measures contract value using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

The Fund is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund seeks to earn a high level of income consistent with those objectives. The Fund holds guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive).

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

TACOMA SCREW PRODUCTS, INC.**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 6 - TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code through the Standard Retirement Services, Inc. Defined Contribution Volume Submitter Plan document. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company discretionary profit sharing contributions.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments consist of shares of mutual funds and collective trusts managed by Charles Schwab Trust Company, the Trustee of Plan assets. Therefore, transactions with Charles Schwab Trust Company qualify as party-in-interest transactions. The Charles Schwab Trust Company fees totaled \$39,724 for the year ended December 31, 2024.

Certain investments in money market funds are managed by Charles Schwab, John Hancock and Morgan Stanley (collectively, "Custodians"), which are also custodians of the Plan assets. Therefore, transactions with these Custodians qualify as party-in-interest transactions.

The Company, as the plan sponsor, pays for certain administrative costs on behalf of the Plan.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees received compensation from the Plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.
