With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
The Colony Group, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of The Colony Group, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2 to the financial statements.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The 2024 financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023 were audited by Berry, Dunn, McNeil & Parker, LLC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report, dated July 29, 2024, indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also emphasized Note 2 to the 2023 financial statements, which described the basis of accounting. The 2023 financial statements were prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. Their opinion was not modified with respect to that matter.

The Colony Group, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of The Colony Group, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan provisions for more information.

General

The Plan is a tax-exempt, defined contribution retirement plan sponsored by The Colony Group, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Brokerage Services, LLC (Fidelity) (the custodian) is the custodian of the Plan. Sentinel Benefits & Financial Group (Sentinel) is the recordkeeper of the Plan. Fidelity Personal Trust Company, FSB (the trustee) serves as a trustee to the Plan.

In August 2025, a Plan resolution was signed where:

- 1) The Plan changed its sponsor from the Company (which changed its name to Focus Partners Wealth, LLC during 2025) to Focus Operating, LLC, an affiliated employer. The Company will remain a participating employer.
- 2) Focus Operating, LLC adopted the Plan, with its employees eligible to participate in the Plan starting January 1, 2026.
- 3) The Plan changed its name to One Focus Retirement Plan.

These changes are to take effect on September 1, 2025.

During the year ended December 31, 2024, the Plan acquired the assets of seven separate 401(k) plans (collectively, the "Merged Plans") as a result of Plan sponsor mergers and acquisitions:

- 1) GW & Wade, LLC 401(k) Plan, effective May 29, 2024
- 2) Connecticut Wealth, LLC, effective June 1, 2024
- 3) Buckingham Asset Management, LLC 401(k) Profit Sharing Plan, effective December 31, 2024
- 4) Gratus Capital, LLC and GC Partners, LLC 401(k) Retirement Plan, effective December 31, 2024
- 5) GYL Financial Synergies, LLC 401(k) Plan, effective December 31, 2024
- 6) HoyleCohen, LLC 401(k) Profit Sharing Plan, effective December 31, 2024
- 7) InterOcean Capital Group, LLC 401(k) Profit Sharing Plan, effective December 31, 2024

Assets transferred into the Plan from the Merged Plans are recorded as transfers in from merged plans on the statement of changes in net assets available for benefits (modified cash basis). For purposes of participation, vesting, and benefit accrual under the Plan, all employees of the Merged Plans receive credit for all years of service with the plan sponsors of the Merged Plans.

As of September 19, 2025, the Plan had also acquired the assets of three additional 401(k) plans: (1) Merriman Retirement Plan; (2) Adero Partners Profit Sharing Plan; and (3) Bordeaux Wealth Advisors, LLC 401(k) Plan, as a result of Plan sponsor mergers and acquisitions.

Notes to Financial Statements

December 31, 2024 and 2023

Eligibility

The Plan is available to all Company employees except leased employees, temporary or seasonal employees whose regularly scheduled service is less than 1,000 hours, and college students. The employee must be 21 years of age to participate in the Plan. Eligible employees may begin making elective deferrals to the Plan and are eligible for the employer 3% safe harbor nonelective contribution and the discretionary employer profit sharing contribution, upon hire.

Vesting

Participants are fully vested in their account balances.

Contributions

Each year, eligible employees may make contributions to the Plan through salary deferrals up to 100% of eligible compensation, as defined in the Plan. The maximum amount that a participant may contribute is limited by provisions of the Internal Revenue Code (the Code).

The Company provides a 3% safe harbor nonelective contribution as well as a discretionary employer profit sharing contribution on eligible Plan compensation. The discretionary employer profit sharing contributions ranged from 0% to 6% for the Plan year ended December 31, 2023 and were remitted to the Plan during the year ended December 31, 2024. Participants with ownership interests of Initium, LLC (MA LLC) of 5% or more are excluded from the safe harbor nonelective contribution.

Effective January 1, 2025, the Plan discontinued the safe harbor nonelective contribution and replaced it with a discretionary matching contribution. Participants who work 1,000 hours or more in a Plan year will be eligible for the discretionary matching contribution. The discretionary matching contribution is fully vested.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and employer's contributions and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses, and certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Effective July 31, 2022, the Plan was amended to set the interest rate for notes receivable from participants established after the effective date to the U.S. prime rate. Principal and interest is paid ratably through payroll deductions.

Investments

Upon enrollment in the Plan, a participant may direct his or her account balance among the various investments offered by the Plan. The Plan currently offers investments in self-managed accounts, shares of mutual funds, a money market fund, and common/collective trusts.

Payments of Benefits

Participants shall become eligible to receive their vested account balances upon retirement (normal retirement age is 65), death, disability or termination. Participants may withdraw their account balances upon reaching age 59½. Participants may receive their benefit payments as a lump-sum payment. In addition, hardship withdrawals are allowed.

Effective April 30, 2024, former participants of the InterOcean Capital Group, LLC 401(k) Profit Sharing Plan are allowed to take an in-service distribution at age 55 and five years of service from transferred profit sharing contributions only.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Accordingly, revenue and related assets are recognized when received, rather than when earned, and expenses are recognized when paid, rather than when incurred.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of the common/collective trusts are valued at the underlying net asset value (NAV) of units held by the Plan at year-end. See Note 8 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the cash basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2024 and 2023

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative expenses are paid by the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has considered transactions or events occurring through September 19, 2025, the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Income Tax Status

The Plan obtained its latest opinion letter on November 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Information Prepared and Certified by the Trustee

The investments, investment transactions, net appreciation in fair value of investments, and interest and dividends were obtained by management and agreed to or derived from the information certified by the trustee as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits (Modified Cash Basis);
- Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis); and
- Schedule H, line 4i - Schedule of Assets (Held at End of Year)

5. Parties-In-Interest

Certain Plan investments are managed by the custodian and Sentinel; therefore, these transactions qualify as party-in-interest transactions. The administrative expenses paid by the Plan for 2024 were \$21,148, and qualify as party-in-interest transactions as they are related to recordkeeper, investment advisor, and audit fees incurred by the Plan.

Notes to Financial Statements

December 31, 2024 and 2023

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

8. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

Mutual funds and money market fund: Valued at the quoted market price of shares held by the Plan at year-end.

The Colony Group, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Common/collective trusts: Valued based on inputs that are derived principally from or corroborated by observable market data by correlation of the underlying assets and valued using the market approach based on the NAV of the units held by the Plan at year-end. The NAV is provided by Sentinel and is used as a practical expedient to estimate fair value. The SPA common/collective trusts require advance written notice of five business days for withdrawals which will exceed \$1 million of the assets invested in each common/collective trust. The Morley Stable Value common/collective trust requires a 12-month notice period prior to withdrawal of funds, unless the withdrawal is to a noncompeting option. The MetLife Group Annuity Contract and MetLife Stable Value common/collective trusts do not require a notice period prior to withdrawal of funds.

Self-managed accounts: These accounts generally consist of interest-bearing cash, bonds, exchange-traded funds, and mutual funds valued at the closing price reported in the active markets on which the individual securities are traded and thus are classified as Level 1.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets at Fair Value

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:
