INDEPENDENT AUDITOR'S REPORT

Plan Trustees
Ruen Drilling, Inc., 401(k) Plan
Clark Fork, Idaho

Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Ruen Drilling, Inc. 401(K) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974 (ERISA)*, as permitted by *ERISA* Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Ruen Drilling, Inc. 401(K) Plan's financial statements performed in accordance with *ERISA* Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA* (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Ruen Drilling, Inc. 401(K) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ruen Drilling, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ruen Drilling, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ruen Drilling, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by *ERISA*

The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4i – Schedule of Delinquent Participant Contributions, as of December 31, 2024, is a supplemental schedule and is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of *Labor's Rules and Regulations for Reporting and Disclosure* under *ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

RUEN DRILLING, INC., 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following brief description of the Ruen Drilling, Inc., 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General. The Plan is a participant directed defined contribution plan qualifying as a salary reduction plan available to qualifying employees of Ruen Drilling, Inc., (the Plan sponsor). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Income Tax Status. The Plan received its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as amended through June 30, 2020, was in compliance with the applicable requirements of the *Internal Revenue Code*. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the *Internal Revenue Code*. Therefore, they believe the Plan is qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America (GAAP) require the Plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by the authorities; however, there are currently no audits for any tax periods in progress.

Eligibility. An employee becomes eligible to participate in the Plan, make employee contributions, and receive matching contributions after completing three consecutive months of service. The employee must also be at least 18 years of age. An eligible employee may begin contributing to the Plan on the first day of the month following completion of three consecutive months of service. Employees who are members of a collective bargaining agreement unit operating with the Plan sponsor and certain nonresident aliens who have no earned income from sources within the United States are not eligible to participate in the Plan.

Contributions. Participants may contribute a portion of their compensation to this Plan not to exceed the maximum amount permitted by law. The Plan allows for two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. The Plan sponsor makes matching contributions to the Plan equal to a percentage of the employee contribution under safe harbor provisions. The match is invested in various options as directed by the participant. For the years ended December 31, 2024 and 2023, the matching contribution was 100 percent, up to 6 percent of participant compensation. Profit-sharing contributions can be made at the discretion of the Plan sponsor's advisory committee. The Plan sponsor did not make any profit-sharing contributions during the years ended December 31, 2024 and 2023.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching contribution, and (b) Plan earnings and losses, and is charged with an allocation of administrative expense paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts. At December 31, 2024, there was no forfeiture account balance. The forfeiture balance is comprised of an accumulation of 12b-1 fee rebates from the investment provider. These fee rebates are used to pay for Plan expenses.

Payment of Benefits. Upon termination of service due to death, disability, termination or retirement, a participant or participant's beneficiary is entitled to receive 100 percent of the vested value in the participant's account. Benefits are recorded when paid.

Vesting. Participants are immediately vested in their voluntary contributions, employer matching contributions, and actual earnings thereon. Vesting on the profit-sharing contributions (if any) is based on years of credited service and vest over a period of six years. The Plan has allocated \$1,339,319 in vested benefits to participants who have terminated participation in the Plan, as of December 31, 2024.

Plan Termination. Although the Plan sponsor has not expressed any intent to do so, they have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan have been prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Administrative Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates. The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. INVESTMENTS

Participants direct the allocation of their contributions to investments held with the Matrix Trust Company. Participants may choose from several funds for investment of their participant and matching contributions.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under *ERISA*. Accordingly, the Matrix Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023
- Net depreciation in fair value of registered investment companies, dividends, and interest on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits, for the year ended December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year).

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

NOTES TO FINANCIAL STATEMENTS

6. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Certain investments are measured at net asset value (NAV) as a practical expedient, as permitted under ASC 820. These investments are excluded from the fair value hierarchy but are included in the table below to reconcile to total investments reported at fair value. The Plan's investment in the Wells Fargo Stable Value Fund M is valued using this approach. The NAV is based on the fair value of the underlying assets and is the price at which participants may transact. The investment is redeemable at NAV on a daily basis with no restrictions or notice requirements.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Fair Value Measurements at December 31, 2023				Total
	Level 1	Level 2	Level 3	NAV	
Mutual Funds	\$ 14,187,342				\$ 14,187,342
Common/Collective Trust				\$ 967,544	967,544
Total assets at fair value	\$ 14,187,342	\$ 0	\$ 0	\$ 0	\$ 15,154,886

	Fair Value Measurements at December 31, 2024				Total
	Level 1	Level 2	Level 3	NAV	
Mutual Funds	\$ 17,195,384				\$ 17,195,384
Common/Collective Trust				\$ 1,734,464	1,734,464
Total assets at fair value	\$ 17,195,384	\$ 0	\$ 0	\$ 0	\$ 18,929,848

7. COMMON COLLECTIVE TRUSTS

The Plan invests in the Wells Fargo Stable Fund M, a common collective trust managed by Galliard Capital Management and offered through Wells Fargo Bank, N.A. The fund seeks to preserve principal and provide steady returns by investing in security backed contracts such as GICs and synthetic GICs often issued by insurance companies and other financial institutions. These contracts ensure that participant-initiated withdrawals and exchanges are made at contract value, regardless of changes in the market value of the underlying investments.

Although the Fund itself invests in fully benefit-responsive investment contracts, the Plan's investment represents an indirect interest in these contracts through a pooled fund. Accordingly, in accordance with FASB ASC 946 and ASC 820, the Plan reports its investment in the Fund at fair value, using the net asset value (NAV) as a practical expedient.

NAV is based on the fair value of the underlying assets of the Fund, as determined by the trustee, and represents the price at which the Plan would transact with the Fund at year-end. The investment is redeemable at NAV on a daily basis for participant-directed transactions.

8. RELATED PARTY TRANSACTIONS

Plan fees for Plan administration, participant distributions, and Plan auditing qualify as party-in-interest transactions. Distributions fees are only charged to participants that received a distribution during the year.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of *ERISA*.

9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2024, untimely participant contributions and were not remitted to the Plan within the time frame required by the Department of Labor (DOL) regulations. These untimely remittances constitute nonexempt prohibited transactions under the Employee Retirement Income Security Act of 1974 (ERISA).

As required, these transactions have been reported on Schedule H, Line 4a of the Plan's Form 5500 for the year ended December 31, 2024. The Plan Sponsor has completed, correction of these transactions including the restoration of lost earnings to affected participant accounts where applicable.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 22, 2025, the date the financial statements were available to be issued.
