INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator & Board of Directors
Millstone Weber Employee Stock Ownership Plan

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of the Millstone Weber Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (2024 financial statements).

In our opinion, the 2024 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Millstone Weber Employee Stock Ownership Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Millstone Weber Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in aggregate, that raise substantial doubt about the Millstone Weber Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Millstone Weber Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Millstone Weber Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Plan Administrator & Board of Directors
Millstone Weber Employee Stock Ownership Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Compiled 2023 Financial Statements

Plan management is responsible for the accompanying 2023 financial statements of the Millstone Weber Employee Stock Ownership Plan, which comprises the Statement of Net Assets Available for Benefits as of December 31, 2023, and the related notes to the financial statements (2023 financial statements) in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2023 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2023 financial statements.

MILLSTONE WEBER EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Millstone Weber Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

MBK Enterprises, Inc. (Company) established the Plan effective as of January 1, 2020. As of January 1, 2021, the Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Millstone Weber, LLC (Employer), a wholly-owned subsidiary of the Company, under the Company's Board of Directors. The Company has appointed Miguel Paredes to serve as the independent trustee of the Plan.

The Plan purchased Company common stock using the proceeds of borrowings from the Company (Note G), and holds the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of 30 years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC. The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with rights in allocated Company common stock (Allocated) and
- b. Company common stock not yet allocated to employees (Unallocated).

2. Eligibility

The Plan covers employees of the Employer who have met the Plan's age (21 or older) and service (1,000 hours of service for part-time employees) eligibility requirements. Certain employee classes are excluded from the Plan, including union employees subject to a collective bargaining agreement, interns, and St. Louis Airport security employees.

Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year. These eligibility requirements do not apply if a participant incurs a severance from employment due to death, permanent disability, retirement, or a temporary layoff on the last day of the Plan year.

3. Contributions

The Company is obligated to make contributions in cash to the Plan in the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. The Company may also make additional discretionary contributions to the Plan in an amount determined by the Company's Board of Directors. In 2024, the Company contributed \$159,899 to the Plan for the repurchase and re-allocation of distributions. Employees are not permitted to make contributions.

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

4. Payment of Benefits

Distribution of benefits on account of death, disability, retirement or for other separations from service are made in a lump sum in the Plan year following the event. Distributions are made in cash.

During 2024, the Plan repurchased from separated participants and reallocated to eligible participants 180 shares at prices determined from the independent appraisal.

As of December 31, 2024, eight participants who terminated employment have vested account balances totaling \$941,094. These amounts are scheduled to be paid in 2025.

5. Voting Rights

Participants may direct the voting of shares of the Company common stock allocated to their accounts on any matter on which shareholders are allowed to vote. Such matters are limited to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or other similar transactions. Participants will be notified by the Trustee prior to the time that such rights are to be exercised. The trustee will vote all shares for which instruction was received and all unallocated shares in its sole discretion.

6. Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

7. Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with allocations of (a) the Company's contributions, (b) forfeitures, (c) net appreciation or depreciation of Company common stock, and (d) other investment earnings net of plan expenses, if any. Participant accounts are charged with withdrawals or distributions directly related to their accounts.

The Company's contributions may consist of acquisition indebtedness contributions and cash or common stock contributions and are allocated to active participants based on the percentage that their eligible compensation is representative to total eligible compensation. In order to be eligible for the Company's contributions, a participant generally must be employed by the Company on the last day of the plan year (and have 1,000 hours of service).

Forfeitures of terminated participant's nonvested account balances are allocated to active participants based on the percentage that their eligible compensation is relative to total eligible compensation. For the year ended December 31, 2024, forfeitures of \$122,258 were allocated to active participants.

MILLSTONE WEBER EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

7. Participant Accounts (Continued)

Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non vested accounts.

Net appreciation or depreciation of Company common stock, as determined by an independent appraiser, is allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year accounts.

8. Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, they will vest in the balances in their account based on total years of service with the Company and become 100% cliff-vested after three years of service. Participants become 100% vested upon death, disability or reaching retirement age of 65.

9. Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

10. Diversification

Diversification will be offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. As of December 31, 2024, no shares were eligible for diversification.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

MILLSTONE WEBER EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates include the valuation of Company stock.

3. Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally as of the last day of each plan year in which debt service is actually paid.

4. Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. See Note C for discussion of fair value measurements.

Net appreciation includes the plan's gains and losses on investments held during the year.

5. Operating Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

6. Payment of Benefits

Benefits are recorded when paid.

7. Subsequent Events

The Plan Sponsor has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investment in Company common stock is reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

MILLSTONE WEBER EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the Company common stock is based on an annual independent appraisal. The 2024 appraisal was 100% based on the income valuation approach. The appraiser took into account significant unobservable inputs including historical and projected cash flow and net earnings and applicable discounts. The 2023 appraisal was based on a combination of both the income and market-based valuation approach, giving the market-based valuation approach a minor weight of 10%. The market-based approach was not used in 2024 as comparable transactions could not be relied upon to determine a meaningful indication of value as determined by the independent appraisers. The asset-based approach was considered for both years, but not weighted, as it does not capture the intangible value of the Company or its future cash flow generating capacity.

The following table presents fair value measurement information for the Plan's investment in Company common stock at December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
MBK Enterprises, Inc. common stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 66,291,732</u>	<u>\$ 66,291,732</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
MBK Enterprises, Inc. common stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,897,791</u>	<u>\$ 54,897,791</u>

Changes in Fair Value of Level 3 Assets

For the year ended December 31, 2024, there were no transfers in or out of Level 3.

NOTE D – TAX STATUS

Internal Revenue Service has determined and informed the Company by a letter dated July 26, 2022, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

MILLSTONE WEBER EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE D – TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan under a Trust Fund.

Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE F – INVESTMENTS

The Plan's investment in Company common stock as of December 31, 2024 and 2023, are as follows:

	2024		Compiled 2023	
	Allocated	Unallocated	Allocated	Unallocated
# of Shares	10,317	51,586	8,253	53,650
Cost	\$ 250,000	\$ 1,250,000	\$ 200,000	\$ 1,300,000
Fair Value	\$ 11,048,622	\$ 55,243,110	\$ 7,319,706	\$ 47,578,085

NOTE G – LOAN PAYABLE

On December 31, 2020, the Plan entered into a \$1,500,000 term loan agreement with MBK Enterprises, Inc. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of the current years' payments, plus all future years' principal and interest payments. This resulted in 2,063 shares being released and allocated for the plan year ended December 31, 2024. The loan bears interest at a fixed rate of 1.31%. The Plan must make principal and interest payments of at least \$59,950 annually through 2049. The Plan may prepay the loan at any time without penalty.

MILLSTONE WEBER EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE G – LOAN PAYABLE (CONTINUED)

Principal maturities of the loan payable are as follows:

<u>Year ending December 31</u>	<u>Amount</u>
2025	\$ 43,299
2026	43,867
2027	44,441
2028	45,023
2029	45,613
Thereafter	<u>1,048,800</u>
	<u>\$ 1,271,043</u>

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in the Company’s common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, or other techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness to the Company. These are related party and party-in-interest transactions. As described in Notes B and E, for the year ended December 31, 2024, the Company paid the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.
