Independent Auditor's Report

To the Plan Administrator  
Take-Two Interactive Software, Inc. 401(k) Plan

*Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Take-Two Interactive Software, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

*Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

*Supplemental Schedule Required by ERISA*

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

#### Note 1 - Description of Plan

The following brief description of Take-Two Interactive Software, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan available to all U.S. employees of Take-Two Interactive Software, Inc. and its Subsidiaries (collectively, the "Company") who are at least 18 years of age, excluding actors, leased employees, employees covered by a collective bargaining agreement and interns (collectively, "Eligible Employees"). Eligible Employees are automatically enrolled in the Plan the first day of each month an Eligible Employee becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fidelity Management Trust Company ("Fidelity") is the trustee and record keeper and holds all assets of the Plan. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

##### **Contributions**

Participants are automatically enrolled to contribute 6% of pre-tax compensation, as defined, per pay period, unless the participant elects not to contribute or chooses a different percentage of up to 75% limited to the maximum amount permitted under the Internal Revenue Code (the "Code"), which for 2024 was \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum individual catch-up contribution amount was \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 50% of participant's elective deferral, up to the first 8% (effective as of January 1, 2023) of the participant's compensation. The Company may also make a discretionary contribution which will be allocated among active participants who have completed 1,000 hours of service. There was no Company discretionary contribution made to the Plan in 2024. Participants' direct investment of their contributions into various investment options offered by the Plan.

##### **Participant accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and are charged with an allocation of certain administrative expenses paid by the Plan. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are vested immediately in their contributions and the Company matching contribution plus actual earnings thereon. Vesting in the Company's nonelective contribution portion of their accounts is based on years of continuous service.

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

A participant is 100% vested after three years of credited service. Participants become vested in the nonelective contributions in accordance with the following schedule:

<u>Years of vesting service</u>	<u>Vested interest</u>
Less than 1	0%
1 but less than 2	33%
2 but less than 3	67%
3 or more	100%

#### **Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate shall bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loans must be repaid within five years. The maximum number of loans that an employee may have outstanding at any time is one.

#### **Payment of benefits**

On termination of service due to death or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of not more than the participant's assumed life expectancy (or in the case of a participant's death, the assumed life expectancy of the participant's beneficiary) or partial withdrawal. For termination of service for reasons other than above or a rollover into another qualified plan, a participant may receive the total vested value in his or her account as a lump-sum distribution less applicable taxes.

Distributions for financial hardship must be made both on account of an immediate and heavy financial need and be necessary to satisfy the need. Only the participant's tax deferred contributions and vested matching contributions may be distributed. Earnings are not eligible for distribution.

#### **Forfeited accounts**

If a participant's employment terminates prior to being fully vested in the employer contributions, unvested amounts are forfeited and may be used to reduce future employer contributions to the Plan. In 2024, forfeited nonvested accounts used to reduce employer contributions amounted to \$79,920. At December 31, 2024 and 2023, the balances in the forfeited nonvested accounts were \$31,680 and \$91,158, respectively.

#### **Plan Amendments**

On June 11, 2024, the Plan was amended to include Gearbox Software, L.L.C. as a contributing entity in the Plan. On July 16, 2024, an aggregate of \$51,234,306 was transferred into the Plan.

#### Note 2 - Summary of accounting policies

##### **Basis of accounting**

The accompanying financial statements are prepared on the accrual basis of accounting.

##### **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

##### **Contributions**

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participants compensation is earned.

##### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

##### **Benefit payments**

Benefits are recorded when paid.

##### **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company and are included in administrative expenses. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

##### **Subsequent events**

The Plan has evaluated subsequent events through September 16, 2025, which is the date the financial statements were available to be issued.

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

#### Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trust:* Valued at the NAV of units of a bank collective trust. The NAV provided by the trustee is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell an investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business matter.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflected of future fair values. Furthermore, while the Plan believes its valuation

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at a given reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2024 and 2023. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 831,385,785	\$ -	\$ -	\$ 831,385,785
Total assets in the fair value hierarchy	831,385,785	-	-	831,385,785
Investments measured at NAV (a)	-	-	-	10,146,657
Total investments at fair value	<u>\$ 831,385,785</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 841,532,442</u>
	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 610,772,485	\$ -	\$ -	\$ 610,772,485
Total assets in the fair value hierarchy	610,772,485	-	-	610,772,485
Investments measured at NAV (a)	-	-	-	9,774,713
Total investments at fair value	<u>\$ 610,772,485</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 620,547,198</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan:

December 31, 2024	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	\$ 10,146,657	n/a	Daily	Daily
December 31, 2023	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	\$ 9,774,713	n/a	Daily	Daily

## **Take-Two Interactive Software, Inc. 401(k) Plan**

### **Notes to Financial Statements December 31, 2024**

#### **Note 4 - Related party transactions and party-in-interest transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee, as defined, and, therefore, these transactions qualify as party-in-interest transactions. Fidelity provides certain administrative services to the Plan pursuant to the Fidelity Investments Retirement Plan Service Agreement (the "Service Agreement") between the Company and Fidelity. Fidelity receives revenue from mutual funds service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue by Fidelity from such mutual funds service providers exceeds the amount owed under the Service Agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. As of December 31, 2024 and 2023, excess amounts were \$131,651 and \$66,484, respectively. The Plan or Plan sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

#### **Note 5 - Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions or ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

#### **Note 6 - Tax status**

The prototype plan, adopted by the Company, obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the prototype plan was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 7 - Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

#### Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income and interest income on notes receivable from participants for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

#### Note 9 - Reconciliation of financial statements to Form 5500

The following is reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 848,780,309	\$ 628,915,313

Independent Auditor's Report

To the Plan Administrator  
Take-Two Interactive Software, Inc. 401(k) Plan

*Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Take-Two Interactive Software, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

*Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

*Supplemental Schedule Required by ERISA*

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

#### Note 1 - Description of Plan

The following brief description of Take-Two Interactive Software, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan available to all U.S. employees of Take-Two Interactive Software, Inc. and its Subsidiaries (collectively, the "Company") who are at least 18 years of age, excluding actors, leased employees, employees covered by a collective bargaining agreement and interns (collectively, "Eligible Employees"). Eligible Employees are automatically enrolled in the Plan the first day of each month an Eligible Employee becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fidelity Management Trust Company ("Fidelity") is the trustee and record keeper and holds all assets of the Plan. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

##### **Contributions**

Participants are automatically enrolled to contribute 6% of pre-tax compensation, as defined, per pay period, unless the participant elects not to contribute or chooses a different percentage of up to 75% limited to the maximum amount permitted under the Internal Revenue Code (the "Code"), which for 2024 was \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum individual catch-up contribution amount was \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 50% of participant's elective deferral, up to the first 8% (effective as of January 1, 2023) of the participant's compensation. The Company may also make a discretionary contribution which will be allocated among active participants who have completed 1,000 hours of service. There was no Company discretionary contribution made to the Plan in 2024. Participants' direct investment of their contributions into various investment options offered by the Plan.

##### **Participant accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and are charged with an allocation of certain administrative expenses paid by the Plan. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are vested immediately in their contributions and the Company matching contribution plus actual earnings thereon. Vesting in the Company's nonelective contribution portion of their accounts is based on years of continuous service.

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

A participant is 100% vested after three years of credited service. Participants become vested in the nonelective contributions in accordance with the following schedule:

<u>Years of vesting service</u>	<u>Vested interest</u>
Less than 1	0%
1 but less than 2	33%
2 but less than 3	67%
3 or more	100%

#### **Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate shall bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loans must be repaid within five years. The maximum number of loans that an employee may have outstanding at any time is one.

#### **Payment of benefits**

On termination of service due to death or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of not more than the participant's assumed life expectancy (or in the case of a participant's death, the assumed life expectancy of the participant's beneficiary) or partial withdrawal. For termination of service for reasons other than above or a rollover into another qualified plan, a participant may receive the total vested value in his or her account as a lump-sum distribution less applicable taxes.

Distributions for financial hardship must be made both on account of an immediate and heavy financial need and be necessary to satisfy the need. Only the participant's tax deferred contributions and vested matching contributions may be distributed. Earnings are not eligible for distribution.

#### **Forfeited accounts**

If a participant's employment terminates prior to being fully vested in the employer contributions, unvested amounts are forfeited and may be used to reduce future employer contributions to the Plan. In 2024, forfeited nonvested accounts used to reduce employer contributions amounted to \$79,920. At December 31, 2024 and 2023, the balances in the forfeited nonvested accounts were \$31,680 and \$91,158, respectively.

#### **Plan Amendments**

On June 11, 2024, the Plan was amended to include Gearbox Software, L.L.C. as a contributing entity in the Plan. On July 16, 2024, an aggregate of \$51,234,306 was transferred into the Plan.

#### Note 2 - Summary of accounting policies

##### **Basis of accounting**

The accompanying financial statements are prepared on the accrual basis of accounting.

##### **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

##### **Contributions**

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participants compensation is earned.

##### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

##### **Benefit payments**

Benefits are recorded when paid.

##### **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company and are included in administrative expenses. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

##### **Subsequent events**

The Plan has evaluated subsequent events through September 16, 2025, which is the date the financial statements were available to be issued.

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

#### Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trust:* Valued at the NAV of units of a bank collective trust. The NAV provided by the trustee is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell an investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business matter.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflected of future fair values. Furthermore, while the Plan believes its valuation

### Notes to Financial Statements December 31, 2024

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at a given reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2024 and 2023. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 831,385,785	\$ -	\$ -	\$ 831,385,785
Total assets in the fair value hierarchy	831,385,785	-	-	831,385,785
Investments measured at NAV (a)	-	-	-	10,146,657
Total investments at fair value	<u>\$ 831,385,785</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 841,532,442</u>
	2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 610,772,485	\$ -	\$ -	\$ 610,772,485
Total assets in the fair value hierarchy	610,772,485	-	-	610,772,485
Investments measured at NAV (a)	-	-	-	9,774,713
Total investments at fair value	<u>\$ 610,772,485</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 620,547,198</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan:

December 31, 2024	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	\$ 10,146,657	n/a	Daily	Daily
December 31, 2023	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	\$ 9,774,713	n/a	Daily	Daily

## **Take-Two Interactive Software, Inc. 401(k) Plan**

### **Notes to Financial Statements December 31, 2024**

#### **Note 4 - Related party transactions and party-in-interest transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee, as defined, and, therefore, these transactions qualify as party-in-interest transactions. Fidelity provides certain administrative services to the Plan pursuant to the Fidelity Investments Retirement Plan Service Agreement (the "Service Agreement") between the Company and Fidelity. Fidelity receives revenue from mutual funds service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue by Fidelity from such mutual funds service providers exceeds the amount owed under the Service Agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. As of December 31, 2024 and 2023, excess amounts were \$131,651 and \$66,484, respectively. The Plan or Plan sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

#### **Note 5 - Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions or ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

#### **Note 6 - Tax status**

The prototype plan, adopted by the Company, obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the prototype plan was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 7 - Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## Take-Two Interactive Software, Inc. 401(k) Plan

### Notes to Financial Statements December 31, 2024

#### Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income and interest income on notes receivable from participants for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

#### Note 9 - Reconciliation of financial statements to Form 5500

The following is reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 848,780,309	\$ 628,915,313
Difference between the common collective trust carried at fair value in the financial statements and at current value in Form 5500	<u>(610,261)</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u>\$ 848,170,048</u>	<u>\$ 628,915,313</u>
Total investment income per the financial statements	\$ 105,495,207	
Difference between the common collective trust carried at fair value in the financial statements and at current value in Form 5500 - December 31, 2024	<u>(610,261)</u>
