Status of Our Audit

AUDIT OF FINANCIAL STATEMENTS

- We have completed our audit of the financial statements, including procedures applied to the supplemental schedule, of Herzog-Meier Auto Center 401(k) (the “Plan”) as of and for the year ended December 31, 2024. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America. This audit of the financial statements does not relieve Plan management or those charged with governance of their responsibilities. The term “those charged with governance” encompasses the term Board of Directors or Audit Committee or other formally designated body that has financial oversight responsibilities.
- The objective of our financial statement audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements.
- The scope of the work performed was substantially the same as that described to you in our earlier audit planning meeting as described below.
- As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (“GAAP”). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.
- In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management’s attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information.
- All records and information requested by Perkins & Company, P.C. were freely available for our inspection and management and other personnel provided full cooperation.

OVERVIEW OF PLANNED SCOPE AND TIMING OF THE AUDIT

A discussion was held with Jenna Hutchinson on June 4, 2025, regarding the planned scope and timing of the audit, the intention of which was to assist those charged with governance in understanding better the consequences of our work and your oversight responsibilities, along with assisting us in understanding better the Plan and its environment. This discussion included how the risks of material misstatement, whether due to error or fraud, would be addressed in our audit.

Results of Our Audit

Accounting Practices, Policies, and Estimates

The following summarizes the more significant required communications related to our audit concerning the Plan's accounting practices, policies, and estimates:

The Plan's significant accounting practices and policies are those included in the notes to the financial statements. These accounting practices and policies are appropriate, comply with generally accepted accounting principles and industry practice, were consistently applied, and are adequately described within the notes to the financial statements.

- There were no material changes in significant accounting policies and practices during the 2024 plan year.

Significant estimates are those that require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Plan's significant accounting estimates, including a description of management's processes and significant assumptions used in development of the estimates, are disclosed in Note 2 of the financial statements.

Plan management did not make any significant changes to the processes or significant assumptions used to develop the critical accounting estimates during the plan year. We have reviewed the accounting practices, which include policies, estimates and financial statement disclosures, which we deem to be the most critical. These include:

Contributions Received and Receivable

The determination of contributions is dependent on the correct calculation of compensation and the accurate processing of participant elections. Our approach in auditing compensation relies primarily on tests of controls over the payroll and enrollment processes.

Our tests of contributions received, and receivable yielded no significant discrepancies.

Benefits Paid

The determination of benefits paid includes consideration of vesting, participant directives and election criteria, as well as the occurrence of distributable events. Our tests of distributions focused on the accuracy of the calculation as well as the compliance with regulatory requirements and other factors.

Our tests of distributions paid yielded no significant discrepancies.

Disclosure of Investments

In considering the adequacy and accuracy of the disclosures of investments, our approach included obtaining an understanding of and documentation supporting management's process for establishing the fair value of the Plan's investments. We also evaluated the related classifications within each major category of investments based upon the nature and risk of such investments. We inspected underlying documentation such as audited financial statements, agreements, appraisals, etc. of any investments held by the Plan as defined that were material to the Plan's financial statements and classified as level 2 or level 3 investments.

Our tests concluded that the disclosures of investments are materially correct and complete.

Results of Our Audit

CORRECTED AND UNCORRECTED ADJUSTMENTS

Management concurs with all such adjustments. See Appendix A for the adjustments to the trust report proposed during the course of our audit.

There were no unrecorded adjustments to the trust report other than those that were clearly trivial, related to accounts and/or disclosures that we presented to Plan management.

QUALITY OF THE PLAN'S FINANCIAL REPORTING

A discussion was held regarding the quality of the Plan's financial reporting, which included the following:

- Qualitative aspects of significant accounting policies and practices
- Our conclusions regarding significant accounting estimates
- Financial statement presentation
- Significant unusual transactions
- New accounting pronouncements
- Alternative accounting treatments

Reportable Findings and Internal Control Over Financial Reporting

We are required to communicate, in writing and in a timely manner, to those charged with governance all reportable findings and all material weaknesses and significant deficiencies that have been identified in the Plan’s internal control over financial reporting. The definitions of a reportable finding, control deficiency, significant deficiency and material weakness are as follows:

Category	Definition
Reportable Finding	Matters that are one or more of the following: <ul style="list-style-type: none"> a. An identified instance of noncompliance or suspected noncompliance with laws or regulations. b. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process. c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention.
Control Deficiency	A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Significant Deficiency	A deficiency, or a combination of deficiencies, in internal control over financial reporting, that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Plan's financial reporting.
Material Weakness	A deficiency or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented or detected and corrected on a timely basis.

A reportable finding may also be considered a deficiency in internal control, a significant deficiency, or a material weakness.

In planning and performing our audit procedures we considered relevant plan provisions and the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan’s compliance with those provisions or on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the Plan’s compliance with plan provisions or on the effectiveness of the Plan’s internal control.

Reportable Findings and Internal Control Over Financial Reporting

Our consideration of relevant plan provisions and internal control was for the limited purpose described above and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

In conjunction with our audit of the Plan financial statements, we noted no material weaknesses.

We have communicated to Plan management control deficiencies, which we also considered to be reportable findings, that were identified as a result of our audit that we did not consider to be material weaknesses or significant deficiencies are included as follows:

- **Use of Forfeitures**

During our audit, we noted that forfeitures had not been allocated to participants during 2024. At December 31, 2024, the unallocated forfeiture accounts had a balance of \$57,181 of which \$3,556 was from forfeitures outstanding at December 31, 2023 (excluding related earnings). The Internal Revenue Code places limitations on unallocated assets in a defined contribution plan. Such unallocated assets are to be utilized at least annually. *We recommend that the Plan's management address correction and utilization of these forfeitures. In addition, we recommend that the Plan establishes procedures to ensure timely utilization in the future.*

Other matters related to internal control that do not rise to the level of a material weakness or a significant deficiency, such as suggestions for best practices are included as follows:

- **Written Policy for Deposit of Elective Deferrals and Loan Payments**

During our audit we noted that the Company does not have a written policy addressing the process and timing for the remittance of elective deferrals and participant loan repayments to the Plan. Because the Department of Labor ("DOL") does not provide "date-certain" guidance to Plan sponsors as to when such remittances should occur, we believe that a written corporate policy is important. Not only will a written policy provide guidance internally to help ensure that remittances occur within the time frame that management desires, but a written policy can be useful when interacting directly with the DOL. It is your evidence that the Company is taking a thoughtful and proactive approach to compliance.

Additional Required Communications

ADDITIONAL MATTERS REQUIRED TO BE REPORTED TO THOSE CHARGED WITH GOVERNANCE

Professional guidance requires independent auditors to communicate with those charged with governance certain matters in relation to our audit. Following is a summary of those required items along with specific discussion points as they pertain to the Plan:

Requirement	Discussion Points
Independence	Our engagement letter to you dated June 5, 2025 describes our responsibilities in accordance with professional standards and certain regulatory authorities with regard to independence and the performance of our services. This letter also stipulates the responsibilities of the Plan with respect to independence as agreed to by the Plan. Please refer to that letter for further information.
Auditor’s judgment about the quality of the Plan’s accounting policies, estimates and financial statement disclosures	In our judgment, the Plan’s estimates of fair value are reasonably determined, and the financial statement disclosures are complete in all significant respects. For the most part, there are no alternative accounting policies from which the Plan may select. The accounting policy for estimating fair value of the Plan’s investments is reasonable.
Critical accounting policies and practices	Refer to the Primary Areas of Focus and Note 2 to the financial statements for the critical accounting policies and practices used by the Plan.
Adoption of a change in accounting principle	There were no situations involving the adoption of or a change in accounting principles where the application of alternative generally accepted accounting principles, including alternative methods of applying an accounting principle, would have a material effect on the Plan’s financial statements.
Significant changes to planned audit strategy or significant risks initially identified	There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our audit planning communications.
Obtain information from those charged with governance relevant to the audit	There were no matters noted relevant to the audit, including, but not limited to: violations or possible violations of laws or regulations; risk of material misstatements, including fraud risks; or tips or complaints regarding the Plan’s financial reporting that we were made aware of as a result of our inquiry of those charged with governance.

Nor are we aware of opinions obtained by management from other independent public accountants on the application of generally accepted accounting principles.
Our responsibility for other information in documents containing the Plan’s audited financial statements	Our responsibility for other information in documents containing the Plan’s audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform procedures to corroborate such other information. However, in accordance with professional standards, we read the information in the Plan’s Form 5500 and considered whether such information, or the manner of its presentation, is materially consistent with its presentation in the financial statements. Our responsibility also includes calling to management’s attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded that there are any material misstatements of facts in the other information that management has chosen not to correct.

Appendix A – Management Representation Letter

Herzog-Meier

September 18, 2025

Perkins & Company, P.C.
1211 SW Fifth Avenue, Suite 1000
Portland, OR 97204

Ladies and gentlemen:

We are providing this letter in connection with your audits of the financial statements of Herzog-Meier Auto Center 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that ERISA Section 103(a)(3)(C) audits are permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certifications meet the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We confirm that we are responsible for the preparation and fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with U.S. GAAP.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, as of the date of this representation letter, as entered on the first page, the following representations made to you during your audits:

- (9) You have identified and discussed with us in the course of the Plan audit the deficiencies in our internal control over financial reporting and reportable findings listed immediately below:

Reportable Finding and Control Deficiency Other Than Material Weakness or Significant Deficiency

Application of Forfeitures - The entire forfeiture balance from the prior year had not been utilized during 2024 plan year. At December 31, 2024, the unallocated forfeiture accounts had a balance of \$57,181 of which \$3,556 was from forfeitures outstanding at December 31, 2023 (excluding related earnings).

- (10) We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.  - (b) Intentions to terminate the Plan.
- (12) The following, where applicable and material, have been properly recorded or disclosed in the financial statements:
- (a) The identity of all related parties and all related party relationships and transactions of which we are aware, including party-in-interest transactions, as defined in ERISA section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, (whether written or oral) and amounts receivable from or payable to related parties.

 - (c) Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and line-of-credit or similar arrangements.
 - (d) Guarantees, whether written or oral, under which the Plan is contingently liable.
 - (e) Significant estimates and material concentrations known to management that are required to be disclosed in accordance with FASB ASC 275-10, *Risks and Uncertainties - Overall*. In that regard, all accounting estimates that could be material to the financial statements, including key factors and significant assumptions underlying those estimates, have been identified, and we believe the estimates are reasonable in the circumstances. The methods, significant assumptions, and the data used in making the accounting estimates and the related disclosures are appropriate to achieve recognition, measurement, and disclosure that is in accordance with U.S. GAAP. (Significant estimates are estimates at the date of the statement of net assets available for benefits that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets for which events could occur that would significantly disrupt normal finances within the next year).
 - (f) Amendments to the Plan instrument, if any.

- Written or oral guarantees, endorsements, or unused letters of credits; or
- Labor claims or negotiations.

FASB ASC 450-20, *Loss Contingencies*, requires loss contingencies to be accrued if it is probable an asset has been impaired or a liability incurred at the date of the statement of net assets available for benefits and the amount of loss can be reasonably estimated. Such contingencies must be disclosed, but may not be accrued, if the loss is reasonably possible (but not probable) or the loss is probable but the amount of loss cannot be reasonably estimated.

- (h) Commitments, such as a pending sale or merger of all or a portion of the business or of an interest therein or acquisition of all or a portion of the business, assets, or securities of another entity, that would affect the Plan.
- (13) There are no:
- (a) Violations or possible violations of laws or regulations (including the failure to file reports required by regulatory bodies (e.g., DOL, IRS, Health and Human Services, state and municipal authorities) when the effects of failing to file could be material to the financial statements) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
 - (b) Pending or threatened litigation, claims or assessments or unasserted claims or assessments that we are aware of that are required to be accrued or disclosed in the financial statements in accordance with FASB ASC 450, Contingencies, and we have not consulted a lawyer concerning litigation, claims or assessments.
 - (c) Side agreements or other arrangements (either written or oral) that have not been disclosed to you.
 - (d) Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or loans in default, or events that may jeopardize the tax status) that must be disclosed.
- (14) Receivables recorded in the financial statements represent valid claims against debtors for charges arising on or before the date of the statement of net assets available for benefits and have been appropriately reduced to their estimated net realizable value.
- (15) The Plan has complied with all aspects of contractual agreements, including debt covenants, that would have a material effect on the financial statements in the event of noncompliance.
- (16) We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the

requirements of FASB ASC 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.

- (17) Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. For any financial instruments, including non-readily marketable securities, we concur with and accept responsibility for the methods and significant assumptions used to estimate fair value of financial instruments and/or the approach used by the appraiser. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
- (18) All required filings of Plan documents with the appropriate agencies have been made.
- (19) The Plan is qualified under the appropriate section of the Internal Revenue Code and intends to continue as a qualified plan. The Plan sponsor has operated the Plan in a manner that did not jeopardize this tax status.
- (20) The Plan has complied with the DOL's regulations concerning the timely remittance of participants' contributions and loan repayments to trusts and/or custodial accounts containing assets for the Plan. The Plan has established a remittance policy in accordance with the DOL's regulations.
- (21) The Plan is responsible for the performance of the nondiscrimination tests and assures that the Plan has passed such tests or appropriate action has been taken to rectify any areas of noncompliance.
- (22) The Plan has complied with the fidelity bonding requirements of ERISA.
- (23) The Plan has satisfactory title to all owned assets, which are recorded at fair value, and there are no liens, encumbrances, or security interest on such assets nor has any asset been pledged as collateral.

 - (a) Nonexempt party-in-interest transactions (as defined in ERISA section 3(14) and regulations under that section) that were not disclosed in the ERISA-required supplemental schedule or financial statements.
 - (b) Investments in default or considered to be uncollectible that were not disclosed in the ERISA-required supplemental schedule.
 - (c) Reportable transactions (as defined in ERISA section 103(b)(3)(H) and regulations under that section) that were not disclosed in the ERISA-required supplemental schedule.
- (25) We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
- (26) No discussions have taken place with your firm's personnel regarding employment with the Plan or the Plan sponsor.

- (27) We have not engaged you to prepare or review the Plan's Form 5500 filing with the DOL and IRS; however, the audited financial statements and ERISA-required supplemental schedule of the Plan are required to be filed with the Form 5500. We acknowledge that professional standards require you to obtain and read a substantially complete draft of the Plan's Form 5500 prior to the dating of the auditor's report. The purpose of this procedure is for you to consider whether such information, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, appearing in the financial statements; and that these procedures are not sufficient nor are they intended for you to ensure that the Form 5500 is completely and accurately prepared.
- (28) The version of the Plan's 2024 audited financial statements that we will file with the DOL using the EFAST2 system will be identical to the signed PDF version you will provide to us.
- (29) In connection with the presentation of your audit report on the DOL's website, the full financial statements and ERISA-required supplemental schedule upon which you reported and to which you appended your signed report will be presented.
- (30) There have been no known or suspected breaches of sensitive information (e.g., personnel files) caused by cyber-attack or other means, or other cybersecurity incidents, where the breach or other incident could have a material effect on the financial statements.
- (31) Regarding the nonattest services provided, performed by you, we have: (1) made all management decisions and performed all management functions, (2) designated Jenna Hutchinson, an individual with suitable skill, knowledge, or experience to oversee the services, (3) evaluated the adequacy and results of the services performed, and (4) accepted responsibility for the results of the services.
- (32) We have obtained a copy of the relevant SOC 1 reports that cover the year under audit, related to significant processes and transactions that have been outsourced to those service organizations. In connection with those SOC 1 reports, we have read the reports, evaluated the impact of the exceptions to relevant tests, identified the complementary controls listed under the user entity controls section of the report, and have determined that those user entity controls have been designed appropriately and have been implemented.

To the best of our knowledge and belief, no events have occurred subsequent to the date of the statement of net assets available for benefits and through the date of this representation letter, as entered on the first page, that would require adjustment to or disclosure in the aforementioned financial statements ERISA-required supplemental schedule.

Very truly yours,

Tom Herzog, General Manager, Partner, and Plan Administrator
