Opinion on the 2024 Financial Statements

We have audited the financial statements of Avery Dennison Corporation Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2024 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Opinion on the 2024 Financial Statements

We have audited the financial statements of Avery Dennison Corporation Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2024 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

AVERY DENNISON CORPORATION
EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Summary Description of the Plan

The following description of the Avery Dennison Corporation Employee Savings Plan (the “Plan”) is provided for financial reporting purposes only. For information regarding the terms and conditions of the Plan for benefit purposes, participants should refer to the Plan document.

General

The Plan covers eligible U.S. employees of Avery Dennison Corporation (the “Company”), the Plan Sponsor and, through the Company's Administrative Committee, the Plan Administrator. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is a “safe harbor 401(k) plan” under the Internal Revenue Code (“IRC”).

Master Trust

In 2024, the trust agreement was amended to accept and hold the assets of the Lion Brothers Company 401(k) Union Employees Plan (“LB Union Plan”). As such, the Avery Dennison Corporation Employee Savings Plan Trust became the Avery Dennison Corporation Master Trust (“Master Trust”). The assets of the Plan were co-invested with the assets of the LB Union Plan in the Master Trust effective July 1, 2024. After that date, the Plan's share of investment income in the Master Trust began being included in “Participation in net income of Master Trust” in the Statement of Changes in Net Assets Available for Benefits.

Plan Merger

On May 22, 2023, the Company completed the acquisition of LG Group, Inc. (“Lion Brothers”), a Maryland-based designer and manufacturer of apparel brand embellishments.

In addition to the co-investment of the LB Union Plan's assets in the Master Trust, effective as of the close of business on July 1, 2024, \$6.5 million in assets of the Lion Brothers Company, Inc. 401(k) Retirement Plan, a plan for non-union employees, were transferred to the Plan. The transfer is reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 as a “Transfer related to plan merger.”

Company Contributions

The Company makes an automatic contribution equal to 3% of an eligible employee's eligible compensation regardless of the participant's contributions to the Plan and a matching contribution of 50% of the first 7% of eligible compensation that is contributed by an eligible employee each pay period.

An additional Plan feature provides an annual “true-up” Company contribution to ensure that participants receive the maximum Company matching contribution for which they are eligible. At the end of each year, the participant's maximum Company matching contribution is calculated using the participant's annualized average contribution percentage. If the participant's actual Company matching contribution received during the year is less than the participant's maximum Company matching contribution, then the difference is deposited as a lump sum into the eligible participant's account as soon as administratively feasible following the Plan year-end.

The Company can elect to contribute to the Plan in Company stock or cash. Both cash and stock contributions are invested in accordance with participant elections on file. In 2024, all Company contributions were made in Company stock.

Participant Contributions

Eligible employees are automatically enrolled in the Plan with a pretax contribution rate of 7% after 30 days of employment, unless the employee affirmatively elects not to participate. Participants direct the investment of their contributions into investment options offered under the Plan. If a participant does not make an investment election, their contributions are invested in the applicable Plan qualified default investment alternative.

Participants can contribute any whole percentage (up to 100% less payroll deductions) of their eligible compensation as pretax and Roth contributions combined and from 1% to 25% of their eligible compensation as after-tax contributions, in each case subject to applicable Internal Revenue Service (“IRS”) contribution limits. Participants can make one election that covers their regular pretax and Roth contributions and, if eligible, their catch-up contributions, subject to applicable IRS contribution limits.

At the start of each calendar year, a participant's contributions default to the pretax and/or Roth contribution election on file. A pretax and/or Roth contribution election automatically converts to an after-tax contribution election (referred to as the “spillover feature”) once

EVERY DENNISON CORPORATION

EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

a participant reaches the IRS annual combined pretax and Roth contribution limit during a calendar year, which remains in effect for the remainder of the year, subject to applicable IRS contribution limits. Participants have the opportunity to opt out of the automatic spillover feature and cease making contributions once they reach the IRS annual combined pretax and Roth contribution limit.

The Plan allows in-plan Roth conversions for existing non-Roth funds that are eligible for Roth tax treatment.

Participants are automatically enrolled in an annual increase program if the sum of their pretax, Roth and/or after-tax contribution rates is greater than 0% but less than 15%. If participants are contributing less than 15% of their eligible compensation as pretax, Roth and/or after-tax contributions on the determination date, then the participants' contribution rate automatically increase by 1 percentage point as soon as administratively feasible after April 1 of each year until their combined pretax, Roth and after-tax contribution rate reaches 15%. If a participant has a positive pretax contribution rate on the determination date, the automatic increase applies to the pretax contribution rate. If a participant's pretax contribution rate is 0% and the Roth contribution rate is positive on the determination date, the automatic increase applies to the Roth contribution rate. If the pretax and Roth contribution rates are 0% on the determination date, the automatic increase applies to the after-tax contribution rate. The automatic increase feature generally applies to all participants whose combined contribution rate is greater than 0% but less than 15%, whether contributing by affirmative election or automatic enrollment, unless a participant has opted out of the program. Participants may opt out of this program or elect to participate in an optional affirmative increase program under which they may choose their annual contribution increase (up to a maximum of 3%).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and earnings on these contributions. The participant's entire benefit under the Plan is provided from the participant's vested account balance.

Rollovers

Eligible employees are permitted to contribute eligible rollover distributions into the Plan.

Vesting and Forfeitures

Participant contributions and earnings thereon are immediately fully vested. Company contributions and earnings thereon are fully vested after two years of service. Company contributions also vest upon a participant's death or 65th birthday, or if the Plan is terminated or discontinued, provided in each case that the participant is an employee at the time. In addition, participants who die while performing qualified military service become fully vested in their Company contributions and earnings thereon.

If a participant's employment terminates prior to vesting, all Company contributions and earnings thereon are forfeited, and may be used to pay administrative expenses of the Plan or offset future Company contributions. The amount of forfeitures used to offset Company contributions was \$2.1 million for the year ended December 31, 2024. The amount of forfeitures used to pay administrative expenses of the Plan was immaterial for the year ended December 31, 2024. The amounts of forfeitures available to pay administrative plan expenses and offset future contributions as of December 31, 2024 and 2023 were \$1.0 million and \$1.7 million, respectively.

Payment of Benefits

Participants generally may withdraw or make rollover contributions from their vested account balance when they retire or terminate employment with the Company. Participants may make hardship withdrawals, withdrawals at age 59½, and certain other withdrawals from specified vested accounts during their employment, subject to legal and/or Plan restrictions and requirements.

Notes Receivable from Participants

Participants have the right, subject to certain limitations and requirements, to borrow from certain Plan accounts. In general, loans cannot exceed the lesser of \$50,000 or 50% of the participant's vested account balance at the time the loan is taken and must bear reasonable interest rates commensurate with interest rates charged by persons in the business of lending money for loans made under similar circumstances. Participants may not have more than two loans outstanding at any time. The interest rate is established at the time each loan is made as of the first day of each Plan quarter and fixed at a rate equal to the prime rate (as published by Reuters) plus 1%. Each loan is an asset of the applicable participant's account on the date of borrowing. The loan is repaid through regular payroll deductions within five years unless the loan is for the purchase of a principal residence, in which case the repayment term may be five, ten or 15 years, as elected by the participant. Interest payments are credited to the applicable participant's account.

Administrative Expenses

Investment management fees and certain administrative expenses are paid by the Plan or paid directly from the participants' accounts, as permitted by law. All other administrative expenses of the Plan are paid by the Company.

AVERY DENNISON CORPORATION

EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Plan Termination

The Company currently intends to continue the Plan. However, the Company reserves the right to change, amend, terminate or discontinue the Plan at any time, subject to applicable laws and regulations. In the event of Plan termination, any unvested participant would become fully vested in their Company contributions and all account assets would be distributed to participants (or their beneficiaries).

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties

The Master Trust holds the Plan's assets, which are invested at participants' discretion in various investment fund options under the Plan. The value, liquidity and related income of these investments are exposed to various risks, including, but not limited to, changes in interest rates, foreign currency exchange rates, credit quality, and volatility with respect to the holdings within individual funds, as well as to changes in global economic conditions and the outlook and performance of financial markets. Given volatility in financial markets, it is reasonably possible that the values of investments could decline in the near term and that such declines could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions for the reporting period and as of the financial statement date. These estimates and assumptions affect the reported amounts of net assets available for benefits and the reported amounts of changes in net assets available for benefits. Actual results could differ from these estimates.

Investment Contracts

Fully benefit-responsive investment contracts (referred to herein as guaranteed investment contracts or "GICs") as of December 31, 2023, and the Plan's investments consisting of GICs held by the Master Trust as of December 31, 2024, are measured at their respective contract values in the Statements of Net Assets Available for Benefits because that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Refer to Note 4, "Investment Contracts," for more information.

Valuation of Investments

All investments as of December 31, 2023, and the Plan's investments held by the Master Trust as of December 31, 2024, except fully benefit-responsive investment contracts, are reported at fair value, including those measured using the net asset value ("NAV") as a practical expedient. Refer to Note 5, "Fair Value Measurements," for more information.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses had been recorded as of December 31, 2024 or 2023.

Income Recognition

Participation in net income of the Master Trust consists of dividend income, interest income and net appreciation or depreciation in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income from other investments is accrued as earned. Realized gains or losses on sales of securities are computed on an average cost basis. Unrealized appreciation or depreciation in the fair value of investments is the change in their fair value during the Plan's calendar year. Net appreciation or depreciation in fair value of investments includes gains and losses on investments bought, sold and held during the year.

Contributions

Participant and Company contributions are recorded on an accrual basis. Company contributions are reported net of forfeiture credits used to offset contributions.

Benefit Payments

All benefits are payable from net assets available for benefits. Benefits are recorded when paid.

AVERY DENNISON CORPORATION

EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Contributions and Other Receivables and Other Payables

Contributions and other receivables include accrued amounts related to participant and Company contributions and sales of securities recorded on a trade-date basis and settled in the following calendar year. Other payables include accrued amounts related to administrative expenses and purchases of securities recorded on a trade-date basis and settled in the following calendar year.

Evaluation of Subsequent Events

Management evaluated subsequent events through June 16, 2025, the date the financial statements were issued.

3. Master Trust Assets

Beginning July 1, 2024, the Plan's investments became part of the Master Trust. Each participating plan has a divided interest in the underlying assets of the Master Trust based upon Plan participant investment elections. The value of the Plan's interest in the Master Trust is based on the actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Investment income and expenses relating to the Master Trust are allocated to the individual plans based on the actual earnings and expenses of the participant-directed investments.

The following table reflects the summary of net assets held by the Master Trust and the Plan's interest in the Master Trust as of December 31, 2024:

(In millions)	Master Trust		Plan's Interest in Master Trust

4. Investment Contracts

Included in the investments is a fixed income fund that invests in fully benefit-responsive GICs issued and guaranteed by insurance companies or other financial institutions to transact all qualified participant withdrawals at a minimum of contract value (principal plus accrued interest). Included in the fixed income fund are synthetic GICs and traditional GICs. Synthetic GICs are backed by a segregated portfolio of bonds or units of collective funds that are owned directly by the fund. Traditional GICs are backed by the general account of the contract issuer. The fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which represents contributions plus interest earned, less benefits paid and transfers to other funds. However, if one or all of the contracts were to be terminated prior to the expiration date and the Master Trust's assets withdrawn, the amount received by the Master Trust could be less than the contract value under the relevant provisions of the agreements. In general, contract termination and settlement at values other than the contract amounts are allowed due to changes in the qualification status of the Company or the Plan(s) covered by the Master Trust, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. Withdrawals and transfers resulting from certain events may limit the ability of the Master Trust to transact at contract value with the issuer of the GICs. These events include the following: (1) amendments to the Plan(s) covered by the Master Trust (including complete or partial Plan termination or merger with another plan); (2) competing fund transfers or violation of certain investment transaction provisions; (3) an early retirement program, group termination, group layoff, facility closing, or similar program; (4) bankruptcy of the Company or other Company events that cause a significant withdrawal of assets from the Plan(s) covered by the Master Trust; and (5) the failure of the Plan(s) covered by the Master Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In these instances, market value would likely be used to determine payouts to participants. At this time, the Company does not believe that an event that would limit the Master Trust's ability to transact with participants at contract value is probable.

The following table reflects the contract value for each type of fully benefit-responsive investment contract:

(In millions)	December 31,			
	2024		2023	
Synthetic GICs	\$	75.2	\$	84.7
Traditional GICs		2.9		4.1
<u>Total fully benefit-responsive investment contracts, at contract value</u>	\$	<u>78.1</u>	\$	<u>88.8</u>

5. Fair Value Measurements

Certain investments are valued based on a three-tier fair value hierarchy. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. Inputs to the valuation methodology for the three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan and the Master Trust have the ability to access.
- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Unobservable and significant to the fair value measurement.

If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies and investment strategies for assets measured at fair value are as follows:

- *Common stock*: Valued at the closing price reported on the active market on which the individual securities are traded.
- *Money market funds*: Valued at quoted market prices, which represent the NAV of shares held at year-end.
- *Self-directed brokerage accounts*: Include mutual funds, which are valued at quoted market prices representing the NAV of shares held at year-end; exchange traded funds, which are valued at the quoted market price from a national securities exchange; and cash.
- *Collective investment trusts*: Valued at the NAV per unit as a practical expedient. The funds offered by the Plan include ones with different saving objectives, such as growth, income, and inflation, as well as target date retirement funds. These investments are redeemable daily and settle within three days with no restrictions.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements as of the reporting date.

While all the investments of the participating plans are deemed part of the Master Trust, each plan does maintain a separate accounting of its share of the investments in the Master Trust.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan, during the year ended December 31, 2023 and the six months ended June 30, 2024, and the Master Trust, during the six months ended December 31, 2024, invested in shares of short-term investments and deposits managed by Fidelity Management Trust Company ("FMTC"). FMTC is the Custodian, Trustee and Recordkeeper as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. As of December 31, 2024 and 2023, the market values of investments in funds managed by FMTC were \$92.7 million and \$85.0 million, respectively.

The Plan, during the year ended December 31, 2023 and the six months ended June 30, 2024, and the Master Trust, during the six months ended December 31, 2024, invested in collective investment trusts issued by BlackRock Institutional Trust Company N.A. ("BlackRock"), Aon Collective Investment Trust ("Aon") and State Street Global Advisors Trust Company ("State Street"), all of which are investment managers of funds offered by the Plan. As of December 31, 2024 and 2023, the market values of investments in funds managed by BlackRock were \$739.5 million and \$672.1 million, respectively; the market values of investments in funds managed by Aon were \$140.1 million and \$129.4 million, respectively; and the market values of investments in funds managed by State Street were \$94.7 million and \$68.1 million, respectively.

The Company Unitized Stock Fund primarily invests in Company common stock, as well as cash. Because the Company is the Plan Sponsor and, through its Administrative Committee, the Plan Administrator, transactions related to Company common stock qualify as party-in-interest transactions. As of December 31, 2024 and 2023, the market values of investments in Company common stock were

\$215.6 million and \$251.1 million, respectively. During the year ended December 31, 2024, purchases and sales of Company common stock were \$34.0 million and \$53.6 million, respectively. Dividends earned on the Company's common stock were \$4.2 million for the year ended December 31, 2024.

The Company Unitized Stock Fund has a daily line of credit feature administered by FMTC. FMTC received an exemption from the Department of Labor ("DOL") from ERISA prohibited transaction rules allowing credit line interest costs to be paid by the Company Unitized Stock Fund. No borrowed funds were outstanding as of December 31, 2024 and 2023. Interest costs paid by the Company Unitized Stock Fund were immaterial for the year ended December 31, 2024 and were included in "Administrative expenses" in the Statement of Changes in Net Assets Available for Benefits.

Notes receivable from participants are also considered exempt party-in-interest transactions.

7. Tax Status

The Plan received a determination letter in April 2018 from the IRS indicating that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended subsequent to the period covered by the determination letter, the Plan Administrator believes that the Plan remains designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, is qualified and tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that, as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of the Plan in progress.

8. Concentration of Credit Risk

Included in the Master Trust's investments is a fixed income fund in which the Master Trust directly owns the underlying investments. The fixed income fund invests primarily in a mix of medium-term investment contracts issued by insurance companies and banks with high credit ratings, as well as in professionally managed portfolios of high-grade, short- and medium-term fixed income securities. Although the fixed income fund contains a diversified portfolio, its performance is dependent upon the ability of the underlying parties to honor their obligations. The Master Trust has entered into wrap contracts under investment management agreements for a portion of the fixed income fund with insurance companies or financial institutions. Although it may be exposed to losses in the event of nonpayment by insurance companies or financial institutions, the Plan does not currently anticipate any such losses.
