INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Williams Industries, Inc. Employee Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of

WILLIAMS INDUSTRIES, INC. EMPLOYEE SAVINGS AND RETIREMENT PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Williams Industries, Inc. Employee Savings and Retirement Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from Bank of America, N.A., a qualified institution, as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Williams Industries, Inc. Employee Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Williams Industries, Inc. Employee Savings and Retirement Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Williams Industries, Inc. Employee Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Williams Industries, Inc. Employee Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**WILLIAMS INDUSTRIES, INC. EMPLOYEE SAVINGS
AND RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(1) Description of the Plan

The following description of Williams Industries, Inc. Employee Savings and Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all employees of Williams Industries, Inc. and related parties, as defined by the Plan agreement (collectively the “Company” or “Plan Sponsor”), who meet eligibility and service requirements as defined in the Plan, generally having attained 18 years of age and six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2025, to modify the Plan to a safe harbor plan with safe harbor matching contributions equal to 100% of up to the first 3% of a participant’s contributions and an additional 50% on participant contributions between 3% and 5% of a participant’s compensation contributed to the Plan.

Contributions - Each year, participants may contribute up to 15% of their salary on a pretax basis up to a maximum amount determined annually by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed \$23,000 for 2024 and \$22,500 for 2023. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed \$7,500 for 2024 and 2023. The Plan provides for a matching contribution to be allocated based on participants’ compensation. Participants must have completed 1,000 hours of service during the Plan year to receive an employer matching contribution. Participants may also contribute amounts representing distributions (“rollover assets”) from other qualified defined contribution plans. For the years ended December 31, 2024 and 2023, the employer match was equal to 3% of participants’ compensation. Employer contributions totaled \$240,672 and \$210,906 for the Plan years ended December 31, 2024 and 2023, respectively. The Plan also allows for profit sharing contributions to be made by the Company. There were no profit sharing contributions made in 2024 and 2023.

Participant accounts - Each participant’s account is credited with the participant’s pre-tax 401(k) contributions, and an allocation of (a) the Company's contributions, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants’ non-vested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Participants become vested in employer contributions in accordance with Plan provisions based upon years of service. A participant is 100% vested after six years of continuous service. Participants who reach normal retirement age while still employed by the Company are also fully vested in their accounts.

AND RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(1) Description of the Plan (continued)

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move their investments from one fund to another in accordance with rules established by the Plan Administrator. The Plan Administrator may change the investment options available to participants at any time.

Forfeited accounts - Forfeited balances of terminated participants' non-vested accounts are first used to pay Plan administrative expenses. Any remaining forfeitures will be used to reduce future Company contributions. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$76,564 and \$74,352, respectively. In 2024 and 2023, no forfeitures were used to reduce Company contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding loan amount during the prior twelve months or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans fund. Loan terms range from 1 to 5 years and are granted for hardship reasons or specified financial needs. The loan terms can be up to 30 years if the loan proceeds are used for the purchase of a principal residence. A participant may have no more than one loan outstanding during the Plan year. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at market rates that are periodically adjusted by the Plan administrator, which ranged from 4.25% to 9.50% in 2024 and 2023.

Payment of benefits - Upon termination of employment, disability, retirement at age 60, loan for reason of hardship, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. This payment will be in the form of a lump-sum distribution of their total account balance. Upon death, the participant's beneficiary may also make a withdrawal in lump-sum or installment method. At age 70 1/2, the participant will receive an automatic distribution to his/her account unless he/she informs the Plan not to distribute. Participants with vested benefits in excess of \$5,000 or less are eligible to receive a lump sum distribution. The Plan dictates automatic distribution of vested benefits totaling \$5,000 or less for terminated employees. Participants with vested benefits in excess of \$5,000 must give consent before a distribution is made, subject to Plan provisions. Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or IRA.

Plan expenses - Substantially all Plan administrative expenses are paid by the Plan Sponsor.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

AND RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement and Disclosures*, as more fully described in Note (3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Participant loans are considered delinquent and in default when payment obligations are not met by the participants. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses - Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices and are therefore classified as Level I investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	\$ 464,785	\$ -	\$ -	\$ 464,785
Mutual funds	9,952,795	-	-	9,952,795
Total investments at fair value	\$ 10,417,580	\$ -	\$ -	\$ 10,417,580
	2023			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	\$ 789,174	\$ -	\$ -	\$ 789,174
Mutual funds	10,059,689	-	-	10,059,689
Total investments at fair value	\$ 10,848,863	\$ -	\$ -	\$ 10,848,863

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

(4) Information prepared and certified by a qualified institution

The following investment information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), was obtained from data that has been prepared and certified to as complete and accurate by Bank of America, N.A., a qualified institution.

	2024	2023
Investments at fair value		
Interest bearing cash	\$ 415,982	\$ 724,950
Mutual funds	9,952,795	10,059,689
Total investments at fair value	10,368,777	10,784,639
Notes receivable from participants	80,989	24,619
Total assets	\$ 10,449,766	\$ 10,809,258
	2024	2023
Investment income		
Net appreciation in fair value of investments	\$ 475,252	\$ 821,693
Interest and dividends	563,606	393,462
Total investment income	\$ 1,038,858	\$ 1,215,155

The Plan holds cash in an interest bearing account outside the Trust; the cash is primarily held to fund future contributions. The balance held outside the trust at December 31, 2024 and 2023 was \$48,803 and \$64,224, respectively.

(5) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA (see Note (11)). In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(6) Tax status

The Company adopted a Prototype Basic Plan Document which obtained a favorable tax determination letter from the IRS on June 30, 2020. The Plan as then designed was in compliance with the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

AND RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(6) Tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or \$500,000. The Plan had sufficient bond coverage as of December 31, 2024 and 2023.

(8) Excess contributions

Corrective distributions totaling \$40,928 and \$22,002 for the years ended December 31, 2024 and 2023, respectively, were made in the subsequent Plan year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions are also included in the Plan's statements of net assets available for benefits as excess contributions payable due to participants at December 31, 2024 and 2023.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023 to Schedule H of Form 5500:

	<u>2024</u>	<u>2023</u>

Plus: excess contributions due to participants at end of year	40,928	22,002
Changes in net assets per Schedule H of Form 5500	\$ (372,953)	\$ 1,022,826

(10) Party-in-interest transactions

Certain Plan investments are managed by Bank of America, N.A. Bank of America, N.A. is the trustee, as defined by the Plan, and therefore, those transactions qualify as party-in-interest transactions. The annual audit fees are paid in part by the Plan and qualify as a party-in-interest transaction. Fees paid by the Plan for investment management and other services and audit fees included in administrative expenses in the accompanying statements of changes in net assets available for benefits totaled \$95,900 and \$97,848 for 2024 and 2023, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(11) Subsequent events

Management has reviewed subsequent events through July 31, 2025, the date in which the financial statements were available to be issued, and has determined that there are no subsequent event matters, except as disclosed in Notes (1), (8) and below, that require recognition or disclosure in the financial statements.

During 2025, the Company entered into a resolution to merge the Plan into the Williams Enterprises of Georgia, Inc. 401(k) Profit Sharing Plan, with an effective date of October 1, 2025. This merger is expected to result in the termination of the Plan, with all assets to be transferred to the Williams Enterprises of Georgia 401(k) Profit Sharing Plan during October 2025.
