### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Christian Foods II, LC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Christian Foods II, LC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Christian Foods II, LC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Christian Foods II, LC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Christian Foods II, LC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Christian Foods II, LC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note to Financial Statements

December 31, 2024 and 2023

**A. Description of Plan**

The following description of Christian Foods II, LC 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**1. General**

The Plan is a defined contribution plan covering all full-time employees of Christian Foods II, LC (the "Company") who have completed one year of service and are aged twenty-one years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions became effective in 2024 and thereafter. Accordingly, there has been no material impact on the Plan's financial statements.

Christian Foods II, LC purchased Christian Foods, LC on July 1, 2024. Christian Foods, LC participant accounts held in the Christian Foods, LC 401(k) Plan were transferred to the Christian Foods II, LC 401(k) Plan. Total assets of \$719,388 were transferred to the Plan on July 30, 2024.

**2. Contributions**

Each year, the Company will contribute to the Plan the following amounts:

- (a) Elective Deferral Contributions – The total amount of the salary reduction elected to defer by employees. The maximum contribution per employee is \$23,000 and \$22,500 and the maximum catch-up additional deferral is \$7,500 and \$7,500 for calendar years 2024 and 2023, respectively. Total deferrals for the Plan years ending December 31, 2024 and 2023, were \$331,253 and \$375,534, respectively.
- (b) Safe Harbor and Non Safe Harbor Matching Contributions – A safe harbor matching contribution equal to 100% of the matched employee contributions that are not in excess of 3% of compensation, plus 50% of the amount of the matched employee contributions that exceed 3% of compensation but that do not exceed 5% of compensation. Total matching contributions for the Plan years ending December 31, 2024 and 2023, was \$172,642 and \$170,208, respectively.

In order to be eligible for matching contributions, participants must be making 401(k) contributions to the Plan, have attained 21 years of age, have completed 12 months of service, and completed 1,000 hours of service.

In order to receive an allocation of matching employer contributions, participants must have completed 1,000 hours during the Plan year and be employed on the last day of the Plan year.

- (c) Profit Sharing Contributions – A non-elective or discretionary employer contribution is based on the relationship of a participant's compensation to the total compensation of all participants. There was no employer profit sharing contribution for the Plan years ending December 31, 2024 and 2023.

In order to be eligible for discretionary contributions, participants must have attained 21 years of age, completed 12 months of service, and completed 1,000 hours of service.

In order to receive an allocation of discretionary employer contributions, participants must have completed 1,000 hours during the Plan year and be employed on the last day of the Plan year.

**A. Description of Plan (Concluded)**

**3. Forfeitures**

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. During the years ended December 31, 2024 and 2023, there were no forfeited nonvested accounts. The accounts are available to be used to reduce future employer contributions to the Plan. There were no forfeitures available to be used to reduce employer contributions for the year ended December 31, 2024. Employer contributions were reduced by \$638 for the year ended December 31, 2023.

**4. Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participant accounts is based on years of continuous service. Employees vest 100 percent after three years of credited service in accordance with the Plan document, or immediately if employment is terminated due to death, disability, or retirement upon attainment of the age of 65.

**5. Payment of Benefits**

On termination of service due to death, disability, or retirement, a participant can elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various forms of annuities, as provided in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**6. Year of Service and Hours of Service**

Employees will have completed a year of service for vesting purposes if they are credited with 1,000 hours of service during a Plan year, even if they are not employed on the first or last day of the Plan year.

**7. Notes Receivable from Participants**

Notes receivable from participants (participant loans) are not permitted under this plan.

**8. Participant Accounts**

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings, and charged with an allocation of investment gains or losses, withdrawals, and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**B. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**B. Summary of Significant Accounting Policies (Concluded)**

***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies by utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Contributions***

Contributions from employees are recorded as they are withheld from participants' wages.

***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

***Payment of Benefits***

Benefit payments to participants are recorded when paid.

***Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

**C. Information Prepared and Certified by Custodian (Unaudited)**

The Plan's investment options were managed by Charles Schwab Trust Bank, the custodian and managing agent of the Plan, for the years ended December 31, 2024 and 2023. The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified as to complete and accurate by the custodians as of and for years ended December 31, 2024 and 2023.

Investments, at fair value as of December 31, 2024 and 2023, were \$5,165,739 and \$3,926,059, respectively.

The Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by \$474,121 and \$534,611 during the Plan years ending December 31, 2024 and 2023, respectively.

Dividend income reported by the managing agent totaled \$47,266 and \$24,410 for the years ending December 31, 2024 and 2023, respectively.

**D. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

**Level 1:**

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:**

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Level 3:**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024.

*Collective trust funds:* Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchased and sales) may occur daily.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**D. Fair Value Measurements (Concluded)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investment Category	Fair Value Measurements as of Reporting Date			
	Total	Level 1	Level 2	Level 3
<b>December 31, 2024</b>				
Registered investment companies	\$ 1,093,367	\$ 1,093,367	\$ -	-
Investments at Fair Value	\$ 1,093,367	\$ 1,093,367	\$ -	-
Collective trust funds	4,072,372			
Total Investments	\$ 5,165,739			
<b>December 31, 2023</b>				
Registered investment companies	\$ 975,645	\$ 975,645	\$ -	-
Investments at Fair Value	\$ 975,645	\$ 975,645	\$ -	-
Collective trust funds	2,950,414			
Total Investments	\$ 3,926,059			

For the years ended December 31, 2024 and 2023, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrap contracts" issued by third parties and invests in cash equivalents represented by shares in money market funds. There are no unfunded commitments at December 31, 2024 and 2023. The fund has a daily redemption frequency and redemption notice period.

**E. Rollovers**

Rollover contributions are permitted from any employee even if not otherwise eligible to be a participant. In-kind rollovers are not permitted. There were no rollovers into the Plan for the year ended December 31, 2024 and 2023.

**F. Related Party and Party-in-Interest Transactions**

Certain Plan investments are managed by the investment custodian. Therefore, these transactions qualify as party-in-interest transactions. Investment fees paid to the investment custodian are netted against investment returns.

**G. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100 percent vested in their accounts.

**H. Tax Status**

The Company has adopted a non-standardized plan pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated June 30, 2020, that the Plan is acceptable with the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The Plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress.

**I. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**J. Subsequent Events**

The Plan administrator has evaluated events and transactions subsequent to the statements of net assets available for benefits date through the date of the independent auditors' report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The Plan administrator has not identified any items requiring recognition or disclosure in the financial statements.
