Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Annaly Capital Management, Inc. 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Annaly Capital Management, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Annaly Capital Management, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Annaly Capital Management, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Annaly Capital Management, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Annaly Capital Management, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the contents page is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the Annaly Capital Management, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and was established on January 1, 2003 and was amended and restated effective January 1, 2020. The Plan covers all eligible employees (as defined) of Annaly Capital Management, Inc. and affiliated companies (the “Company”, or “Annaly”). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. Fidelity Management Trust Company (“Fidelity”) serves as the Plan’s custodian.

The Plan was amended effective April 20, 2022 to remove Annaly CRE L LLC 45-1351680 from the participating employers addendum.

Eligibility

An employee is eligible to enter the Plan upon attaining age 21, without any service requirement, with the exclusion of part-time and temporary employees. Participants are eligible to receive matching contributions as soon as they become eligible to participate in the Plan.

Contributions

Pre-tax contributions may be made by eligible employees not to exceed the maximum amount allowable under the Internal Revenue Code in any calendar year. Effective January 1, 2020, eligible employees can also make Roth and after-tax contributions not to exceed the maximum amount allowable under the Internal Revenue Code in any calendar year. The Company is required to make on a payroll period basis, a safe harbor matching contribution equal to 100% of a participant’s elective salary deferrals up to 3% of their compensation, plus 50% of the participant’s elective deferrals that exceed 3% of their compensation not to exceed 5% of compensation. The Company may make a discretionary profit sharing contribution, which is allocated to each participant’s account in the proportion to which the participant’s defined profit sharing compensation bears to the total defined profit sharing compensation of all eligible participants. Participants employed as of the last day of the plan year are eligible to receive an allocation of any profit sharing contribution. The Company did not elect to make a profit sharing contribution for the year ended December 31, 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the employer contributions, as well as an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investments in their account to one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Notes Receivable from Participants

Participants in the Plan are permitted to borrow a portion of their vested account balance. The loan program adopted is available on a uniform basis to all participants of the Plan who meet loan qualification requirements. The loans are collateralized by the balance in the participant’s accounts and bear interest at prevailing rates at the date of the loan. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans are limited to a minimum of \$1,000 and a maximum of the lesser of one-half of the vested account balance

or \$50,000. At December 31, 2024, the interest rates on the outstanding loans range from 4.25% to 9.50%. Loans, other than those used for the purchase of a principal residence, must be repaid within a period not to exceed five years. The loans have various maturity dates through February 27, 2029. Principal and interest are paid through payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollover contributions, employer contributions, plus actual earnings thereon.

Payment of Benefits

The Plan provides benefits upon retirement, death, disability, or termination of employment. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the Plan.

Administrative Expenses

All transaction fees for loans and distribution requests and recordkeeping fees are paid from participants' accounts. A portion of all other administrative expenses are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Withdrawals may be made from a participant's account based on financial hardship, as defined. In addition, a participant who has attained age 59 ½ and has not separated from service may obtain a distribution of his or her vested balance.

If the value of the participant's vested account does not exceed \$1,000, the participant's entire vested account shall be distributed as of the earliest of their retirement date, the date of death, or the date of severance from employment for any other reason (the date the employer provides notice to the record keeper of the Plan of such event, if later).

Benefits are recorded when paid.

Subsequent Events

Management evaluated subsequent events for the Plan through September 9, 2025, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

Note 3. Information Certified by the Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 57,870,337	\$ 47,530,744
Self-directed brokerage accounts	<u>1,372,666</u>	<u>1,136,516</u>
Total	<u>\$ 59,243,003</u>	<u>\$ 48,667,260</u>

The notes receivable from participants as of December 31, 2024 and 2023 of \$182,069 and \$246,733, respectively, was also certified by Fidelity Management Trust Company.

The following was also certified by the custodian for the year ended December 31, 2024:

Net appreciation in fair value of investments	\$ 5,765,366
Dividend and interest income	1,874,644
Interest on notes receivable from participants	<u>15,545</u>
Total	<u>\$ 7,655,555</u>

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2024.

- *Mutual funds*: Shares held by the Plan at year-end are valued at quoted prices in an active market
- *Self-directed brokerage accounts*: Self-directed brokerage accounts include non-interest bearing cash, mutual funds, common stock, preferred stock, and unit investment trusts, which are all valued at quoted prices in an active market of the underlying investments held by the Plan at year-end

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2024 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 57,870,337	\$ -	\$ -	\$ 57,870,337
Self-directed brokerage accounts	<u>1,372,666</u>	<u>-</u>	<u>-</u>	<u>1,372,666</u>
Total investments at fair value	<u>\$ 59,243,003</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 59,243,003</u>

**Annaly Capital Management, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Investments at fair value as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 47,530,744	\$ -	\$ -	\$ 47,530,744
Self-directed brokerage accounts	1,136,516	-	-	1,136,516
Total investments at fair value	<u>\$ 48,667,260</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 48,667,260</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the amount credited to the account of each participant will be fully vested.

Note 6. Tax Status

On June 30, 2020, the Internal Revenue Service (IRS) stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under Section 401 of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes that it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 8. Related-Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Annaly Capital Management, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Fidelity is the record-keeper for the Plan. Fidelity manages certain plan investments and therefore these transactions qualify as party-in-interest transactions. The Plan paid \$50,478 to Fidelity for investment advisory and administrative services for the year ended December 31, 2024. Strategic Advisors, Inc. (Strategic) is an investment advisor for certain participants within the Plan. Fees paid to Strategic during 2024 were \$13,695 and are included in administrative expenses.

Certain participants of the Plan invest in shares of the Company. As of December 31, 2024 and 2023, the Plan held 4,430 and 4,078 shares, or \$81,083 and \$78,997, respectively, of Annaly Capital Management, Inc. common stock. During 2024, reinvested dividends of \$6,873 were used to purchase 352.4 additional shares. The Plan recorded an unrealized loss of \$4,787 for the year ended December 31, 2024 in connection with the investments in Annaly Capital Management, Inc. common stock.

The Company provides certain administrative services at no cost to the Plan.

Plan Administrator
Annaly Capital Management, Inc. 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Annaly Capital Management, Inc. 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Annaly Capital Management, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Annaly Capital Management, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Annaly Capital Management, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Annaly Capital Management, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Annaly Capital Management, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the contents page is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the Annaly Capital Management, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and was established on January 1, 2003 and was amended and restated effective January 1, 2020. The Plan covers all eligible employees (as defined) of Annaly Capital Management, Inc. and affiliated companies (the “Company”, or “Annaly”). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. Fidelity Management Trust Company (“Fidelity”) serves as the Plan’s custodian.

The Plan was amended effective April 20, 2022 to remove Annaly CRE L LLC 45-1351680 from the participating employers addendum.

Eligibility

An employee is eligible to enter the Plan upon attaining age 21, without any service requirement, with the exclusion of part-time and temporary employees. Participants are eligible to receive matching contributions as soon as they become eligible to participate in the Plan.

Contributions

Pre-tax contributions may be made by eligible employees not to exceed the maximum amount allowable under the Internal Revenue Code in any calendar year. Effective January 1, 2020, eligible employees can also make Roth and after-tax contributions not to exceed the maximum amount allowable under the Internal Revenue Code in any calendar year. The Company is required to make on a payroll period basis, a safe harbor matching contribution equal to 100% of a participant’s elective salary deferrals up to 3% of their compensation, plus 50% of the participant’s elective deferrals that exceed 3% of their compensation not to exceed 5% of compensation. The Company may make a discretionary profit sharing contribution, which is allocated to each participant’s account in the proportion to which the participant’s defined profit sharing compensation bears to the total defined profit sharing compensation of all eligible participants. Participants employed as of the last day of the plan year are eligible to receive an allocation of any profit sharing contribution. The Company did not elect to make a profit sharing contribution for the year ended December 31, 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the employer contributions, as well as an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investments in their account to one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Notes Receivable from Participants

Participants in the Plan are permitted to borrow a portion of their vested account balance. The loan program adopted is available on a uniform basis to all participants of the Plan who meet loan qualification requirements. The loans are collateralized by the balance in the participant’s accounts and bear interest at prevailing rates at the date of the loan. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans are limited to a minimum of \$1,000 and a maximum of the lesser of one-half of the vested account balance

or \$50,000. At December 31, 2024, the interest rates on the outstanding loans range from 4.25% to 9.50%. Loans, other than those used for the purchase of a principal residence, must be repaid within a period not to exceed five years. The loans have various maturity dates through February 27, 2029. Principal and interest are paid through payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollover contributions, employer contributions, plus actual earnings thereon.

Payment of Benefits

The Plan provides benefits upon retirement, death, disability, or termination of employment. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the Plan.

Administrative Expenses

All transaction fees for loans and distribution requests and recordkeeping fees are paid from participants' accounts. A portion of all other administrative expenses are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Withdrawals may be made from a participant's account based on financial hardship, as defined. In addition, a participant who has attained age 59 ½ and has not separated from service may obtain a distribution of his or her vested balance.

If the value of the participant's vested account does not exceed \$1,000, the participant's entire vested account shall be distributed as of the earliest of their retirement date, the date of death, or the date of severance from employment for any other reason (the date the employer provides notice to the record keeper of the Plan of such event, if later).

Benefits are recorded when paid.

Subsequent Events

Management evaluated subsequent events for the Plan through September 9, 2025, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

Note 3. Information Certified by the Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 57,870,337	\$ 47,530,744
Self-directed brokerage accounts	<u>1,372,666</u>	<u>1,136,516</u>
Total	<u>\$ 59,243,003</u>	<u>\$ 48,667,260</u>

The notes receivable from participants as of December 31, 2024 and 2023 of \$182,069 and \$246,733, respectively, was also certified by Fidelity Management Trust Company.

The following was also certified by the custodian for the year ended December 31, 2024:

Net appreciation in fair value of investments	\$ 5,765,366
Dividend and interest income	1,874,644
Interest on notes receivable from participants	<u>15,545</u>
Total	<u>\$ 7,655,555</u>

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2024.

- *Mutual funds*: Shares held by the Plan at year-end are valued at quoted prices in an active market
- *Self-directed brokerage accounts*: Self-directed brokerage accounts include non-interest bearing cash, mutual funds, common stock, preferred stock, and unit investment trusts, which are all valued at quoted prices in an active market of the underlying investments held by the Plan at year-end

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2024 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 57,870,337	\$ -	\$ -	\$ 57,870,337
Self-directed brokerage accounts	<u>1,372,666</u>	<u>-</u>	<u>-</u>	<u>1,372,666</u>
Total investments at fair value	<u>\$ 59,243,003</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 59,243,003</u>

Investments at fair value as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 47,530,744	\$ -	\$ -	\$ 47,530,744

Total investments at fair value	<u>\$ 48,667,260</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 48,667,260</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the amount credited to the account of each participant will be fully vested.

Note 6. Tax Status

On June 30, 2020, the Internal Revenue Service (IRS) stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under Section 401 of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes that it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 8. Related-Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Notes to Financial Statements
December 31, 2024 and 2023

Fidelity is the record-keeper for the Plan. Fidelity manages certain plan investments and therefore these transactions qualify as party-in-interest transactions. The Plan paid \$50,478 to Fidelity for investment advisory and administrative services for the year ended December 31, 2024. Strategic Advisors, Inc. (Strategic) is an investment advisor for certain participants within the Plan. Fees paid to Strategic during 2024 were \$13,695 and are included in administrative expenses.

Certain participants of the Plan invest in shares of the Company. As of December 31, 2024 and 2023, the Plan held 4,430 and 4,078 shares, or \$81,083 and \$78,997, respectively, of Annaly Capital Management, Inc. common stock. During 2024, reinvested dividends of \$6,873 were used to purchase 352.4 additional shares. The Plan recorded an unrealized loss of \$4,787 for the year ended December 31, 2024 in connection with the investments in Annaly Capital Management, Inc. common stock.

The Company provides certain administrative services at no cost to the Plan.
