Independent Auditor's Report

401k/ASOP Committee, Plan Administrator and Plan Management
Centier Bank Associates' Stock Ownership and 401(k) Plan
Merrillville, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Centier Bank Associates' Stock Ownership and 401(k) Plan an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Centier Bank Associates' Stock Ownership and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Centier Bank Associates' Stock Ownership and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Centier Bank Associates' Stock Ownership and 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centier Bank Associates' Stock Ownership and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Centier Bank Associates' Stock Ownership and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401k/ASOP Committee, Plan Administrator and Plan Management
Centier Bank Associates' Stock Ownership and 401(k) Plan

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Centier Bank Associates' Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Description of the Plan

The following description of Centier Bank Associates' Stock Ownership and 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

Effective October 1, 2006, the Centier Bank 401(k) Plan merged into the Centier Bank Associates' Stock Ownership Plan and the Plan was renamed the Centier Bank Associates' Stock Ownership and 401(k) Plan. The Plan is a defined-contribution plan with two benefit features: an Associates' Stock Ownership Plan (ASOP) and a 401(k) Plan. The Plan is for all employees of Centier Bank (Bank) who are age eighteen or older. Employees may enter the Plan on January 1, April 1, July 1 or October 1 following completion of the eligibility requirements, which excluded seasonal and temporary employees prior to January 1, 2024. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Bank is a wholly owned subsidiary of First Bancshares, Inc. (Company). Centier Bank serves as the trustee of the Plan and the custodian of the ASOP component of the Plan and Principal Life Insurance Company (Principal) serves as custodian of the 401(k) component of the Plan. Principal also serves as the Plan recordkeeper for both the ASOP and 401(k) components of the Plan.

Contributions

Participants may make salary redirection contributions and Roth contributions of up to 100% of eligible compensation each payroll period in the 401(k) Plan up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant rollover contributions are also permitted. The Plan has an opt-out clause wherein unless an active participant elects otherwise, they are deemed to have elected to make an automatic salary redirection contribution of 6% of eligible compensation.

If a participant's deferral percentage in effect on April 1 of any Plan year is less than 6%, the participant is automatically deemed to elect to increase his deferral percentage by 1% effective April 1 of each year. This does not apply to any participant who (1) previously elected to not make deferral elections to the Plan or (2) affirmatively declined the automatic increase. Participants may increase or reduce their salary redirection contribution effective as of the first day of the following payroll period, and may be discontinued at any time.

The Bank makes matching contributions to participants' accounts each pay period based on percentages set by the Board of Directors annually. Matching contributions may be made to the participant in cash or in whole shares of Company stock as determined by the Board of Directors. The Bank elected to make a cash contribution of 67% of the first 6% of eligible compensation that a participant contributed to the Plan for the years ended December 31, 2024 and 2023.

Notes to Financial Statements December 31, 2024 and 2023

All ASOP contributions to the Plan are made by the Bank as voted upon by the Board of Directors at the beginning of the Plan year. ASOP contributions may be made in cash or in shares of Company stock. Each participant will be credited with a portion of the Bank's contribution based on the ratio of each participant's eligible compensation to the total eligible compensation of all eligible participants for the year. Participants are eligible if they have worked at least 1,000 hours, is actively employed at December 31 or terminated due to death, disability, normal retirement age (over age 65) or early retirement age (over age 55 and at least six years of service). Allocation of the ASOP contribution is made on the last day of the Plan year to all employed participants who have met the eligibility requirements. For 2024 and 2023, the Bank made \$7,000,000 and \$6,000,000, respectively, of ASOP cash contribution to the Plan.

Contributions are subject to certain limitations.

Participant Investment Account Options

For the 401(k) Plan, investment account options available include various mutual funds and common collective trust fund and, effective October 1, 2021, pooled separate accounts and another common collective trust fund. Each participant has the option of directing his contributions into any of the separate mutual funds and may change the allocation daily. All Bank matching and ASOP contributions are nonparticipant-directed and are invested in the Company common stock.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Bank's contributions, an allocation of previously forfeited amounts and the Plan earnings and losses, and are charged for withdrawals and an allocation of administrative expenses. Allocations are based on the participant's eligibility, participant compensation, contributions and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Except for shares forfeited during the year that will be reallocated at December 31, Company common stock held by the Plan has been allocated to participants.

Vesting

Participants are immediately vested in their salary redirection plus actual earnings thereon. Vesting in the remainder of such participant's account is based on years of credited service. A participant is fully vested after six years of credited service. Participants receive 20% of vesting service on the Company contribution account after the second year of credited service and 20% for additional years after year two with 100% vesting after six years of credited service. A participant is considered fully vested upon death, permanent disability or retirement after reaching normal retirement age of 65.

The Trustee will, as directed by the Committee, vote shares on all other matters and on which no instructions have been received, shares on which instructions were not received in a timely or proper manner and shares which have not been allocated to Company Stock Accounts. Put Option

Under Federal income tax regulations, the Company stock held by the Plan includes a put option because it is not readily tradable on an established market. In general, and subject to cash liquidity in the Plan, the Company stock for terminated participants will be liquidated on June 30 or December 31 valuation dates following the participant's termination date. The proceeds will be transferred to the ASOP liquidation account and invested based on the funds chosen by the participant. Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments.

The fair values of the money market fund and mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges.

The common shares of the Company common stock are valued at estimated fair value. Fair value is determined by semi-annual independent appraisals as of June 30 and December 31.

Pooled separate accounts are valued at estimated fair value as provided by Principal.

The fair value of participation units in the common collective trust funds are based upon the net asset values of such fund as reported in the audited financial statements of the fund. The funds provide for daily redemptions, with no advance notice requirements, at reported net asset value per share.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All

Centier Bank Associates' Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

other expenses of the Plan are paid by the Bank.

Note 3: Certification of Plan Custodians and Trustee

The Company has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal and Centier Bank, both qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2024 and 2023
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2024 and the accompanying schedule of reportable transactions for the year ended December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities were classified within Level 1 of the valuation hierarchy. Level 1 securities included mutual funds and money market funds. If quoted market prices were not available, then fair values were estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs were not available, securities were classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Investments in Company common stock are valued by independent appraisals semi-annually as of June 30 and December 31. The valuation is performed by a third-party business appraiser

Centier Bank Associates' Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

accredited by the American Society of Appraisers. The Plan Trustee reviews the appraiser's qualifications and hires the appraiser. The Plan Trustee also reviews and evaluates the appraiser's methodology and assumptions, which involves discussions with the appraiser, verifies the financial information used in the appraisal, and approves the use of the appraised value in the Plan's financial accounting. The appraised values are derived using a combination of historical financial information and projected earnings and cash flow information for the Company and comparisons to other comparable businesses, as well as other input factors. The appraisal included a discount of 5% for lack of marketability. Management provides the appraiser with all necessary information to perform the valuation including historical and projected financial information of the Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents a reconciliation of Plan investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended December 31, 2024 and 2023, including the reporting classifications for the applicable gains and losses included in the statements of changes in net assets available for benefits:

Note 5: Plan Tax Status

The IRS has determined and informed the Bank by a letter dated February 22, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in common stock of the Company. The Plan held 10,733 and 10,750 shares of First Bancshares, Inc. common stock as of December 31, 2024 and 2023, respectively.
