Independent Auditor's Report

To the Plan Administrator
Monster Worldwide, Inc. 401(k) Savings Plan
Weston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Monster Worldwide, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As further discussed in Note 9 to the financial statements, on September 11, 2025, the Board of Directors approved a resolution to terminate the Plan effective September 30, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Monster Worldwide, Inc. 401(k) Savings Plan and its related Trust (collectively, the Plan) is provided for general information purposes only. Participants should refer to the current Plan document for a complete description of the Plan's provisions.

The Plan was adopted as of January 1, 1992 for the benefit of its eligible employees and the eligible employees of any other organization designated by the Board of Directors of Monster Worldwide, Inc. On June 28, 2024, Monster Worldwide, Inc. changed its name to Monster Worldwide LLC (Plan Sponsor or Company).

General

The Plan is a defined contribution plan and provides for elective contributions on the part of the participating employees and employer matching contributions between 0% and 100% of the employees' eligible compensation within limits established by the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by one or more administrators appointed by the Plan Sponsor. The Plan Administrator is responsible for the operations of the Plan in accordance with prevailing government requirements. The Plan is subject to the provisions of ERISA and provisions of the Internal Revenue Code of 1986, as amended (IRC) as it pertains to plans intended to qualify under IRC Section 401(a).

Trustee (Custodian) and Administration of the Plan

The trustee (custodian) and recordkeeper of the Plan is Charles Schwab Trust Bank (the Trustee). The trustee (custodian) holds all assets of the Plan in accordance with the service provider contract with the Company. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement; (3) leased employees; (4) an employee who is classified by the Company as an intern; and (5) an employee who is a Highly Compensated Employee, unless such employee has completed a 12-month period of service.

There is no age requirement to enter the Plan.

An eligible participant can enter the Plan the month following the eligibility requirement being met.

Contributions

Participants may elect to contribute on a pre-tax basis, Roth contributions, or both. The Plan permits an eligible participant to make pre-tax contributions in excess of the IRC 402(g) limit. These contributions are known as "catch-up contributions." A participant who attains age 50 during a Plan year is permitted to make catch-up contributions to the Plan, subject to the legal limit on these contributions. The legal limit on catch-up contributions is \$7,500 during 2024. Plan participants are permitted to make contributions in specified flat dollar amounts, in addition to the continued ability to make contributions in specified percentages of their annual eligible compensation.

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

The Plan has an automatic enrollment feature. Under this feature, unless the employee affirmatively elects otherwise, any new hire will be deemed to have entered into a salary reduction agreement and elected to make elective contributions to the Plan beginning effective as of the first payroll period coinciding with or following the 45-day period following his or her employment commencement date. Automatic elective contributions are initially set at 6% of an employee's annual eligible compensation. Eligible employees may change or stop the amount of their elective contribution at any time subsequent to their automatic enrollment. The automatic enrollment feature only applies to pre-tax contributions. Roth deferrals and the Roth In-Plan Conversion feature are voluntary elections by the employee.

The Company may, in its sole and absolute discretion, make matching contributions between 0% and 100% of an eligible participant's pre-tax elective contributions and Roth elective deferrals. The matching contributions may be made by the Company for a Plan year or any portion of a Plan year and may limit participant's salary reduction contributions and Roth elective deferrals that are matched to a percentage of the participant's compensation for the Plan year. For the Plan year ended December 31, 2024, the Plan Sponsor elected to make matching contributions equal to 50% of an eligible participant's pre-tax elective contributions and Roth elective deferrals up to a maximum of 6% of the participant's annual eligible compensation. Catch-up contributions are not matched.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants' Accounts

Each participant's account is credited with the elective contributions made by that participant and employer matching contributions for which that participant is eligible and charged for withdrawals and certain fees in accordance with the Plan document. Each participant's account will be credited with its share of the net investment earnings of the funds in which that account is invested. The employee individually manages the Personal Choice Retirement Accounts and the investment results directly affect the participant's investment balances. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account. The Plan also accepts rollover contributions (i.e., amounts which can be rolled over into a tax qualified plan from another employer's qualified plan).

As of December 31, 2023, the Personal Choice Retirement Accounts were permanently closed. Residual balances continue to be transferred to other qualified investment accounts during 2024 and 2025.

Vesting

The portion of a participant's account attributed to elective contributions, qualified non-elective contributions, and rollover contributions are fully vested at all times. Vesting of other amounts (i.e., fully vested rights to the portion of a participant's account arising from employer matching contributions, if any) is based upon the number of years in a participant's period of service.

Vesting in the employer matching contribution is 0% if the participant has less than three years of service. The participants' employer matching contributions will become 100% vested upon reaching

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

three years of service. Prior to January 1, 2022, vesting of other amounts (i.e., fully vested rights to the portion of a participant's account arising from employer matching contributions, if any) is based upon the number of years in a participant's period of service. A period of service is measured from an employee's employment or reemployment commencement date and ends on an employee's termination date. Vesting begins with the completion of a period of service of one year, at the rate of 25% and increases 25% for each subsequent year until full vesting is achieved with a period of service of four or more years.

Notwithstanding the number of years in an employee's period of service, a participant is considered fully vested at the Plan's normal retirement age of 65, in the event of death, or if the participant incurs a disability that is considered to be total and permanent. The Plan provides special vesting rules with regard to any benefits a participant may have from a plan that was merged into the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay permissible Plan expenses in accordance with the rules under ERISA, and any excess may be applied as a reduction to employer matching contributions or discretionary qualified non-elective contributions. Forfeitures occur in any Plan year in which a terminated participant receives the portion of the matching contributions credited to his or her account that has vested in accordance with the Plan's vesting schedule and forfeits the non-vested balance. If a terminated participant resumes employment with the employer within five years subsequent to the termination date, the forfeited amount will be restored to their matching contribution or discretionary qualified non-elective contribution account. Forfeited non-vested account balance as of December 31, 2024 and 2023 was \$278,758 and \$498,034, respectively. Plan expenses in the amount of \$6,191 were paid with forfeitures during the year ended December 31, 2024. Forfeitures of \$320,055 were used to reduce employer matching contributions in 2024.

Payment of Benefits

Benefits are generally payable following a participant's termination of employment, death, or disability. If a portion of a participant's account is attributable to a merged plan, that portion of the account may have additional distribution or in-service withdrawal rights; these rights are grandfathered in accordance with the applicable provisions of the IRC and ERISA. Benefits are generally payable in a lump sum but may also be paid in installments. Upon the showing of substantial hardship, and in accordance with specific rules set forth by the IRS concerning hardship withdrawals, a participant may withdraw elective deferrals, which have not previously been withdrawn, subject to certain limitations.

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an Individual Retirement Account unless otherwise elected.

Notes Receivable from Participants

In general, a participant may borrow an amount not exceeding the lesser of \$50,000 or 50% of the vested portion of their account. If the proceeds of the loan are to be applied to the purchase of a principal residence of the participant, the repayment period shall be no more than ten years (except for loans outstanding under certain merged plans). If the proceeds of the loan are used for any other

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

purpose, the repayment of the loan must be made within five years. Interest will be charged at an annual rate, which is comparable to a commercial rate for a similar type of loan. At December 31, 2024, interest rates ranged from 3.25% to 8.50%. Principal and interest payments will be due no less frequently than quarterly and, for current employees, will be made by payroll deductions. The loans are collateralized by the participants' interest in their accounts. Each participant may not have more than one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP), except benefit payments which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities including stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, equity price, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Included in investments are the investments in the Schwab S&P 500 Index Fund and Schwab Select Large Capital Growth Fund, which represent 10% or more of total investments at December 31, 2024. At December 31, 2023, investments in the Schwab S&P 500 Index Fund represented 10% or more of total investments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 3 for further discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. According to the Plan, a note receivable from participants is collectible upon termination and any portion of this note receivable from participants that is not collected is deemed to have defaulted. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Administrative Expenses

The Plan Administrator pays certain administrative expense of the Plan, unless otherwise paid by the Plan Sponsor at the Plan Sponsor's discretion. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are allocated proportionately to the Plan participants based on their respective account balances and are included in other income. All other expenses are paid directly by the Plan are allocated to Plan participants proportionately based on their respective balances and are included in administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - This class primarily consists of publicly traded funds of registered investment companies. The fair value of these investments is determined by reference to the fair value of the underlying securities of the mutual funds. The net asset value (NAV) of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Personal Choice Retirement Accounts - This class primarily consists of publicly traded funds of registered investment companies. The investments are self-directed by the participant in mutual funds and other securities not offered through the Plan. The fair value of these investments is determined by reference to the fair value of the underlying securities of the mutual funds. The NAV of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Common Collective Trust Funds - The common collective trust funds are valued at the NAV of the units of the funds based on the fair value of the underlying investments of the funds. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables present the financial assets the Plan measures at fair value on a recurring basis, based upon fair value hierarchy:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 135,297,518	\$ -	\$ -	\$ 135,297,518

* The investment in the common collective trust funds is measured at fair value using the NAV per share (or its equivalent) practical expedient, which has not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

At December 31, 2024 and 2023, investments in certain entities calculate the NAV per share as the investment's fair value measurement. The following tables provide an overview, by investment, of the nature and risks associated with such investments, as well as whether it's probable those investments will be sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

4. Income Tax Status

The IRS has determined and informed the Plan Administrator in a letter dated December 6, 2017, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan Sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS to retain qualified tax status. Although the Plan has been amended and restated since the date of the determination letter, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

5. Investment Information Certified by Custodian

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution.

6. Partial Plan Termination

Under ERISA, a partial plan termination occurs if a significant percentage of active Plan participants are terminated due to actions taken by the Plan Sponsor, such as substantial reductions in the workforce. A reduction in workforce during 2024 constituted a partial plan termination, as defined by ERISA. Partial plan termination results in affected participants becoming fully vested in the accrued benefits at the date of the termination. The remaining employees' vesting remains the same as it had prior to the partial plan termination.

Monster Worldwide, Inc. 401(k) Savings Plan

Notes to Financial Statements

7. Termination of the Plan

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company's matching and discretionary contributions. See Note 9 for the subsequent termination of the Plan.

8. Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by affiliates of Charles Schwab Trust Company. Participant loan and distribution processing fees are paid to the recordkeeper by participants. Additionally, notes receivable from participants qualify as party-in-interest transactions. The Plan paid administrative fees to BDO USA, P.C. for accounting services. The Plan paid investment advisor fees to CapFinancial Partners LLC. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

The duties of the custodian include administration of the trust fund (including income) at the direction of the Trustee, the payment of benefits and loans to Plan participants, and the payment of expenses incurred by the Plan in accordance with instructions from the Plan Administrator and Trustee (with the option to given to participants to individually direct the investment of their interest in the Plan). The custodian is also responsible for the maintenance of the individual participant records and required to render statements to the participants as to their interest in the Plan.

Certain employees of the Plan Sponsor provide administrative services to the Plan. These individuals are not paid by the Plan for their services.

9. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 23, 2025, the date the financial statements were available to be issued.

The Plan was amended effective March 1, 2025 to address the required changes enacted pursuant to the Setting Every Community Up for Retirement Act (SECURE 2.0 Act). Provisions of the SECURE 2.0 Act that the Plan has adopted include the following:

- Disaster relief distributions.
- Increased loan limits for qualified individuals.
- Loan repayment suspensions for qualified individuals.
- Recontributions of certain hardship withdrawals for home purchases.

On June 24, 2025, the Company filed for bankruptcy. On September 11, 2025, the Board of Directors approved a resolution to terminate the Plan effective September 30, 2025.
