Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: DOUGHERTY & COMPANYY

(2) EIN: 95-3871065

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
The Converse Professional Group 401(k) Plan
Monrovia, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Converse Professional Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Converse Professional Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note M to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Converse Professional Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Converse Professional Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Converse Professional Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Converse Professional Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, Line 4l - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Contributions are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under

ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE CONVERSE PROFESSIONAL GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE A - Description of Plan

The following description of The Converse Professional Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of The Converse Professional Group and Subsidiaries (the "Company") who have completed 160 hours of service during the first two months of service and are age 18 or older. The Plan has semi-annual entry days of January 1st and July 1st. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration. The Converse Professional Group and Subsidiaries (the "Company") is the Plan Sponsor, Trustee, and Administrator. The Company contracts Empower Retirement operating under the Empower Trust Company, LLC umbrella, to manage the Plan as the custodian trustee and Raymond, Reeves & Stout, LLP to act as a third-party administrator.

Contributions. 401(k) contributions to the Plan are composed of employee and employer portions. Employees can elect to contribute up to \$23,000 through salary reduction. The Plan also allows for Roth contributions. Employees eligible for catch-up deferrals may contribute up to an additional \$7,500. The Plan allows for a discretionary employer contribution. The current Employer contribution formula is to contribute a matching contribution to all non-union participants equal to 50% of each participant's elective deferral contribution when the Company demonstrates annual net profit before tax and bonus of at least \$500,000, or 25% when the Company demonstrates annual net profit before tax and bonus of at least \$250,000 and less than \$500,000, all subject to a maximum of 4% compensation deferral. The Company may also elect a profit-sharing contribution but did not do so for 2024 but rather elected a 100% match for the year. The Employer's contribution is funded annually.

Vesting. Participants are fully vested in their elective contributions, but not the matching employer contributions on them. Participants vest in the employer match as the participants are credited with a year of vesting service. Normal vesting is over a period of six years. When years of vesting service are determined, the elapsed time method is used.

NOTE A - Description of Plan – continued

Participant Accounts. Each participant's account is credited with the participant's contribution, employer matching, and investment earnings. Each participant's account is charged with investment losses, benefits paid, and administrative expenses. Participants have direct control over the investing of their account, meeting the requirements of ERISA 404(c). Changes in investment market values and income are allocated specifically to participant accounts depending on the performance of funds in which they have elected to invest. The vested portion of the participant's account is the benefit to which the participant is entitled.

Notes Receivable from Participants. Participants may borrow the lesser of up to 50% of their vested plan account balance as measured at time of the loan or \$50,000. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest, typically a rate of prime plus 2%. Principal and interest are generally paid ratably through regular payroll deductions.

Payment of Benefits. The Plan provides cash benefits for participants when they retire, die or terminate their employment with the Company. Participants may elect to receive their vested interest in the form of a lump-sum payment or in the form of a deferred payout if the separation is due to normal retirement, permanent disability retirement, death, or termination. Normal retirement age under the Plan is fifty-nine and half (59 ½).

Forfeited Accounts. When a participant terminates employment with the Company or incurs a "break in service" a portion of the participant's interest in the Plan may be forfeited depending on the number of years of service. Non-vested forfeitures are used to reduce future employer contributions or pay expenses. For the year 2024, the non-vested amount forfeited is \$5,671 and \$9,900 of forfeitures is used to pay plan expenses. As of December 31, 2024 and 2023, there are \$2,859 and \$6,960 unallocated forfeitures remaining to be used, respectively.

NOTE B - Summary of Significant Accounting Policies

The financial statements and notes are representations of the trustees, who are responsible for their integrity and objectivity.

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - Summary of Significant Accounting Policies – continued

Investment Valuation and Income Recognition. The investments are reported at fair value based upon current published market prices. The difference between the current value and cost of the investments is reflected in the statement of changes in net assets available for plan benefits.

Excess Contributions Payable and Corrective Distributions. The return to participants of contributions in excess of amounts allowed by the Internal Revenue Code is recorded as a liability with a corresponding distribution.

Notes Receivable from Participants. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administration Expenses and Fee Revenue Sharing. The cost of maintaining the Plan is generally paid by the Plan. Some costs are incurred specifically by participants at their direction and charged directly to their account. Examples of fees charged directly to participant accounts are loan maintenance fees, wire fees, express mail service charges, and mutual funds fees charged at the fund level. Fund fees are netted with fund income and can be determined by viewing the fund prospectus. For the year ended December 31, 2024, administrative fees paid by the Plan are \$25,273 in addition to \$9,900 of expenses paid out of forfeitures and the fees paid by the \$8,571 revenue share. The Plan has a fee revenue sharing agreement in which a portion of fund level fees are refunded back to the Plan.

Payments of Benefits. Benefits are recorded when paid.

Subsequent events. Subsequent events have been evaluated through September 19, 2025, which is the date the financial statements were available to be issued.

NOTE C – Distributions

Distributions made during the year fall into the three categories of corrective distributions, benefit payments, and deem distribution of loans. The corrective distributions are required to meet discrimination testing. Benefit payments include distributions allowed under the Plan's hardship provision as well as those relating to retirement, disability, termination, and death. When payments are not being received on participant loans, the plan administrator makes the determination if a deemed distribution needs to occur. The criteria for a default loan being a deemed distribution for tax purposes is different than the criteria for being uncollectible under Generally Accepted Accounting Principles.

NOTE D – Investments and Fair Value Measurements

The Plan's investments are mutual funds held in pooled separate accounts (PSAs) and are reported at fair value in the accompanying statement of net assets available for benefits. Based upon current guidance and common practices, the Plan has determined the PSAs to have a readily determinable fair value as defined by ASU 2015-10. Therefore, the application of NAV under ASU 2015-07 as a practical expedient is currently not applicable, but it may be in the future should there be a change in guidance.

The accounting literature under FASB ASC 820, Fair Value Measurement, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The fair value hierarchy levels used by the Plan are described as follows:

Level 1 - Inputs to this valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices other than those included in Level 1 that are observable either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or that can be corroborated by observable market data for substantially the full term of the financial instrument.

Under ASU 2015-07, investments that do not have a readily determinable fair value (RDFV) may be valued at the Net Asset Value (NAV) as a practical expedient. Investments valued using the NAV as a practical expedient are present as a reconciling item on the fair value table.

Following is a description of the valuation methodologies used for assets.

Mutual Funds - Mutual funds are registered with the United States Securities and Exchange Commission. They are valued at the daily closing price which is published as their daily net asset value (NAV). Trades are transacted at these published values.

Fixed annuities – The Plan has determined that the Guaranteed Funds are not fully responsive. It has also been determined that contract value closely approximates fair value. Following the recommendation of the custodian, these investments are presented as level 2.

Common/Collective trusts – The investments are carried at fair value using NAV as a practical expedient. The funds post daily the value of units held, which is considered by plan management to be the best approximation of fair value. There are no notable restrictions on the redemption of investments held in the fund.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>

Collective Trust Funds (<i>NAV</i>)	<u>4,620,500</u>		
Total Investments	<u>\$ 15,741,788</u>		

NOTE D – Investments and Fair Value Measurements – continued

There has been no change in the fair value methodologies used on December 31, 2024 and 2023 that have resulted in changes in reported values. Also, the methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments held by the custodian trustee and certified are described in Note M. The custodian trustee invests plan funds in the manner directed by the participant. The selection of funds from which to choose offers a range of potential returns and corresponding risks.

NOTE E - Cash Balances and Interest-bearing Accounts

Noninterest-bearing cash are funds in the process of being invested. Interest-bearing cash has been placed by participants in money market funds and short-term certificates of deposit. Periodically throughout the year, balances may be in excess of federally insured limits or maintained in money market funds that are not federally insured.

NOTE F – Investments at Contract Value

Some participants have chosen to invest in funds which may be considered to be fully responsive for participant-initiated transactions. Contract value is the relevant measurement of the guaranteed investment contract under ASU 2015-12 when fully benefit responsive. However, SOP 94-4-1 includes a definition of benefit responsiveness that pertains to benefit responsiveness at the plan level. At the plan level, events may limit the ability of the plan to transact at the contract value. For example, Plan amendments, changes to the Plan's investment options and provisions, bankruptcy or restrictions of the Plan sponsor, or Plan disqualification may have an adverse impact. Because of these limitations, the plan has determined the funds not to be whole fully responsive and to present them on the fair value table as level two based upon the type of observable input, as recommended by the custodian. While presented at fair value, it is important to note that contract value so closely approximates fair value that it can be used as the fair value.

NOTE G - Income Tax Status and Plan Amendments

Effective January 1, 2023, the Company has restated its plan by adopting the Prototype Non-standardized Profit-Sharing Plan/401(k) Plan drafted by Raymond, Reeve & Stout, LLP. The Internal Revenue Service (IRS) has determined and informed Raymond, Reeve & Stout, LLP by an opinion letter dated June 30, 2020, that the Plan is acceptable under Internal Revenue Code Section 401. The Trustee and Plan administrator believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan can be subject to examinations by the Internal Revenue Service or the Department of Labor (DOL). These governing agencies have different periods for statutes of limitations. The common statutes are three years for the IRS from date of filing and six years for the DOL. The Plan is not subject to any current examinations.

NOTE H - Risks and Uncertainties

The Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investment will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits. As an ERISA section 404(c) plan, such risk is borne by the participant and not the trustees.

NOTE I – Accrued Corrective Distributions

Plan testing indicates that accrued corrective distributions of \$47,400 and \$35,348 are required for the 2024 and 2023 years, respectively.

NOTE J - Disclosures Required by ERISA and the Department of Labor

ERISA and DOL regulations require that supplemental schedules be presented when certain conditions are met. The trustees have determined that the Plan only meets conditions that require a schedule of assets held for investment purposes at the end of year and a schedule of delinquent contributions be presented.

NOTE K - Insurance and Bonding

Insurance and bonding requirements are met by general insurance carried by the Company.

NOTE L – Parties-in-Interest Transactions

Custodial services are provided by Empower Trust Company, LLC aka Empower Annuity Insurance Company of America, aka Empower Retirement (Empower.) Empower is compensated for its investment management services through broker fees and typical mutual fund fees charged at the fund level, such as 12b-1 fees, as well as fees charged directly to participants for specific services, see Note B, and record keeper fees. The mutual fund fees are netted with income at the fund level. Advisory services are provided by OneAmerica Securities Inc. and Leafhouse Financial Advisors, LLC. Raymond, Reeves & Stout, LLP, Inc. provides third party administration services. Audit services are provided by Dougherty & Company. All of these transactions are exempt from the prohibited transaction rules of ERISA and the Internal Revenue Code. All administrative fees are payments to parties-in-interest.

NOTE M - Information Certified by the Custodian Trustee (Unaudited)

The following is a summary of the cash basis information included in the accompanying financial statements and supplemental schedules that has been obtained from data that has been prepared and certified as complete and accurate by Empower Trust Company, LLC, the custodian trustee.

	<u>2024</u>	<u>2023</u>
Investments:		
Mutual funds	\$ 9,473,321	\$ 10,650,833
Fixed annuities	970,348	470,456
Collective trust funds	7,986,160	4,620,500
	<u>\$ 18,429,829</u>	<u>\$ 15,741,788</u>
Other Items:		
Contributions & loan payments	\$ 665,186	
Disbursements including new loans	(827,325)	
Net appreciation, interest, and dividends	2,868,844	
Fee revenue sharing	8,571	
Administration expenses (gross)	(32,907)	

The Custodian certifies various reports. Some reports are prepared using the cash basis and others the accrual basis of accounting. The difference between the cash basis and the accrual basis amounts results in temporary timing differences at the year end.

NOTE N - Reconciliation of Financial Statement to Schedule H of Form 5500

Differences between the financial statements and Form 5500, Schedule H are limited to a trivial combining presentation difference of \$138 between revenue sharing and net investment income from pooled separate accounts.

NOTE O – Delinquent Participant Contributions

For 2023, all participant elective deferrals and loan payments have been deposited with the custodian as of December 31, 2023. However, a remittance can be considered untimely due to the length of time it took for the custodian to receive and credit the participant's accounts. During the year 2023, one remittance payment took a few days longer than the usual period. During 2024, the participants' accounts are credited \$13 for the lost earnings.

NOTE P – Plan amendments

Effective beginning January 1, 2024, the plan has been amended to remove the auto enrollment and automatic compensation reduction features. Also, the Plan sponsor passed a motion to increase the match to 100% of the elective deferral up to 4% of compensation but only for the 2024 year.
