## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants  
**Motor City Stamping, Inc. 401(k) Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Motor City Stamping, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Motor City Stamping, Inc. 401(k) Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Motor City Stamping, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Motor City Stamping, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Motor City Stamping, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Note 1 – Description of the Plan

#### General

The Plan is a defined contribution plan that was established on January 1, 1984 by Motor City Stamping, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

#### Administration

Motor City Stamping, Inc. is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of company officers and members of the human resources department. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees.

Effective April 10, 2024, the Plan's Investment Custodian is Principal Trust Company. For the period January 1, 2023 to April 9, 2024, the Plan retained Ascensus Trust Company and Newport Trust Company, LLC to act as Investment Custodians. The Investment Custodians hold all of the Plan's assets and execute all of the Plan's transactions.

Effective April 10, 2024, the Plan retained Principal Life Insurance Company to provide participant recordkeeping and administrative services. For the period January 1, 2023 to April 9, 2024, these services were performed by Ascensus, Inc.

#### Eligibility

The Plan covers all employees of the Employer, except those who are covered by a collective bargaining agreement, non-resident aliens with no U.S. income, leased employees or independent contractors. All eligible employees must be 20 years of age and may begin participating in the Plan after completing 6 months of service, with the entry date being the first day of the calendar quarter following or coinciding with the completion of the eligibility requirements.

#### Contributions to the Plan

Each year, participants may contribute up to 100% of eligible compensation, as defined in the plan document, through payroll withholdings. The Plan also allows participants to make after-tax Roth contributions. Participants who have attained age 50 before the end of the year are eligible to make 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled at a deferral rate of 4% unless they affirmatively elect not to participate. Auto-enrollment contributions are invested in a designated fund until changed by the participant.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

The Company may make discretionary matching contributions on behalf of the participants as determined by its Board of Directors. The Company elected to make discretionary matching contributions for 2024 equal to 75% of the first 4% of plan compensation that a participant contributes to the Plan. Total discretionary matching contributions for 2024 were \$341,643.

The Plan also provides for discretionary employer non-elective contributions as determined annually by its Board of Directors. The Company elected not to make discretionary non-elective contributions for 2024.

The Plan also provides for additional discretionary employer contributions. The Company elected not to make additional discretionary contributions for 2024.

Participants direct the investment of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Participant Notes Receivable

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, subject to certain Department of Labor and IRS requirements. Loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate. Principal and interest is paid ratably through payroll deductions.

### Distribution of Benefits

On termination of service, participants with vested account balances of \$7,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants whose vested account balances exceed \$7,000 may elect a lump sum distribution, a partial withdrawal, or a rollover of their account balance to another qualified account. Additionally, they may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59 1/2 for all deferral contributions, discretionary employer matching contributions, and rollover contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from vested account balances.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Vesting

Participants are immediately vested in their contributions (deferrals and rollovers) and earnings thereon. Vesting in company contributions is based on years of continuous service at a rate of 33% per year after 2 full years of credited service. A participant is 100% vested after 4 years of credited service. Participants also become 100% vested upon death, disability, or attainment of normal retirement age.

### Forfeitures

Forfeitures can be used to offset plan administration expenses and reduce employer contributions. Forfeitures of \$5,967 were used to offset administrative expenses and \$13,947 were used to reduce employer contributions during the year ended December 31, 2024. Unallocated forfeiture balances as of December 31, 2024 and 2023 amounted to \$39,155 and \$15,776, respectively.

## **Note 2 – Summary of Significant Accounting Policies**

### Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the Investment Custodians and investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Participant notes receivable are valued at their unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

# MOTOR CITY STAMPING, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Payment of Benefits

Benefits are recorded when paid.

### Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 20, 2025, which is the date the financial statements were available to be issued.

### **Note 3 – Unaudited Investment Information Certified by the Custodians**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Ascensus Trust Company, Newport Trust Company, LLC, and Principal Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024;
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024; and
4. Notes receivable from participants as of December 31, 2024 and 2023 and the related income on notes receivable from participants for the year ended December 31, 2024.

### Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at daily closing prices as reported by the fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual Funds held by the Plan are deemed to be actively traded.

*Common/Collective Trust Funds:* Valued at fair value based on the Net Asset Value (NAV) of units held of the collective fund. The NAV, as provided by the Custodians, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

*Pooled Separate Accounts:* The Pooled Separate Accounts are not publicly traded and are measured at fair value based on the fair value of the underlying assets of the Pooled Separate Accounts, using net asset value as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

*Stable Value Fund:* Valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair values. The net asset value is based on the fair value of the trust's underlying assets, less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported net asset value.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023:

	<b>As of December 31,</b>				
	<b>2024</b>	<b>2023</b>	Unfunded	Redemption	Redemption
	<u>Fair Value</u>	<u>Fair Value</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Common/Collective Trust Fund <sup>(b)</sup>	<u>\$ -</u>	<u>\$ 1,230,697</u>	<u>\$ -</u>	Daily	Daily
Pooled Separate Accounts <sup>(b)</sup>	<u>\$ 3,796,332</u>	<u>\$ -</u>	<u>\$ -</u>	Daily	Daily

(b) The Common/Collective Trust Fund and Pooled Separate Accounts are valued at NAV as reported by the Custodians for which all significant inputs are observable. The value of the investment is based on the Plan's underlying proportionate share of the underlying value reported by the Custodians.

### Note 5 – Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract, the Fixed Income Guaranteed Option (the Fund), with Principal Life Insurance Company in the amount of \$2,043,571 and \$-0- as of December 31, 2024 and 2023, respectively. The Fund is a general account product. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Interest rates are declared in advance. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 1%.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

# MOTOR CITY STAMPING, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date or require the Company to settle at an amount different than contract value.

### **Note 6 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

### **Note 7 – Plan Amendment and Tax Status**

The Plan utilizes a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan was amended and restated effective April 1, 2024. The Trustee believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024.

The Plan was amended and restated effective April 1, 2024 due to the switch in service providers. The following provisions of the Plan were amended:

- The name of the Plan was changed to Motor City Stamping, Inc. 401(k) Plan.
- Additional discretionary contributions can be made.
- The number of loans a participant is able to take in a 12 month rolling period is limited to two.
- Rollovers of outstanding loans are not permitted.
- Rollover contributions are able to be withdrawn at any time.
- On termination of service, participants with vested account balances of \$7,000 or less are subject to involuntary cash-outs.
- A participant can take a loan distribution from any contribution source.
- Interest rates on loans are at Prime rate plus 2%.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

# MOTOR CITY STAMPING, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

### Note 8 – Party-in-Interest Transactions

Certain plan investments are managed by Ascensus Trust Company, Newport Trust Company, LLC and Principal Trust Company who act as Custodians for the investments. In addition, Ascensus, Inc. and Principal Life Insurance Company perform recordkeeping and administrative services. The Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodians from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

### Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### Note 10 – Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>

Net assets available for benefits per the financial statements	<u>\$ 11,487,762</u>	<u>\$ 11,036,221</u>

The following is a reconciliation of the net increase in assets per the Form 5500 to the financial statements for the year ended December 31, 2024:

	<u>2024</u>
Net increase in assets per the Form 5500	\$ 450,840
Miscellaneous difference	701
Net increase in assets per the financial statements	<u>\$ 451,541</u>
