Independent Auditor's Report

To the Administrative Committee
City Mill Company, Limited Profit Sharing 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the City Mill Company, Limited Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

City Mill Company, Limited Profit Sharing 401(k) Plan

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of the City Mill Company, Limited (the Company) Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined-contribution plan covering all employees who become eligible upon completion of a six-month period of employment. Employees that do not respond to the Company's request to enroll will be auto-enrolled at a 1% deferral of eligible compensation. The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company appointed an administrative committee to manage the operations and administration of the Plan. Lincoln Financial Group Trust Company (Lincoln) is trustee of the Plan and Lincoln Retirement Services Company, LLC is the recordkeeper to process and maintain the participant data records.

b. Contributions

Eligible participants may make voluntary contributions to the Plan of up to 100% of their eligible compensation, not to exceed amounts allowable under the Internal Revenue Code (IRC). Such contributions are nonforfeitable and are credited to the individual account of the participant. Participants may also contribute amounts representing distributions from other qualified plans with the consent of the Plan's administrative committee.

The Company makes safe-harbor matching contributions equal to 100% of participants' elective deferrals not to exceed 3% of eligible compensation, plus 50% of participants' elective deferrals between 3% and 5% of eligible compensation.

The Company may also make discretionary matching contributions in excess of the safe-harbor matching contributions on behalf of participants who complete 1,000 hours of service during the Plan year and are still employed by the Company on the last day of the year. The Company made no discretionary matching contributions in 2024 or 2023.

1. Description of the Plan (continued)

b. Contributions (continued)

The Company may also make profit-sharing contributions from its own funds on behalf of eligible participants. Profit-sharing contributions are determined annually at the discretion of the Company's board of directors and will be allocated to each participant's individual investment account in proportion to their compensation. The Company made no profit-sharing contributions in 2024 or 2023.

c. Participant Accounts

Each participant's account is credited with the participant's contributions, safe-harbor matching contributions, and discretionary matching contributions, if any, and allocations of (a) the Company's discretionary profit-sharing contribution, if any, and (b) plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into various investment options offered by the Plan.

d. Vesting

Participants are vested immediately in their contributions and safe-harbor matching contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions or profit-sharing contributions, plus actual earnings or losses thereon, is based on years of service. A participant is 20% vested after completion of two years of credited service, and vests at the rate of 20% per year thereafter until the participant becomes 100% vested after six years of credited service.

e. Forfeitures

Forfeited non-vested accounts may be applied to restore forfeiture accounts of returning participants, pay plan administrative expenses, or reduce employer contributions, as specified in the plan provisions. There were no significant unallocated forfeitures at December 31, 2024 and 2023. During 2024 and 2023, forfeitures of \$5,401 and \$819, respectively, were used as specified in the Plan's provisions.

1. Description of the Plan (continued)

f. Payment of Benefits

Upon termination of service due to death, disability, retirement, or at age 65, a participant may elect to receive in the form of (1) a lump-sum distribution equal to the value of his or her vested interest in his or her account less any outstanding loan balance, or (2) installments over a specified period not to exceed the life or life expectancy of the participant. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

g. Notes Receivable from Participants

Participants may borrow from their accounts, upon approval of the Plan's administrative committee in a uniform and nondiscriminatory manner up to the lesser of (1) \$50,000 or (b) 50% of their vested account balance. Notes receivable from participants are secured by the participant's vested interest in the Plan, bear a reasonable interest rate, and principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless used to purchase a primary residence. The interest rates of notes receivable from participants at December 31, 2024 range from 3.25% to 9.50% and mature at various dates through April 2036.

h. Administrative Expenses

Administrative expenses are paid by the Plan, as provided in the Plan document.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

b. Management's Use of Estimates

The preparation of financial statements in accordance with US GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (continued)

c. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

e. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

f. Payment of Benefits

Benefits paid to participants are recorded upon distribution.

g. Contributions Receivable

Contributions receivable are recognized for amounts due from the employer remitted to Lincoln after year-end.

2. Summary of Significant Accounting Policies (continued)

h. Subsequent Events

The Plan has evaluated subsequent events through September 17, 2025, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by Trustee

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has obtained certifications from Lincoln as of December 31, 2024 and 2023 and for the years then ended, that the information provided by Lincoln related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Lincoln, except for comparing such information certified by Lincoln to information included in the Plan's financial statements and supplemental schedule related to the following assets:

	<u>2024</u>	<u>2023</u>
Investments, at fair value	\$ 11,317,918	\$ 11,421,346
Investments, at contract value	2,228,393	2,166,597
Notes receivable from participants	<u>93,448</u>	<u>84,628</u>
	<u>\$ 13,639,759</u>	<u>\$ 13,672,571</u>

Lincoln also certified to the completeness and accuracy of the Plan's net investment income of \$1,168,587 and \$1,412,857 and interest income on notes receivable from participants of \$3,882 and \$3,143 on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, respectively.

4. Fair Value Measurements

US GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under US GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

City Mill Company, Limited Profit Sharing 401(k) Plan

Notes to Financial Statements
December 31, 2024 and 2023

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2024 and 2023, the Plan classifies mutual funds carried at fair value in the amount of \$11,317,918 and \$11,421,346, respectively, as level 1 investments.

5. Group Annuity Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with The Lincoln National Life Insurance Company (Lincoln National), an affiliate of Lincoln. This contract is offered through an unallocated group fixed annuity contract and Lincoln National maintains the contributions in a general stable value account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Lincoln National, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 was \$2,228,393 and \$2,166,597, respectively. The crediting interest rate was based on a formula agreed upon with the issuer but may not be less than 1.00%. Such interest rate is reviewed on a quarterly basis for resetting.

Notes to Financial Statements
December 31, 2024 and 2023

5. Group Annuity Contract with Insurance Company (continued)

Certain events limit the Plan's ability to transact at contract value with Lincoln National. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemptions from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and result in the Plan not being able to receive immediate contract value. Examples of such events include (a) any charges billed to the contract owner have not been paid to the issuer within 30 days, (b) the Plan ceases to meet the requirements of the IRC for purchases of this contract, (c) the contract owner account is less than \$15,000, (d) there is no deposit activity for a 24-consecutive month period and the contract owner account is less than \$50,000, (e) the contact owner fails to furnish requested information or other documentation, (f) the issuer discovers any misrepresentation of material information, (g) the issuer discontinues offering this contract form to the public, or (h) the Plan terminates its recordkeeping agreement with the issuer. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Exempt Party-In-Interest Transactions

Certain plan investments are units of an investment contract managed by an affiliate of Lincoln. Lincoln is the trustee as defined by the Plan and, therefore, qualifies as a party-in-interest. Fees paid by the Plan to Lincoln and affiliates for investment management and recordkeeping services amounted to \$37,627 and \$34,016 for the years ended December 31, 2024 and 2023, respectively, and are included in administrative expenses on the accompanying statements of changes in net assets available for benefit.

City Mill Company, Limited Profit Sharing 401(k) Plan

Notes to Financial Statements
December 31, 2024 and 2023

7. Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants would become 100% vested in their discretionary matching and profit-sharing employer contributions.

8. Tax Status

The Plan has adopted preapproved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and that the Plan continues to be tax-exempt. Hawaii income tax law conforms to the IRC. Therefore, no provision for federal and state income taxes has been included in the Plan's financial statements. Administration errors, if any, which are significant or operational in nature, are handled by the Plan Administrator in accordance with applicable IRS correction policies.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. Plan years from December 31, 2021 are open for examination.

9. Prohibited Transactions

During 2023, the Plan Sponsor deposited participant deferrals of \$22,599 subsequent to the timeframe required by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor remitted lost earnings related to the 2023 plan year in 2025.
