WPLG, 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of WPLG, 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following brief description of the WPLG, 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2019 to provide retirement benefits for the employees of WPLG, Inc. (the Company). The Plan covers all of the employees of the Company. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to make pre-tax and after-tax Roth contributions and receive safe harbor matching and discretionary matching contributions after completing one month of service. Eligible employees become Plan participants on the first day of the month following the date on which the entry requirements are fulfilled. Participants may also become eligible to receive discretionary profit sharing contributions by completing 1,000 hours of service, and being employed on the last day of the Plan year.

Contributions

Participants may make voluntary salary deferral contributions up to 100% of their eligible annual compensation, subject to the maximum dollar amounts allowable by law. Participants are automatically enrolled with an initial 5% deferral contribution. The deferral amount for participants will automatically increase by 1% every year on January 2nd up to a maximum of 15%. At any time, a participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions. Participants may also contribute amounts representing distributions from other qualified plans. The Company's safe harbor matching contribution is 100% of the first 5% of the participant's annual eligible compensation contributed to the Plan. Effective January 1, 2025, the Company's safe harbor matching contribution is 100% of the first 6% of the participant's annual eligible compensation. Additional discretionary profit sharing and matching contributions may be made at the discretion of the Company. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch up contributions, subject to the maximum dollar amounts allowable by law.

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited or debited with the participant's contributions and an allocation of a) the Company's safe harbor matching contributions and discretionary matching contributions, b) the Company's discretionary profit sharing contributions, c) Plan earnings or losses, d) transaction-based fees and e) Plan administration fees. The Company's safe harbor matching contributions and discretionary matching contributions are allocated to participants based on each participant's elected salary deferral. The Company's discretionary profit sharing contributions are allocated based upon eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Transaction-based fees for optional services offered under the Plan are allocated to participants who opt for these services. Revenue credits earned by specific investments are allocated pro-rata to participants who invest in the investments subject to credits. Investments are maintained in individual member accounts managed by Fidelity Management Trust Company (Fidelity).

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is 100% vested immediately in safe harbor matching contributions, discretionary matching contributions, and profit sharing contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid through payroll deductions. Participants pay a loan origination fee and an annual loan maintenance fee which is deducted from the participant's account.

Payment of Benefits

Upon normal retirement, disability, or death, the participant or beneficiary may elect to receive either partial payments, lump-sum payments, or installment payments equal to the value of the vested funds allocated to the participant's account. Upon termination of service for other reasons, the participant may receive a lump-sum payment, or installment payments equal to the value of the vested funds allocated to the participant's account. If the value of the vested funds allocated to the participant's account is greater than \$5,000, participants have the option of leaving their funds in the Plan. If the value of the vested funds allocated to the participant's account is between \$1,000 and \$5,000, the participant's account will be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. If the value of the vested funds allocated to the participant's account is less than \$1,000, a distribution will be paid out to the participant in the event the participant does not elect a payout option. Participants are allowed to take in-service withdrawals upon attainment of age 59.5. Hardship withdrawals are allowed based on certain criteria. Benefits are recorded when paid.

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their Company's contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to pay Plan expenses and to reduce the Company's contributions. As of December 31, 2024 and 2023, there were \$670 and \$268 of forfeited, non-vested amounts available, respectively. During 2024 and 2023, no forfeited amounts were used to reduce Company contributions, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses

All reasonable costs incurred by Administration and Trustees relating to offering and providing the Plan may be paid from forfeitures, suspense accounts, or out of the remaining Trust Fund. All expenses paid from the remaining Trust Fund, unless related directly to a participant, will be allocated amongst all participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through September 10, 2025. See "Contributions" section of Note 1 for a description of a subsequent event.

3. Information Certified by Fidelity

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The following table presents the value of the participant-directed investments in this Plan that were certified by Fidelity as of December 31:

	<u>2024</u>	<u>2023</u>
Investments at Fair Value	\$ 30,555,276	\$ 26,918,383
Notes Receivable from Participants	\$ 797,779	\$ 570,553

Fidelity also certified the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Net Appreciation in Fair Value of Investments	\$ 2,525,288	\$ 3,521,663
Interest and Dividends from Investments	1,149,964	537,621
Total Investment Income	\$ 3,675,252	\$ 4,059,284
Interest Income on Notes Receivable from Participants	\$ 54,884	\$ 29,302

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held are open-end funds and are registered with the Securities and Exchange Commission. These funds are required to publish its daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Common Collective Trust: Valued at NAV based on the market value of its underlying investments, FASB ASC 820, *Fair Value Measurement*, allows NAV per share to serve as a practical expedient to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that this fund meets those requirements. Were the Plan to initiate a full redemption of the applicable collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: The self-directed brokerage accounts include investments in money market funds, mutual funds, and common stocks. The money market funds, mutual funds, and common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

** The fair value of investments in the Common Collective Trust Funds is valued based on the fund's NAV per share as a practical expedient, or its equivalent, as supplied by the trust administrator. This classification above excludes a level in line with ASU 2015-07.

WPLG, 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The following table summarizes investments measured based on the NAV per share as a practical expedient as of December 31, 2024 and 2023:

December 31, 2024	Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 561,308	None	Daily	1 Day

December 31, 2023	Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 701,287	None	Daily	1 Day

5. Tax Status

The Plan is qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. Plan Termination

Although it has not expressed to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Related Party Transactions

Certain Plan investments are mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.
