Report of Independent Auditors

To the Plan Administrators of the
CE 401(k) Plan
Owosso, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CE 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CE 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CE 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the CE 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CE 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the CE 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CE 401(k) Plan

Notes to Financial Statements

December 31, 2024

1. Description of Plan

The following description of the CE 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan with a 401(k) elective deferral arrangement, which covers substantially all full-time and part-time employees of Covenant Eyes, Inc. (Company). The Plan was formed and became effective on January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees that are age 18 or older and are not a member of a collective bargaining unit are eligible to participate in the 401(k) deferral arrangement of the Plan. Seasonal employees with less than 1,000 hours, non-resident aliens, on call employees, and interns are excluded from the Plan. There is no minimum service requirement for elective deferrals.

Contributions

The Plan allows participants to defer up to a maximum of 100% of their compensation, not to exceed the maximum contribution allowable by the Internal Revenue Code (IRC) adjusted annually for cost-of-living changes. There is no minimum elective deferral limit for the Plan. The Plan allows both pre-tax and Roth deferrals. Rollover contributions are allowed by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Company contributes employer safe harbor matching contributions at 100% of the first 3% of the participant's contributions and 50% of the next 2% of the participant's contributions. Employer profit sharing contributions are at the discretion of the Company and are based on a pro rata ratio of each eligible participant's compensation. The Company did not make any discretionary profit sharing contributions for the years ended December 31, 2024 or 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, administrative expenses, and Plan earnings. The participant has the responsibility to decide how his or her contribution will be invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2024

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Participants are 100% vested in safe harbor matching contributions after two or more years of service prior to January 1, 2019 and 100% vested in safe harbor matching contributions made after January 1, 2019. Participants are 25% vested in profit sharing contributions for each year after year one and 100% vested after four years of service. Special vesting rules are in place under the Plan which allow a participant to become 100% vested upon attainment of normal retirement age while an employee, participant death while an employee, or if a participant becomes disabled while an employee.

Forfeitures

Forfeitures may be used in any permissible method, such as to reduce Company contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$1 as of December 31, 2024 and \$8 as of December 31, 2023. For the year ended December 31, 2024, \$8 of forfeitures were used to fund employer contributions (\$0 during 2023).

Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Such loans are secured by the balance of the participant's account and shall be charged an annual prevailing rate of interest to be fixed by the Plan administrator. Such loans shall be fully repaid on or before five years from the date of disbursement.

Payment of Benefits

Plan participants are eligible to receive distributions upon reaching retirement age of 65. In this instance they are eligible for a normal distribution from their account for the full value of their vested account balance. Participants are eligible to make in-service withdrawals of their vested account balance upon reaching age 59 ½. Upon separation of employment, because of death, disability, or for other reasons, participants receive their benefits as a lump-sum payment.

CE 401(k) Plan

Notes to Financial Statements

December 31, 2024

1. Description of Plan (continued)

Payment of Benefits (continued)

The Plan also provides for early withdrawal of savings in the event of a financial hardship of a participant. A hardship is considered to be payments necessary to prevent an eviction from or mortgage foreclosure on the participant's principal residence, extraordinary medical expenses not covered by insurance for one or more members of the participant's immediate family, post-secondary tuition for one or more members of the participant's immediate family, or the purchase of a principal place of residence.

A hardship exists only when funds are not reasonably available from the participant's other sources, and the amount withdrawn must not exceed the amount needed in the situation.

Administrative Expenses

Certain administrative expenses were paid for by the Company. Additionally, certain administrative expenses were paid by the Plan and are reflected in the accompanying financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon terms in the Plan's loan policy.

Subsequent Events

Subsequent events have been evaluated through September 23, 2025, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide information according to the fair value hierarchy.

The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. Shares of mutual funds are valued at quoted market prices in an active market, which represents the value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The change in aggregate fair value and the cost of investments purchased, sold, and held is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

3. Financial Data Certified by the Trustee – Unaudited

The Plan's financial information and data was certified by Capital Bank and Trust Company in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, mutual fund investments, notes receivable from participants, interest and dividends, and net appreciation (depreciation) in fair value of investments included in the financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustee. This certified information has not been audited by independent auditors.

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
2024				
Mutual funds	\$ 16,155,178	\$ -	\$ -	\$ 16,155,178

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Income Tax Status

The Plan utilizes a non-standardized pre-approved profit-sharing plan adopted through Capital Group Retirement Plan Services. The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrators believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Generally, tax years from 2021 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

7. Party-in-Interest Transactions

Certain investments consist of shares of mutual funds managed by American Funds, an affiliate of Capital Bank and Trust Company. Capital Bank and Trust Company and its affiliates and subservice providers, including Empower, are the trustee and record keeper of the Plan; and therefore, these transactions qualify as party-in-interest transactions. Stifel is also a party-in-interest as they serve as investment advisors to the Plan. Notes receivable from participants are also considered party-in-interest transactions.

8. Risk and Uncertainties

The Plan's investments consist of mutual funds. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and long-term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.
