Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: MITCHELL & TITUS

(2) EIN: 13-2781641

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		100000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	☒		4916550823
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
The Prudential Merged Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Prudential Merged Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, the statement of accumulated plan benefits (modified cash basis) as of December 31, 2023, the related statement of changes in accumulated plan benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and the schedule of reportable transactions for the year then ended are presented for purposes of additional analysis, and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of The Prudential Merged Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Descriptions and Plan documents for a complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit pension plan that covers, in general, United States employees and full-time statutory agents of The Prudential Insurance Company of America (the “Company”) and its participating affiliates, other than employees excluded pursuant to collective bargaining agreements.

The Plan has three components:

The Prudential Traditional Retirement Plan Document component (“Traditional Plan”) covering United States employees and full-time statutory agents of the Company and its participating affiliates hired before January 1, 2001 other than employees of Prudential Securities Incorporated (“PSI”).

The Prudential Securities Incorporated Cash Balance Pension Plan component (“PSI Plan”) is a frozen plan covering former employees of PSI.

The Prudential Cash Balance Pension Plan Document component (“Cash Balance Plan”) covering United States employees and full-time statutory agents of the Company and its participating affiliates hired on or after January 1, 2001. Generally, participants in active service throughout 2001 were allowed to make an irrevocable election to be covered by the Cash Balance Plan instead of the Traditional Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Pension Benefits

Generally, participants are eligible to receive pension benefits after the participant ends employment with the Company and its affiliates, subject to the provisions of the respective component of the Plan.

Traditional Plan - Participants covered under the Traditional Plan generally are eligible to begin receiving vested monthly benefits in various annuity forms beginning no later than the participants’ normal retirement date (age 65), based on a benefit formula that considers age, years of service and eligible earnings (for a limited period preceding separation from service) as defined in the Plan. Reduced monthly pension benefits may begin as early as age 55.

PSI Plan - Participants covered under the PSI Plan are generally entitled to pension benefits at any time following the date the participant ends employment with the Company and its affiliates based on a benefit formula that considers age, years of service and earnings for each month of employment with PSI. Benefit accruals were frozen under the PSI component effective as of December 31, 2003; as a result, Service and Transition Credits, as applicable, ceased and no individual became a participant in the PSI component after December 31, 2003. Participant’s accounts are credited on a monthly basis with a Plan rate of interest until benefits are distributed. Under the PSI Plan, normal retirement means the date a participant reaches age 65. Participants may elect to receive their benefits in several forms, including lump sum benefit payments.

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Cash Balance Plan - Vested participants covered under the Cash Balance Plan are generally eligible to begin receiving pension benefits as of the first day of the month following the date the participant ends employment with the Company and its affiliates, but no later than the normal retirement date (age 65). The benefit formula considers age, years of service, and eligible monthly earnings as defined in the Plan. The benefit is tracked as additions or credits to a notional cash balance account established for each participant. The account is also credited on a monthly basis with a Plan rate of interest until withdrawn. Participants may elect to receive their benefits in several forms, including as a lump sum distribution. Participants electing a lump sum payment generally may elect to have the payment rolled over to another tax-qualified plan, including The Prudential Employee Savings Plan.

Death Benefits

Unless otherwise elected by the participant, death benefits generally are paid to a surviving spouse or to a beneficiary based on a form of payment elected by the participant.

Vesting

Generally, participants are considered 100% vested after completing three years of vesting service.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying statements are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America ("U.S. GAAP"). The modified cash basis of accounting is a cash receipt and disbursement method of accounting unlike U.S. GAAP where information is reported on an accrual basis. However, under the modified cash basis of accounting investments are stated at their respective fair value, which is consistent with U.S. GAAP.

Reclassifications

Certain prior year amounts were reclassified to conform to the current year's presentation.

Use of Estimates

The preparation of financial statements in accordance with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest and other investment loss is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

For futures contracts, changes in the value of the contract are recognized as unrealized gains or losses by "marking to market" on a daily basis to reflect changes in the market value of the contract. When the contract is closed, the Plan records a realized gain or loss equal to the difference between the value of the contract on the closing date and the value of the contract when originated.

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

In general, expenses are the obligations of the Plan and are paid or reimbursed from the Plan's assets subject to compliance with applicable law. The Company, without obligation to do so in the future, may pay selected expenses of the Plan; however, the Company must pay those expenses that cannot be paid or reimbursed by the Plan under applicable legal rules. Expenses paid directly by the Company are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future pension payments, including lump sum and periodic distributions, attributable to the periods of service employees have rendered to the Company, as defined by the Plan. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The Company made an irrevocable commitment to pay the benefits for certain retirees and vested terminated employees (see Note 7 for additional information on Part II of the GA-210 contract). Because the benefits for these certain retirees and vested terminated employees are fully guaranteed by the Company, they are considered annuitants rather than current plan participants ("Annuitants") and are therefore excluded from the number of participants reported in Part II (Basic Plan Information) of Form 5500.

However, since the assets supporting the GA-210 contract remain in the Plan and benefit payments are made from those assets, the actuarial assumptions for purposes of calculating the maximum funding limitation for Schedule SB of Form 5500 and accumulated plan benefits presented in the Statement of Accumulated Plan Benefits includes these Annuitants.

The actuarial present value of accumulated plan benefits is determined by independent actuaries based on information provided by the Company and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date (the date as of which the benefit information is presented) and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2024 (the latest date for which such information is available) were as follows:

Mortality basis:

The Pri-2012 white collar adjusted base mortality table, adjusted for Prudential specific experience and projected in the future with a generational improvement scale.

Discount rate:
(based on expected investment return)

7.5% (2024 and 2023)

Retirement assumptions:

Between the ages of 55 and 64, the retirement rate is between 9.4% and 24% (2024), 8% and 20% (2023). Between the ages of 65 and 69, the retirement rate ranges from 34% to

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

35.2% (2024), 25% to 30% (2023). 100% of employees are assumed to retire at age 70. All rates are dependent on employee position and age.

Termination assumptions:

Up to 5 years after the year of employment, the rate is between 12% and 38% (2024 and 2023). After the fifth year after the year of employment, the rate is between 8.25% and 11.5% (2024), 8% and 15.3% (2023). Rates are dependent on employee position and service for the first 5 years and are based on position and age for all subsequent years.

Expenses:

No load on liabilities.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Recent Accounting Pronouncements

Changes to U.S. GAAP are established by the Financial Accounting Standards Board ("FASB") in the form of Accounting Standards Updates ("ASU") to the FASB Accounting Standards Codification ("ASC"). The Plan considers the applicability and impact of all ASU. All ASU were assessed and determined to be not applicable or not material to the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 22, 2025, the date the financial statements were available to be issued.

3. Funding Policy

Contributions consist solely of amounts funded by the Company. It is the policy of the Company to fund amounts which satisfy the minimum funding requirements of ERISA. The projected accrued benefit (unit cost) method is used to determine normal cost. These factors are applied to pensionable earnings for the year to produce the employer's annual contribution. No contributions were required by the Company to the Plan for the years ended December 31, 2024 and 2023, since the Plan is fully funded.

Although it has not expressed any intention to do so, the Company has the right under the Plan to freeze future benefit accruals and to terminate the Plan, in whole or in part, subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided for under Section 4044 of ERISA, and to the extent unfunded vested benefits for active participants exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation ("PBGC"), up to the applicable limitation. Generally, the PBGC guarantees vested normal age retirement benefits, early retirement benefits, and certain survivors' pensions. The amount of benefit protection is subject to certain limitations, and there is a ceiling on the amount of monthly benefit the PBGC guarantees, which is adjusted periodically.

4. Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest income for the years ended December 31, 2024 and

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

2023, was obtained from management and agreed to or derived from information certified as complete and accurate by the Company and the Prudential Trust Company, the trustees of the Plan.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (“Level 1” measurements) and the lowest priority to unobservable inputs (“Level 3” measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Corporate Debt (Corporate Bonds, Asset-Backed Securities, Collateralized Mortgage Obligations, Collateralized Loan Obligations) - Securities are priced using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads; or priced using non-binding broker/dealer quotes.

U.S. Government Securities (Federal, Federal Agency, Mortgaged-Backed, State & Other) - Securities are priced using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads; or priced using non-binding broker/dealer quotes.

Insurance Company Separate Accounts and Common/Collective Trusts - The Plan values these investments at unit value, which is based on the aggregate fair value of the underlying assets (primarily equity securities and bonds) in relation to the total number of units outstanding. The unit value represents the price at which the plan-directed transactions are effected. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair value of these investments.

Hedge Funds - The value of interests in hedge funds is based on the underlying investments that include equities, debt and other investments.

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Partnerships - The value of interests owned by the Plan in partnerships are based on valuation by the general partners of such partnerships determined in good faith using criteria set forth in the partnership agreements and the audited financial statements.

Registered Investment Companies - are mutual funds registered with the Securities and Exchange Commission. The investments held by the Plan are deemed to be actively traded and the mutual funds are required to publish their daily net asset values ("NAV") and to transact at that price. The Plan values these investments at the closing price reported by the registered investment company on the reporting date.

Short Term Investments - Securities are valued initially at cost and thereafter are adjusted for amortization of any discount or premium. Amortized cost approximates fair value.

Foreign Government Securities - Securities are priced by independent pricing services using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads, priced using non-binding broker/dealer quotes, or priced internally by the Company. Prices are reviewed by the Company to ensure comfort and can be challenged with the independent party and/or overridden if the Company believes a different price would be more reflective of fair value.

Swaps - Value based on actively quoted or observable market values from external market data, third-party pricing vendors, and/or recent trading activity.

As of December 31, 2024 and 2023, there were no unfunded commitments. The redemption frequency was daily on the investment options measured at net asset value, as a practical expedient, except as noted in the table below. The following summarizes the investor-level redemption restrictions for these investments:

Redemptions	
Investment	Restrictions
Insurance company separate accounts	Investments may be redeemed by the Plan daily, monthly, or quarterly, upon five days to three months' advance notice, depending upon the fund. Redemptions for the GA-210 contract, described in more detail in footnote 6, may be made only if the ratio of the Contract Accounts Value to the Contract Liability Amount exceeds 125%. The funded ratios in the contract for purposes of this restriction on redemptions at December 31, 2024 and 2023 were 134% and 132%, respectively.
Common/collective trusts	Withdrawals may be limited to less than the greater of 5% of total account assets or a specified dollar limit (\$2 million or \$3 million).

6. Contract with Insurance Company

The Plan has an insurance contract, GA-210, with the Company. The contract provides a) in Part I for the purchase from the Company of annuities for the payment by the Company of fixed dollar or variable annuity benefits for certain retirees and vested terminated employees, and b) in Part II for the irrevocable commitment by the Company to pay benefits, to the extent not paid by the Plan, for certain retirees and vested terminated employees ("guaranteed benefits").

The fixed dollar portion of Part I of GA-210, an allocated contract, supports fixed dollar annuities which became payable before December 29, 1979 for specific retirees and terminated vested employees who are no longer Plan participants. Accordingly, the assets of Part I are not included in the net assets available for benefits, and the value of future benefit payments for these prior participants are not included in the Statement of Accumulated Plan Benefits.

In 2000, the Variable Annuity portion of Part I of GA-210, which supports annuities for retirees with benefits in the variable form, was amended to add the Prudential Variable Income Annuity Account ("VIA Account"). Current and future variable annuitants may choose to have their monthly benefits paid in amounts that vary, based on investment returns (in excess of an assumed rate) of any of the multiple investment options underlying the sub-accounts in the VIA Account. All previously assured variable benefits being paid under the contract were converted to VIA variable annuities on a non-participating basis.

Part II of GA-210 establishes a Contract Liability Amount for fully guaranteed benefits due to other retirees and vested terminated employees (Annuitants). The Contract Liability Amount is the value of the benefits, which the Company is irrevocably committed to pay under Part II of this contract in the event such benefits are not paid by the Plan. The benefits fully guaranteed under Part II are funded by separate accounts. Subject to certain investment guidelines, the Plan retains control of the investments, manages the investments by selecting separate accounts, and retains the risks and rewards of investment experience. The Plan is required to maintain certain investments, with a value equal to or greater than the Contract Liability Amount in the Company's separate accounts. If however, through market losses or permitted

withdrawals, the Plan does not maintain these asset levels, the Company is still obligated for guarantees issued.

Due to the Plan's ownership and management of the Plan's assets, which are not considered to be exclusively allocated to the contract, the assets related to Part II of GA-210 are presented in the Statements of Net Assets Available for Benefits. Since the assets supporting the GA-210 contract remain in the Plan and benefit payments are made from those assets, the value of future benefit payments covered under the Part II of the GA-210 contract are presented in the Statement of Accumulated Plan Benefits, and the payments made to the Annuitants are included in the "Benefits paid directly to participants" in the Statements of Changes in Net Assets Available for Benefits. The income, expense and other changes in the assets related to Part II of the GA-210 contract are reflected in the Statements of Changes in Net Assets Available for Benefits in the same manner as all the Plan's assets.

The Contract Liability Amount as of December 31, 2024 and 2023 was as follows:

	December 31,	
	2024	2023
Contract Liability Amount	<u>\$ 3,156,700,153</u>	<u>\$ 3,392,669,192</u>

7. Reconciliation of Financial Statements to Form 5500

As described in Note 6, none of the Plan's assets are exclusively allocated to the GA-210 contract, where the Company fully guarantees benefits. Therefore, the entire value of these assets is reported in the Statements of Net Assets Available for Benefits and in the appropriate asset categories of Schedule H, Part I of Form 5500. However, to reflect the net assets available for benefits on Schedule H, Part I of Form 5500 for only the participants reported in Part II (Basic Plan Information), which excludes the Annuitants under Part II of the GA-210 contract, the Contract Liability Amount is shown as an offsetting other liability on Schedule H, Part I of Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	Per Financial Statements	Contract Liability Amount	Total Per Form 5500
Net assets available for benefits as of December 31, 2024	\$ 12,025,028,912	\$ (3,156,700,153)	\$ 8,868,328,759
Net assets available for benefits as of December 31, 2023	\$ 12,219,358,433	\$ (3,392,669,192)	\$ 8,826,689,241

The following are reconciliations of the changes in net assets available for benefits per the financial statements to Form 5500:

	For the Year Ended December 31, 2024		
	Per Financial Statements	Contract Liability Amount	Total Per Form 5500
Total investment income	\$ 521,416,363	\$ 235,969,039	\$ 757,385,402
Net increase	\$ (194,329,521)	\$ 235,969,039	\$ 41,639,518

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

	For the Year Ended December 31, 2023		
	Per Financial Statements	Contract Liability Amount	Total Per Form 5500
Total investment income	\$ 619,509,299	\$ 89,073,409	\$ 708,582,708
Net increase	\$ (54,348,117)	\$ 89,073,409	\$ 34,725,292

As described in Note 6, the Contract Liability Amount changes each year. Increases in the Contract Liability Amount are shown as an expense on Form 5500 Schedule H, Part II in “Benefit payment and payments to provide benefits: To insurance carriers for the provision of benefits”. Decreases are shown as income on Form 5500 Schedule H, Part II in “Other income”.

8. Related Party Transactions

The Company (or an affiliate) acts as the investment manager for a number of investments under the Plan. To the extent a party-in-interest is involved, the transactions in these investments qualify as exempt party-in-interest transactions under ERISA.

To the extent permitted by ERISA, the Plan pays the Company management fees for investment advisory services. Generally, administrative expenses were paid by the Company. Certain administrative expenses, to the extent permitted by ERISA, were reimbursed to the Company from the Plan. The Company also assumed certain other investment advisory and administrative expenses related to the Plan for which it did not seek reimbursement.

The Plan pays the Company annuity risk charges relating to the insurance contract (GA-210) between the Company and the Plan that guarantees certain benefit payments of the Plan.

9. Tax Status

The IRS has determined and informed the Company by a letter, dated May 27, 2021, that the Plan, as amended and restated effective January 1, 2020, and its related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator and the Plan’s tax counsel believe that the Plan continues to be designed and is currently being operated in material conformity with the applicable requirements of the IRC including the mandatory requirements of recent legislation (e.g., SECURE Act, etc.).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Derivative Financial Instruments

The Plan uses derivative financial instruments to manage risks associated with the Plan’s investment portfolio, to lower transaction costs, or to enhance returns on investments in the Plan. The Plan primarily uses futures contracts and interest-rate swaps and does not enter into highly leveraged or complex derivative instruments.

The Prudential Merged Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Risks of investments in futures contracts include the possible adverse movement of the securities or indices underlying the contracts, the possibility that there may not be a liquid secondary market for the contracts, that a change in the value of the contract may not correlate with a change in the value of the underlying securities, or that the counterparty to a contract may default on its obligation to perform. In general, the Plan bears risks in excess of the amounts recorded in the Statements of Net Assets Available for Benefits for these transactions.

The Plan posts collateral for the equity and fixed income futures contracts in the form of U.S. Treasury obligations. As of December 31, 2024, the Plan had the following open futures contracts, classified in net appreciation in fair value, with net unrealized depreciation of \$(8,745,166), and posted collateral of approximately \$27,000,000.

	Number of Contracts	Value of Contracts When Opened	Fair Value of Contracts	Unrealized Appreciation (Depreciation)

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

12. Securities Lending

Under an agreement with PGIM, Inc., an affiliate of the Company, who acts as a securities lending agent, the Plan engages in securities activities with the objective of enhancing the returns of the net assets available for benefits. The Statements of Net Assets Available for Benefits include the fair value of securities lent as follows:

	As of December 31,	
	2024	2023
Assets		
Corporate debt	\$ 76,434,880	\$ 148,937,795
U.S. government securities	218,496,710	202,433,960
Total	<u>\$ 294,931,590</u>	<u>\$ 351,371,755</u>

Under the Master Securities Agreement, the Plan obtains collateral in a range of 102% to 108% of the fair value of the securities lent. The collateral is accounted for on the Statements of Net Assets Available for Benefits in the asset section as "Securities lending cash collateral" and in the liabilities section as "Payable for securities lending collateral". The collateral received is invested in money market investments, which are valued using Level 2 measurements. The amounts of cash collateral received by loaned security type were as follows:

	As of December 31,	
	2024	2023
Corporate debt	\$ 78,941,883	\$ 153,582,182
U.S. government securities	224,667,993	208,475,260
Total	<u>\$ 303,609,876</u>	<u>\$ 362,057,442</u>

	Duration of Cash Collateral of Securities Lent as of December 31,					
	2024			2023		
	Continuous	30 Days or Less	Total	Continuous	30 Days or Less	Total
Corporate debt	\$ 76,241,183	\$ 2,700,700	\$ 78,941,883	\$ 148,870,804	\$ 4,711,378	\$ 153,582,182
U.S. government securities	\$224,667,993	—	224,667,993	208,475,260	—	208,475,260
Total	<u>\$ 300,909,176</u>	<u>\$ 2,700,700</u>	<u>\$ 303,609,876</u>	<u>\$ 357,346,064</u>	<u>\$ 4,711,378</u>	<u>\$ 362,057,442</u>

Substantially all of the securities lending transactions are with large brokerage firms. The Plan retains a portion of the income generated from the collateral. Generally, in the event of counterparty default, the Plan has the right to use the collateral to offset losses incurred. There would be a potential loss to the Plan in the event the Plan is delayed or prevented from exercising its right to dispose of the collateral. The Plan bears the risk of loss with respect to the investment of collateral. Net appreciation of the Plan's investment of securities lending cash collateral was zero during the years ended 2024 and 2023.

Earnings from securities lending, net of fees, are included in other income on the Statements of Changes in Net Assets Available for Benefits. Net fees earned for the years ended December 31, 2024 and 2023 were \$604,404 and \$577,285, respectively.

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation results reflect the following assumption changes:

- The graded table of rates used for the interest crediting assumption was updated.
- The withdrawal rates were updated to better reflect plan experience.
- The retirement rates were updated to better reflect plan experience.
- The involuntary termination assumption was updated to better reflect plan experience.
- The optional payment form assumptions for active participants were updated to better reflect plan experience.
- The optional payment form assumptions for terminated vested participants were updated to better reflect plan experience.
- The salary increase assumption was updated to better reflect plan experience.
- The retirement age assumption for terminated vested participants was updated to better reflect plan experience.

These changes were made to better reflect anticipated plan experience. The assumption change did not reduce the funding shortfall more than the thresholds stated in the Internal Revenue Section 430(h)(5); as such, approval of the Commissioner is not required.

Schedule SB, Part V—Summary of Plan Provisions

Plan Provisions—Merged Retirement Plan (Traditional Formula)

Eligibility for Participation

All employees hired prior to January 1, 2001 who did not make a valid election to be covered by the Cash Balance Formula. Also, employees who had a benefit purchased in accordance with these provisions prior to January 1, 2002 will continue to have that portion of the benefit covered by these provisions. Individuals hired on or after January 1, 2001 as well as former employees of Prudential Securities Incorporated (PSI) are covered by the Cash Balance formula.

Participation commences on the first day of United States service for all employees except:

- (a) those specifically excluded by a collective-bargaining agreement;
- (b) United States citizen in foreign service specifically excluded by the company;
- (c) nonresident aliens, unless specifically included;
- (d) employees in nonparticipating affiliates;
- (e) deemed non-employees;
- (f) individuals not treated as employees;

Normal Retirement

Eligibility

First of month coinciding with or next following the attainment of age 65.

Pension Benefit

Basic Formula

The sum of the following:

- (1) 1.35% of participant's earnings base plus 0.65% of participant's earnings base in excess of covered compensation, multiplied by years of credited service not in excess of 25 years.
- (2) 0.75% of participant's earnings base (1% for bargained employees and special agents) plus 0.25% (0.35% for bargained employees and special agents) of participant's earnings base in excess of covered compensation, multiplied by years of credited service between 25 and 38 years.
- (3) 1.00% of participant's earnings base multiplied by years of credited service in excess of 38 years.
- (4) For agents who are at least 50 years old as of January 1, 1998, an additional benefit equal to 0.5% of participant's earnings base multiplied by credited service earned from age 50 to age 55 plus 1.0% of participant's earnings base multiplied by credited service earned after age 55.

Eligibility	First of the month on or next following the attainment of age 55 and completion of 10 years of vesting service, or the attainment of age 50 and completion of 20 years of continuous service for certain involuntary terminations.
Benefit	Pension benefit, accrued to date of termination, payable as early as age 55, reduced by the lesser of (1) and (2). (1) 1/3% per month for the first 60 months preceding the attainment of age 65 plus 1/2% for each of the next 60 months. (2) 5/9% per month preceding the earlier of the attainment of age 60 and 30 years of credited service or normal retirement date. The additional benefit payable to agents age 50 and over as of January 1, 1998 is reduced 10% per year for commencement prior to age 60.
Temporary Supplement	Supplement payable between early retirement date and normal retirement date: 0.65% of participant's earnings base not in excess of covered compensation multiplied by years of credited service not in excess of 25 years, plus 0.25% (0.35% for bargained employees and special agents) of participant's earnings base not in excess of covered compensation multiplied by years of credited service between 25 and 38 years.
Disability Retirement	
Eligibility	All participants eligible for long-term disability benefits under the Prudential Welfare Benefits Plan.
Benefit	Pension benefit accrued to date of termination and payable at normal retirement date. Benefit can commence as early as age 55, reduced on an actuarially equivalent basis. Actuarial equivalence is based on the same table as the Vested Terminated Benefit above.
Preretirement Survivorship Benefit	
Eligibility	Spouses of all married vested participants who die prior to actual retirement date. Beneficiaries of single participants who die prior to actual retirement date but while eligible to retire.
Benefit	Spouse's benefit is payable as if participant terminated on date of death, elected to receive benefits (under 50% joint and survivor option if married or 15 year certain and life option if single) at earliest possible date, and then died.

Plan Provisions—Merged Retirement Plan (Traditional Formula)

Unpredictable contingent event benefits (UCEB)

Eligibility

Participant who receives a severance benefit under the schedule severance benefit provisions of the Prudential Severance Plan who would have qualified as a Retired Participant on the date of termination if he had on that date been granted increased age of two years and increased Continuous Service and Vesting Service totaling 18 months.

Benefit

For participant eligible for the Unpredictable Contingent Event Benefits, the participant would receive, no earlier than first day of the month following attainment of age 55, a pension reduced by early retirement reduction as described above.

Forms of Payment

Normal Form

15-year certain and life annuity if single; unreduced 50% survivor pension if married. If terminate prior to eligibility for early, normal or late retirement, normal form is life annuity if single and actuarially reduced 50% joint and survivor if married.

Optional Forms

The following options are available to future commencements (prior to February 1, 2016, additional options were available):

- 50% / 75% contingent annuitant option
- Age 62 level income option
- 10-year unsubsidized period certain option

Actuarial Equivalence

Actuarial equivalence for the optional form conversions is based on the GAR 94 mortality table and 6% interest rate unless using the below assumptions would result in a larger benefit for the optional forms listed:

- 50% / 75% contingent annuitant option
 - Participant: 5% and mortality assumption for male two years younger per The Prudential 1950 Group Annuity Valuation Table
 - Contingent Annuitant: 5% and mortality assumption for male six years younger per The Prudential 1950 Group Annuity Valuation Table
- Age 62 level income option
 - Basis resulting in greater benefit before age 62:
 - October 417(e) interest rate and 417(e) mortality table
 - Or

Plan Provisions—Merged Retirement Plan (Cash Balance Formula)

Eligibility for Participation

An employee who was hired or rehired after December 31, 2000, or an employee who made a valid election of the cash balance formula during the 2001 Pension Choice election period:

- An employee is eligible for Pension Choice if he was employed by Prudential Financial or its Affiliates on December 31, 2000 with an accrued benefit under the traditional pension formula.
- In order for the employee's Pension Choice election to be valid, he must remain continuously employed by Prudential Financial or its Affiliates from December 31, 2000 through January 1, 2002. If his employment with Prudential Financial or its Affiliates ends prior to January 1, 2002, his benefit for service prior to this termination will be determined under the traditional pension formula, regardless of his Pension Choice election.
- Employees of non-participating affiliates are not covered by these provisions.
- Employees hired as agency distribution sales professionals after December 31, 2004 commence participation after completion of one year of vesting service
- Former employees of PSI are covered by these provisions

Participation commences on the first day of United States service for all employees (or on January 1, 2002 for participants who made a valid Pension Choice election) except:

- (a) those specifically excluded by a collective-bargaining agreement;
- (b) United States citizen in foreign service specifically excluded by the company;
- (c) nonresident aliens, unless specifically included;
- (d) employees in nonparticipating affiliates;
- (e) deemed non-employees;
- (f) individuals not treated as employees.

Normal Retirement

Eligibility

First of month coinciding with or next following the attainment of age 65.

Pension Benefit

Total cash balance account determined as of Normal Retirement Date.

Postponed retirement

Eligibility

Retirement after Normal Retirement Date.

Benefit

Total cash balance account determined as of actual retirement date.

Plan Provisions—Merged Retirement Plan (Cash Balance Formula)

Disability Retirement

Eligibility

All participants eligible for long-term disability benefits under the Prudential Welfare Benefits Plan or as of January 1, 2004 are eligible for long-term or short-term disability benefits under the plans maintained by the Prudential Equities Group, Inc. Benefits commence at age 65.

Benefit

Each disabled participant's account will be credited with interest credits, Basic Credits, and Transition Credits (if applicable) until attainment of age 65 assuming continuous disability and assuming the participant's compensation prior to disability remained unchanged.

Vested Terminated Benefit

Eligibility

Termination for reasons other than death or retirement after completing three years of cash balance service or hired prior to January 1, 2001. All participants as of December 6, 2013 became fully vested in their accrued benefit, however, employees hired after December 6, 2013 are still subject to above vesting requirement.

Benefit

A participant who is fully vested has the option of receiving a distribution in the form of either a lump sum or an annuity, or may leave the account in the plan to grow with interest until any time up to age 65. Benefits with a value of less than \$5,000 are automatically cashed out.

Preretirement Survivorship Benefit

Eligibility

Death while eligible for benefits, with or without a surviving spouse.

Benefit

Total cash balance account at date of death, payable as a lump sum or single life annuity.

Forms of Payment

The following optional forms are available:

- A single life annuity.
- A joint and 50%, 75%, or 100% annuity.
- A lump sum

Actuarial Equivalence

Actuarial equivalence for the optional form conversions other than the lump sum is based on the 417(e) mortality table and the average yield of the 30-year U.S. Treasury rate for the third month preceding the first day of the plan year (i.e. October).

For the lump sum, actuarial equivalence reflects the basis that results in the greater benefit between the above basis and the October 417(e) interest rate and 417(e) mortality table.

Cash Balance Accounts

As of January 1, 2002, an account was established and maintained for each participant which may consist of the following parts:

- Initial Balance
A participant who was a participant in the plan as of January 1, 2002 and made a valid Pension Choice election shall have an amount which is the single sum value of his prior plan accrued benefit credited to his account.
- Demutualization Credits
A participant who was a participant in the plan as of January 1, 2002 shall have an amount credited to his account that reflects the value of his portion of the shares distributed to the Plan as a result of “The Plan of Reorganization of the Prudential Insurance Company of America”
- Basic Credits
Each participant shall have credited to his account a percentage of his compensation as of the last day of each calendar month. This percentage is based on a participant's completed years of Cash Balance Service and attained age as of December 31 of the current year. Eligible employees who transfer from a non-participating affiliate will have their service at the non-participating affiliate included when determining the Basic Credit percentage.
- QSERP Credits
 - Effective June 30, 2003, a QSERP credit was added to eligible participant accounts
 - Effective June 30, 2012, a QSERP credit was added to eligible participant accounts
 - Effective October 1, 2023, a QSERP credit was added to eligible participant accounts

- Transition Credits
An eligible participant will receive Transition Credits from January 1, 2002 through December 31, 2006. To be eligible, the participant must have made a valid election of the cash balance formula during the 2001 Pension Choice election period. These credits are in addition to Basic Credits and equal 2.5% of the participant's compensation. Transition Credits will be added to the participant's account until the earlier of:
 - December 31, 2006; or
 - The end of the month following the date his employment with Prudential Financial ends.
- Interest credit
Each participant shall have interest credited to his account at the end of each month based on the value of his Cash Balance Account at the beginning of the month. Interest credits are added to accounts each month until the cash balance formula benefits are distributed, even if the participant is no longer working for Prudential Financial and its Affiliates. The interest credit percentage is based on the monthly equivalent of the average yield of 30-year U.S. Treasury Securities for October (constant maturities) of the prior year. In no event will the interest rate used be less than the monthly equivalent of 4.25% per annum.

- (1) 1.35% of participant's earnings base plus 0.65% of participant's earnings base in excess of covered compensation, multiplied by years of credited service not in excess of 25 years.
- (2) 0.75% of participant's earnings base (1% for bargained employees and special agents) plus 0.25% (0.35% for bargained employees and special agents) of participant's earnings base in excess of covered compensation, multiplied by years of credited service between 25 and 38 years.
- (3) 1.00% of participant's earnings base multiplied by years of credited service in excess of 38 years.
- (4) For agents who are at least 50 years old as of January 1, 1998, an additional benefit equal to 0.5% of participant's earnings base multiplied by credited service earned from age 50 to age 55 plus 1.0% of participant's earnings base multiplied by credited service earned after age 55.

The Prudential Merged Retirement Plan
EIN: 22-1211670 PN: 003

Plan Provisions—Merged Retirement Plan (Traditional Formula)

Eligibility	First of the month on or next following the attainment of age 55 and completion of 10 years of vesting service, or the attainment of age 50 and completion of 20 years of continuous service for certain involuntary terminations.
Benefit	Pension benefit, accrued to date of termination, payable as early as age 55, reduced by the lesser of (1) and (2). (1) 1/3% per month for the first 60 months preceding the attainment of age 65 plus 1/2% for each of the next 60 months. (2) 5/9% per month preceding the earlier of the attainment of age 60 and 30 years of credited service or normal retirement date. The additional benefit payable to agents age 50 and over as of January 1, 1998 is reduced 10% per year for commencement prior to age 60.
Temporary Supplement	Supplement payable between early retirement date and normal retirement date: 0.65% of participant's earnings base not in excess of covered compensation multiplied by years of credited service not in excess of 25 years, plus 0.25% (0.35% for bargained employees and special agents) of participant's earnings base not in excess of covered compensation multiplied by years of credited service between 25 and 38 years.
Disability Retirement	
Eligibility	All participants eligible for long-term disability benefits under the Prudential Welfare Benefits Plan.
Benefit	Pension benefit accrued to date of termination and payable at normal retirement date. Benefit can commence as early as age 55, reduced on an actuarially equivalent basis. Actuarial equivalence is based on the same table as the Vested Terminated Benefit above.
Preretirement Survivorship Benefit	
Eligibility	Spouses of all married vested participants who die prior to actual retirement date. Beneficiaries of single participants who die prior to actual retirement date but while eligible to retire.
Benefit	Spouse's benefit is payable as if participant terminated on date of death, elected to receive benefits (under 50% joint and survivor option if married or 15 year certain and life option if single) at earliest possible date, and then died.

Plan Provisions—Merged Retirement Plan (Cash Balance Formula)

Eligibility for Participation

An employee who was hired or rehired after December 31, 2000, or an employee who made a valid election of the cash balance formula during the 2001 Pension Choice election period:

- An employee is eligible for Pension Choice if he was employed by Prudential Financial or its Affiliates on December 31, 2000 with an accrued benefit under the traditional pension formula.
- In order for the employee's Pension Choice election to be valid, he must remain continuously employed by Prudential Financial or its Affiliates from December 31, 2000 through January 1, 2002. If his employment with Prudential Financial or its Affiliates ends prior to January 1, 2002, his benefit for service prior to this termination will be determined under the traditional pension formula, regardless of his Pension Choice election.
- Employees of non-participating affiliates are not covered by these provisions.
- Employees hired as agency distribution sales professionals after December 31, 2004 commence participation after completion of one year of vesting service
- Former employees of PSI are covered by these provisions

Participation commences on the first day of United States service for all employees (or on January 1, 2002 for participants who made a valid Pension Choice election) except:

- (a) those specifically excluded by a collective-bargaining agreement;
- (b) United States citizen in foreign service specifically excluded by the company;
- (c) nonresident aliens, unless specifically included;
- (d) employees in nonparticipating affiliates;
- (e) deemed non-employees;
- (f) individuals not treated as employees.

Normal Retirement

Eligibility

First of month coinciding with or next following the attainment of age 65.

Pension Benefit

Total cash balance account determined as of Normal Retirement Date.

Postponed retirement

Eligibility

Retirement after Normal Retirement Date.

Benefit

Total cash balance account determined as of actual retirement date.

Plan Provisions—Merged Retirement Plan (Cash Balance Formula)

Disability Retirement

Eligibility

All participants eligible for long-term disability benefits under the Prudential Welfare Benefits Plan or as of January 1, 2004 are eligible for long-term or short-term disability benefits under the plans maintained by the Prudential Equities Group, Inc. Benefits commence at age 65.

Benefit

Each disabled participant's account will be credited with interest credits, Basic Credits, and Transition Credits (if applicable) until attainment of age 65 assuming continuous disability and assuming the participant's compensation prior to disability remained unchanged.

Vested Terminated Benefit

Eligibility

Termination for reasons other than death or retirement after completing three years of cash balance service or hired prior to January 1, 2001. All participants as of December 6, 2013 became fully vested in their accrued benefit, however, employees hired after December 6, 2013 are still subject to above vesting requirement.

Benefit

A participant who is fully vested has the option of receiving a distribution in the form of either a lump sum or an annuity, or may leave the account in the plan to grow with interest until any time up to age 65. Benefits with a value of less than \$5,000 are automatically cashed out.

Preretirement Survivorship Benefit

Eligibility

Death while eligible for benefits, with or without a surviving spouse.

Benefit

Total cash balance account at date of death, payable as a lump sum or single life annuity.

Forms of Payment

The following optional forms are available:

- A single life annuity.
- A joint and 50%, 75%, or 100% annuity.
- A lump sum

Actuarial Equivalence

Actuarial equivalence for the optional form conversions other than the lump sum is based on the 417(e) mortality table and the average yield of the 30-year U.S. Treasury rate for the third month preceding the first day of the plan year (i.e. October).

For the lump sum, actuarial equivalence reflects the basis that results in the greater benefit between the above basis and the October 417(e) interest rate and 417(e) mortality table.

Cash Balance Accounts

As of January 1, 2002, an account was established and maintained for each participant which may consist of the following parts:

- Initial Balance
A participant who was a participant in the plan as of January 1, 2002 and made a valid Pension Choice election shall have an amount which is the single sum value of his prior plan accrued benefit credited to his account.
- Demutualization Credits
A participant who was a participant in the plan as of January 1, 2002 shall have an amount credited to his account that reflects the value of his portion of the shares distributed to the Plan as a result of “The Plan of Reorganization of the Prudential Insurance Company of America”
- Basic Credits
Each participant shall have credited to his account a percentage of his compensation as of the last day of each calendar month. This percentage is based on a participant's completed years of Cash Balance Service and attained age as of December 31 of the current year. Eligible employees who transfer from a non-participating affiliate will have their service at the non-participating affiliate included when determining the Basic Credit percentage.
- QSERP Credits
 - Effective June 30, 2003, a QSERP credit was added to eligible participant accounts
 - Effective June 30, 2012, a QSERP credit was added to eligible participant accounts
 - Effective October 1, 2023, a QSERP credit was added to eligible participant accounts

- Transition Credits
An eligible participant will receive Transition Credits from January 1, 2002 through December 31, 2006. To be eligible, the participant must have made a valid election of the cash balance formula during the 2001 Pension Choice election period. These credits are in addition to Basic Credits and equal 2.5% of the participant's compensation. Transition Credits will be added to the participant's account until the earlier of:
 - December 31, 2006; or
 - The end of the month following the date his employment with Prudential Financial ends.
- Interest credit
Each participant shall have interest credited to his account at the end of each month based on the value of his Cash Balance Account at the beginning of the month. Interest credits are added to accounts each month until the cash balance formula benefits are distributed, even if the participant is no longer working for Prudential Financial and its Affiliates. The interest credit percentage is based on the monthly equivalent of the average yield of 30-year U.S. Treasury Securities for October (constant maturities) of the prior year. In no event will the interest rate used be less than the monthly equivalent of 4.25% per annum.

The Prudential Merged Retirement Plan
EIN: 22-1211670 PN: 003

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation results reflect the following assumption changes:

- The graded table of rates used for the interest crediting assumption was updated.
- The withdrawal rates were updated to better reflect plan experience.
- The retirement rates were updated to better reflect plan experience.
- The involuntary termination assumption was updated to better reflect plan experience.
- The optional payment form assumptions for active participants were updated to better reflect plan experience.
- The optional payment form assumptions for terminated vested participants were updated to better reflect plan experience.
- The salary increase assumption was updated to better reflect plan experience.
- The retirement age assumption for terminated vested participants was updated to better reflect plan experience.

These changes were made to better reflect anticipated plan experience. The assumption change did not reduce the funding shortfall more than the thresholds stated in the Internal Revenue Section 430(h)(5); as such, approval of the Commissioner is not required.
