Independent Auditors' Report

Board of Trustees and Plan Management
NECA-IBEW Memphis Retirement Plan
Memphis, Tennessee

Opinion

We have audited the accompanying financial statements of NECA-IBEW Memphis Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of NECA-IBEW Memphis Retirement Plan as of March 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NECA-IBEW Memphis Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NECA-IBEW Memphis Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NECA-IBEW Memphis Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NECA-IBEW Memphis Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended March 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NECA-IBEW Memphis Retirement Plan

Notes to Financial Statements
For the Years Ended March 31, 2025 and 2024

Note A - Description of Plan

The following brief description of NECA-IBEW Memphis Retirement Plan ("Plan") is provided for general information purposes only. Participants should refer to the amended and restated plan document, effective April 1, 2014, for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan, established December 1, 1982, as a result of collective bargaining agreements ("CBA") between IBEW Local Union Local No. 474 (the Union) and the Memphis Chapter of the National Electrical Contractors Association (the Association) to provide retirement benefits for eligible participants and beneficiaries. To be eligible, an employee must be working for a participating employer who is subject to the CBA or a participating employer subject to a trustee approved participant agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Board of Trustees (the Trustees) is responsible for the oversight of the Plan and is composed of union-designated and employer-designated individuals.

Participant Accounts

Each participant's account is credited with the contributions received on behalf of the participant from the Association employers and an allocation of the Plan earnings, and charged with an allocation of administrative expenses. Allocations of earnings and expenses are based on average participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are permitted to direct the investments of the contributions allocated to their accounts.

Contributions

Association employers make contributions to the Plan for each hour worked by participants based on predetermined rates approved per the CBA.

Participants may contribute amounts representing distributions from other qualified retirement plans (rollovers), subject to provisions of the plan document.

Funding Policy

According to the CBA, contributions must be funded to the Plan no later than the 15th day of the month following the month in which the workmen performed work for the Employer.

Payments of Benefits

Upon termination of service due to disability or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution, annuity contract, or qualified joint and survivor annuity, subject to the provisions within the plan document. Upon termination of service due to death, the participant's vested interest in their account may be paid to their surviving spouse, or other beneficiary if unmarried, in the forms of a lump sum distribution, installments, or partial distribution. Such benefits are subject to the provisions within the plan document.

Vesting

Participants are immediately vested in their account balance.

Note B - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Employer Contributions Receivable

Employer contributions receivable are based on actual collections subsequent to year end. Delinquent employer contributions are not included in employer contributions receivable as management does not consider delinquent amounts to be collectible. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial. See the "Funding Policy" section of Note A for additional information regarding employer contributions.

Investment Valuation and Income Recognition

The investments of the Plan are the same for participant directed and nonparticipant directed accounts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

Reciprocity Agreements

The Plan has signed reciprocity agreements with other IBEW Locals. Amounts received for members of Local 474 are included in employer contributions and the amounts received for members of other Locals, which are sent to the members' home Local, are recorded as reciprocity paid on the statements of changes in net assets available for benefits. Amounts due from or due to other IBEW Locals are recorded in employer contributions receivable or reciprocal contributions payable, respectively, on the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by the Plan, as provided by the plan document. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net investment income presented in the accompanying statements of changes in net assets available for benefits.

Note C - Certificates of Deposit

Various certificates of deposit consist of amounts on deposit at a financial institution with interest rates of 4.04%-5.05% and 2.28%-4.33% for the years then ended for March 31, 2025 and 2024, respectively, and varying periods of maturity.

NECA-IBEW Memphis Retirement Plan

Notes to Financial Statements
For the Years Ended March 31, 2025 and 2024

Note C - Certificates of Deposit (continued)

As of March 31, 2025, four of the five certificates of deposit had maturity dates within 3 months of year end and are classified as interest-bearing cash and cash equivalents on the statements of net assets available for benefits. The balance of such certificates of deposit totaled \$200,000. The remaining certificate of deposit, with a maturity date of greater than 3 months after year end, is classified as an investment on the statements of net assets available for benefits. As of March 31, 2024, all certificates of deposit are classified as investments on the statements of net assets available for benefits.

Note D - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore reported as level 1.

NECA-IBEW Memphis Retirement Plan

Notes to Financial Statements
For the Years Ended March 31, 2025 and 2024

Note D - Investments and Fair Value Measurements (continued)

Certificates of deposit: Valued at original cost plus accumulated interest earned, which approximates fair value. The remaining certificates of deposit are valued by applying quoted market prices for identical or similar investment in inactive markets. They are reported as level 2.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of March 31, 2025				
	Level 1	Level 2	Level 3	Total

Total Assets in Fair Value Hierarchy	\$168,075,295	\$ 250,000	\$ -	168,325,295
Investments Valued at Contract Value				39,959,630
Total				\$ 208,284,925

There were no level 3 investments as of March 31, 2025 or 2024.

Note E - Group Annuity Contract

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with an insurance company that maintains the contributions in a general account. The account is credited with employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NECA-IBEW Memphis Retirement Plan

Notes to Financial Statements
For the Years Ended March 31, 2025 and 2024

Note E - Group Annuity Contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Board has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant shall have a non-forfeitable right to their individual account and the assets then remaining. Remaining assets shall be distributed to the participants after providing for the expenses of the Plan.

Note G - Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan, by a letter dated June 29, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note H - Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Concentration of Cash

The Plan maintains its cash in a bank deposit account at a financial institution. The balance, at times, may exceed current federally insured limits through the Federal Deposit Insurance Corporation of \$250,000, per institution.

NECA-IBEW Memphis Retirement Plan

Notes to Financial Statements
For the Years Ended March 31, 2025 and 2024

Note H - Risks and Uncertainties (continued)

Significant Participating Employers

During the year ended March 31, 2025, two employers represented 40% of total employer contributions to the Plan. During the year ended March 31, 2024, one employer represented 35% of total employer contributions to the Plan.

Note I - Related Party and Party in Interest Transactions

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party in interest transactions under ERISA. Such fees are included on the statements of changes in net assets available for benefits.

The Plan shares common governance with related Organizations, including the International Brotherhood of Electrical Workers Local 474 Union and the Memphis Chapter of the National Electrical Contractors Association, both of which are tax-exempt.

Note J - Plan Amendments

The Plan was not amended during the year ended March 31, 2025.

Note K - Subsequent Events

Subsequent events have been evaluated through September 03, 2025, which is the date the financial statements were available to be issued.
