Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BROWN & ASSOCIATES, PC**

(2) EIN: **58-1945983**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Belt Power, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Belt Power, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis- as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits -modified cash basis- for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Belt Power, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Belt Power, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report (continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Belt Power, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Belt Power, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Belt Power, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Report (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investments as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BELT POWER, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of Belt Power, LLC (the "Company") 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. *General.* The Plan is a defined contribution plan covering all employees of the Company aged 21 or over and with three months continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- B. *Contributions.* Each year, participants may contribute up to the maximum amount allowed as provided by the Internal Revenue Code. Catch-up contributions are allowed. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company matches 100% of each participant's current pre-tax contribution up to 3% of compensation, plus 50% of deferrals that exceed 3%, limited to a maximum of 5% of their eligible compensation. The Company can also make additional discretionary matching contributions.
- C. *Participant Accounts.* Each participant's account is credited with the participant's deferral contribution and allocations of (a) the Company's contribution (if any) and (b) plan earnings including administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. *Vesting.* Participants are immediately vested in their salary deferral contribution plus actual earnings thereon. Vesting in the Company's contribution portion, if any, of their account plus actual earnings thereon is 100% vested upon entering the plan.
- E. *Participant Loans.* Participants may borrow from their fund accounts a minimum of \$1,000 and up to fifty percent (50%) of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at fixed rates based on the prime rate. Principal and interest is paid ratably through payroll deductions.
- F. *Payment of Benefits.* Distributions from the Plan are made in the form of a lump sum of a Participant's entire vested account balance or in substantially equal installments of the Participant's vested account balance.

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (Continued)

G. *Forfeited Accounts.* The Plan has no forfeitures as all contributions are fully vested.

H. *Tax Status.* The Plan filed with the Internal Revenue Service information necessary for it to rule on the Plan's qualification pursuant to Section 401 of the Internal Revenue Code of 1986. The Plan received a favorable determination letter dated April 22, 1996 and it is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The qualification means the Plan is not subject to tax under present income tax law. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

2. SUMMARY OF ACCOUNTING POLICIES

A. *Basis of Accounting.* The financial statements are prepared on the modified cash basis which is a basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). Under this basis, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.

B. *Payment of Benefits.* Benefit payments are recorded when paid.

C. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

E. *Notes Receivable from Participants.* Participant loans are evaluated by management for default and write-offs are deemed as distributions. Starting on January 1, 2012, with the adoption to changes within Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contributions Pension Plans*, participant loans were reclassified from investments to notes receivables.

F. *Subsequent Events.* Plan management has evaluated the need for disclosures or adjustments resulting from subsequent events through August 29, 2025, the date the financial statements were available for issuance. No events were identified that required disclosure in or adjustments to the financial statements.

3. INVESTMENT CONTRACT WITH TRUSTEE

The Plan entered into an investment contract with Voya Retirement Insurance and Annuity Company (Voya). Funds are participant-directed into a selection of 29 investment funds. The investment funds are managed either by external mutual fund companies or by Voya, and the accounts are included in these financial statements at fair market value as reported by Voya.

4. INVESTMENTS

The following investments represent five percent or more of the Plan's net assets available for benefits at December 31, 2024:

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

BELT POWER, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

5. FAIR VALUE MEASUREMENTS (Continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement
---------	--

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument.

Mutual Funds – The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets. Lifecycle funds are managed based on a target date. Due to similar valuation techniques, they are classified as mutual funds.

Money Market Fund – The money market fund is held as an individual plan asset, has a principal value of \$1 per unit and has an available price quoted daily in an active market.

The preceding described methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2024, plan management evaluated the lifecycle funds and determined, based on the underlying assets of mid to large cap stock, that these funds should be classified as Level 1. The Plan investments at fair value classified within Levels 2 and 3 were zero as of December 31, 2024 and 2023.

5. FAIR VALUE MEASUREMENTS (Continued)

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024:

	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
MUTUAL FUNDS,	\$22,385,003	-	-	\$22,385,003
INSURANCE COMPANY GENERAL ACCOUNTS	886,772			886,772

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2023:

	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
MUTUAL FUNDS	\$17,208,242	-	-	\$17,208,242
INSURANCE COMPANY GENERAL ACCOUNTS	897,269			897,269

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA.

7. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 103(a)(3)(C) (ERISA Section 103(a)(3)(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023. Voya has also certified the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024 and 2023, and the schedule of assets held at end of year.

BELT POWER, LLC INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

8. RELATED-PARTY TRANSACTIONS

Certain plan investments are money market and mutual funds managed by an affiliate of Voya, the trustee of the Plan, and, therefore, these are considered party-in-interest transactions.

The Plan also pays administrative fees to Voya. These fees are considered exempt party-in-interest transactions. Other administrative expenses of the Plan are absorbed by the Plan sponsor. Therefore, those expenses are not reflected in these statements.

9. TAX STATUS

The Plan utilized a service provider to handle administrative matters including plan design. An opinion letter from the Internal Revenue Service has been obtained by the service provider accepting the Plan as a prototype qualifying under the appropriate Internal Revenue Code Sections. The Plan has been amended since receiving the letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

10. RISK AND UNCERTAINTIES

The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Trustees

Belt Power, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Belt Power, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis- as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits -modified cash basis- for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Belt Power, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Belt Power, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report (continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Belt Power, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Belt Power, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Belt Power, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Report (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investments as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BELT POWER, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of Belt Power, LLC (the "Company") 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. *General.* The Plan is a defined contribution plan covering all employees of the Company aged 21 or over and with three months continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- B. *Contributions.* Each year, participants may contribute up to the maximum amount allowed as provided by the Internal Revenue Code. Catch-up contributions are allowed. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company matches 100% of each participant's current pre-tax contribution up to 3% of compensation, plus 50% of deferrals that exceed 3%, limited to a maximum of 5% of their eligible compensation. The Company can also make additional discretionary matching contributions.
- C. *Participant Accounts.* Each participant's account is credited with the participant's deferral contribution and allocations of (a) the Company's contribution (if any) and (b) plan earnings including administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. *Vesting.* Participants are immediately vested in their salary deferral contribution plus actual earnings thereon. Vesting in the Company's contribution portion, if any, of their account plus actual earnings thereon is 100% vested upon entering the plan.
- E. *Participant Loans.* Participants may borrow from their fund accounts a minimum of \$1,000 and up to fifty percent (50%) of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at fixed rates based on the prime rate. Principal and interest is paid ratably through payroll deductions.
- F. *Payment of Benefits.* Distributions from the Plan are made in the form of a lump sum of a Participant's entire vested account balance or in substantially equal installments of the Participant's vested account balance.

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (Continued)

G. *Forfeited Accounts.* The Plan has no forfeitures as all contributions are fully vested.

H. *Tax Status.* The Plan filed with the Internal Revenue Service information necessary for it to rule on the Plan's qualification pursuant to Section 401 of the Internal Revenue Code of 1986. The Plan received a favorable determination letter dated April 22, 1996 and it is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The qualification means the Plan is not subject to tax under present income tax law. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

2. SUMMARY OF ACCOUNTING POLICIES

A. *Basis of Accounting.* The financial statements are prepared on the modified cash basis which is a basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). Under this basis, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.

B. *Payment of Benefits.* Benefit payments are recorded when paid.

C. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

E. *Notes Receivable from Participants.* Participant loans are evaluated by management for default and write-offs are deemed as distributions. Starting on January 1, 2012, with the adoption to changes within Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contributions Pension Plans*, participant loans were reclassified from investments to notes receivables.

F. *Subsequent Events.* Plan management has evaluated the need for disclosures or adjustments resulting from subsequent events through August 29, 2025, the date the financial statements were available for issuance. No events were identified that required disclosure in or adjustments to the financial statements.

3. INVESTMENT CONTRACT WITH TRUSTEE

The Plan entered into an investment contract with Voya Retirement Insurance and Annuity Company (Voya). Funds are participant-directed into a selection of 29 investment funds. The investment funds are managed either by external mutual fund companies or by Voya, and the accounts are included in these financial statements at fair market value as reported by Voya.

4. INVESTMENTS

The following investments represent five percent or more of the Plan's net assets available for benefits at December 31, 2024:

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

5. FAIR VALUE MEASUREMENTS (Continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement
---------	--

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument.

Mutual Funds – The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets. Lifecycle funds are managed based on a target date. Due to similar valuation techniques, they are classified as mutual funds.

Money Market Fund – The money market fund is held as an individual plan asset, has a principal value of \$1 per unit and has an available price quoted daily in an active market.

The preceding described methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2024, plan management evaluated the lifecycle funds and determined, based on the underlying assets of mid to large cap stock, that these funds should be classified as Level 1. The Plan investments at fair value classified within Levels 2 and 3 were zero as of December 31, 2024 and 2023.

5. FAIR VALUE MEASUREMENTS (Continued)

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024:

	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
MUTUAL FUNDS,	\$22,385,003	-	-	\$22,385,003
INSURANCE COMPANY GENERAL ACCOUNTS	886,772			886,772

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2023:

	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
MUTUAL FUNDS	\$17,208,242	-	-	\$17,208,242
INSURANCE COMPANY GENERAL ACCOUNTS	897,269			897,269

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA.

7. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 103(a)(3)(C) (ERISA Section 103(a)(3)(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023. Voya has also certified the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024 and 2023, and the schedule of assets held at end of year.

BELT POWER, LLC INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

8. RELATED-PARTY TRANSACTIONS

Certain plan investments are money market and mutual funds managed by an affiliate of Voya, the trustee of the Plan, and, therefore, these are considered party-in-interest transactions.

The Plan also pays administrative fees to Voya. These fees are considered exempt party-in-interest transactions. Other administrative expenses of the Plan are absorbed by the Plan sponsor. Therefore, those expenses are not reflected in these statements.

9. TAX STATUS

The Plan utilized a service provider to handle administrative matters including plan design. An opinion letter from the Internal Revenue Service has been obtained by the service provider accepting the Plan as a prototype qualifying under the appropriate Internal Revenue Code Sections. The Plan has been amended since receiving the letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

10. RISK AND UNCERTAINTIES

The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
