Independent Auditors' Report

Plan Administrator
The Moore Company Retirement Security Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Moore Company Retirement Security Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MOORE COMPANY RETIREMENT SECURITY PLAN

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of The Moore Company Retirement Security Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that became effective January 1, 1991, to provide retirement benefits to eligible employees of The Moore Company and its subsidiaries (the Plan Sponsor) as designated by the Board of Directors. The Plan consists of a 401(k) Savings Plan and a 3% Company Basic Plan. Employees are eligible to participate in the 401(k) Savings Plan after six months of service, as defined in the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all assets are participant directed.

Employee Contributions

Participants may contribute 1% to 12% of their compensation, up to a maximum annual amount determined by the Internal Revenue Service. Participants who have attained the age of 50 by the end of the Plan year are eligible to make catch-up contributions. Participants direct their contributions into various mutual fund investment options including a money market fund, a bond fund, stock funds, blended funds, and stock index funds. Active participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3%.

Employer Matching Contributions

The Plan was amended in 2022 to suspend the Employer matching contributions for plan years 2023 and 2024 as a result of the non-elective employer contributions made in those two years. The Plan was amended in 2024 to resume the Employer matching contributions effective January 1, 2025; the first 6 percent of compensation that a participant contributes to the Plan is matched by the Plan Sponsor at a rate of 50 cents per dollar.

Non-Elective Employer Contributions

During 2022, the Plan received \$8,523,793 from The Moore Company 4% Plan representing the remaining assets of that plan after termination and liquidation. These funds were held in a suspense account and were used to fund two non-elective employer contributions to active eligible participants of the Plan as of December 31, 2023 and 2022 in a ratio that each participant’s compensation bears to total compensation of all participants.

On February 15, 2023, the first non-elective contribution was made to active eligible employees for plan year 2022 in the amount of \$4,304,802. On February 2, 2024, the second non-elective contribution was made to active eligible employees for plan year 2023 in the amount of \$4,569,612.

THE MOORE COMPANY RETIREMENT SECURITY PLAN

Notes to Financial Statements

Note 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and plan earnings. Allocations are based on participant's earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) contributions, rollover contributions, non-elective employer contributions and the investment earnings on those contributions. Vesting for the Plan Sponsor's matching contribution, non-elective employer contribution and investment earnings is based on completed years of service: 1 year - 20%, 2 years - 40%, 3 years - 60%, 4 years - 80%, and 5 or more years - 100%.

If a participant leaves the Plan Sponsor without being 100% vested, their nonvested portion is forfeited. Such forfeitures are used to reduce future Plan Sponsor contributions. No forfeitures were utilized during the year ended December 31, 2024. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$42,630 and \$35,237, respectively. These accounts will be used to reduce future employer contributions.

3% Company Basic Plan

Effective December 31, 2000, the Plan Sponsor ceased contributing to the 3% Company Basic Plan. The 3% Company Basic Plan assets will continue to be invested until distributed to participants. No new participants have been allowed to enter the 3% Company Basic Plan since January 1, 2000. All participants are fully vested.

Under both plans, a participant will receive their vested account balance upon retiring and/or leaving the Company. The participant has the option to receive the vested account balance in a lump-sum distribution or may leave it in the Plan until they reach the age of 65. However, if a participant's account balance is \$1,000 or less, a lump-sum distribution is automatically made.

The Plan Sponsor has the right to amend, modify, or terminate the Plan at any time by action of the Board of Directors. In the event of a termination of the Plan, the net assets of the Plan shall be allocated in accordance with certain priority categories established by law.

Payment of Benefits

Withdrawals from the Plan are permitted prior to retirement or termination if the participant is over the age of 59½, or is able to demonstrate financial hardship; only the participant's 401(k) account balance (contributions and earnings) is available for such withdrawals.

THE MOORE COMPANY RETIREMENT SECURITY PLAN

Notes to Financial Statements

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time the loan is approved. Principal and interest are paid ratably through employee payroll deductions.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices which represent the net asset value of shares held by the Plan as of the valuation date (see Note 3 for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Expenses

Substantially all administrative costs and expenses incurred in connection with the operation of the Plan are borne by the Plan Sponsor. Trading fees in certain funds are offset against the related investment income.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the recorded amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

Note 2 – Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through June 24, 2025, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All investments held by the Plan as of December 31, 2024 and 2023 are classified as Level 1 investments.

THE MOORE COMPANY RETIREMENT SECURITY PLAN

Notes to Financial Statements

Note 4 – Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 – Related Party Transactions and Party-in-Interest Transactions

Certain investments are shares of mutual funds and a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's trustee and Fidelity Investments is the custodian and trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Tax Status

The Plan has adopted the volume submitter profit sharing plan of Fidelity Management and Research Company. The volume submitter profit sharing plan sponsor received a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
