## INDEPENDENT AUDITOR'S REPORT

Plan Administrator

Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related Notes to the Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Statcare Urgent & Walk in Medical 401(k) Profit Sharing Plan and Trust 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The Schedule of Delinquent Participant Contributions and supplemental Schedule of Assets (Held at End of Year) on pages 12 and 13, respectively, as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- Contributions** Participants may contribute any specific percentage of their compensation, as defined, each plan year through payroll deductions, subject to limitations. The Plan contains an automatic salary deferral feature at 3% of an eligible participant's compensation, unless the participant makes an affirmative election, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). There are two types of elective deferrals available to participants: pre-tax deferral and Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All participants direct the investment of their contributions into various investment options offered by the Plan.
- Employer Contributions** The Plan allows for discretionary "Safe Harbor 401(k)" contributions. During the year ended December 31, 2022 the Company elected to contribute 3% of eligible compensation to eligible participants totaling, \$155,904. Further, the plan allows for discretionary profit-sharing contributions. During the year ended in 2022 the Company elected not to contribute a discretionary profit sharing amount.
- To be eligible for Safe harbor 401(k) contributions employees hired before April 1, 2021 were required to be 21 years of age and were required to have three months of service. On or after April 1, 2021 to be eligible for Safe Harbor 401(k) contributions employees must be at least 21 years of age and have one year of service, as defined. To be eligible for profit sharing contributions employees must be at least 21 years of age, have one year of service, as defined, and be employed on the last day of the year.
- Participant Accounts** Each participant's account is credited to reflect contributions, withdrawals, distributions, investment fund transfers and reallocations, income earned or accrued, expenses paid from the assets of the Plan and any increase or decrease in the fair market value of the assets of the Plan. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

## 1. Description of Plan (Continued)

### **Vesting**

Participants are immediately vested in their voluntary contributions, rollover contributions, plus actual earnings thereon and certain special contributions including Safe Harbor contributions. Vesting in profit-sharing contributions increases 20% per Year of Service, as defined, after the second year of vesting service. Participants are 100% vested in all their accounts if actively employed upon attainment of age 62 or once they have completed six years of vesting service, as defined, or upon death or disability.

### **Notes Receivable From Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loans must be repaid in level payments on a monthly basis up to a five year period unless it is for the purchase of a principal residence, in which case repayment can be made over a longer term. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Company. A participant may only have two loans outstanding at a time. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the plan document.

### **Forfeitures**

The portion of a participant's account balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. Plan participants' forfeitures may be used to pay Plan expenses or to reduce the Company's employer contributions for the Plan year. There were no forfeitures at December 31, 2022.

### **Payment of Benefits**

A participant's vested interest in his or her account balance is distributable generally upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the Plan.

Under certain conditions, a contributing participant could make withdrawals from the vested portion of his or her account balance prior to termination of employment by filing a withdrawal form. Two types of withdrawals are available to participants - regular and hardship. Generally, regular withdrawals are available to participants over the age of 59 ½. Hardship withdrawals to participants are allowed upon meeting certain requirements as described in the Plan.

## 2. Significant Accounting Policies

### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an investment or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further information regarding fair value measurements.

## 2. Significant Accounting Policies (Continued)

### Investment Valuation and Income Recognition

(continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought or sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

### Payment of Benefits

Benefits are recorded when paid.

### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### Plan Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses, including the custodian fees and auditing fees, are paid by the Plan. Fees related to the administration of notes receivable from participants and other transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in "Net appreciation (depreciation) in fair value of investments."

## 3. Fair Value Measurements

The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# STATCARE URGENT & WALK IN MEDICAL 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements  
Year Ended December 31, 2022

### 3. Fair Value Measurements (continued)

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

*Mutual Funds:* Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022, are as follows:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$1,391,812	\$1,391,812
Money market account	21,858	21,858
Cash	4,049	4,049
<b>Total Investments at Fair Value</b>	<b>\$1,417,719</b>	<b>\$1,417,719</b>

Investments at fair value as of December 31, 2021, are as follows:

Mutual funds	\$ 687,198	\$ 687,198
Money market account	15,004	15,004
<b>Total Investments at Fair Value</b>	<b>\$ 702,202</b>	<b>\$ 702,202</b>

#### 4. Investment Information Certified by the Plan Trustee

The following is a summary of the investment information regarding the Plan as of December 31, 2022, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information provided by the trustee (Charles Schwab Trust Bank), and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	<b>For the Year Ended</b>	
	<b>December 31, 2022</b>	<b>December 31, 2021</b>
Mutual funds	\$1,391,812	\$ 687,198

Cash	<u>4,049</u>	
Total Investments at fair value	<u>\$1,417,719</u>	<u>\$ 702,202</u>

	<b>For the Year Ended December 31, 2022</b>
Investment Income:	
Net depreciation in fair value of investments	<u>(\$176,011)</u>
Interest and dividend income	<u>\$ 25,745</u>
Interest income, participant loans	<u>\$ 1,230</u>

#### 5. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

#### 6. Income Tax Status

On June 30, 2020, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## 8. Party-in- Interest Transactions

Certain Plan investments is a money market account managed by Charles Schwab, the trustee/custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees and expenses such as plan administration fees may be deducted directly from investment returns in accordance with applicable investment options selected by the participant. In addition, providers of other administrative fees (i.e., accounting) paid by the employer are considered a party-in-interest as defined by ERISA.

## 9. Prohibited Transactions

During 2022, the Company failed to deposit \$326,275 of participant deferrals within the required time frame as stated by the Department of Labor ("DOL") as a result of changes in the payroll department. The DOL considers late deposits to be prohibited transactions. The Sponsor expects to correct the error in 2025 by submitting estimated earnings, which are currently being calculated, for the period the funds were delayed.

## 10. Subsequent Events

The Company has evaluated events and transactions that occurred between December 31, 2022 and June 24, 2025, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.
