Report of Independent Auditors

To the Administrator of Pacific Maritime Association Vacation Benefit Plan

Opinion

We have audited the accompanying financial statements of Pacific Maritime Association Vacation Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the years then ended, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Pacific Maritime Association Vacation Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Pacific Maritime Association (“PMA”) Vacation Benefit Plan (the “Plan”) provides only general information. Eligibility and benefits are defined in collective bargaining agreements (the “Agreements”) between the International Longshore and Warehouse Union (“ILWU”) and PMA. PMA negotiates the Agreements with the ILWU on behalf of its member companies (“PMA member companies”). Participants should refer to the Agreements and the Summary Plan Description for more complete descriptions of the Plan’s provisions.

General and Eligibility

The Plan provides a vacation wage supplement on an annual basis to eligible longshore workers, clerks, walking bosses, foremen, and watchmen as defined in the Agreements. The Plan does not provide any post-employment or post-retirement benefits to employees.

Contributions

Funding of the Plan is provided through ILWU labor employers’ contributions as needed to pay Plan benefits and expenses.

Collective Bargaining Agreement

On June 29, 2023, a Memorandum of Understanding (“MOU”) was signed by PMA, on behalf of the PMA member companies, and the ILWU, with an effective date of July 1, 2022. The MOU was in place until the ILWU ratified the contract on August 31, 2023, which is effective from July 1, 2022 to June 30, 2028. An MOU was ratified on October 30, 2023 between PMA, on behalf of the PMA member employers, and ILWU Local 75, with an effective date of July 1, 2022.

As a result of these MOUs, eligible workers were entitled to an appreciation bonus payable out of the Plan. Accordingly, the Plan Declaration of Trust was updated to reflect the appreciation bonus payment. The remaining balances of the one-off appreciation bonus related to the MOUs along with employer taxes were accrued as of December 31, 2023 totaling \$5,095,682 (included in benefit obligations) that were paid in fiscal year 2024.

Administrative Expenses and Related Party Transactions

The Plan is administered by three trustees appointed by PMA. PMA provides accounting services and office space at no charge to the Plan. Other administrative costs, primarily audit expenses, are paid by the Plan in accordance with the Agreements. These transactions are party in interest transactions under ERISA.

Plan Termination

In the event the Plan is terminated, any remaining Plan assets shall be used to pay all benefits accruing prior to Plan termination. Remaining assets, if any, will be transferred to PMA, which, after consultation with the contributing member companies, shall be solely responsible for determining the use of such remaining assets.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The Plan’s financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Pacific Maritime Association Vacation Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

Income Recognition

Interest income is recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein and disclosure of contingent assets and liabilities. While Plan management uses its best estimates and judgments, actual results could differ from those estimates as future events occur.

Plan Benefit

The benefit obligation represents the cumulative vacation benefit to be paid to eligible workers for vacation benefits payable at year end as defined in the Agreements. The benefits earned and other charges represent the vacation benefits earned as defined in the Agreements.

Refunds due to the Plan

Other receivables are refunds due back to the Plan from the Internal Revenue Service from overpayments of employer taxes on plan benefits.

Benefits Paid

Benefits are recorded when paid.

3. Plan Tax Status

The Plan has been established as a grantor trust by PMA. A grantor trust is a trust that, for tax purposes, treats the grantor as the owner of the trust and, therefore, the owner is taxed on any income of the trust. PMA has received a favorable determination letter from the Internal Revenue Service as to the tax-exempt status of PMA. PMA management is of the opinion that PMA continues to fulfill the requirements of an organization exempt under Section 501(c)(6) of the Internal Revenue Code and, therefore, PMA and the Plan, as amended, are not subject to tax. Accordingly, no provision for federal or state income taxes has been made for unrelated business taxable income.

As required by GAAP, Plan management has evaluated the tax positions taken by the Plan. Plan management believes there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements of the Plan or that would not be sustained upon examination by the Internal Revenue Service. As of December 31, 2024, Plan management believes the Plan is no longer subject to income tax examinations for the years prior to 2021. There are currently no audits for any tax periods in progress.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Pacific Maritime Association Vacation Benefit Plan
Notes to Financial Statements
December 31, 2024 and 2023

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest-Bearing Cash

Interest-bearing cash is valued at the outstanding balance in an interest-bearing checking account. Interest-bearing cash is held at Comerica Bank. At times, the account may be in excess of the FDIC insurance limit, however Plan management believes the risk of loss is minimal.

At December 31, 2024 and 2023, the Plan's interest-bearing cash is classified as a Level 1 investment.

5. Benefit Obligations

Benefit obligations are based on a one-week or two-week vacation paid according to the qualifying hours credited to an eligible employee during the year. An individual must be registered and qualified as of December 31st of the respective Plan year to receive vacation pay.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and total liabilities per the financial statements at December 31, 2024 and 2023, to Form 5500:

7. Subsequent Events

On July 1, 2025, the Plan was amended such that it may continue to exist until mutually agreed by PMA and ILWU to terminate the Plan, or, if sooner, at any time by a writing adopted by PMA and executed by the Trustees as referenced in Note 1, Plan Termination.

The Plan trustees have evaluated subsequent events through September 24, 2025, which is the date the financial statements were available to be issued.
