INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Ollie's Bargain Outlet, Inc.
401(k) Retirement Plan

Opinion

We have audited the financial statements of Ollie's Bargain Outlet, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

macpas.com

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information noted in the table of contents as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary

information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Ollie's Bargain Outlet, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ollie's Bargain Outlet, Inc. (the Company) who have completed 90 days of continuous service and who are age 21 or older. Eligible employees may enter the Plan on the next entry date following the date on which the employee satisfies the eligibility requirements. The entry dates are January 1, April 1, July 1, and October 1 of each plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company is responsible for oversight of the Plan. The 401(k) Fiduciary Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

The Plan has been amended to reflect the applicable Coronavirus Aid, Relief, and Economic Security (CARES) Act provisions, and is in operational compliance with the requirements of other laws and regulations. Formal amendments will be adopted by the prescribed deadlines.

Effective January 1, 2024, the Plan was amended and restated to be a safe harbor plan. As a safe harbor plan, the Plan is exempt from the Actual Deferral Percentage and Actual Contribution Percentage nondiscrimination testing and the Company is required to make safe harbor matching contributions.

Contributions

Each year, participants may contribute up to 80 percent of their compensation, up to the maximum limit established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Roth contributions (including Roth rollovers) are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, various mutual funds, and a common collective trust as investment options for participants.

Effective January 1, 2024, the Company makes safe harbor matching contributions equal to 100 percent of the first 3 percent and 50 percent of the next 2 percent of compensation that an eligible participant contributes to the Plan. Prior to January 1, 2024, the Company made fixed matching contributions equal to 25 percent of the first 6 percent of compensation that an eligible participant contributed to the Plan.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

In addition to the Company match of participant contributions, the Company may also make discretionary contributions to the Plan. Discretionary contributions shall be allocated based on written instruction from the Company to the trustee for each plan year. No discretionary contributions were made during the years ended December 31, 2024 and 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions (including rollover contributions) and Company safe harbor matching contributions, plus actual earnings thereon. Company fixed matching contributions and discretionary contributions, including earnings thereon, become vested as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Notes receivable terms range from one to five years or, for the purchase of a primary residence, a period not to exceed ten years. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 percent to 9.50 percent, which are commensurate with local prevailing rates at the time of the loan distribution. Principal and interest are paid ratably through payroll deductions.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Upon termination of employment, a participant may elect to roll over their entire vested account balance or receive a lump-sum distribution. Provisions are available to allow withdrawals of benefits prior to termination of employment as defined in the Plan agreement and in compliance with the IRC.

Forfeited Accounts

At December 31, 2024 and 2023, the forfeited non-vested accounts balance was \$1,165 and \$25, respectively. These accounts may be used to pay Plan administrative expenses and/or reduce future Company contributions. No forfeitures were used during the year ended December 31, 2024, to pay Plan administrative expenses. During the year ended December 31, 2023, Plan administrative expenses were reduced by \$1,722 from forfeited non-vested accounts. During the years ended December 31, 2024 and 2023, Company contributions were reduced by \$87,456 and \$100,917, respectively, from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Contributions

Contributions from Plan participants and the safe harbor and discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company discretionary nonelective contribution is recorded when the related participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, and a distributable event has occurred, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions in 2024. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2025, the date the financial statements were available to be issued. See Note 10.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

3. INVESTMENTS

Fidelity Management Trust Company (FMTC), the trustee, holds the funds for the Plan and Fidelity Workplace Services LLC (FWS), the recordkeeper, maintains an individual account for each participant. Contributions made on a participant's behalf under the Plan are directly allocated to that participant's account.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that is comprised of short-term investments, fixed income securities, wrapper contracts, and open-end investment companies and is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

^a In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan in the event of a complete liquidation.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust Stable value fund	<u>\$ 460,416</u>	None	Daily	12 months

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust Stable value fund	<u>\$ 567,890</u>	None	Daily	12 months

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100 percent vested in their Company fixed matching and discretionary contributions.

6. TAX STATUS

The Company has adopted a pre-approved plan provided by FMR LLC. The pre-approved plan received an opinion letter dated June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. In addition, the opinion letter stated that an employer who adopts the pre-approved plan may rely on the opinion letter with respect

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

to the qualification of its own plan under the IRC. Although the Plan has been amended since the pre-approved plan received the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

A related party is any party who can control or significantly influence Plan management or operating policies. Parties in interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investments advisors, legal counsel, and Plan auditor.

Certain Plan investments are shares of a money market fund, mutual funds, and a common collective trust managed by FMTC. FMTC and FWS (collectively, Fidelity) also provide certain trust, custodial, and recordkeeping services to the Plan pursuant to fee agreements with the Company. FMTC is the trustee and FWS is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for trustee, custodial, and recordkeeping fees amounted to \$24,253 and \$16,703 for the years ended December 31, 2024 and 2023. These trustee, custodial, and recordkeeping fees are charged to Plan participants with investment elections in certain funds, as well as fees for the administration of notes receivable from participants and payment of benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Fidelity. Fidelity receives revenue from money market fund, mutual fund, and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Administrative fees also include fees paid to the Plan's investment advisor. These transactions qualify as party in interest transactions. Fees paid for investment management services totaled \$58,061 and \$47,646 for the years ended December 31, 2024 and 2023.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company. No management or employee receives compensation from the Plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Ollie's Bargain Outlet, Inc.
401(k) Retirement Plan

Opinion

We have audited the financial statements of Ollie's Bargain Outlet, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Camp Hill

macpas.com

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information noted in the table of contents as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary

information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Ollie's Bargain Outlet, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ollie's Bargain Outlet, Inc. (the Company) who have completed 90 days of continuous service and who are age 21 or older. Eligible employees may enter the Plan on the next entry date following the date on which the employee satisfies the eligibility requirements. The entry dates are January 1, April 1, July 1, and October 1 of each plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company is responsible for oversight of the Plan. The 401(k) Fiduciary Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

The Plan has been amended to reflect the applicable Coronavirus Aid, Relief, and Economic Security (CARES) Act provisions, and is in operational compliance with the requirements of other laws and regulations. Formal amendments will be adopted by the prescribed deadlines.

Effective January 1, 2024, the Plan was amended and restated to be a safe harbor plan. As a safe harbor plan, the Plan is exempt from the Actual Deferral Percentage and Actual Contribution Percentage nondiscrimination testing and the Company is required to make safe harbor matching contributions.

Contributions

Each year, participants may contribute up to 80 percent of their compensation, up to the maximum limit established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Roth contributions (including Roth rollovers) are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, various mutual funds, and a common collective trust as investment options for participants.

Effective January 1, 2024, the Company makes safe harbor matching contributions equal to 100 percent of the first 3 percent and 50 percent of the next 2 percent of compensation that an eligible participant contributes to the Plan. Prior to January 1, 2024, the Company made fixed matching contributions equal to 25 percent of the first 6 percent of compensation that an eligible participant contributed to the Plan.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

In addition to the Company match of participant contributions, the Company may also make discretionary contributions to the Plan. Discretionary contributions shall be allocated based on written instruction from the Company to the trustee for each plan year. No discretionary contributions were made during the years ended December 31, 2024 and 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions (including rollover contributions) and Company safe harbor matching contributions, plus actual earnings thereon. Company fixed matching contributions and discretionary contributions, including earnings thereon, become vested as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Notes receivable terms range from one to five years or, for the purchase of a primary residence, a period not to exceed ten years. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 percent to 9.50 percent, which are commensurate with local prevailing rates at the time of the loan distribution. Principal and interest are paid ratably through payroll deductions.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Upon termination of employment, a participant may elect to roll over their entire vested account balance or receive a lump-sum distribution. Provisions are available to allow withdrawals of benefits prior to termination of employment as defined in the Plan agreement and in compliance with the IRC.

Forfeited Accounts

At December 31, 2024 and 2023, the forfeited non-vested accounts balance was \$1,165 and \$25, respectively. These accounts may be used to pay Plan administrative expenses and/or reduce future Company contributions. No forfeitures were used during the year ended December 31, 2024, to pay Plan administrative expenses. During the year ended December 31, 2023, Plan administrative expenses were reduced by \$1,722 from forfeited non-vested accounts. During the years ended December 31, 2024 and 2023, Company contributions were reduced by \$87,456 and \$100,917, respectively, from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Contributions

Contributions from Plan participants and the safe harbor and discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company discretionary nonelective contribution is recorded when the related participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, and a distributable event has occurred, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions in 2024. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2025, the date the financial statements were available to be issued. See Note 10.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

3. INVESTMENTS

Fidelity Management Trust Company (FMTC), the trustee, holds the funds for the Plan and Fidelity Workplace Services LLC (FWS), the recordkeeper, maintains an individual account for each participant. Contributions made on a participant's behalf under the Plan are directly allocated to that participant's account.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that is comprised of short-term investments, fixed income securities, wrapper contracts, and open-end investment companies and is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total

Investments measured at net asset value ^a	-	-	-	460,416
Investments at fair value	\$ 35,747,844	\$ -	\$ -	\$ 36,208,260

Investments at fair value as of December 31, 2023:

Investments at fair value	\$ 28,231,304	\$ -	\$ -	\$ 28,799,194

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

^a In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan in the event of a complete liquidation.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust Stable value fund	<u>\$ 460,416</u>	None	Daily	12 months

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust Stable value fund	<u>\$ 567,890</u>	None	Daily	12 months

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100 percent vested in their Company fixed matching and discretionary contributions.

6. TAX STATUS

The Company has adopted a pre-approved plan provided by FMR LLC. The pre-approved plan received an opinion letter dated June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. In addition, the opinion letter stated that an employer who adopts the pre-approved plan may rely on the opinion letter with respect

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

to the qualification of its own plan under the IRC. Although the Plan has been amended since the pre-approved plan received the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

A related party is any party who can control or significantly influence Plan management or operating policies. Parties in interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investments advisors, legal counsel, and Plan auditor.

Certain Plan investments are shares of a money market fund, mutual funds, and a common collective trust managed by FMTC. FMTC and FWS (collectively, Fidelity) also provide certain trust, custodial, and recordkeeping services to the Plan pursuant to fee agreements with the Company. FMTC is the trustee and FWS is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for trustee, custodial, and recordkeeping fees amounted to \$24,253 and \$16,703 for the years ended December 31, 2024 and 2023. These trustee, custodial, and recordkeeping fees are charged to Plan participants with investment elections in certain funds, as well as fees for the administration of notes receivable from participants and payment of benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Fidelity. Fidelity receives revenue from money market fund, mutual fund, and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

OLLIE'S BARGAIN OUTLET, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Administrative fees also include fees paid to the Plan's investment advisor. These transactions qualify as party in interest transactions. Fees paid for investment management services totaled \$58,061 and \$47,646 for the years ended December 31, 2024 and 2023.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company. No management or employee receives compensation from the Plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
