| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## **Report of Independent Auditors**

To the General Partner of HarbourVest 2018 Global Fund L.P.

### **Opinion**

We have audited the financial statements of HarbourVest 2018 Global Fund L.P. (the “Partnership”), which comprise the balance sheet, including the condensed schedule of investments, as of December 31, 2024, and the related statements of operations, changes in partners’ equity and cash flows for the year then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Partnership at December 31, 2024, and the results of its operations, changes in its partners’ equity and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Partnership and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

### **Auditor’s Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Shape the future  
with confidence**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The detailed schedule of partners' equity and its related notes (the "supplemental information") is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Percentages in the above disclosures may appear as zero due to rounding.

Differences in the calculation of the Partnership Investments that constitute more than 5% of the Partnership's total partners' equity and the Partnership's share of underlying portfolio companies that are greater than 5% of the Partnership's total partners' equity may arise due to the effect of carried interest at the Partnership Investment level.

Where certain investments have calculated negative cost basis, the cost basis reported herein reflects only the investments with a positive cost basis.

The investment objectives of the individual investments over 5% presented above are generally consistent with the investment objectives disclosed in Note 1.

Details may not add to total and subtotals due to rounding.

## 1. Partnership

HarbourVest 2018 Global Fund L.P. (the "Partnership") was legally formed on December 14, 2017 as a limited partnership under Delaware law and began admitting limited partners on March 30, 2018. The purpose of the Partnership is to make investments in limited partnerships or other pooled investment vehicles ("Partnership Investments") which, in turn, make private equity investments and to invest directly in private equity investments ("Direct Investments"). Private equity investments are defined in the partnership agreement as investments in buyout, recapitalization, turnaround and other private equity transactions. It is the intent of the General Partner to invest 50% of the aggregate capital commitments of the partners in primary partnership investments, 30-35% of the aggregate capital commitments of the partners in secondary partnership investments and 15-20% of the aggregate capital commitments of the partners in direct investments. With respect to primary partnership investments and direct investments (based in or have significant operations in), the General Partner intends to invest approximately 60-70% of the aggregate capital commitments of the partners in North America, approximately 20-30% of the aggregate capital commitments of the partners in Europe, and approximately 10% of the aggregate capital commitments of the partners in jurisdictions other than North America and Europe. It is also the intent of the General Partner to invest 70% of the aggregate capital commitments of the partners in buyout investments, 20% of the aggregate capital commitments of the partners in growth equity or venture capital investments and 10% of the aggregate capital commitments of the partners in special situation and other private equity investments. The Partnership commenced operations and began charging management fee as of April 1, 2018. The first capital call was made on December 13, 2018.

At December 31, 2024, the General Partner and limited partners had committed \$618,039,394 in capital, of which 85.5% or \$528,423,685 has been called. The remaining unfunded capital commitments of \$89,615,709 are due upon not less than 10 days prior written notice from the General Partner. The General Partner has agreed to contribute capital to the Partnership in an aggregate amount equal to 1% of the aggregate capital contributions of all partners. Such amount may be paid by the General Partner upon and to the extent of distributions made by the Partnership to the General Partner, but in no event later than the end of the Partnership's taxable year in which the General Partner's interest is liquidated (or, if later, within 90 days after the date of such liquidation). The amount due from the General Partner at December 31, 2024 was \$5,284,241.

Generally, net profits and losses (defined as "Net Profits" or "Net Losses" in the partnership agreement) are allocated to the partners in proportion to their respective sharing percentages except for management fee which is allocated to the limited partners.

Net secondary profits and losses of the Partnership, as defined in the partnership agreement, represent the net profits and losses derived directly or indirectly from interests in partnerships, which are not issued directly by the applicable partnership at the time of purchase, including unrealized profits and losses. If the Partnership has net secondary profits and the secondary internal rate of return is at least 8%, cumulative net secondary profits and losses are allocated 12.5% to the General Partner (carried interest) and 87.5% to all partners in proportion to their sharing percentages, as defined in the partnership agreement. If the secondary internal rate of return is less than 8%, cumulative net secondary profits and losses are allocated to all partners in proportion to their respective sharing percentages. Subsequent net secondary profits are allocated in proportion to each partner's sharing percentage, up to previously allocated excess net secondary losses. Net secondary investment profits, including realized and unrealized gains and losses, subject to carried interest for the year ended December 31, 2024 total \$4,170,124.

*The attached financial statements of HV 2018 Global Investment L.P. form an integral part of the financial statements.*

Net direct profits and losses of the Partnership, as defined in the partnership agreement, represent the net profits and losses derived directly or indirectly from direct investments. If the Partnership has net direct profits and the direct internal rate of return is at least 8%, cumulative net direct profits and losses are allocated first 10% to the General Partner (carried interest) and 90% to all partners in proportion to their sharing percentages, until the aggregate cumulative net direct profits allocated to all partners equals the cost of direct investments and second 20% to the General Partner and 80% to all partners in accordance with their sharing percentages. If the direct internal rate of return is less than 8%, cumulative net direct profits and losses are allocated to all partners in proportion to their respective sharing percentages. Subsequent net direct profits are allocated in proportion to each partner's sharing percentage, up to previously allocated excess net direct losses. Subsequent net direct profits are allocated in proportion to each partner's sharing percentages, up to previously allocated excess net direct losses. Net direct investment profits, including realized and unrealized gains and losses, subject to carried interest for the year ended December 31, 2024 total \$4,101,878.

HV-ECI II LLC (the "Special Limited Partner") is wholly owned by HarbourVest Partners L.P. (the "Management Company"). The General Partner may allocate to the Special Limited Partner solely out of net secondary profits and losses, net direct profits and losses, net profits and losses otherwise allocable to the General Partner, any items of income, gain, loss and deductions effectively connected with the conduct of a trade or business within the United States. For the purpose of allocating net secondary profits and losses, net direct profits and losses, net profits and losses amounts allocated to the Special Limited Partner will be treated as having been allocated to the General Partner.

No limited partner may assign or otherwise transfer all or any part of their interest in the Partnership to another entity unless the General Partner has consented to the transfer in writing in accordance with the partnership agreement.

The Partnership is scheduled to terminate on March 31, 2028. The General Partner may extend the Partnership for up to three one-year periods with the written consent of limited partners holding at least a majority of the total sharing percentages.

## **2. Significant Accounting Policies**

### **Method of Accounting**

The financial statements are prepared in conformity with U.S. generally accepted accounting principles. The Partnership is an investment company following the accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946 "Financial Services – Investment Companies".

### **Estimates**

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the General Partner to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### **Cash and Cash Equivalents**

Cash and cash equivalents may consist of deposits held at a bank or an investment in a money market fund to which the Partnership is exposed to credit concentration risk. The Partnership considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The carrying amount included in the Balance Sheet for cash and cash equivalents approximates their fair value. The amounts on deposit may exceed the federal deposit insurance limits.

*The attached financial statements of HV 2018 Global Investment L.P. form an integral part of the financial statements.*

As of December 31, 2024, the Partnership held the following cash and cash equivalents:

|  |                   |
|--|-------------------|
| <i>All amounts in U.S. Dollars</i>     |                   |
| Deposits                               | 4,071,038         |
| Other Money Market Funds               | 7,261,075         |
| <b>Total cash and cash equivalents</b> | <b>11,332,113</b> |

Investments in money market funds are recorded at net asset value per share and are classified as Level 1 assets.

### **Accounts Receivable**

Accounts receivable includes amounts due from certain limited partners for taxes withheld and remitted and estimated withholding tax payments made on their behalf.

### **Foreign Currency Transactions**

Foreign currency transactions, if any, are translated into U.S. Dollars at the exchange rate in effect at the transaction dates. Foreign currency balances are translated at the rates in effect at December 31, 2024. The Partnership does not isolate that portion of net income or loss resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair value of investments. Such fluctuations are included in the Statement of Operations in net realized gains/(losses) and unrealized appreciation/(depreciation) on investments. Foreign currency gains and losses on cash and other receivables and payables, if any, are included in net realized gains/(losses) and unrealized appreciation/(depreciation) on foreign currency transactions on the Statement of Operations.

### **Revenue Recognition**

Dividend and interest income, if any, is recorded on the accrual basis of accounting. Dividend income, if any, is recorded on the ex-dividend date. Interest and dividend income are presented net of withholding tax, if any.

### **Expenses**

Expenses are recorded on an accrual basis as incurred. The Partnership allocates expenses to the limited partners in accordance with their respective sharing percentages. Expenses paid directly by the Partnership may include tax expense, professional fees, and other out-of-pocket expenses and are included in the Statement of Operations.

### **Income Taxes**

The Partnership has elected to be treated as a partnership for U.S. tax purposes.

The Partnership accounts for income taxes under the provisions of ASC 740, "Income Taxes". This standard establishes consistent thresholds as it relates to accounting for income taxes. It defines the threshold for recognizing the benefits of tax-return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority and requires measurement of a tax position meeting the more-likely-than-not criterion, based on the largest benefit that is more than fifty percent likely to be realized. The Partnership may be subject to potential examination by certain taxing authorities in various jurisdictions. Any potential tax liability is also subject to ongoing interpretation of laws by taxing authorities. The tax years under potential examination vary by jurisdiction. The General Partner has analyzed the Partnership's inventory of tax positions taken with respect to all applicable income tax issues for all open tax years (in each respective jurisdiction), and has concluded that no provision for income tax is required in the Partnership's financial statements. Each partner individually may be required to report on its own tax return its pro rata share of the Partnership's taxable income or loss.

*The attached financial statements of HV 2018 Global Investment L.P. form an integral part of the financial statements.*

The Partnership may be subject to taxes imposed by countries in which it invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Partnership invests. To the extent taxes are attributable to certain partners, the amounts are withheld from those partners' distributions and the withholdings are accounted for as deemed non-cash distributions to such partners. To the extent taxes are borne by the Partnership, the amounts are accrued and applied to net investment income, net realized gains and net unrealized appreciation as such income and/or gains are earned, and the Partnership records an estimated deferred tax liability in an amount that would be payable if the securities were disposed of on the valuation date. As of December 31, 2024, there were no deferred tax liabilities at the Partnership level.

### **Market and Other Risk Factors**

The Partnership's investments are subject to various risk factors including market, credit, interest rate and currency risk. Investments may be concentrated in certain regions, or industries, as detailed in the Condensed Schedule of Investments. The Partnership's investments are inherently more sensitive to declines in revenues and to increases in expenses that may occur due to general downward swings in the world economy or other risk factors including increasingly intense competition, rapid changes in technology, changes in federal, state and foreign regulations, and limited capital investments. Since the Partnership's investments generally will involve a high degree of risk, poor performance by a few of the investments could adversely affect the total return to the limited partners.

### **Deferred Financing Costs**

Deferred financing fees, including loan origination fees, underwriter fees, legal fees, and other costs attributable to acquiring the loan are capitalized in the Balance Sheet and amortized using the straight-line method, which approximates the effective yield method over the duration of the loan.

## **3. Investments**

In accordance with the authoritative guidance on fair value measurements and disclosures under generally accepted accounting principles in the United States, the Partnership discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

|         |   |
|---------|---|
| Level 1 | Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Partnership has the ability to access at the measurement date;      |
| Level 2 | Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active; |
| Level 3 | Inputs that are unobservable.   |

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Because of the inherent uncertainty of these valuations, the estimated fair value may differ significantly from the value that would have been used had a ready market for this security existed, and the difference could be material.

*The attached financial statements of HV 2018 Global Investment L.P. form an integral part of the financial statements.*

## **Investment Valuations**

For investments in partnerships and other pooled investment vehicles, the General Partner encourages all managers to apply fair value principles in their financial reports that are consistent with U.S. generally accepted accounting principles and completes a good faith determination of such. Where possible, the Partnership values its investments at fair value using the net asset value (“NAV”) as a practical expedient. Investments for which fair value is measured using NAV per share as a practical expedient have not been categorized within the fair value hierarchy.

In reviewing the underlying financial statements and capital account balances, the General Partner considers compliance with authoritative guidance on fair value measurements, the currency in which the investment is denominated, and other information deemed appropriate. If the General Partner shall in good faith determine that a manager is not reporting fair value consistent with U.S. generally accepted accounting principles, the General Partner shall use best efforts to undertake its own valuation analysis using fair market value principles and adjust such value so it is in accordance with the authoritative guidance.

The General Partner’s valuation analysis uses one or more valuation techniques (e.g. the market approach or the income approach) for which sufficient and reliable data is available. The use of the market approach generally consists of using either the guideline company method or similar transaction method, while the income approach generally consists of the net present value of estimated future cash flows, discounted as appropriate for liquidity, credit, market and/or other risk factors. The inputs used by the General Partner in estimating the value primarily include specific company metrics (i.e. multiples of revenue, EBITDA, EBIT) for similar companies based on size, growth, comparability, etc. The inputs also include the original transaction price, recent transactions for similar instruments, completed or pending third-party transactions, subsequent rounds of financing, recapitalizations or other transactions, or changes in financial ratios or cash flows. As it relates to operating companies, the General Partner considers the financial condition and operating results of each issuer, the nature of each investment, the prices at which securities purchased in subsequent financing, if any, were issued and such other factors as the General Partner deems appropriate.

Inputs are used in applying the valuation techniques and broadly refer to the assumptions that the General Partner uses to make valuation decisions, including assumptions about risk. In valuing private investments, the General Partner shall apply the value that is most likely to be an exit price in an orderly arm’s length transaction between market participants as of the valuation date, using one of the acceptable valuation methods in accordance with generally accepted accounting principles. The valuation analysis shall consider applicable value drivers, facts and circumstances, and the Partnership’s subjective judgment. If appropriate, the General Partner may use discounts or premiums to adjust for lack of marketability, lack of control and/or illiquidity.

### Partnership Investments

Unless otherwise noted below, all Partnership Investments held by the Partnership are measured at fair value using the NAV as a practical expedient.

### Direct Investments

Direct Investments may include common and preferred equity securities, debt, warrants and other privately issued securities, as well as investments in operating companies.

Certain Direct Investments are measured at fair value using the NAV as a practical expedient. The remaining Direct Investments are measured at fair value, using the valuation analysis as described above, and are generally classified within Level 3.

### Marketable Securities

Securities traded in public exchanges (e.g. Marketable Securities) shall be valued at the closing price at the end of the valuation period and are classified within Level 1. If any security was not traded on such date, the latest closing price shall be used. Discounts shall be applied when a formal legal restriction exists on the securities. This restriction shall apply to transferability issues related to the security and not to the holder of the instrument.

Investments include partnership interests in private equity partnerships, all of which carry restrictions on redemption. The Partnership recognizes transfers at fair value at December 31, 2024. There were no transfers during the year ended December 31, 2024. For the year ended December 31, 2024, purchases of Level 3 investments were \$674,435.

The following table presents additional information about valuation methodologies and inputs used for investments that are measured at fair value and categorized within Level 3 as of December 31, 2024:

### Investment Transactions

Partnership Investments generally record income derived from such investments using the equity pick-up method. Under the equity pick-up method of accounting, the Partnership's proportionate share of the net investment income/(loss) and net realized gains/(losses), as reported by the underlying investments, is reflected in the Statement of Operations as net realized gains/(losses) on investments. The Partnership's proportionate share of the aggregate increase or decrease in unrealized appreciation/(depreciation), as reported by the underlying investments, is reflected in the Statement of Operations as net change in unrealized appreciation/(depreciation) on investments. An investment's cost basis, as reported in the Schedule of Investments, is increased by the Partnership's share of net earnings from the Partnership Investment and decreased by the Partnership's share of net loss from the Partnership Investment.

The Partnership received securities valued at \$1,764,122 during the year ended December 31, 2024 as distributions from its investments. Net realized gains/(losses) on investments includes realized gains/(losses) on marketable securities of (\$1,280,221) for the year ended December 31, 2024. Realized gains and losses on marketable securities are measured by the difference between proceeds from the sale and the cost basis of those securities. The cost basis is based on the distribution value assigned to the securities by the investment making the distribution. Net change in unrealized appreciation/(depreciation) on investments includes unrealized gains/(losses) on marketable securities of \$1,324,919 for the year ended December 31, 2024.

<sup>1</sup> Investments that are measured at fair value using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Balance Sheet.

*The attached financial statements of HV 2018 Global Investment L.P. form an integral part of the financial statements.*

Contributions to and distributions from Direct Investments (held through a partnership or other co-investment vehicle) are accounted for on a trade date basis. Distributions received from these investments are recorded as income, realized gain or return of capital on the trade date based on the character determined by the general partners of these investments. Distributions from these investments when identified as realized gain, dividend income, interest income, net of applicable withholding taxes, are recorded as such by the Partnership in the Statement of Operations. Returns of capital reduce these investments' cost.

Realized gains and losses on Direct Investments (not held through a partnership or other co-investment vehicle) are measured by the difference between the proceeds from the sale and the cost basis of the investment using the specific identification method.

#### 4. Management Fee

The General Partner, or its designee, has agreed to provide management services to the Partnership for which it receives a management fee based on capital commitments of the limited partners. In general, the General Partner, or its designee, bears all ordinary costs of administering the Partnership (other than the management fee), except for such expenses as organizational expenses, syndication costs, legal and accounting fees, costs of reporting to the limited partners, and other costs of evaluating, making, holding and selling investments and certain other costs and expenses. The General Partner has retained the Management Company to provide such services.

For the purposes of calculating management fee, the applicable percentage for each limited partner is determined by the aggregate combined capital commitments of such limited partner to the 2018 Global Investment Program ("Program"), which is comprised of HarbourVest 2018 Global Fund L.P. and HarbourVest 2018 Global AIF L.P. The applicable percentage is reduced for any limited partner that is or that has an affiliate that is a limited partner in one or more HIPEP VIII Investment Program, the HarbourVest Partners XI Program, Dover Street IX L.P., Dover IX AIF L.P., HarbourVest Partners Co-Investment Fund IV L.P., HarbourVest Partners Co-Investment Fund IV AIF, L.P., HarbourVest Partners Mezzanine Income Fund L.P., HarbourVest 2017 Global Fund L.P., HarbourVest HarbourVest 2017 Global Fund AIF L.P., HarbourVest Real Assets Fund III L.P., HarbourVest Canada Growth Fund L.P., HarbourVest Canada Parallel Growth Fund, L.P., or any related feeder fund ("Last Cycle Funds").

The management fee computed with respect to each Limited Partner's commitment is in accordance with the following schedules:

| Combined Commitment less than \$20M |                                   |  |  |   |
|-------------------------------------|-----------------------------------|--|--|---|
| Year                                | Last Cycle Commitments up to \$5M | Incremental Last Cycle Commitments above \$5M up to \$100M | Incremental Last Cycle Commitments above \$100M up to \$200M | Incremental Last Cycle Commitments above \$200M |
| 1/1/24 – 12/31/24                   | 1.0%                              | 0.94%  | 0.88%  | 0.82%   |

The management fee shall be reduced, but not below zero, by the amount of any director's compensation and any break-up, management, consulting, monitoring, transaction or other similar fees received by the General Partner or any partner of the General Partner from any investee entity. The management fee is also reduced for any syndication costs paid by the Partnership.

During the year ended December 31, 2024, management fee charged by the Management Company totaled \$5,327,340 offset by management fee reimbursements of \$26,518. Limited partner capital commitments at December 31, 2024 total \$611,859,000, and are subject to the tiered fee structure, calculated at an effective annual rate of 0.86%

## 5. Financial Highlights

Financial highlights for the year ended December 31, 2024 were as follows:

|  | Percent<br>(%) <sup>(1)</sup> |
|--|-------------------------------|
| <b><i>Internal rate of return to limited partners since inception:</i></b> |                               |
| Beginning of year  | 20.7                          |
| End of year  | 17.0                          |
| <b><i>Ratio to limited partners' average partners' equity:</i></b>         |                               |
| Net investment income/(loss)   | (1.5)                         |
| Operating expenses (excluding management fee offset)                       | 1.5                           |
| Management fee offset  | (0.0)                         |
| Carried interest allocation  | 0.2                           |
| Total expenses and carried interest  | 1.7                           |
| <b><i>Ratio to limited partners' committed capital:</i></b>                |                               |
| Operating expenses   | 1.6                           |

<sup>1</sup> Amounts shown as zero round to less than 0.05%.

The internal rate of return to limited partners is calculated net of carried interest and expenses taking into account the actual dates of the cash inflows (contributions), outflows (distributions), and the ending net asset value at the end of the period (residual value) of the limited partners' capital account as of the measurement date.

Net investment income/(loss) is the limited partners' share of investment income, net of operating expenses and does not include the proportionate share of net gain or loss from underlying investments (or the effects of carried interest). Operating expenses include the limited partners' share of partnership expenses and do not include expenses from underlying investments.

The carried interest allocation is the General Partner's share of net income or loss calculated in accordance with the partnership agreement.

The ratios are calculated based on the limited partners' capital taken as a whole. The computation of such ratios based on the amount of net investment income or loss, total expenses and incentive allocation assessed to an individual limited partners' capital may vary from these ratios based on the tiered management fee schedule.

As the Partnership's expenses are largely based on the limited partners' committed capital rather than their average capital, supplemental information has been provided in order to disclose the expense ratio as a percentage of the limited partners' committed capital.

## 6. Related-Party Transactions

Due from affiliates represents expenses of a related entity incurred in the ordinary course of business and other amounts which have been paid by and reimbursable to the Partnership at December 31, 2024.

Accounts payable to HarbourVest Partners L.P. represents expenses of the Partnership incurred in the ordinary course of business, which have been paid by and are reimbursable to the Management Company at December 31, 2024.

The financial statements include the Partnership's share of the accounts of HV 2018 Global Investment L.P. (the "Aggregating Partnership"), which is approximately 60.0%. The Aggregating Partnership is a Cayman Islands limited partnership formed to hold the secondary partnership investments of the Partnership. The General Partner of the Aggregating Partnership is also the General Partner of the Partnership.

The General Partner of the Partnership is also the General Partner of HarbourVest 2018 Global Feeder Fund L.P., a limited partner which has a \$538,359,000 capital commitment to the Partnership.

Certain partners of the Management Company may serve as members of the advisory committees of certain investee entities and may be the partners of the General Partner.

## 7. Investment Commitments

As of December 31, 2024, the Partnership has an unfunded investment commitment to Aggregating Partnership of \$34,646,025, which is payable upon 10 days' notice by the General Partner of the Aggregating Partnership.

As of December 31, 2024, the Partnership has unfunded investment commitments to other partnerships of \$40,751,997 which are payable upon notice by the partnerships to which the commitments have been made.

As an investment company, the Partnership is required to disclose financial support provided or contractually required to be provided to its portfolio companies. The Partnership may provide financial support to portfolio companies in accordance with its investment objectives. This financial support may be provided pursuant to contractual agreements or at the discretion of the General Partner. As of December 31, 2024, the Partnership has Direct Investment unfunded commitments of \$2,887,104 which are payable upon notice by the companies to which the commitments have been made. The Partnership is not subject to additional contractual agreements under which they would be required to provide further financial support to Direct Investments in the form of capital commitments or guarantees.

## 8. Notes Payable

The Partnership has entered into a \$342,979,000 multicurrency revolving credit agreement (the "Facility") with a bank, with a maturity date of May 28, 2025. The credit agreement is shared amongst HarbourVest 2018 Global Fund L.P., HarbourVest 2018 Global AIF L.P., several affiliated funds (each a "Borrower") and the Aggregating Partnership. Under the Facility, the same terms and conditions apply to all Borrowers, and each Borrower is severally liable for its obligations under its established sublimit. There is no cross-collateralization or crossdefault between borrowers. The Facility is collateralized by the uncalled capital commitments of the Borrowers and is subject to certain covenants and mandatory prepayment provisions.

At December 31, 2024, the combined borrower sublimit commitment assigned to the Partnership was \$85,900,000, of which \$43,500,000 was outstanding by the Partnership, which approximates fair value. The interest rate on outstanding debt at December 31, 2024 is 7.0%.

During the year ended December 31, 2024, the Partnership incurred interest expense of \$3,681,393 and commitment fees of \$58,167. At December 31, 2024, \$261,615 of amortized costs are included in interest and debt financing expenses on the Statement of Operations.

*The attached financial statements of HV 2018 Global Investment L.P. form an integral part of the financial statements.*

## **9. General Indemnifications**

### General Indemnifications

In the normal course of business, the Partnership may enter into contracts that contain a variety of representations and warranties and which provide for general indemnifications. The Partnership's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Partnership that have not yet occurred. Based on the prior experience of the General Partner, the Partnership expects the risk of loss under these indemnifications to be remote.

### General Partner Indemnifications

Consistent with standard business practices in the normal course of business, the Partnership has provided general indemnifications to the General Partner, any affiliate of the General Partner and any person acting on behalf of the General Partner or such affiliate when they act in good faith, in the best interest of the Partnership. The Partnership is unable to develop an estimate of the maximum potential amount of future payments that could potentially result from any hypothetical future claim but expects the risk of having to make any payments under these general business indemnifications to be remote.

## **10. Subsequent Events**

In the preparation of the financial statements, the General Partner has evaluated the effects, if any, of events occurring after December 31, 2024 through the date of the report of the independent auditors, which is the date that the financial statements were available to be issued. There were no events or material transactions subsequent to December 31, 2024 that required recognition or disclosure in the financial statements.

## **Report of Independent Auditors**

To the General Partner of HV 2018 Global Investment L.P.

### **Opinion**

We have audited the financial statements of HV 2018 Global Investment L.P. (the “Partnership”), which comprise the balance sheet, including the condensed schedule of investments, as of December 31, 2024, and the related statements of operations, changes in partners’ equity and cash flows for the year then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Partnership at December 31, 2024, and the results of its operations, changes in its partners’ equity and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Partnership and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

### **Auditor’s Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Shape the future  
with confidence**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## 1. Partnership

HV 2018 Global Investment L.P. (the "Partnership") was legally formed on October 31, 2018 as a limited partnership under Cayman law and began admitting limited partners on December 31, 2018. The purpose of the Partnership is to make and hold secondary partnership investments on behalf of HarbourVest 2018 Global Fund L.P. and HarbourVest 2018 Global AIF L.P. The Partnership commenced operations on December 22, 2018 at which time HarbourVest 2018 Global Fund L.P. and HarbourVest 2018 Global AIF L.P. made a contribution in-kind of secondary partnership investments in the amount of \$27,629,986. The Partnership made its first capital call for an investment on December 22, 2018.

At December 31, 2024, limited partners had committed \$344,638,748 in capital, of which 83.2% or \$286,861,737 has been called. The remaining unfunded capital commitments of \$57,777,011 are due when requested by HarbourVest 2018 Global Associates L.P. (the "General Partner") in proportion to their sharing percentages. No limited partner shall be required to make capital contributions in excess of 50% of the aggregate commitments to such limited partner.

The sharing percentages of each of the limited partners was rebalanced on December 31, 2018 following the final closing on December 21, 2018.

Net profits and losses are allocated to the partners in accordance with their respective sharing percentages, as defined in the partnership agreement. The General Partner has no economic interest in the Partnership.

No limited partner may assign or otherwise transfer all or any part of their interest in the Partnership.

The Partnership has no scheduled termination date. The election to dissolve the Partnership may be made by partners holding sharing percentages equal to at least 60% of the total sharing percentages of all partners or at any time there are no partners of the Partnership.

## 2. Significant Accounting Policies

### Method of Accounting

The financial statements are prepared in conformity with U.S. generally accepted accounting principles. The Partnership is an investment company following the accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946 "Financial Services – Investment Companies".

### Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the General Partner to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### Cash and Cash Equivalents

Cash and cash equivalents may consist of deposits held at a bank or an investment in a money market fund to which the Partnership is exposed to credit concentration risk. The Partnership considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The carrying amount included in the Balance Sheet for cash and cash equivalents approximates their fair value. The amounts on deposit may exceed the federal deposit insurance limits.

As of December 31, 2024, the Partnership held the following cash and cash equivalents:

|  |                  |
|--|------------------|
| <i>All amounts in U.S. Dollars</i>     |                  |
| Deposits                               | 2,331,009        |
| Money Market Funds                     | 2,709,028        |
| <b>Total cash and cash equivalents</b> | <b>5,040,037</b> |

Investments in money market funds are recorded at net asset value per share and are classified as Level 1 assets.

#### **Accounts Receivable**

Accounts receivable includes amounts due from the limited partners for taxes withheld and remitted and estimated withholding tax payments made on their behalf.

#### **Foreign Currency Transactions**

Foreign currency transactions, if any, are translated into U.S. Dollars at the exchange rate in effect at the transaction dates. Foreign currency balances are translated at the rates in effect at December 31, 2024. The Partnership does not isolate that portion of net income or loss resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair value of investments. Such fluctuations are included in the Statement of Operations in net realized gains/(losses) and unrealized appreciation/(depreciation) on investments. Foreign currency gains and losses on cash and other receivables and payables, if any, are included in net realized gains/(losses) and unrealized appreciation/(depreciation) on foreign currency transactions on the Statement of Operations.

#### **Revenue Recognition**

Dividend and interest income, if any, is recorded on the accrual basis of accounting. Dividend income, if any, is recorded on the ex-dividend date. Interest and dividend income are presented net of withholding tax, if any.

#### **Expenses**

Expenses are recorded on an accrual basis as incurred. The Partnership allocates expenses to the limited partners in accordance with their respective sharing percentages. Expenses paid directly by the Partnership may include tax expense, professional fees, and other out-of-pocket expenses and are included in the Statement of Operations.

#### **Income Taxes**

The Partnership has been granted a tax exemption by the Cayman Islands Government under the provisions of the Exempted Limited Partnership Law. The Partnership has elected to be treated as a Partnership for U.S. tax purposes. As such, the Partnership will be liable for U.S. taxes to the extent the underlying investments generate certain types of U.S. source income.

The Partnership accounts for income taxes under the provisions of ASC 740, "Income Taxes". This standard establishes consistent thresholds as it relates to accounting for income taxes. It defines the threshold for recognizing the benefits of tax-return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority and requires measurement of a tax position meeting the more-likely-than-not criterion, based on the largest benefit that is more than fifty percent likely to be realized. The Partnership may be subject to potential examination by certain taxing authorities in various jurisdictions. Any potential tax liability is also subject to ongoing interpretation of laws by taxing authorities. The tax years under potential examination vary by jurisdiction. The General Partner has analyzed the Partnership's inventory of tax positions taken with respect to all applicable income tax issues for all open tax years (in each respective jurisdiction), and has concluded that no provision for income tax is required in the Partnership's financial statements. Each partner individually may be required to report on its own tax return its pro rata share of the Partnership's taxable income or loss.

The Partnership may be subject to taxes imposed by countries in which it invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Partnership invests. To the extent taxes are attributable to certain partners, the amounts are withheld from those partners' distributions and the withholdings are accounted for as deemed non-cash distributions to such partners. To the extent taxes are borne by the Partnership, the amounts are accrued and applied to net investment income, net realized gains and net unrealized appreciation as such income and/or gains are earned, and the Partnership records an estimated deferred tax liability in an amount that would be payable if the securities were disposed of on the valuation date. As of December 31, 2024, there were no deferred tax liabilities at the Partnership level.

### **Market and Other Risk Factors**

The Partnership's investments are subject to various risk factors including market, credit, interest rate and currency risk. Investments may be concentrated in certain regions, or industries, as detailed in the Condensed Schedule of Investments. The Partnership's investments are inherently more sensitive to declines in revenues and to increases in expenses that may occur due to general downward swings in the world economy or other risk factors including increasingly intense competition, rapid changes in technology, changes in federal, state and foreign regulations, and limited capital investments. Since the Partnership's investments generally will involve a high degree of risk, poor performance by a few of the investments could adversely affect the total return to the limited partners.

### **3. Investments**

In accordance with the authoritative guidance on fair value measurements and disclosures under generally accepted accounting principles in the United States, the Partnership discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

|         |   |
|---------|---|
| Level 1 | Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Partnership has the ability to access at the measurement date;      |
| Level 2 | Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active; |
| Level 3 | Inputs that are unobservable.   |

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Because of the inherent uncertainty of these valuations, the estimated fair value may differ significantly from the value that would have been used had a ready market for this security existed, and the difference could be material.

### **Investment Valuations**

For investments in partnerships and other pooled investment vehicles, the General Partner encourages all managers to apply fair value principles in their financial reports that are consistent with U.S. generally accepted accounting principles and completes a good faith determination of such. Where possible, the Partnership values its investments at fair value using the net asset value ("NAV") as a practical expedient. Investments for which fair value is measured using NAV per share as a practical expedient have not been categorized within the fair value hierarchy.

#### Partnership Investments

Unless otherwise noted below, all Partnership Investments held by the Partnership are measured at fair value using the NAV as a practical expedient.

The following table summarizes the levels used in valuing the Partnership's investments as of December 31, 2024.

| <i>All amounts in U.S. Dollars</i> | <b>Level 1</b> | <b>Level 2</b> | <b>Level 3</b> | <i>Measured<br/>using NAV as<br/>a practical<br/>expedient<sup>1</sup></i> | <b>Total</b> |
|------------------------------------|----------------|----------------|----------------|--|--------------|
| Partnership Investments            | -              | -              | -              | 361,828,676  | 361,828,676  |
| Total Investments                  | -              | -              | -              | 361,828,676  | 361,828,676  |

Investments include partnership interests in private equity partnerships, all of which carry restrictions on redemption. The Partnership recognizes transfers at fair value at December 31, 2024. There were no transfers during the year ended December 31, 2024.

### Investment Transactions

Partnership Investments generally record income derived from such investments using the equity pick-up method. Under the equity pick-up method of accounting, the Partnership's proportionate share of the net investment income/(loss) and net realized gains/(losses), as reported by the underlying investments, is reflected in the Statement of Operations as net realized gains/(losses) on investments. The Partnership's proportionate share of the aggregate increase or decrease in unrealized appreciation/(depreciation), as reported by the underlying investments, is reflected in the Statement of Operations as net change in unrealized appreciation/(depreciation) on investments. An investment's cost basis, as reported in the Condensed Schedule of Investments, is increased by the Partnership's share of net earnings from the Partnership Investment and decreased by the Partnership's share of net loss from the Partnership Investment.

The Partnership received securities valued at \$3,103,192 during the year ended December 31, 2024 as distributions from its investments. Net realized gains/(losses) on investments includes realized gains/(losses) on marketable securities of (\$53,409) for the year ended December 31, 2024. Realized gains and losses on marketable securities are measured by the difference between proceeds from the sale and the cost basis of those securities. The cost basis is based on the distribution value assigned to the securities by the investment making the distribution.

### Guarantees

The Partnership has entered into performance guaranty agreements (the "Guaranty") with lenders to certain affiliated underlying investment partnerships (the "Investment Partnerships"). The credit agreements of the Investment Partnerships contain certain terms related to performance, event of default and remedy, and require maximum loan to value ratios of between 40% to 50% and the borrowings are secured by the partners' equity interest in Investment Partnerships. In the event of foreclosure, as defined in the credit agreements of the Investment Partnership, the Partnership would be obligated under the terms of the Guaranty to use commercially reasonable efforts to assist the lenders to transfer ownership or sell the equity interests in the Investment Partnerships. At December 31, 2024, there have been no events of default under the Investment Partnership credit agreements. HarbourVest Partners L.P. (the "Management Company") believes the risk of loss under the Guaranty is remote and the maximum guaranty exposure of the Partnership is \$5,440,422.

<sup>1</sup> Investments that are measured at fair value using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Balance Sheet.

#### 4. Financial Highlights

Financial highlights for the year ended December 31, 2024 were as follows:

|  | Percent<br>(%) |
|--|----------------|
| <b><i>Internal rate of return to limited partners since inception:</i></b> |                |
| Beginning of year  | 24.2           |
| End of year  | 21.0           |
| <b><i>Ratio to limited partners' average partners' equity:</i></b>         |                |
| Net investment income/(loss)   | (0.4)          |
| Operating expenses   | 0.6            |
| Total expenses   | 0.6            |
| <b><i>Ratio to limited partners' committed capital:</i></b>                |                |
| Operating expenses   | 0.6            |

The internal rate of return to limited partners is calculated net of carried interest and expenses taking into account the actual dates of the cash inflows (contributions), outflows (distributions), and the ending net asset value at the end of the period (residual value) of the limited partners' capital account as of the measurement date.

Net investment income/(loss) is the limited partners' share of investment income, net of operating expenses and does not include the proportionate share of net gain or loss from underlying investments (or the effects of carried interest). Operating expenses include the limited partners' share of partnership expenses and do not include expenses from underlying investments.

As the Partnership's expenses are largely based on the limited partners' committed capital rather than their average capital, supplemental information has been provided in order to disclose the expense ratio as a percentage of the limited partners' committed capital.

#### 5. Related-Party Transactions

Accounts payable to HarbourVest Partners L.P. represents expenses of the Partnership incurred in the ordinary course of business, which have been paid by and are reimbursable to the Management Company at December 31, 2024.

Certain partners of the Management Company may serve as members of the advisory committees of certain investee entities and may be the partners of the General Partner.

#### 6. Investment Commitments

As of December 31, 2024, the Partnership has unfunded investment commitments to other partnerships of \$26,170,278 which are payable upon notice by the partnerships to which the commitments have been made.

## 7. Notes Payable

The Partnership has entered into a \$342,979,000 multicurrency revolving credit agreement (the “Facility”) with a bank, with a maturity date of May 28, 2025. The credit agreement is shared amongst HarbourVest 2018 Global Fund L.P., HarbourVest 2018 Global AIF L.P., several affiliated funds (each a “Borrower”) and the Partnership. Under the Facility, the same terms and conditions apply to all Borrowers, and each Borrower is severally liable for its obligations under its established sublimit. There is no cross-collateralization or cross default between borrowers. The Facility is collateralized by the uncalled capital commitments of the Borrowers and is subject to certain covenants and mandatory prepayment provisions.

On December 21, 2018, the Partnership became a qualified borrower to obtain credit on behalf of HarbourVest 2018 Global Fund L.P. and HarbourVest 2018 Global AIF L.P., for certain secondary partnership investments. The debt of the Partnership is guaranteed by HarbourVest 2018 Global Fund L.P. and HarbourVest 2018 Global AIF L.P. based on current borrowing levels as allocated at the time of investment.

During the year ended December 31, 2024, the Partnership had an outstanding debt balance of \$23,756,104, which approximates fair value. \$1,505,269 of the outstanding balance was denominated in U.S. dollars, \$17,809,105 was denominated in Euros and \$4,441,730 was denominated in Great British pounds. The interest rate on outstanding debt at December 31, 2024 is 7.23%.

## 8. General Indemnifications

### General Indemnifications

In the normal course of business, the Partnership may enter into contracts that contain a variety of representations and warranties and which provide for general indemnifications. The Partnership’s maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Partnership that have not yet occurred. Based on the prior experience of the General Partner, the Partnership expects the risk of loss under these indemnifications to be remote.

### General Partner Indemnifications

Consistent with standard business practices in the normal course of business, the Partnership has provided general indemnifications to the General Partner, any affiliate of the General Partner and any person acting on behalf of the General Partner or such affiliate when they act in good faith, in the best interest of the Partnership. The Partnership is unable to develop an estimate of the maximum potential amount of future payments that could potentially result from any hypothetical future claim but expects the risk of having to make any payments under these general business indemnifications to be remote.

## 9. Subsequent Events

In the preparation of the financial statements, the General Partner has evaluated the effects, if any, of events occurring after December 31, 2024 through the date of the report of the independent auditors, which is the date that the financial statements were available to be issued. There were no events or material transactions subsequent to December 31, 2024 that required recognition or disclosure in the financial statements.
