Independent Auditor's Report

To the Plan Administrator of The Standex Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Standex Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of The Standex Retirement Savings Plan (the "Plan") is presented for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - 401(k) Component

The Plan is a defined contribution pension plan sponsored by the Standex International Corporation (the "Company") covering substantially all salaried employees of U.S. divisions and subsidiaries of the Company who meet eligibility requirements. Employees covered by the Plan become eligible to make elective contributions immediately upon completion of one hour of service regardless of attained age. Employees become immediately eligible (with the exception of Standex Engraving, LLC employees, who must complete six months of service) to participate in any Company contributions, with the exception of any profit-sharing contributions. Employees become eligible to participate in any profit-sharing contributions upon completion of one year of service with at least 1,000 hours worked if they are actively employed on the last day of the plan year. The Administrative Committee for All Retirement Plans controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General – Employee Stock Ownership Plan ("ESOP") Component

The ESOP is a noncontributory, employee stock ownership plan for the purpose of providing benefits for employees who qualify for participation. The Administrative Committee for All Retirement Plans controls and manages the operation and administration of the ESOP. Fidelity Management Trust Company serves as the trustee of the ESOP. The Company determines the amount of contributions, if any. The ESOP is subject to the provisions of ERISA.

Contributions - 401(k) Component

Participants may contribute up to 100% of annual compensation (as defined by the Plan) on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Each newly hired employee shall be automatically enrolled in the Plan. Pre-tax contributions of 5% of compensation will begin with the first pay period upon meeting eligibility requirements. The participant may elect to cease or change the amount of these contributions at any time. Participants who are at least age 50 may make an additional pre-tax "catch-up" contribution subject to IRC limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The Company shall make safe harbor matching contributions in an amount equal to participant contributions up to 100% of the first 3% of compensation contributed by the participant and 50% of the next 2% of compensation, for a maximum match of 4% of compensation. The Company shall also make a special retirement contribution to each participant who is employed at a location which was previously eligible to participate in the Standex Retirement Plan, a qualified defined benefit plan sponsored by the Company. Special retirement contributions shall be equal to 1% of such participant's compensation. The Company shall also make an age-based contribution on behalf of any employee who on December 31, 2007 had attained at least age 40 and was actively employed at a location that was eligible to participate in the Standex Retirement Plan. Age-based contributions are determined based upon the following schedule:

<u>Age on December 31, 2007</u>	<u>Contribution as a Percentage of Compensation</u>
40 to 44	1 %
45 to 49	3 %
50 to 54	6 %
55 and older	7 %

The Company may also elect to make discretionary profit-sharing contributions. No employer discretionary profit-sharing contributions were made during 2024.

Contributions from Company - ESOP Component

In a year in which a contribution is made, the Company's contribution to the ESOP component is allocated to each eligible employee's account based on the proportion that each eligible employee's salary bears to the total salaries of all eligible employees. No ESOP contributions were made during 2024.

Participant Accounts

Each participant's account is credited or charged with contributions, withdrawals, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' 401(k) accounts based on each participant's account balance within each fund. Allocation of plan earnings for the ESOP component is based on the participant's account balance in proportion to the total of all participants' account balances. The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account.

Vesting - 401(k) Component

Participants are immediately vested in their elective deferral contributions and in all Company contributions plus any earnings thereon. Certain Company contribution accounts transferred into the Plan as a result of the predecessor plans being merged into the plan vest according to different schedules, as defined in the Plan document.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting - ESOP Component

Prior to January 1, 2012, benefits vest to participants over a period of six qualifying years: 20% at the end of two qualifying years and 20% at the end of each qualifying subsequent year. Effective January 1, 2012, participants are fully vested in the value of their account attributable to Employer Stock Contributions.

Investment Options - 401(k) Component

Upon enrollment in the Plan, participants may direct their contributions in 1% increments in any of the investment options. Company contributions are allocated based upon the participants' investment elections. Participants may change their investment options or transfer assets between fund options on any business day.

Investment Options - ESOP Component

The Standex International Corporation Common Stock Fund is a non-participant-directed investment option. Generally, the only investment option available in the fund is the common stock of Standex International Corporation. Participants who are 55 years or older and have 10 years of eligible service are able to diversify up to 50% of their ESOP account balances in any of the investment options offered in the 401(k) component. These are reflected as transfers between the ESOP and 401(k) on the statement of changes. Participants who are 60 years or older may diversify up to 100% of their ESOP account balances in any of the investment options, regardless of their years of service. Participants are given a choice to either reinvest their dividends into the Standex International Corporation Common Stock Fund or to take the dividends as cash. Cash dividends are reported on Form 1099-DIV and are taxable as dividend income to the participant who makes this election.

Notes Receivable from Participants - 401(k) Component

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear an interest rate of prime plus 1%. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. Principal and interest is generally paid ratably through payroll deductions each pay period. Loans are not available from the employer money purchase contribution account of those participants formerly of the Standex Engraving, LLC Money Purchase Plan and Trust.

Payment of Benefits

Plan benefits may be distributed to participants following retirement or termination of employment with the Company. Participants may also request a withdrawal of all or any portion of their rollover contributions at any time. Distributions under the Plan may be made in lump sums.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A participant may also request a withdrawal, subject to limitations, upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Former participants of the Standex Engraving, LLC Money Purchase Plan and Trust's employer money purchase contribution accounts will be distributed in the form of an annuity unless otherwise elected. Such contributions are not eligible for in-service withdrawals.

Forfeitures – 401(k) Component

When certain terminations of participation in the Plan occur for these participants, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of company contributions are used to pay expenses, to reduce future company contributions, or may be allocated to participants. During 2024, \$1,081 forfeitures were used to reduce company contributions and no forfeitures were used to pay expenses. Unapplied 401(k) forfeitures were \$19,028 and \$18,650 at December 31, 2024 and 2023, respectively.

Forfeitures – ESOP Component

Forfeitures are allocated by the plan administrator to participants in the same manner as contributions from the Company. Total unallocated ESOP forfeitures for the year ended December 31, 2024 and 2023 were \$3,925 and \$3,297, respectively. During 2024, no forfeitures were used to reduce company contributions.

Unallocated Account

Fidelity Management Trust Company reimburses the Plan for fees and expenses associated with services provide to the Plan or to pay vendors directly. The annual reimbursement amount for the Plan is \$5,600 paid in quarterly installments, which is included in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits. During 2024, \$2,525 of unallocated funds were used to pay plan expenses. At December 31, 2024 and 2023, the balance in the unallocated account was \$6,923 and \$3,625, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefits

Benefit payments to participants are recorded when paid.

Contributions

Contributions from plan participants and company contributions are recorded in the year in which the participant contributions are withheld from compensation.

Expenses

The majority of the Plan's expenses are paid by the Company, unless elected separately by each division and subsidiary. Expenses that are paid by the Company are excluded from these financial statements. Certain participant transaction fees and fees paid by the forfeiture account or unallocated account are paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Contain mutual funds.

- (1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the common collective trusts held by the Plan a twelve months' notice is required for a complete liquidation, however the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

D. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party in interest transactions.

The Plan invests in Standex International Corporation Company Stock. During the year ended December 31, 2024, the Plan purchased shares in the amount of \$35,369, sold shares in the amount of \$241,897 and had net appreciation (depreciation) in fair value in the amount \$836,212. Of the shares purchased, \$35,369 were reinvested dividends, and of the shares sold, \$240,622 was distributed to participants \$210 were administrative expenses with the remaining funds being transferred by participants into various participant directed investment options. The total value of the Plan's interest in the Company Common Stock was \$5,373,158 and \$4,764,387 at December 31, 2024 and 2023, respectively. The total number of shares held by the Plan was 28,735 and 30,082 at December 31, 2024 and 2023, respectively.

E. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated March 6, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

H. TRANSFERS BETWEEN AFFILIATED PLANS:

Transfers to and from affiliated plans are primarily a result of changes in participants' job classification. During 2024, \$3,191 was transferred to the Plan from The Hourly 401(k) Savings Plan (the "Hourly Plan") and \$46,532 was transferred out to the Hourly Plan. Net transfers in amounted to \$43,341 during 2024.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through September 18, 2025, the date these financial statements were available for issuance.
