## **INDEPENDENT AUDITOR'S REPORT**

To the Trustees of Water Saver Faucet Co.  
Union Employees' Pension Plan & Trust

### **Opinion**

We have audited the accompanying financial statements of Water Saver Faucet Co. Union Employees' Pension Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2024 and June 30, 2024, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the six months and year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and accumulated plan benefits of Water Saver Faucet Co. Union Employees' Pension Plan & Trust as of December 31, 2024 and June 30, 2024, and the changes in its net assets available for benefits and changes in its accumulated plan benefits for the six months and year then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Water Saver Faucet Co. Union Employees' Pension Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Water Saver Faucet Co. Union Employees' Pension Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## **Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Water Saver Faucet Co. Union Employees' Pension Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Water Saver Faucet Co. Union Employees' Pension Plan & Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

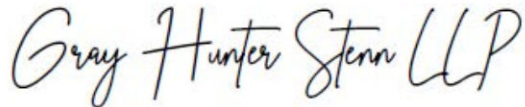

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on page 15 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

**Supplemental Schedule Required by ERISA (continued)**

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**WATER SAVER FAUCET CO.  
UNION EMPLOYEES' PENSION PLAN & TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1: Description of the plan:**

The following brief description of the Water Saver Faucet Co. Union Employees' Pension Plan & Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General -**

The Plan is a noncontributory defined benefit pension plan covering Water Saver Faucet Company and Guardian Equipment, Inc. employees who are members of Warehouse, Mail Order, Office Technical & Professional Employees Union Local 743 International Brotherhood of Teamsters. It is subject to the provisions of the Employee Retirement Security Income Act of 1974 (ERISA).

**Benefits -**

The amount of normal retirement benefit for any participant, payable to the participant as of the normal retirement date, is a monthly benefit equal to \$12.50 multiplied by years of service earned by June 17, 2006, added to \$15.00 multiplied by years of service earned after June 17, 2006 but prior to June 18, 2010, added to \$17.50 multiplied by years of service earned after June 17, 2010 but prior to June 18, 2014, added to \$20.00 multiplied by years of service earned after June 17, 2014. The maximum number of years of service to be taken into account is twenty.

The normal retirement benefit for any participant shall be a monthly income commencing on his normal retirement date and payable for life. Early retirement and disability retirement provisions provide for payment of the actuarial equivalent of the vested accrued benefit. Death and disability benefit provisions provide for the payment of the present value of the vested accrued benefit. The lump sum amount that can be paid to participants without their consent is a maximum of \$7,000.

Participants are 100% vested after completing 5 years of continuous service.

**WATER SAVER FAUCET CO.  
UNION EMPLOYEES' PENSION PLAN & TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 2: Summary of significant accounting policies:**

**Basis of accounting -**

The accompanying financial statements are prepared on the accrual basis of accounting.

**Investment valuation and income recognition -**

The basis of investments held by the Plan is adjusted annually to the closing market value and unrealized gains and losses are recorded as part of the adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

**Use of estimates -**

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Actuarial present value of accumulated plan benefits -**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of benefit service, not to exceed 20 years. The accumulated plan benefits for active employees are based on their years of credited service ending on the date as of which the benefit information is presented (valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

**WATER SAVER FAUCET CO.  
UNION EMPLOYEES' PENSION PLAN & TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 2: Summary of significant accounting policies (continued):**

**Actuarial present value of accumulated plan benefits (continued) -**

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2024 and June 30, 2024 were:

	12/31/2024	6/30/2024
Assumed rate of return	6.00%	6.00%
Mortality basis	IRC 430 Static Mortality Table 2025 Non-Annuitant (Pre-Retirement) and 2025 Annuitant (Post-Retirement)	IRC 430 Static Mortality Table 2024 Non-Annuitant (Pre-Retirement) and 2024 Annuitant (Post-Retirement)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

**Payment of benefits -**

Benefit payments to participants are recorded upon distribution.

**Expenses -**

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

**WATER SAVER FAUCET CO.  
UNION EMPLOYEES' PENSION PLAN & TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 3: Fair value measurements:**

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable or substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
<u>December 31, 2024</u>				
Money market and mutual funds	\$ <u>1,504,352</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>1,504,352</u>
<u>June 30, 2024</u>				
Money market and mutual funds	\$ <u>1,458,750</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>1,458,750</u>

The money market and mutual fund investments are valued at unadjusted quoted prices in an active market and are therefore classified as Level 1. There have been no changes in methodologies used to determine fair value at December 31, 2024.

**WATER SAVER FAUCET CO.  
UNION EMPLOYEES' PENSION PLAN & TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 4: Funding policy:**

The Company's funding policy is to make contributions sufficient to finance the benefits provided by this Plan. The Company contributions are made on the condition that, under the Internal Revenue Code, they are deductible from the Company's taxable income. If any portion of the contribution is not deductible for the year for which it was made, the nondeductible portion shall be returned to the Company. The Company contributions for the years ended December 31, 2024 and June 30, 2024, met or exceeded the minimum funding requirements of ERISA.

**NOTE 5: Plan termination:**

The Company intends to continue the Plan indefinitely; however, it does have the right to terminate it, discontinue it, or amend it from time to time. If the Plan terminates, or there is a permanent discontinuance of contributions, all participants' accounts will become fully vested and will be payable as determined by the plan administrator. Benefits under this Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally the PBGC guarantees most vested benefits. However, the PBGC does not guarantee all types of benefits and the amount of benefit protection is subject to certain limitations.

**NOTE 6: Income tax status:**

The Internal Revenue Service has determined and informed the Plan by a letter dated February 28, 2023, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has determined that the Plan does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Plan tax returns will not be challenged by the taxing authorities and that the Plan will not be subject to additional tax, penalties, and interest as a result of such challenge. Generally, the Plan tax returns remain open for three years for federal and state income tax examination.

**WATER SAVER FAUCET CO.  
UNION EMPLOYEES' PENSION PLAN & TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 7: Related party transactions:**

Certain administrative services, principally the maintenance of the Plan's accounting records and the payment of plan benefits, are performed by Water Saver Faucet Co. at no charge to the Plan. The transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

**NOTE 8: Concentration of risk:**

The Plan's cash and cash equivalents occasionally exceed the federally insured limit.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates in the near term would be material to the financial statements.

**NOTE 9: Fiscal year change:**

On December 21, 2024, the Plan was amended to change its fiscal year end to December 31 from its previous fiscal year end of June 30. The amendment was effective July 1, 2024. A six-month fiscal transition period from July 1, 2024 through December 31, 2024, precedes the start of the new calendar-year cycle.

**NOTE 10: Subsequent events:**

Subsequent events have been evaluated through September 15, 2025, which is the date the financial statements were available to be issued.

**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
