Independent Auditors' Report

To the Administrative Committee of
United Beverages of North Carolina, LLC 401(k) Plan
Hickory, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of United Beverages of North Carolina, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of United Beverages of North Carolina, LLC 401(k) Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Beverages of North Carolina, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Beverages of North Carolina, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Beverages of North Carolina, LLC 401(k) Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Beverages of North Carolina, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i-Schedule of Assets (Held at End of Year), as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNITED BEVERAGES OF NORTH CAROLINA, LLC 401(K) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the United Beverages of North Carolina (the “Company”), LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is made available to all eligible employees, of United Beverages of North Carolina, LLC (the Company) and who have one year of service (1,000 or more hours of service). The employee’s entry date will be the first day of the quarter after the eligibility requirements are satisfied.

Contributions

Employees who meet the eligibility requirements are automatically enrolled in the Plan at a pre-tax deferral rate of 4% of compensation. Plan participants may opt out of participation or change the elective deferral % on the first day of each Plan year month. Each year, participants may contribute pre-tax deferrals (contributions) or post tax (Roth deferrals) up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code section 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Plan participants received safe harbor employer matching contributions of 100% of the participant’s elective deferrals that do not exceed 4% of the participant’s compensation as defined by the Plan. Additional discretionary profit sharing amounts may be contributed at the option of the Company’s board of directors. There were no discretionary profit sharing contributions for the years ended December 31, 2024 and 2023. Contributions are subject to certain IRS limitations.

Participant’s Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s safe harbor matching contribution, and allocations of any discretionary profit sharing contributions and Plan earnings, and charged with the participant’s distribution/loan fees and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Participant may direct contributions to selected investments as made available and determined by the Company. The limited partnership and silver investments are no longer offered as part of the Plan’s investment offering and these investments are only held by a few participants who elected the investments when previously offered. Participants may change their investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant’s vested account balance. All loans will be drawn against the participant’s account among the respective investment options as directed, and are secured by assets within the participant’s accounts. Loan terms typically range from one to five years. Loans for more than five years are only allowed for the purchase of a primary residence. Interest is charged to participants at the prime rate plus 1%. Principal and interest on outstanding notes are repaid through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payments of Benefits

Upon retirement, disability, death, or termination of service, a participant is eligible to receive a lump-sum amount equal to the value of the vested interest in his or her account. In-service distributions are permitted by the Plan to participants who attained age 59 ½ at a minimum of \$1,000. In-service distributions can only be made from accounts which are 100% vested.

Forfeited Accounts

Forfeitures are created when participants terminate participation in the plan before becoming fully vested in the company's contribution under the Plan. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no benefit payments requested and not yet disbursed.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants on the accrual basis. If a participant ceases to make note repayments and the plan administrator deems the note receivable to be in default, the note receivable is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Related fees are recorded as administrative expenses and are recorded when incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Revenue

The agreement between the Fidelity Personal Trust Company (Fidelity), the Custodian, and the Plan include a revenue sharing arrangement whereby the Fidelity shares revenue generated by the Plan that was paid from mutual fund holdings. This revenue that is recaptured is accounted for in other revenue in the statements of changes in net assets available for benefits. The recaptured revenue can be used to pay Plan expenses. Income from revenue sharing for the years ended December 31, 2024 and 2023 totaled \$0 and \$3,412, respectively.

Administrative Expenses

As provided by the Plan Agreement, fees related to the administration of notes receivables from participants and processing distributions are charged directly to the participant's account and included in administrative expenses. Non-investment costs and certain administrative expenses of the Plan are paid by the Company and these expenses are not reflected in the accompanying financial statements. Short-term trading fees are paid by the Plan and all other investment expenses are offset against the related investment income. Net fees paid from the Plan's net assets totaled \$60,362, and \$58,530 for the years ended December 31, 2024 and 2023, respectively.

NOTE 3 – COMMON TRUST FUND – STABLE VALUE FUND

The Reliance Trust Company Stable Value Fund is a collective or common investment trust fund of MetLife Series 25157 (the "Stable Value Fund") with investment in contracts at fair value of the underlying investments and wrappers at fair value, and adjusted by the issuer. The funds underlying investments are certain MetLife group annuity contracts. Units of the Stable Value fund are valued each day on which the NASDAQ and the NAV per unit is calculated at the close of daily trading. The group annuity contracts guarantee a specified interest rate and a portfolio of financial instruments owned by MetLife. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the NAV. The NAV represents contributions made to the fund, plus earnings, less participant withdrawals. The risk of the collective investment trust and its net realizable value is dependent upon the financial stability of the issuing entity and its ability to fulfill the terms of the contracts. At December 31, 2024 and 2023, there were no reserves established against the NAV for credit risk.

NOTE 4 – FAIR VALUE MEASUREMENTS

As required by the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification, fair value is to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such is a market-based measurement, not an entity specific measurement.

This topic establishes a three-level valuation hierarchy based upon observable and non-observable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

UNITED BEVERAGES OF NORTH CAROLINA, LLC 401(K) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

- Level 1: Observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2: Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3: Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used to value the investments at December 31, 2024. Following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund

Valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

Mutual funds

Investments are public investment vehicles valued using the net asset value provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common trust fund, stable value fund

Valued at net asset value, which is used as a practical expedient for fair value. The use of net asset value as fair value is deemed appropriate as there are no imposed redemption restrictions and the Plan does not have any contractual obligations to further invest in the Stable Value Fund. Refer to Note 3, Investment in Stable Value Fund, for more information.

Common trust fund, other

Funds that are composed primarily of investments of mutual funds and other collective funds that are valued at the NAV of units of the collective trusts. The NAV is used as a practical expedient to estimated fair value. The Common Trust Fund Other valuations are allocated amount Level 2 of the valuation hierarchy and NAV classification based on the collective trust funds' audited financial statements as of December 31, 2024 and 2023.

Silver

Valued based on the average price traded on the market on the last business day of the Plan year and is classified within Level 1 of the valuation hierarchy.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023, based on summarized investment categories.

	December 31, 2024			
	Level 1	Level 2	Level 3	Total

NOTE 5 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information certified by the Custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the Custodian to the information included in the Plan’s financial statements and supplemental schedule. Investments held and investments gains certified to as complete and accurate by the Custodian are as follows:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in funds managed by the Custodian, as defined by the Plan and therefore, transactions with the Custodian qualify as party-in-interest transactions. Fidelity Personal Trust Company (Fidelity) serves as Custodian of the Plan. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund.

In addition, the Plan issues loans to participants, which are secured by the balances in the participant's accounts, and also represent a party-in-interest transaction.

NOTE 7 – TAX STATUS

The Plan adopted a volume submitter plan prototype plan sponsored by Sentinel Benefits Group, Inc. Sentinel Benefits Group, Inc. received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 which states that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and is, therefore, exempt from federal income taxes. The Plan has been amended since the latest opinion letter date; however, the Plan administrators believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, the participant account balances shall become fully vested and net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could have a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Plan provides investment options that may hold securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 9 – RISKS AND UNCERTAINTIES (Continued)

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of investments. Accordingly, the valuation of investments at December 31, 2024 and 2023 may not necessarily be indicative of amounts, which could be realized in a current market exchange.

NOTE 10 – DATE OF MANAGEMENT REVIEW

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through June 19, 2025, the date the financial statements were available to be issued and believed the following is subject to disclosure:
