Independent Auditor's Report

To the Plan Administrator
Union Leader Corporation 401(k) Savings Plan
Manchester, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Union Leader Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Union Leader Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Union Leader Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Union Leader Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Union Leader Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Union Leader Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Union Leader Corporation 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Union Leader Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted in 1993. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan covers substantially all employees of the Union Leader Corporation (the "Plan Sponsor") who have completed one month of service, as defined.

Change in Trustee

Effective April 1, 2023, the Plan changed its Trustee from Reliance Trust Company to Empower Trust Company, LLC.

Contributions

Eligible employees may contribute to the Plan through salary deferrals on a pre-tax basis a minimum of 1 percent up to a maximum of 80 percent of compensation, subject to limits as prescribed by law. Participants may also elect to make Roth deferrals. These deferrals are subject to federal income taxes in the year of deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. For automatically enrolled participants, the Plan provides for yearly increases in deferral rate by 1%, until 10% is reached. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan provides for qualified non-elective discretionary contributions as may be determined annually by the Plan Sponsor. The Plan Sponsor may also make discretionary matching contributions in an amount to be determined from year to year. There were no matching or non-elective discretionary contributions during 2024 or 2023. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan Sponsor discretionary matching contributions, and allocations of the non-elective discretionary contributions of the Plan Sponsor, Plan earnings (losses), and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Union Leader Corporation 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are fully vested in that portion of their account which relates to their contributions and Plan Sponsor discretionary matching contributions and the earnings (losses) thereon. The portion of participants' account which result from Plan Sponsor qualified non-elective discretionary contributions vest at a rate of 20% per year beginning with the second year of service and become 100% vested after 6 years of service.

Notes Receivable From Participants

Participants may borrow from their Plan accounts an amount up to the lesser of \$50,000 or 50% of their vested account balance, with a minimum loan amount of \$1,000. Individual participants may not have more than two loans in existence at a time. Loan repayment terms generally range from 1 to 5 years unless for a principal residence, in which case, loan repayment terms range from 61 to 180 months. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime rate, plus 3% (6.25% to 11.50% as of December 31, 2024 and 2023). Principal and interest are repaid through weekly payroll deductions.

Payment of Benefits

Benefits may be distributed to participants upon termination of employment by reason of separation, layoff, retirement, or death. Distributions are made in lump sums or installments if certain requirements are satisfied. A participant may also request a withdrawal, subject to limitations, upon attainment of age 59½, or upon demonstration to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document and applicable IRS regulations or standards established by the Secretary of the Treasury or his delegate.

Forfeitures

The amount of forfeitures attributable to Plan Sponsor qualified non-elective contributions, if any, which have not become vested, are applied to reduce the Plan Sponsor's future contributions to the Plan and plan expenses. The Plan had no significant unapplied forfeitures at December 31, 2024 and 2023, available for the future reduction of Plan Sponsor contributions and plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Union Leader Corporation 401(k) Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Security purchases and sales are accounted for on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as benefit payments based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments and investment advisor fees are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The fair value of the Plan's investments is determined by using a hierarchy that prioritizes the inputs of valuation techniques. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, observable inputs other than quoted prices or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and Level 3 inputs consist of inputs that are unobservable and significant to the fair value measurement and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of shares of the trust held by the Plan at year end which is used as a practical expedient to measure fair value. This practical expedient would not be used if it were determined to be probable that the fund would sell the underlying investments for an amount different than the reported NAV. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities.

The following tables set forth the levels, within the fair value hierarchy, of the valuation techniques used to determine the fair value of the Plan's assets as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,146,240	\$ -	\$ -	\$ 11,146,240
Total investment assets in the fair value hierarchy	\$ 11,146,240	\$ -	\$ -	\$ 11,146,240
Investment asset measured at NAV*				72,316
Total investment assets at fair value				\$ 11,218,556

Note 3: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,118,818	\$ -	\$ -	\$ 10,118,818
Total investment assets in the fair value hierarchy	\$ 10,118,818	\$ -	\$ -	\$ 10,118,818
Investment asset measured at NAV*				91,802
Total investment assets at fair value				\$ 10,210,620

* In accordance with current accounting standards, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The inputs or methodology used for valuing securities are not necessarily indicative of the risk associated with investing in those securities.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions on these investments; the redemption notice period is applicable only to the Plan.

2024				
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust	\$ 72,316	n/a	Daily	30 days

2023

Notes to Financial Statements

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan.

Note 5: Party-in-Interest Transactions

Certain Plan investments are in funds managed by JP Morgan Invest Holdings LLC (JP Morgan). JP Morgan provides record keeping services to the Plan. These transactions qualify as party-in-interest transactions under ERISA. The Plan also has arrangements with various other service providers. Transactions with these providers also qualify as party-in-interest transactions under ERISA. Fees incurred and paid for by the Plan to JP Morgan and other service providers are included in administrative expenses or net appreciation in fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Plan Sponsor's discretionary qualified non-elective contributions.

Note 7: Tax Status

The Company adopted a non-standardized pre-approved plan document with an IRS notification letter which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the notification letter, however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
