INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Harold Grinspoon Foundation 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Harold Grinspoon Foundation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Harold Grinspoon Foundation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harold Grinspoon Foundation 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Harold Grinspoon Foundation 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harold Grinspoon Foundation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harold Grinspoon Foundation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HAROLD GRINSPOON FOUNDATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN:

The following description of the Harold Grinspoon Foundation 401(k) Savings Plan, (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 2007 by the Harold Grinspoon Foundation (the “Company”), covering all employees, excluding interns, reclassified employees (a person the Company does not treat as a common law employee on its payroll records, such as someone paid as an independent contractor or an out-sourced worker), and part-time, temporary or seasonal employees provided they have completed one month of service and are age eighteen or older. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Administration

The Administrative Committee of Harold Grinspoon Foundation 401(k) Savings Plan (the “Committee”) is the administrator of the Plan. Investment management services with respect to the net assets available for benefits of the Plan were provided by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively “Empower”), the trustees of the Plan and also UBS Financial Services, Inc.

Contributions

An eligible employee may make salary contributions of up to 70% of eligible compensation as defined by the Plan with a minimum of 1%. Employee contributions are made through payroll deductions and can be made on a pretax or after-tax (Roth) basis. A participant’s contribution shall not exceed certain limits as provided by the Internal Revenue Code. Participants that are age 50 or older may elect to defer additional amounts (“catch up contributions”) to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. New participants are automatically enrolled at a contribution level of 5% upon meeting the service length eligibility requirement of one month, unless they have elected otherwise. Such participants may proactively choose another level of contribution. Rollover contributions from other qualifying plans, as determined by the Plan administrator, may be contributed to the Plan.

The Plan allows the Company to contribute as a matching contribution an amount equal to 100% of a participant’s contribution that is not in excess of 5% of the participant’s compensation. The Plan was amended effective January 1, 2024 to change the service length eligibility requirement to receive this matching contribution from one year of service (defined as 1,000 hours) to one month of service. For the years ended December 31, 2024 and 2023, the Company made matching contributions of \$617,700 and \$506,276, respectively, and had no employer contribution receivable.

The Company may also make a discretionary nonelective contribution to the Plan. The Company is not required to make the contribution and the amount may vary from year to year. The money will be allocated among all employees eligible to participate in the Plan based on compensation. To receive the nonelective contribution, an employee must be a Plan participant, have completed 1,000 hours of service during the Plan year, and be employed on the last day of the Plan year. A participant’s share of the contribution will not depend on the amount of pre-tax deferral. Participants who leave employment during the year due to retirement, death or disability will also share in the contribution. There were no non-elective contributions for the years ended December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN: (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on employment classification and participant account balances, as defined. Participants invest their contributions in a variety of investment options allowed by the Plan. All investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. The employer contributions are vested in accordance with the following schedule and are based on vesting years of service, however, in the event of death or total and permanent disability, participants will become 100% vested. A participant is 100% vested after 6 credited years of service.

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

If a participant terminates employment at a time when the participant is less than 100% vested, the non-vested portion of employer contributions is forfeited. Forfeitures may be used to pay Plan administrative expenses or to reduce any employer contributions. Total amounts forfeited during fiscal years 2024 and 2023 were \$33,482, and \$30,352, respectively. Total forfeitures used to reduce employer contributions during 2024 and 2023 were \$36,920 and \$26,587, respectively. The unused forfeiture balance was \$359 and \$3,933 as of December 31, 2024 and 2023, respectively.

Payment of benefits

Upon termination of employment, retirement, disability or death, a participant is entitled to the full value of all the participant's contributions to the Plan, all vested Company contributions and all related earnings. For vested account balances under \$5,000, mandatory lump sum distributions or direct rollovers will be made. Effective January 1, 2024, the threshold for mandatory distributions was increased from \$5,000 to \$7,000 in accordance with the SECURE 2.0 Act of 2022. Distributions of vested account balances that are more than \$7,000 (2024) and \$5,000 (2023) cannot be made before the participant's normal retirement age without the participant's written consent. In addition, during employment, a participant may withdraw all or a portion of their vested account balance at age 59 ½ or to the extent necessary to meet a qualifying financial hardship.

Benefits are recorded when paid.

1. DESCRIPTION OF PLAN: (CONTINUED)

Notes receivable from participants

Participants may borrow from the Plan any amount greater than \$1,000 but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Loans are for a period not to exceed five years (except, longer terms are available for loans issued for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50% for the years ended December 31, 2024 and 2023, respectively, which is commensurate with local prevailing rates, as of the date of loan issuance. A participant may only have one loan outstanding at any given time. Principal and interest is paid ratably through payroll deductions so long as the participant is employed by the Company and thereafter by regular installment payments.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2026, however, plans must operate in accordance with effective date of each new provision.

There are several voluntary provisions of this Act that Plan management may elect to adopt. However, mandatory provisions of this Act that affect the Plan include:

- Effective January 1, 2025, the limit on catch up contributions for participants ages 60 to 63 is increased to the greater of \$10,000 or 50% more than the regular catch up amount, effective January 1, 2025.
- Effective January 1, 2026, catch up contributions for any participants over age 50 who earn over \$145,000 are now required to be made on a Roth basis.

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 3 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation in fair value is reflected in the statement of changes in net assets available for benefits. The net appreciation in the fair value of investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2024 and 2023. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Administrative expenses

Plan expenses relating to the management of the investments are paid by the Plan and included in net appreciation of fair value of investments however, the Plan sponsor pays certain other administrative Plan expenses. Certain administrative fees for administering accounts and loans (custodial services) are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

3. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at their daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are valued at the closing price recorded in the active market in which these individual securities are traded.

Stable value fund / Collective trust fund: The fund is composed primarily of investment contracts contained in an insurance company general account. Fair value is determined by the net asset value ("NAV") based on the quoted market price of the underlying funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A stable value fund and common is designed to provide stability of principal while guaranteeing minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. These funds are available through an annuity contract issued by Empower Annuity Insurance Company of America.

HAROLD GRINSPOON FOUNDATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

4. INFORMATION CERTIFIED BY TRUSTEES:

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustees of the Plan, certified to the Plan administrator the fair value and physical custody of investments, notes receivable from participants, and investment transactions to be complete and accurate as of December 31, 2024 and 2023, which are included in the Statements of Assets Available for Benefits, as well as investment income, interest income on notes receivable from participants and net appreciation in the fair value of investments included in the Statements of Changes in Net Assets Available for Benefits and the information contained in Note 3 concerning investments and information included in the Schedule of Assets (Held at End of Year).

5. INVESTMENT CONTRACT:

The Reliance MetLife Series 25053 is invested through a group annuity contract administered by Empower. The fund invests primarily in guaranteed investment contracts (GIC's) and security backed investment contracts. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at fair value and is based upon the NAV practical expedient of the contract. The fair value of the contract represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate was 2.93% for 2024 and 3.19% for 2023. Such interest rate is reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are likely to not occur.

6. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of this letter, however, Plan management and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

HAROLD GRINSPOON FOUNDATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

6. TAX STATUS: (CONTINUED)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

7. RELATED-PARTY TRANSACTIONS:

Empower is the trustee and custodian of the Plan's investments, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Empower by the Plan for certain custodial services amounted to \$28,697 and \$25,823 for the year ended December 31, 2024 and 2023, respectively.

UBS Financial Services, Inc. provides investment advisory services and the fees paid qualifies as party-in-interest transactions. For the years ended December 31, 2024 and 2023, fees paid by the Plan to UBS Financial Services, Inc. totaled \$24,104 and \$20,093, respectively. Certain employees and officers of the Company who may also be participants in the Plan perform administrative services at no cost to the Plan.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through September 5, 2025, the date on which the financial statements were available to be issued.
