## INDEPENDENT AUDITOR'S REPORT

401(k) Plan Administrative Committee  
Jan Marini Skin Research, Inc. Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jan Marini Skin Research, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

401(k) Plan Administrative Committee  
Jan Marini Skin Research, Inc. Retirement Plan  
Independent Auditor's Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Jan Marini Skin Research, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### General

The Plan is a qualified, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was established in 1995 by Jan Marini Skin Research, Inc. (the “Company” or “Employer”) to provide benefits to eligible employees as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (“IRC”), as amended, and the provisions of the Employee Retirement Income Security Act of 1974, as amended.

#### Administration

The Company has appointed the 401(k) Administrative Committee to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (“Fidelity”) to act as the trustee, custodian and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data.

#### Eligibility

Employees of the Company who have attained the age of 21 are eligible to participate in the Plan. Once determined as eligible, participants may enroll in the Plan on the first day of the month following their eligibility date. Any Employees covered under a collective bargaining agreement, residents of Puerto Rico, and non-resident aliens who do not receive any compensation from U.S. sources are not eligible to participate.

#### Participant Contributions

Each year, participants may contribute a specified dollar amount or percentage of their eligible compensation. Participants may elect to have the Company contribute up to 100% of their eligible pre-tax compensation and/or Roth contributions to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant’s direction. Participants can make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

#### Employer Contributions

The Company may elect to make discretionary matching contributions and discretionary nonelective employer contributions. The discretionary matching contributions were equal to 30% of the employee’s contributions for the year ended December 31, 2024. There were no discretionary nonelective employer contributions made for the year ended December 31, 2024.

### NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

#### Vesting

Participants are immediately vested in their elective contributions, including actual earnings thereon and discretionary matching employer contributions. Participants are vested in the discretionary non-elective contributions plus earnings thereon based on years of continuous service as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

#### Participant Accounts

Each participant's account is credited with the participants' contribution, allocations of the Employer contributions and Plan earnings and charged with an allocation of administrative expenses to the extent not paid by the Employer. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Investment Options

Participants must direct their salary deferral contributions and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the trustee.

#### Forfeited Accounts

Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts can be used to reduce future Employer contributions payable under the Plan. At December 31, 2024 and 2023, the balance of forfeited non-vested accounts was \$26,293 and \$25,061, respectively. In 2024, the Plan did not use any forfeitures to pay administrative expenses or employer contributions.

#### Payment of Benefits

Upon termination, death, retirement or disability, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump-sum amount equal to the value of the participant's interest in their account. The Plan allows for the automatic lump sum distribution of participant account balances under \$1,000. Additionally, the Plan allows for an automatic rollover provision for any balances between \$1,000 and \$7,000 into an Individual Retirement Account.

### **NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

#### Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

#### Notes Receivable from Participants

Participants are eligible to borrow a minimum of \$1,000 up to a maximum amount, which is determined as the lesser of 50% of their vested balance or \$50,000 minus the excess of the highest outstanding loan balance during the one-year period ending the day before the loan is made over the outstanding balance of the plan loans on the date the loan is made. Notes are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans must be repaid within a five-year period, unless the loan is used to purchase a principal residence, in which case, it must be repaid within a ten-year period. Principal and interest is paid ratably over the term of the loan through payroll deductions. A participant can only have one outstanding loan at any time. Outstanding notes receivable from participants carry interest rates ranging from 3.25% to 8.5% as of December 31, 2024, and mature through 2029. Outstanding notes receivable from participants carry interest at 3.25% to 8.5% as of December 31, 2023, and mature through 2027.

### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### Investment Valuation and Income Recognition (Continued)

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes receivable from participants as of December 31, 2024 and 2023. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

#### Benefit Payments

Benefit payments are recorded when paid.

#### Plan Expenses

The Company pays certain Plan expenses. Expenses paid by the Company are excluded from these financial statements. Plan expenses not paid by the Company, will be charged on a pro-rata basis to the value of the participants account balances.

#### Income Taxes

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan has received an opinion letter, from the Internal Revenue Service (“IRS”) as to the pre-approved plan’s qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

### **NOTE 3 – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments, dividend and interest income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2024;
- Assets reflected in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024;

### NOTE 4 – FAIR VALUE MEASUREMENT

FASB Accounting Standards Codification Topic 820, “Fair Value Measurements and Disclosures” (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Interest-bearing cash:*

Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

**JAN MARINI SKIN RESEARCH, INC. RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 4 – FAIR VALUE MEASUREMENT (Continued)**

*Registered investment companies (mutual funds):*

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 582,631	\$ -	\$ -	\$ 582,631
Registered investment companies	14,817,668	-	-	14,817,668
Total investments in the fair value hierarchy	\$ 15,400,299	\$ -	\$ -	\$ 15,400,299

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

## **NOTES TO FINANCIAL STATEMENTS**

### **NOTE 5 – UNCERTAIN TAX POSITIONS**

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

### **NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are managed by Fidelity Investments, a related party to Fidelity Management Trust Company. The Plan also holds notes receivables from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Administrative fees related to the Plan that are paid by the Plan Sponsor are considered related-party transactions.

### **NOTE 7 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

### **NOTE 8 – RISK AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

**JAN MARINI SKIN RESEARCH, INC. RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 9 – SUBSEQUENT EVENTS**

Effective March 1, 2025, a Fiduciary Addendum was added to the Plan's Adoption Agreement. This addendum provides that if a service provider agrees to credit to the Plan related to the Plan services furnished, such amounts may be allocated to an ERISA account. If not allocated to the ERISA account or used to pay Plan expenses, the credited amounts must be distributed pro rata to participants and beneficiaries based on their account balances.

Effective June 9, 2025, management of the Company changed its name from Jan Marini Skin Research, Inc. to Marini SkinSolutions, Inc.

The Plan has evaluated subsequent events through September 23, 2025, which is the date the financial statements were available to be issued.

## INDEPENDENT AUDITOR'S REPORT

401(k) Plan Administrative Committee  
Jan Marini Skin Research, Inc. Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jan Marini Skin Research, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

401(k) Plan Administrative Committee  
Jan Marini Skin Research, Inc. Retirement Plan  
Independent Auditor's Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of the Jan Marini Skin Research, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### General

The Plan is a qualified, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was established in 1995 by Jan Marini Skin Research, Inc. (the “Company” or “Employer”) to provide benefits to eligible employees as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (“IRC”), as amended, and the provisions of the Employee Retirement Income Security Act of 1974, as amended.

#### Administration

The Company has appointed the 401(k) Administrative Committee to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (“Fidelity”) to act as the trustee, custodian and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data.

#### Eligibility

Employees of the Company who have attained the age of 21 are eligible to participate in the Plan. Once determined as eligible, participants may enroll in the Plan on the first day of the month following their eligibility date. Any Employees covered under a collective bargaining agreement, residents of Puerto Rico, and non-resident aliens who do not receive any compensation from U.S. sources are not eligible to participate.

#### Participant Contributions

Each year, participants may contribute a specified dollar amount or percentage of their eligible compensation. Participants may elect to have the Company contribute up to 100% of their eligible pre-tax compensation and/or Roth contributions to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant’s direction. Participants can make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

#### Employer Contributions

The Company may elect to make discretionary matching contributions and discretionary nonelective employer contributions. The discretionary matching contributions were equal to 30% of the employee’s contributions for the year ended December 31, 2024. There were no discretionary nonelective employer contributions made for the year ended December 31, 2024.

### NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

#### Vesting

Participants are immediately vested in their elective contributions, including actual earnings thereon and discretionary matching employer contributions. Participants are vested in the discretionary non-elective contributions plus earnings thereon based on years of continuous service as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

#### Participant Accounts

Each participant's account is credited with the participants' contribution, allocations of the Employer contributions and Plan earnings and charged with an allocation of administrative expenses to the extent not paid by the Employer. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Investment Options

Participants must direct their salary deferral contributions and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the trustee.

#### Forfeited Accounts

Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts can be used to reduce future Employer contributions payable under the Plan. At December 31, 2024 and 2023, the balance of forfeited non-vested accounts was \$26,293 and \$25,061, respectively. In 2024, the Plan did not use any forfeitures to pay administrative expenses or employer contributions.

#### Payment of Benefits

Upon termination, death, retirement or disability, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump-sum amount equal to the value of the participant's interest in their account. The Plan allows for the automatic lump sum distribution of participant account balances under \$1,000. Additionally, the Plan allows for an automatic rollover provision for any balances between \$1,000 and \$7,000 into an Individual Retirement Account.

### **NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

#### Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

#### Notes Receivable from Participants

Participants are eligible to borrow a minimum of \$1,000 up to a maximum amount, which is determined as the lesser of 50% of their vested balance or \$50,000 minus the excess of the highest outstanding loan balance during the one-year period ending the day before the loan is made over the outstanding balance of the plan loans on the date the loan is made. Notes are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans must be repaid within a five-year period, unless the loan is used to purchase a principal residence, in which case, it must be repaid within a ten-year period. Principal and interest is paid ratably over the term of the loan through payroll deductions. A participant can only have one outstanding loan at any time. Outstanding notes receivable from participants carry interest rates ranging from 3.25% to 8.5% as of December 31, 2024, and mature through 2029. Outstanding notes receivable from participants carry interest at 3.25% to 8.5% as of December 31, 2023, and mature through 2027.

### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### Investment Valuation and Income Recognition (Continued)

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes receivable from participants as of December 31, 2024 and 2023. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

#### Benefit Payments

Benefit payments are recorded when paid.

#### Plan Expenses

The Company pays certain Plan expenses. Expenses paid by the Company are excluded from these financial statements. Plan expenses not paid by the Company, will be charged on a pro-rata basis to the value of the participants account balances.

#### Income Taxes

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan has received an opinion letter, from the Internal Revenue Service (“IRS”) as to the pre-approved plan’s qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

### **NOTE 3 – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments, dividend and interest income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2024;
- Assets reflected in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024;

### NOTE 4 – FAIR VALUE MEASUREMENT

FASB Accounting Standards Codification Topic 820, “Fair Value Measurements and Disclosures” (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Interest-bearing cash:*

Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

**JAN MARINI SKIN RESEARCH, INC. RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 4 – FAIR VALUE MEASUREMENT (Continued)**

*Registered investment companies (mutual funds):*

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 582,631	\$ -	\$ -	\$ 582,631
Registered investment companies	14,817,668	-	-	14,817,668
Total investments in the fair value hierarchy	\$ 15,400,299	\$ -	\$ -	\$ 15,400,299

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 302,254	\$ -	\$ -	\$ 302,254
Registered investment companies	12,886,027	-	-	12,886,027
Total investments in the fair value hierarchy	\$ 13,188,281	\$ -	\$ -	\$ 13,188,281

## **NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE 5 – UNCERTAIN TAX POSITIONS**

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

### **NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are managed by Fidelity Investments, a related party to Fidelity Management Trust Company. The Plan also holds notes receivables from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Administrative fees related to the Plan that are paid by the Plan Sponsor are considered related-party transactions.

### **NOTE 7 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

### **NOTE 8 – RISK AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

**JAN MARINI SKIN RESEARCH, INC. RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 9 – SUBSEQUENT EVENTS**

Effective March 1, 2025, a Fiduciary Addendum was added to the Plan's Adoption Agreement. This addendum provides that if a service provider agrees to credit to the Plan related to the Plan services furnished, such amounts may be allocated to an ERISA account. If not allocated to the ERISA account or used to pay Plan expenses, the credited amounts must be distributed pro rata to participants and beneficiaries based on their account balances.

Effective June 9, 2025, management of the Company changed its name from Jan Marini Skin Research, Inc. to Marini SkinSolutions, Inc.

The Plan has evaluated subsequent events through September 23, 2025, which is the date the financial statements were available to be issued.
