INDEPENDENT AUDITOR'S REPORT

The Administrative Committee of the
Siltronic Corporation Savings Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Siltronic Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SILTRONIC CORPORATION
SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Siltronic Corporation Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan maintained for the benefit of all eligible employees of Siltronic Corporation (the Company). Employees are eligible to participate in the Plan on the first day of the payroll period following the first hour of service as an employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions consist of employee elective deferrals and matching contributions provided by the Company. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Employee elective deferrals and matching contributions are recorded when the employee elective deferrals are withheld from the employees compensation. The Plan includes an auto-enrollment and annual increase program provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Under the annual increase program, the elective deferral rate for participants subject to automatic enrollment will increase by 1% each year until that deferral amount reaches 5% or the participant elects not to have the increases applied. Employees may voluntarily contribute up to 50% of their compensation, limited to \$23,000 and \$22,500 in 2024 and 2023, respectively, as prescribed by the Internal Revenue Code (IRC). Participants aged 50 and older may also elect to make additional catch-up contributions of up to \$7,500 annually. Employees hired after December 31, 2003 and all participants in the Siltronic Corporation Pension Plan (Pension Plan) that were not vested in the Pension Plan as of midnight, December 31, 2003, are eligible for matching contributions of 100% of each dollar contributed up to 5% of a participant's earnings. All other participants in the Plan are eligible for matching contributions of 50% of each dollar contributed up to 6% of a participant's earnings.

Participant non-deductible contributions to the Plan contributed prior to January 1, 1994 may be withdrawn at any time, but employer contributions on behalf of the participant and any earnings credited to the participant's account cannot be withdrawn before termination of employment.

Participant Accounts - A separate account is maintained for each participant, which is credited with the participant's contributions, the Company's contributions and an allocation of plan earnings and expenses. Allocation of plan earnings and expenses is based upon participant account balances. Allocation of matching contributions is based on a percentage of each employee's elective deferral. The benefit to which a participant is entitled is the vested amount in their individual account.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon. The Company's matching contributions to the Plan credited to participants' accounts become vested and nonforfeitable after three years of service. Participants are 100% vested upon death, total and permanent disability or after attaining normal retirement age.

Expenses - A portion of administrative costs are paid by the Company on behalf of the Plan. Certain expenses of plan administration, including computer services, professional fees, office supplies and payroll expenses of administrative and clerical personnel, are provided by the plan sponsor without charge to the Plan. Administrative and investment expenses not paid by the Company are satisfied in part through fees received by the Plan through revenue sharing with various mutual funds and the remainder charged to participant accounts based upon relative account values on a monthly basis. Fees related to the administration of notes receivables are charged directly to the participant's account and are included in administrative expenses. Total revenue sharing received by the Plan for the years ended December 31, 2024 and 2023 was \$68,014 and \$58,954, respectively, and \$47,380 and \$49,390 were applied to plan expenses. Unallocated revenue sharing was \$78,963 and \$55,014 at December 31, 2024 and 2023, respectively.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account subject to the employer's approval, a deferred lump-sum amount, or one of three annuity options.

Forfeited Accounts - Forfeited nonvested accounts amounted to \$1,266 and \$859 at December 31, 2024 and 2023, respectively. These accounts may be used to pay Plan expenses, or to reduce future matching contributions. During 2024 and 2023, \$863 and \$2,256 of forfeited nonvested accounts were used to reduce employer contributions, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At December 31, 2024 and 2023, there were no amounts payable to participants.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through September 24, 2025, which is the date these financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE OF THE PLAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants and interest and dividends for the years then ended, was obtained or derived from information certified as complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consisting of mutual funds and common stock that are valued on the basis of readily determinable market prices.

Common/collective trust funds: The Plan holds investments in the T. Rowe Price Equity Index Trust (the Equity Index CCT) and the T. Rowe Price Stable Value Fund (the Stable Value CCT), both of which are common/collective trust funds. The Equity Index CCT invests substantially all of its assets in all of the stocks in the S&P 500 Index (primarily large-cap companies) that represent a broad spectrum of the U.S. economy and attempts to maintain holdings of each stock in proportion to its weight in the S&P 500 Index. The Stable Value CCT is comprised primarily of fully benefit-responsive investment contracts. Units in the common/collective trust funds are valued at the NAV of units held by the Plan at year end as reported by the investment managers. The NAV provided by the trustee is used as a practical expedient to estimate fair value. Units in common collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The value of the Plan's investment in common collective trust funds represents the value of the Plan's interests in the overall value of the common collective trust fund. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 98,008,141	\$ -	\$ -	\$ 98,008,141
Self-directed brokerage accounts	7,979,753	-	-	7,979,753
Total assets in fair value hierarchy	105,987,894	-	-	105,987,894
Common/collective trust funds measured at net asset value (a)	-	-	-	54,716,265
Total investments at fair value	<u>\$105,987,894</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$160,704,159</u>

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 89,665,696	\$ -	\$ -	\$ 89,665,696
Self-directed brokerage accounts	6,208,974	-	-	6,208,974
Total assets in fair value hierarchy	95,874,670	-	-	95,874,670
Common/collective trust funds measured at net asset value (a)	-	-	-	50,435,837
Total investments at fair value	<u>\$ 95,874,670</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 146,310,507</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

	December 31, 2024 Fair Value	December 31, 2023 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust fund – Stable Value	\$ 32,588,915	\$ 31,771,112	N/A	Daily	(a)
Common/collective trust fund – Equity Index	\$ 22,127,350	\$ 18,664,725	N/A	Daily	(a)

(a) Investments can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. In addition, if a fund experiences periods of insufficient liquidity, then the fund may defer honoring any payment until liquidity is sufficient.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trust funds managed by T. Rowe Price. T. Rowe Price is an affiliate of T. Rowe Price Trust Company, the trustee as defined by the Plan, and therefore, these investments represent exempt party-in-interest transactions. Fees for investment management services charged by the trustee are netted against plan earnings and range from 0.10% to 0.64% of the average daily investment balance.

NOTE 6 – NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow amounts up to 50% of their vested account balance or \$50,000, whichever is less. Loans must be repaid within five years, unless for the purchase of a principal residence, and monthly installment payments are required through payroll deductions. Interest is charged at rates determined by the plan administrator and ranges from 5.25% to 10.50% on the outstanding loans at December 31, 2024. Loans are secured by the vested account balance of the participant.

NOTE 7 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances. There were three investments that individually represented more than 10% of the investments held as of December 31, 2024 and 2023, respectively. See the supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Upon termination, the Company may continue the Plan to pay benefits as they mature or liquidate and distribute the relevant portion of the Plan to a successor defined contribution plan, or in the absence of a successor plan, to the participants. Net assets transferred or distributed shall be allocated to participants in proportion to their interests.

NOTE 9 – PLAN TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 1, 2017, that the Plan is qualified, and the trust established, under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
