INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Worcester Plumbers Local Union No. 4
Annuity Plan

Opinion

We have audited the financial statements of the Worcester Plumbers Local Union No. 4 Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses and the Schedule of Assets Held at End of Year, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the ERISA. The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

LOCAL UNION NO. 4
ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF PLAN

In 2019, the name of the Plan was changed from the Worcester Plumbers Local Union No. 4 Money Purchase Pension Plan to the Worcester Plumbers Local Union No. 4 Annuity Plan (the Plan).

The following description of the Worcester Plumbers Local Union No. 4 Annuity Plan provides only general information. Participants should refer to the Fund agreement for a more complete description of the Plan's provisions.

General - The Plan was effective January 1, 1987. The Plan is a defined contribution retirement plan.

The Plan covers employees working under the terms of the collective bargaining agreement between the Union and the employers, which participate in the Plan. Union officials and employees of the Union may also be eligible if contributions are made to the Plan by the Union on their behalf pursuant to a participation agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Covered employment means employment with a signatory contractor pursuant to the collective bargaining agreement or employment with any employer (including the Union) who has agreed to contribute to the Annuity Plan based on a participation agreement.

Participant Accounts - An employee becomes a participant in the Plan on the day the participant works at least one hour in covered employment. Covered employment means employment with a contributing employer in a category of work covered by a collective bargaining or participation agreement requiring contributions to the Plan. Participants may direct the investment of employer contributions made on their behalf to any investment option offered under the Plan. If the participant has not specified the allocation into a specific investment type, the contributions will be invested in the guaranteed income fund. Each participant's account is credited with employer contributions and adjusted by investment results and expenses. Administrative expenses are allocated to the participant's account. Net earnings or losses are allocated on a daily basis based upon the investment results of the investment options in a participant's account.

NOTE 1. DESCRIPTION OF PLAN (continued)

Employers' Contributions - Contributions to the Plan are made by contributing employers at rates established by collective bargaining agreements. The collective bargaining agreement for Worcester Plumbers Local Union No. 4 Annuity Plan provides for an hourly contribution rate of \$6.41 effective September 1, 2021; \$6.91 effective March 1, 2022; \$7.31 effective September 1, 2022; \$7.71 effective March 1, 2023; and \$8.06 effective August 31, 2024. Contributing employers primarily conduct business in the Worcester Massachusetts area. Employer contributions are accounted for as exchange transactions.

Eligibility of Benefits Distribution -Participants are eligible to receive a distribution of their Annuity money under the following circumstances:

- Normal, late or disability retirement
- Pre-retirement termination of employment
- Death
- Hardship distribution
- In service withdrawals

Retirement Benefits - On termination of service due to total and permanent disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The normal retirement date is the first month coinciding with or succeeding the date the employee attains age 60. Employees may choose to retire at age 55, provided they are no longer working in covered employment. Employees may retire (at any time) if they become permanently and totally disabled under the plan.

At retirement, employees are entitled to 100% of all the balances in their account. They can receive the balances in one of the following ways:

- Lump sum
- Life annuity
- A combination of cash and life annuity
- Some other method that is arranged by the Plan administrator

Pre-retirement Termination of Employment - If an employee leaves the Plan prior to his or her eligibility for retirement or disability benefits, he or she is entitled to receive 100% of the balances in his or her account. The Trustees need to verify that the employee has not been a member of the Plan for a period of 12 consecutive months. The account balances can be received in one of the following ways:

- Lump sum
- Life annuity
- A combination of cash and life annuity

Death Benefits - Should a member receiving benefits die, the full value of their account will be paid to their beneficiary as a death benefit. If the designated beneficiary is not living at the time of the participant's death, or if no beneficiary was named, the death benefit will be paid to the decedent's estate.

NOTE 1. DESCRIPTION OF PLAN (continued)

Hardship/In-Service Withdrawals - Participants are entitled to receive hardship withdrawals subject to specified IRS restrictions. The withdrawal must be for a minimum of \$1,000 and have been in the account for at least two years.

In-Service Withdrawals - Members are entitled to a withdrawal of up to 50% of their account balance up to a maximum amount of \$20,000 if they are separated from employment for 90 consecutive days or more.

Vesting - Participants' rights in the net value of his account shall be fully vested and non-forfeitable at all times.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Fund administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value as determined by quoted market prices. See Note 8 for discussion of investment contract with insurance company and Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions - Employer contributions due and not paid prior to year-end are recorded as receivable. The allowance for credit losses represents the estimated losses that may be incurred in the collection of employer contributions receivable. There was no allowance established for the years ended December 31, 2024 and 2023.

Contributions from 7 employers comprised 77% of total contributions for the year ended December 31, 2024.

Reciprocal contributions represent amounts received from other U.A. Local Fund offices for paid hours worked by electrical workers who are members of the Plan.

NOTE 3. PLAN TERMINATION

The Trustees expect and intend to continue the Plan indefinitely but reserve the right to amend or terminate it. Upon termination of the Plan or complete discontinuance of contributions, each participant or beneficiary will have unforfeitable rights to their account, after providing for all of the expenses of the Plan at termination.

NOTE 4. TAX STATUS

The Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is exempt from federal income tax under Section 501(a).

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's legal counsel believes that the Plan is currently designed, and the Plan's administrator believes that the trust is currently being operated, in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are mutual funds managed by Empower Annuity Insurance Company of America (Empower). Empower is the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions have been denoted as such on the supplemental schedule of assets held at end of year.

NOTE 7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies (RIC) - The registered investment companies' investments are valued at the net asset value of shares held by the Plan at year end and are classified within level 1 of the valuation hierarchy.

The following table presents assets measured at fair value on a recurring basis at December 31, 2024:

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 47,328,234	\$ 47,328,234	\$ -	\$ -

NOTE 7. FAIR VALUE MEASUREMENTS (continued)

The following table presents assets measured at fair value on a recurring basis at December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 39,399,058	\$ 39,399,058	\$ -	\$ -

NOTE 8. INSURANCE COMPANY ISSUED EVERGREEN GROUP ANNUITY PRODUCT

The Plan has an insurance company issued evergreen group annuity product with Empower Retirement Insurance and Annuity Company (Empower). Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as “Book Value”. The contract is affected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, this contract is considered to be fully benefit responsive.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid overtime.

There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE 9. CONTRACT ADMINISTRATION

The Plan has a contract with Zenith American Solutions (Zenith), a third-party administrator, to administer the Plan at a monthly rate of \$2,060. The agreement extends automatically thereafter in one year increments, without further action by either party unless terminated.

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 23, 2025, which is the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Worcester Plumbers Local Union No. 4
Annuity Plan

Opinion

We have audited the financial statements of the Worcester Plumbers Local Union No. 4 Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses and the Schedule of Assets Held at End of Year, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the ERISA. The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

LOCAL UNION NO. 4
ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF PLAN

In 2019, the name of the Plan was changed from the Worcester Plumbers Local Union No. 4 Money Purchase Pension Plan to the Worcester Plumbers Local Union No. 4 Annuity Plan (the Plan).

The following description of the Worcester Plumbers Local Union No. 4 Annuity Plan provides only general information. Participants should refer to the Fund agreement for a more complete description of the Plan's provisions.

General - The Plan was effective January 1, 1987. The Plan is a defined contribution retirement plan.

The Plan covers employees working under the terms of the collective bargaining agreement between the Union and the employers, which participate in the Plan. Union officials and employees of the Union may also be eligible if contributions are made to the Plan by the Union on their behalf pursuant to a participation agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Covered employment means employment with a signatory contractor pursuant to the collective bargaining agreement or employment with any employer (including the Union) who has agreed to contribute to the Annuity Plan based on a participation agreement.

Participant Accounts - An employee becomes a participant in the Plan on the day the participant works at least one hour in covered employment. Covered employment means employment with a contributing employer in a category of work covered by a collective bargaining or participation agreement requiring contributions to the Plan. Participants may direct the investment of employer contributions made on their behalf to any investment option offered under the Plan. If the participant has not specified the allocation into a specific investment type, the contributions will be invested in the guaranteed income fund. Each participant's account is credited with employer contributions and adjusted by investment results and expenses. Administrative expenses are allocated to the participant's account. Net earnings or losses are allocated on a daily basis based upon the investment results of the investment options in a participant's account.

NOTE 1. DESCRIPTION OF PLAN (continued)

Employers' Contributions - Contributions to the Plan are made by contributing employers at rates established by collective bargaining agreements. The collective bargaining agreement for Worcester Plumbers Local Union No. 4 Annuity Plan provides for an hourly contribution rate of \$6.41 effective September 1, 2021; \$6.91 effective March 1, 2022; \$7.31 effective September 1, 2022; \$7.71 effective March 1, 2023; and \$8.06 effective August 31, 2024. Contributing employers primarily conduct business in the Worcester Massachusetts area. Employer contributions are accounted for as exchange transactions.

Eligibility of Benefits Distribution -Participants are eligible to receive a distribution of their Annuity money under the following circumstances:

- Normal, late or disability retirement
- Pre-retirement termination of employment
- Death
- Hardship distribution
- In service withdrawals

Retirement Benefits - On termination of service due to total and permanent disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The normal retirement date is the first month coinciding with or succeeding the date the employee attains age 60. Employees may choose to retire at age 55, provided they are no longer working in covered employment. Employees may retire (at any time) if they become permanently and totally disabled under the plan.

At retirement, employees are entitled to 100% of all the balances in their account. They can receive the balances in one of the following ways:

- Lump sum
- Life annuity
- A combination of cash and life annuity
- Some other method that is arranged by the Plan administrator

Pre-retirement Termination of Employment - If an employee leaves the Plan prior to his or her eligibility for retirement or disability benefits, he or she is entitled to receive 100% of the balances in his or her account. The Trustees need to verify that the employee has not been a member of the Plan for a period of 12 consecutive months. The account balances can be received in one of the following ways:

- Lump sum
- Life annuity
- A combination of cash and life annuity

Death Benefits - Should a member receiving benefits die, the full value of their account will be paid to their beneficiary as a death benefit. If the designated beneficiary is not living at the time of the participant's death, or if no beneficiary was named, the death benefit will be paid to the decedent's estate.

NOTE 1. DESCRIPTION OF PLAN (continued)

Hardship/In-Service Withdrawals - Participants are entitled to receive hardship withdrawals subject to specified IRS restrictions. The withdrawal must be for a minimum of \$1,000 and have been in the account for at least two years.

In-Service Withdrawals - Members are entitled to a withdrawal of up to 50% of their account balance up to a maximum amount of \$20,000 if they are separated from employment for 90 consecutive days or more.

Vesting - Participants' rights in the net value of his account shall be fully vested and non-forfeitable at all times.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Fund administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value as determined by quoted market prices. See Note 8 for discussion of investment contract with insurance company and Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions - Employer contributions due and not paid prior to year-end are recorded as receivable. The allowance for credit losses represents the estimated losses that may be incurred in the collection of employer contributions receivable. There was no allowance established for the years ended December 31, 2024 and 2023.

Contributions from 7 employers comprised 77% of total contributions for the year ended December 31, 2024.

Reciprocal contributions represent amounts received from other U.A. Local Fund offices for paid hours worked by electrical workers who are members of the Plan.

NOTE 3. PLAN TERMINATION

The Trustees expect and intend to continue the Plan indefinitely but reserve the right to amend or terminate it. Upon termination of the Plan or complete discontinuance of contributions, each participant or beneficiary will have unforfeitable rights to their account, after providing for all of the expenses of the Plan at termination.

NOTE 4. TAX STATUS

The Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is exempt from federal income tax under Section 501(a).

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's legal counsel believes that the Plan is currently designed, and the Plan's administrator believes that the trust is currently being operated, in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are mutual funds managed by Empower Annuity Insurance Company of America (Empower). Empower is the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions have been denoted as such on the supplemental schedule of assets held at end of year.

NOTE 7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies (RIC) - The registered investment companies' investments are valued at the net asset value of shares held by the Plan at year end and are classified within level 1 of the valuation hierarchy.

The following table presents assets measured at fair value on a recurring basis at December 31, 2024:

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 47,328,234	\$ 47,328,234	\$ -	\$ -

NOTE 7. FAIR VALUE MEASUREMENTS (continued)

The following table presents assets measured at fair value on a recurring basis at December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 39,399,058	\$ 39,399,058	\$ -	\$ -

NOTE 8. INSURANCE COMPANY ISSUED EVERGREEN GROUP ANNUITY PRODUCT

The Plan has an insurance company issued evergreen group annuity product with Empower Retirement Insurance and Annuity Company (Empower). Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as “Book Value”. The contract is affected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, this contract is considered to be fully benefit responsive.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid overtime.

There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE 9. CONTRACT ADMINISTRATION

The Plan has a contract with Zenith American Solutions (Zenith), a third-party administrator, to administer the Plan at a monthly rate of \$2,060. The agreement extends automatically thereafter in one year increments, without further action by either party unless terminated.

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 23, 2025, which is the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
