INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Twincraft, Inc. 401(k) Retirement Plan
Winooski, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Twincraft, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Voya Financial, a qualified institution, as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above relate to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our approach is simple... LISTEN. RESOLVE. COMMUNICATE.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Twincraft, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Twincraft, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Twincraft, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twincraft, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TWINCRAFT, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF PLAN

The following description of Twincraft, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan, adopted March 1, 1992, is a defined contribution plan covering all full-time employees of Twincraft, Inc. (the Company) who have completed three consecutive months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan custodian is Voya Financial and has contracted with The Angell Pension Group to serve as third party administrator. The Plan's assets are invested in various investment accounts offered by Voya Financial as directed by the Plan's participants.

2. 401(k) Contributions

Participants may contribute up to 100% of eligible compensation, limited to a maximum amount as periodically set by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year can contribute an additional amount set by the IRS. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

Compensation is defined as Section 415 compensation, which includes taxable wages, fringe benefits, post severance compensation and includes salary reduction contributions the participant made to an employer sponsored cafeteria plan.

Any eligible participant that does not affirmatively elect otherwise is automatically enrolled into the Plan with a deferral percentage of 2%. The participant can opt out of the Plan or change the percentage at any time.

3. Employer Matching Contributions

The Company matches 100% of the participant's contributions that are not in excess of 5% of the participant's plan compensation. At December 31, 2024 and 2023 the safe-harbor matching contribution was \$806,144 and \$674,536, respectively.

The Company may make a discretionary employer matching contribution, without regard to current or accumulated net profits of the Company. All or any part of the employer matching contributions can be designated as qualified non-elective contributions. The Company begins contributing the quarter after the general eligibility requirements are met. In 2024 and 2023, the discretionary employer matching contribution was \$0. Discretionary matching contributions are invested as participants direct within the funds selected.

DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF PLAN (continued)

4. Participant Accounts

Each participant's account is credited with the participant's and the employer's contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses and investment fees based on the ratio of the participant's account balance to the account balance of all participants in the same investment, with the exception of self-directed brokerage accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant account statements are available online through the Voya Financial website at www.voyaretirementplans.com. The assets in the plan are invested in available investment options and a separate account is established for each participant who receives and/or makes a contribution. The value of each participant's account is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

5. Vesting

Participants are immediately vested in their voluntary contributions and employer safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of the participant's account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of service, with an additional 20% per year thereafter until fully vested after five full years. Upon early retirement age, 60 years, death or disability, a participant becomes fully vested.

6. Payment of Benefits

On termination of service due to death, disability or retirement or at the age of 65 and still working, a participant may elect to receive distributions equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or leave the funds in the Plan until retirement age or transfer to a trustee of another qualified plan or individual retirement account. Effective January 1, 2024, if the terminating employee's non-forfeitable account balance is less than \$7,000, excluding rollovers, the Plan maintains the right to immediately distribute the entire account balance, less forfeitures, if any. Previously, the limit was less than \$5,000.

7. Forfeited Accounts

When termination of service occurs, any non-vested portion of a participant's account will be considered forfeited. Forfeitures may be used to reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested 401(k) accounts totaled \$1. The amount of forfeitures used as employer contributions was \$0 and \$442 in 2024 and 2023, respectively.

A. DESCRIPTION OF PLAN (continued)

8. Notes Receivable from Participants

The plan provides loans to eligible participants. Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The number of loans approved for a participant in any 12-month period is limited to one and must be for financial hardship as defined in the plan document. The loans are secured by the vested balance in the participant's account. Loan terms shall not exceed five years, unless the loan is used to buy a personal residence. Loans will only be made to persons who the Plan Administrator determines to have the ability to repay the loan. The loans bear interest at a rate commensurate with local prevailing rates. In 2024 and 2023, the interest rate for new loans was the Wall Street Journal Prime rate, ranging from 3.25% to 8.50%. Principal and interest are paid ratably through weekly payroll deductions. Upon termination, those who have outstanding loans have 90 days to repay the total balance. In the event it is not repaid, the amount due is deducted from the vested balance as a deemed distribution. Deemed distributions in 2024 and 2023 were \$6,145 and \$6,264, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP) as applied to employee benefit plans, and in accordance with the Plan agreement.

2. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is defined as the price that would be received by the plan for an asset or paid by the Plan to transfer a liability in an orderly transaction between market participants at the measurement date. The plan follows a three-level fair value hierarchy that prioritizes the inputs to measure fair value with the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements)

Purchases and sales of securities are recorded on a mutual trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Payment of Benefits

Benefits are recorded when paid.

4. Other Employer Contribution Receivable

Amounts receivable from the employer for corrective contributions to the plan are recorded as an asset with a corresponding addition to Net Assets Available for Benefits.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

6. Excess Participant Contributions

Amounts payable to participants for contributions in excess of the amount allowed by the IRS are recorded as a liability with a corresponding reduction to Net Assets Available for Benefits.

7. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

8. Subsequent Events

The Company has evaluated subsequent events through September 24, 2025 which is the date that the financials were available to be issued.

C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

D. TAX STATUS

In November 2017, the Plan adopted the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated June 30, 2020. The letters state that the prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Trustees and prototype sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan also uses a more-likely-than-not measurement for all tax positions taken or expected to be taken on a tax return for those tax positions to be recognized in the financial statements. If the Plan were to incur interest and penalties related to income taxes, these would be included in the provision for income taxes. Generally, the three tax years previously filed remain subject to examination by federal and state tax authorities.

E. PLAN EXPENSES/PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain fees and other expenses for administering the Plan. The investment expenses for sales commissions are paid by the plan. Fees related to participant loans and benefit payments are charged directly to that participant's account.

Certain plan investments or shares of mutual funds, money market fund, corporate stock and insurance contracts are offered by Voya Financial. Voya Financial is the custodian and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for custodian services totaled \$15,450 and \$7,250 for the years ended December, 31, 2024 and 2023, respectively.

G. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2024 and 2023.

Self-directed brokerage account: Valued at the closing price reported on the active market on which the individual securities within the self-directed brokerage account are traded.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

G. FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts: Valued at the net asset value of the underlying pool of securities. The pooled separate accounts may be redeemed at any time. The objectives of the pooled separate accounts include, but are not limited to, the achievement of long-term growth of capital and income.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits, as of December 31:

	<u>Total Fair Value</u>	<u>Quoted Prices (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>2024</u>				
Self-directed brokerage account	\$ 2,006,056	\$ 2,006,056	\$ 0	\$ 0
Investments measured at net asset value:				
Pooled separate accounts	<u>11,507,971</u>	<u>0</u>	<u>0</u>	<u>0</u>
Investments at fair value	<u>\$ 13,514,027</u>	<u>\$ 2,006,056</u>	<u>\$ 0</u>	<u>\$ 0</u>
<u>2023</u>				
Self-directed brokerage account	<u>\$ 1,900,297</u>	\$ 1,900,297	\$ 0	\$ 0

Investments at fair value	<u>\$10,406,571</u>	<u>\$ 1,900,297</u>	<u>\$ 0</u>	<u>\$ 0</u>

The fair values of mutual funds and self-directed brokerage accounts are based on quoted prices in active markets.

TWINCRAFT, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

G. FAIR VALUE MEASUREMENTS (continued)

The fair value of pooled separate accounts is measured using NAV based on inputs other than quoted prices included within the fair value determination of mutual funds that are observable for the asset or liability either directly or indirectly through corroboration with observable market data. The fair value of pooled separate accounts is measured using NAV of the underlying mutual funds or net asset shares which are valued daily. Redemption for pooled separate accounts is permitted daily with no restrictions and same-day or one-day notice periods and there are no unfunded commitments.

H. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

In July 2015, the FASB issued *Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962 and Health and Welfare Benefit Plans (Topic 965) (ASU 2015-12)*. ASU 2015-12 removes the requirement to report fully-benefit responsive investment contracts at fair value. ASU 2015-12 becomes effective for fiscal years beginning after December 15, 2015, with earlier application permitted. The plan elected to apply ASU 2015-12 early for the 2015 plan year.

The guaranteed investment contract held by the Plan is a fully benefit-responsive single group annuity contract with a fixed rate of interest. Voya Retirement and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Voya Retirement and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable to not occur.

The guaranteed investment contract does not have a surrender charge.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

J. SECURE 2.0 ACT OF 2022

In December 2022 Securing a Strong Retirement Act (Secure 2.0) was signed into law. Certain provisions of Secure 2.0 were effective in 2023, whereas other provisions are effective for 2024 or later years. The provisions include both required and optional elements. The Plan adopted the required minimum distribution at age 73 effective January 1, 2023 and adopted certain provisions for long-term part-time employees effective May 2024.

K. SUBSEQUENT EVENT

Effective July 1, 2025, the Plan was amended to allow eligible participants to enter the plan on the first day of the calendar month, to coincident with or next following the date the employee completes 3 months of service, measured from the date of hire, provided that the employee remains eligible at the end of the period.
