## Report of Independent Auditor

To the Plan Administrator and Participants  
The Lovett School Retirement Plan  
Atlanta, Georgia

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Lovett School Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# THE LOVETT SCHOOL RETIREMENT PLAN

## NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

---

### Note 1—Description of the Plan

The following is a brief description of The Lovett School Retirement Plan (the “Plan”). Participants or other interested parties should refer to the Plan agreement for a more complete description of the Plan’s provisions.

*General* – The Plan is a defined contribution plan adopted by The Lovett School, Inc. (the “School”), effective January 1, 1975, to provide deferred tax benefits, savings, and matching employer contributions to eligible employees and recently amended on January 1, 2019. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

*Administration* – The Plan is administered by the School, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. SageView Advisory Group, LLC (“SageView”) serves as the co-fiduciary to the Plan. Teachers Insurance and Annuity Association-College Retirement and Equities Fund (“TIAA-CREF” or “TIAA”) serves as the “Custodian” of the Plan’s assets. The School has also outsourced the recordkeeping function of the Plan to TIAA-CREF.

*Eligibility* – Employees are typically eligible to participate in the Plan once employment commences and may enter the Plan at any time.

*Contributions* – Participants may contribute up to the applicable limit pursuant to Internal Revenue Code (“IRC”) Section 403(b) of their pre-tax annual compensation, as defined by the Plan, subject to certain limitations for highly compensated individuals. Participants who attained age 50 before the end of the Plan year may make additional catch-up contributions, while participants with at least 15 years of service may make special long service catch-up contributions in accordance with Plan provisions. The Plan provides for automatic enrollment for elective deferrals. The automatic elective deferral is initially 3% of compensation, with a 1% increase per year up to a maximum of 6% for employees who are automatically enrolled. Participants are eligible for employer-matching contributions after completing one year of service. During the years ended December 31, 2024 and 2023, the School made an employer-matching contribution of 100% of the first 6% of all compensation that a participant contributes to the Plan. In addition to the employer-matching contribution, the employer provides a service-graded contribution. Once the participant meets the service requirement threshold, the applicable contribution percentage is effective the following January 1. During the years ended December 31, 2024 and 2023, the School’s service-graded employer contribution was as follows:

<u>Years of Service</u>	<u>Contribution Percentage</u>
Less than or equal to 3 years	2%
Greater than 3, but less than or equal to 6 years	3%
Greater than 6 years	6%

*Participant Accounts* – Each participant’s account is credited with the participant’s contribution, the School’s contributions, and an allocation of the investment income. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

*Plan Loans* – The Plan does not permit participant loans.

*Vesting Requirements* – Participants are immediately vested in their voluntary contributions and the School’s contributions plus actual earnings thereon.

# THE LOVETT SCHOOL RETIREMENT PLAN

## NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

---

### Note 1—Description of the Plan (continued)

*Investment Options* – Upon enrollment in the Plan, a participant may direct 100% of their allocation of contributions with TIAA-CREF. Within TIAA-CREF, participants may select between several investment options. Participants may transfer balances periodically based on the applicable funds as defined in the custodial services agreement.

*Benefits Paid to Participants* – Upon termination of service due to retirement, attainment of age 59½, attainment of normal retirement age before severance from employment, termination, death, or disability, a participant or representative may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, upon written request and approval, participants may withdraw some or all of the elective contributions in their employee contribution account if the withdrawal is necessary due to hardship.

### Note 2—Summary of significant accounting policies

*Basis of Presentation* – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

*Use of Estimates* – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition* – The Plan’s investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

*Risk and Uncertainties* – Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

*Payments of Benefits* – Benefits are recorded when paid.

*Administrative Expenses* – Unless stated otherwise, Plan administration and accounting expense are shared by the School and the Plan. For the year ended December 31, 2024, the Plan paid expenses in the amount of \$87,157 for the IRC Section 321 co-fiduciary fee.

### Note 3—Fair value measurements

The Plan follows the *Fair Value Measurements Topic 820* of the Financial Accounting Standards Board Accounting Standards Codification, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

# THE LOVETT SCHOOL RETIREMENT PLAN

## NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

---

### Note 3—Fair value measurements (continued)

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The standard describes three levels of inputs that may be used to measure fair value:

*Level 1* – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

*Level 2* – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and the fair value can be determined through the use of models or other methodologies; and

*Level 3* – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

*Money Market Fund* – This investment is a cash equivalent and is valued using amortized cost to the extent that periodic fair value approximates market value. The amortized cost is provided by the administrator of the fund. The amortized cost is classified within Level 1 of the valuation hierarchy because unit prices are quoted on an active market and are made up of mostly cash or high-quality money market funds which are based on the value of \$1.

*Mutual Funds* – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

*Pooled Separate Account (“Real Estate Fund”)* – These assets are not available in an exchange or active market; however, the fair value is determined based on NAV of the underlying assets as traded in an exchange or active market. The Real Estate Fund generally invests in real estate properties and real estate related investments. The value of the fund is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The fund sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. The fund represents investment in an asset mix that seeks to generate favorable, long-term returns primarily through rental income and appreciation of real estate and real estate related investments owned by the fund. The fund will also invest in non-real estate related, publicly traded securities and short-term, higher quality liquid investments that are easily converted to cash to enable the fund to meet participant redemption requests at the quoted daily unit value, purchase or improve properties, or cover expense needs. The Real Estate Fund is measured at fair value using NAV per share and is classified within Level 1 of the valuation hierarchy.

**THE LOVETT SCHOOL RETIREMENT PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2024 AND 2023

**Note 3—Fair value measurements (continued)**

*Non-Benefit Responsive Guaranteed Investment Contracts (Unallocated Insurance Contracts)* – These investments are unallocated guaranteed fixed income annuities backed by TIAA-CREF’s claims paying ability whereby the annuities guarantee principal and minimum interest rates, plus opportunity for additional amounts in excess of the guaranteed rates. The annuity contracts are not traded and significant other observable inputs are not available. The guaranteed investment contracts are classified within Level 3 of the valuation hierarchy and are primarily valued using discounted cash flow techniques.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Below are the Plan’s financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Money market funds	\$ 1,016,283	\$ -	\$ -	\$ 1,016,283

**Note 3—Fair value measurements (continued)**

The following table reconciles the beginning and ending balances of guaranteed investment contracts for fair value using significant unobservable inputs (Level 3) for the year ended December 31, 2024:

Balance, December 31, 2023	\$ 18,515,533
Purchases	920,788
Withdrawals, disbursements, and settlements, net	(2,131,988)
Investment income	823,865
Balance, December 31, 2024	<u>\$ 18,128,198</u>

*Non-Fully Benefit-Responsive* - Non-benefit responsive investments are presented at fair value and utilize Level 3 techniques. The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Rate Ranged (Weighted Average)</u>
Guaranteed investment contracts	\$ 18,128,198	Discounted cash flow	Risk-adjusted discount rate applied	3.00% - 5.75%

  

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Rate Ranged (Weighted Average)</u>
Guaranteed investment contracts	\$ 18,515,533	Discounted cash flow	Risk-adjusted discount rate applied	3.00% - 5.50%

The Plan invests in guaranteed investment contracts, which consist of guaranteed fixed annuity contracts with TIAA-CREF. TIAA-CREF maintains the contributions in the TIAA-CREF General Account. TIAA groups the premium dollars it receives over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to participant's accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses, and an amount set aside for contingency reserves. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which approximates fair value. Guaranteed investment contracts are valued at fair value provided by TIAA, which approximates contract value when applicable.

**THE LOVETT SCHOOL RETIREMENT PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2024 AND 2023

**Note 4—Guaranteed investment contracts (continued)**

*Fully Benefit-Responsive* – For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. TIAA-CREF indicates that contract value approximates fair value for these investments at December 31, 2024 and 2023. The crediting interest rate is based on a formula agreed upon with the issuer and may not be less than 3%. Such interest rates are reviewed on an annual basis for resetting. The average yield on the contracts based on actual earnings for each of the years ended December 31, 2024 and 2023 was 5.3% and 4.6%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger into another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the School or other School events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

# THE LOVETT SCHOOL RETIREMENT PLAN

## NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

---

### **Note 6—Party-in-interest transactions**

Plan investments are shares of mutual funds, pooled separate accounts, and guaranteed investments contracts managed by TIAA-CREF, the Plan's Custodian. TIAA-CREF is a service provider of the Plan and, therefore, transactions in these investments are party-in-interest transactions. Fees paid by the Plan for the investment management services of TIAA-CREF and direct Plan fees amounted to \$324,073 for the year ended December 31, 2024, which is included within net appreciation in fair value of investments within the statement of changes in net assets available for benefits.

### **Note 7—Plan termination**

The School believes the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

### **Note 8—Tax status**

The Internal Revenue Service ("IRS") is developing a determination letter program for Section 403(b) plans; however, the procedures for a Section 403(b) plan determination letter program have not been issued. The Plan is designed through a prototype plan and the prototype sponsor as well as the Plan's sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

### **Note 9—Subsequent events**

Subsequent events have been evaluated by management through August 20, 2025, the date these financial statements were available to be issued.
