Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **LAVINE, LOFGREN, MORRIS & ENGEL**

(2) EIN: **33-0690020**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Fairfield 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financials statements of Fairfield 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charges with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditors' Report (Continued)

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FAIRFIELD 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN

The Fairfield 401(k) Plan is sponsored by FF Properties L.P. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective in 1996, is a defined contribution plan covering all employees who are at least 21 years of age and who have completed 30 days of service. The Plan generally excludes any employees who are nonresident aliens with no United States of America ("U.S.") source income as well as employees subject to collective bargaining agreements.

The Plan's trustee and custodian is Empower Trust Company, LLC ("Empower"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Elective Contributions – The Plan allows eligible participants to make elective salary reduction contributions. Participant contributions include those made by election of the employee in an amount up to 100% of eligible pre-tax compensation, as defined by the Plan and subject to limitations imposed by the Internal Revenue Code ("Code").

Participants who are age 50 or older may elect to defer additional pre-tax amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing distributions from other qualified sources.

Automatic Enrollment and Contributions – The Plan has adopted automatic enrollment and automatic contribution escalation features, such that participants (except those who affirmatively elect a specific percentage or affirmatively elect to not participate) automatically have 4% of their eligible pre-tax compensation deferred into the Plan. Additionally, the Plan automatically increases deferral percentages by 1% for participants who were subject to the automatic enrollment provisions described above and those who affirmatively elect to defer. Automatic increases are scheduled to occur each year on the anniversary of the participant's hire date (unless a different date is selected by a participant) until the participant's deferral percentage reaches 10%.

At any time, participants are able to affirmatively elect deferral percentages of their choosing and/or request automatic escalations to occur in a future period. Also, at any time participants may decline participation (opt-out) and/or decline to have their deferral rates escalated automatically.

Employer Contributions

The terms of the Plan allow the Company to make discretionary matching contributions equal to a specified percentage of a participant's compensation. For 2024, the discretionary matching contribution is equal to 50% of a participant's deferral contributions with a maximum matching contribution of \$5,000.

FAIRFIELD 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based upon years of credited service using the elapsed time method. The vesting schedule is 20% after 2 years of credited service and an additional 20% for each additional year of service until 100% vested after 6 years of credited service. A year of credited service is based on each twelve-month period of employment from a participant's date of hire.

In addition, participants automatically become fully vested upon the attainment of normal retirement age (65) while employed, upon termination due to disability or death, or upon termination of the Plan.

Forfeitures

Forfeitures are used to reinstate previously forfeited amounts (account balances of participants who previously forfeited), offset administrative expenses of the Plan, and reduce the Company's contributions to the Plan. During 2024, \$437,833 was forfeited from participant accounts for non-vested amounts and \$471,415 was used to reduce the Company's 2024 employer contributions. During 2024, the forfeiture account had investment gains and other adjustments of \$11,637. As of December 31, 2024 and 2023, the forfeiture balance was \$91,975 and \$113,920, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions (if any), and an allocation of Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. Upon enrollment in the Plan, a participant may direct contributions and investments to any of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested interest in their account balances. Loans are required to be repaid within 5 years unless the loan is used to acquire a principal residence, for which the repayment period is up to 10 years. The loans are secured by half of the participant's vested interests in his/her account balance. The loans bear interest at rates determined by the Plan administrator. The interest rates on loans as of December 31, 2024 ranged from 4.25% to 9.50%. Principal and interest are paid regularly through payroll deductions.

FAIRFIELD 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon death, termination, retirement, attaining age 59½, and/or hardship, participants may elect to receive a distribution of their account in lump sum, or defer distribution if the account exceeds \$5,000. Initial distributions must begin no later than April 1st following the Plan year in which the later of the following two events occurs: 1) the participant attains age 70½ or 2) termination of employment. At its discretion, the Plan may elect to distribute vested account balances of less than \$7,000. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE” Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The Plan was formally amended in May 2023 to provide for the provisions of the SECURE Act.

The distribution provisions of the SECURE Act were modified by the SECURE Act 2.0 of 2022 (“SECURE 2.0”) (Note 10), such that beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reaches the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

Effective January 1, 2021, the Plan adopted another provision of the SECURE Act. In the event of the birth or adoption of a child, this provision allows the Plan’s participants to take a qualified birth or adoption distribution (“QBAD”) of up to \$5,000. QBADs are not subject to the 10% early withdrawal penalty or the mandatory 20% withholding rules which apply to other types of distributions. A participant receiving a QBAD may repay all or part of the distribution as a rollover contribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its books and financial records, including these financial statements, using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this method, contributions and revenues are recognized when received, rather than when earned, and expenses and excess contributions are recorded when paid, not when incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

FAIRFIELD 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for information regarding the Plan's investment in a fully benefit-responsive contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of pooled separate accounts and mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses, charged to participant accounts and expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, dividends, and interest income, including interest income on notes receivable from participants, for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, the trustee and custodian of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument’s anticipated life.

Level 3 – Inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management’s best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2024 and 2023:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective investment trusts: Valued at the net asset value of units of the collective trusts. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the separate accounts unit value of shares held by the Plan. Separate accounts’ unit value is based upon the fair value of the underlying investments on the last business day of the Plan year as determined and published by Empower Annuity Insurance Company (“EAIC”).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes certain characteristics of the Plan's investment in the common/collective investment trusts (for which fair value is measured using the net asset value per share practical expedient) as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments, and the redemption notice periods are applicable only to the Plan.

FAIRFIELD 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan includes a Guaranteed Income Fund, which holds a group annuity insurance contract with EAIC. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for financial statement reporting of fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. This product is not considered a guaranteed investment contract as it has no maturity date or penalty for early withdrawal and there are not any known cash flows that could be discounted. The average rate of return on the guaranteed income fund during 2024 was 2.03%.

The Plan's ability to receive amounts due in accordance with the investment contract is dependent on EAIC's ability to meet its financial obligations which may be affected by future economic and regulatory developments. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Company has adopted a defined contribution pre-approved plan and relies upon the pre-approved plan's opinion letter from the Internal Revenue Service ("IRS"), which states that, in its opinion, the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the current Plan document. Although the pre-approved plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

FAIRFIELD 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain administrative services for the Plan at no cost to the Plan. Additionally, certain Plan investments are managed by the trustee of the Plan, Empower, which earns a fee for the services. These transactions qualify as exempt party-in-interest transactions.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 10. SECURE ACT 2.0

On December 29, 2022, SECURE 2.0 became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to distributions described in Note 1, SECURE 2.0 includes various required and optional provisions that became effective beginning in 2023 and will continue to become effective through 2033, certain of which are described below.

- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
