## Independent Auditor's Report

The Plan Administrator  
Noodles & Company 401(k) Plan  
Broomfield, Colorado

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Noodles & Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Plan Description

The following brief description of the Noodles & Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan established October 1, 2003 and amended and restated effective January 1, 2022, covering substantially all employees of Noodles & Company (the Company) that have reached the age of 21 and completed 30 days of service. Effective October 1, 2024, participants can enter the Plan immediately upon meeting the eligibility requirements. Prior to October 1, 2024, participants would enter the Plan on the first day of each month after meeting the eligibility requirements. Independent contractors, residents of Puerto Rico, and tour guides are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

#### *Issuer and Administration of the Plan*

Effective December 2022, Standard Insurance Company (The Standard) purchased Securian Financials' (Securian) retirement plan business, who was previously the recordkeeper of the Plan. During 2024, the Plan transitioned from Securian to The Standard.

Effective February 26, 2024, The Standard took over Minnesota Life Insurance Company's (MLIC or Issuer) insurance products held in the Plan and became the Plan's recordkeeper. The administrator of the Plan is the Company. The Standard holds all assets of the Plan in accordance with the provisions of the insurance contract with the Company. The Company and the Plan's Investment Advisor (the Advisor) determines the Plan's investment offerings and monitors investment performance.

#### *Participant Contributions*

Eligible participants may contribute on a pre-tax or after-tax Roth basis up to 100% of their qualifying annual compensation, in 1% increments, as elected in their salary deferral agreements. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the plan administrator and the Plan Document. Participants may change their contribution percentages at any time. A participant may cease making pre-tax and after-tax Roth contributions at any time.

Deferral contributions (pre-tax and after-tax Roth) shall not exceed certain limits as set forth by the Internal Revenue Code (IRC). In addition, those participants age 50 or older are allowed additional catch-up contributions based on IRC limitations.

#### *Rollover Contributions*

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) are allowed as permitted by the Plan Document.

## Notes to Financial Statements

---

### ***Employer Contributions***

The Company may make a discretionary matching contribution in the amount determined by the Company. The discretionary matching contribution, if any, may be made based on a tiered formula as determined by the Company or limited to a specified percentage of compensation. For the year ended December 31, 2024, the Company made a discretionary matching contribution of 25% of participant deferrals up to 4% of eligible compensation on a pay period basis. The discretionary matching contribution is invested in the same manner as the participants' contributions. Additional qualified non-elective contributions may also be made to all participants that are active as of the last day of the Plan year. The Company did not make a qualified non-elective contribution for the year ended December 31, 2024.

### ***Participant Accounts and Investment Options***

Each participant's account is credited with the allocation of: (a) participant's contributions, including rollovers, (b) Company matching contributions, (c) Company discretionary matching, additional qualified non-elective, and discretionary contributions, if any, and (d) an allocation of net Plan earnings or losses and charged with an allocation of expenses paid by the Plan. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may make investment option changes at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### ***Participant Notes Receivable***

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested interest in the Plan. A participant may have two loans outstanding at any given time. Notes bear a reasonable rate of interest which is fixed through the term of the note. The maximum note term is five years. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Notes are considered delinquent 90 days after due. Participant notes held by the Plan bear an interest rate between 4.25% and 9.50% as of December 31, 2024.

### ***Vesting***

Participants are immediately 100% vested in their pre-tax deferral, Roth, catch-up and rollover contributions, qualified non-elective contributions, and the allocated earnings thereon. Company discretionary matching contributions and other discretionary contributions vest at 25% each year after one year of service becoming fully vested after four years. Upon death, total disability, reaching normal retirement age (age 59½), or termination of the Plan, a participant's account becomes fully vested.

### ***Forfeitures***

Forfeitures arising from non-vested contributions may be used to offset future discretionary matching contributions or to pay plan expenses. As of December 31, 2024 and 2023, there was a balance of

# Noodles & Company 401(k) Plan

## Notes to Financial Statements

---

\$43,417 and \$4,976, respectively, in the forfeiture accounts. During 2024, no forfeitures were used to reduce the discretionary matching contributions and \$18,008 were used to pay Plan expenses.

### ***Benefit Payments***

A participant's vested interest in the Plan is payable upon death, attainment of normal retirement age (59½), becoming disabled, as defined, or termination of service. Upon termination of service, a participant may elect to receive either a lump-sum amount, leave the account in the Plan, or rollover the vested balance to another qualified plan or IRA. All terminated participants with an account balance of \$5,000 or less will be rolled over into an IRA in the name of the participant if they do not elect another form of distribution.

In-service and hardship withdrawals are also allowed by the Plan if certain criteria are met.

## **2. Summary of Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared using the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are stated at fair value (as further described in Note 4), except for the fully benefit-responsive investment contract which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and the Issuer.

The Plan entered into the Guaranteed Return Account (the Fund) issued by MLIC, which is a fixed-rate group annuity contract. The Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fund is a general account product and is credited with participant and employer contributions and earnings on the fund and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0.25% and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

# Noodles & Company 401(k) Plan

## Notes to Financial Statements

---

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any of these events would limit the Plan's ability to transact at contract value.

Interest income is recorded as earned on the accrual basis. Purchases and sales are recorded on a trade-date basis. The net appreciation in the fair value of investments represents the realized and unrealized gains and losses on the investments.

### ***Contributions***

Employee contributions and related Company discretionary matching contributions are recorded in the period payroll deductions are made. Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. For the year ended December 31, 2023, the Company prefunded employee and employer discretionary contributions related to the 2024 Plan years and it is recorded as a liability on the statements of net assets available for benefits as of December 31, 2023.

### ***Participant Notes Receivable***

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan balance to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### ***Benefit Payments***

Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no pending distributions.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Additional recordkeeper and investor advisor fees are allocated to participant's accounts in the proportion that the balance of each participant's account bears to the total balance of all record-keeper and investor advisor fees. Certain additional fees may also be netted with investment earnings or losses.

### 3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, The Standard and MLIC, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as reported in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest income, and interest earned on participant notes receivable as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment amounts included in the notes to financial statements.
- All investment information included in supplemental Schedule H (Form 5500), Line 4i -Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

# Noodles & Company 401(k) Plan

## Notes to Financial Statements

---

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023:

*Insurance Company Pooled Separate Accounts* - These accounts are valued based on the redemption price of units held by the Plan, which is based on the fair value of the separate account's underlying assets. Unit values are determined daily by the Issuer by applying the net asset value (NAV) of the underlying fund less a management fee. These funds are direct filing entities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

### ***December 31, 2024***

	Level 1	Level 2	Level 3	Total
<b>Total Assets</b> , in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments, measured at NAV <sup>(a)</sup>				24,402,294
<b>Total Investments</b> , at fair value				\$ 24,402,294

### ***December 31, 2023***

	Level 1	Level 2	Level 3	Total
<b>Total Assets</b> , in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments, measured at NAV <sup>(a)</sup>				22,343,149
<b>Total Investments</b> , at fair value				\$ 22,343,149

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### *Investments Measured Using the NAV per Share Practical Expedient*

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

## **5. Income Tax Status**

The Plan adopted a non-standardized pre-approved profit-sharing plan document. The IRS has determined and informed the pre-approved profit-sharing plan document, by an opinion letter dated June 30, 2020, that the pre-approved profit-sharing plan document qualifies under Code Section 401. The plan administrator believes that the Plan, as amended, is designed and being currently operated in compliance with the applicable sections of the IRC. Accordingly, no federal or state income taxes have been accrued in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **6. Related Party and Party-in-Interest Transactions**

The Plan invests in pooled separate accounts and a guaranteed interest fund held in a group annuity contract issued by MLIC. Administrative fees were paid from the Plan to The Standard and its affiliates during the year ended December 31, 2024. Investor advisor fees were paid to the Advisor during the year ended December 31, 2024. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

## **7. Plan Termination**

Although the Company has not expressed any intent to discontinue the Plan, it may do so at any time. In the event of termination of the Plan, participants become fully vested in all accounts and the assets of the Plan and shall be distributed to the participants in proportion to their respective account balances.

### **8. Concentrations, Risks, and Uncertainties**

The Plan provides for various investments in pooled separate accounts and a guaranteed interest fund. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024 and 2023, there were three investments which individually represented more than 10% of investments held. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held as of December 31, 2024.

### **9. Reconciliation of Financial Statements to Form 5500**

Excess contributions refunded are reported net with participant contributions on the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes they are shown as distributions.

### **10. Subsequent Events**

The Company has evaluated subsequent events through September 19, 2025, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.

## Independent Auditor's Report

The Plan Administrator  
Noodles & Company 401(k) Plan  
Broomfield, Colorado

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Noodles & Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Noodles & Company 401(k) Plan

## Notes to Financial Statements

---

### 1. Plan Description

The following brief description of the Noodles & Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan established October 1, 2003 and amended and restated effective January 1, 2022, covering substantially all employees of Noodles & Company (the Company) that have reached the age of 21 and completed 30 days of service. Effective October 1, 2024, participants can enter the Plan immediately upon meeting the eligibility requirements. Prior to October 1, 2024, participants would enter the Plan on the first day of each month after meeting the eligibility requirements. Independent contractors, residents of Puerto Rico, and tour guides are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

#### *Issuer and Administration of the Plan*

Effective December 2022, Standard Insurance Company (The Standard) purchased Securian Financials' (Securian) retirement plan business, who was previously the recordkeeper of the Plan. During 2024, the Plan transitioned from Securian to The Standard.

Effective February 26, 2024, The Standard took over Minnesota Life Insurance Company's (MLIC or Issuer) insurance products held in the Plan and became the Plan's recordkeeper. The administrator of the Plan is the Company. The Standard holds all assets of the Plan in accordance with the provisions of the insurance contract with the Company. The Company and the Plan's Investment Advisor (the Advisor) determines the Plan's investment offerings and monitors investment performance.

#### *Participant Contributions*

Eligible participants may contribute on a pre-tax or after-tax Roth basis up to 100% of their qualifying annual compensation, in 1% increments, as elected in their salary deferral agreements. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the plan administrator and the Plan Document. Participants may change their contribution percentages at any time. A participant may cease making pre-tax and after-tax Roth contributions at any time.

Deferral contributions (pre-tax and after-tax Roth) shall not exceed certain limits as set forth by the Internal Revenue Code (IRC). In addition, those participants age 50 or older are allowed additional catch-up contributions based on IRC limitations.

#### *Rollover Contributions*

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) are allowed as permitted by the Plan Document.

### ***Employer Contributions***

The Company may make a discretionary matching contribution in the amount determined by the Company. The discretionary matching contribution, if any, may be made based on a tiered formula as determined by the Company or limited to a specified percentage of compensation. For the year ended December 31, 2024, the Company made a discretionary matching contribution of 25% of participant deferrals up to 4% of eligible compensation on a pay period basis. The discretionary matching contribution is invested in the same manner as the participants' contributions. Additional qualified non-elective contributions may also be made to all participants that are active as of the last day of the Plan year. The Company did not make a qualified non-elective contribution for the year ended December 31, 2024.

### ***Participant Accounts and Investment Options***

Each participant's account is credited with the allocation of: (a) participant's contributions, including rollovers, (b) Company matching contributions, (c) Company discretionary matching, additional qualified non-elective, and discretionary contributions, if any, and (d) an allocation of net Plan earnings or losses and charged with an allocation of expenses paid by the Plan. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may make investment option changes at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### ***Participant Notes Receivable***

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested interest in the Plan. A participant may have two loans outstanding at any given time. Notes bear a reasonable rate of interest which is fixed through the term of the note. The maximum note term is five years. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Notes are considered delinquent 90 days after due. Participant notes held by the Plan bear an interest rate between 4.25% and 9.50% as of December 31, 2024.

### ***Vesting***

Participants are immediately 100% vested in their pre-tax deferral, Roth, catch-up and rollover contributions, qualified non-elective contributions, and the allocated earnings thereon. Company discretionary matching contributions and other discretionary contributions vest at 25% each year after one year of service becoming fully vested after four years. Upon death, total disability, reaching normal retirement age (age 59½), or termination of the Plan, a participant's account becomes fully vested.

### ***Forfeitures***

Forfeitures arising from non-vested contributions may be used to offset future discretionary matching contributions or to pay plan expenses. As of December 31, 2024 and 2023, there was a balance of

---

\$43,417 and \$4,976, respectively, in the forfeiture accounts. During 2024, no forfeitures were used to reduce the discretionary matching contributions and \$18,008 were used to pay Plan expenses.

### ***Benefit Payments***

A participant's vested interest in the Plan is payable upon death, attainment of normal retirement age (59½), becoming disabled, as defined, or termination of service. Upon termination of service, a participant may elect to receive either a lump-sum amount, leave the account in the Plan, or rollover the vested balance to another qualified plan or IRA. All terminated participants with an account balance of \$5,000 or less will be rolled over into an IRA in the name of the participant if they do not elect another form of distribution.

In-service and hardship withdrawals are also allowed by the Plan if certain criteria are met.

## **2. Summary of Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared using the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are stated at fair value (as further described in Note 4), except for the fully benefit-responsive investment contract which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and the Issuer.

The Plan entered into the Guaranteed Return Account (the Fund) issued by MLIC, which is a fixed-rate group annuity contract. The Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fund is a general account product and is credited with participant and employer contributions and earnings on the fund and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0.25% and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

## Notes to Financial Statements

---

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any of these events would limit the Plan's ability to transact at contract value.

Interest income is recorded as earned on the accrual basis. Purchases and sales are recorded on a trade-date basis. The net appreciation in the fair value of investments represents the realized and unrealized gains and losses on the investments.

### ***Contributions***

Employee contributions and related Company discretionary matching contributions are recorded in the period payroll deductions are made. Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. For the year ended December 31, 2023, the Company prefunded employee and employer discretionary contributions related to the 2024 Plan years and it is recorded as a liability on the statements of net assets available for benefits as of December 31, 2023.

### ***Participant Notes Receivable***

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan balance to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### ***Benefit Payments***

Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no pending distributions.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Additional recordkeeper and investor advisor fees are allocated to participant's accounts in the proportion that the balance of each participant's account bears to the total balance of all record-keeper and investor advisor fees. Certain additional fees may also be netted with investment earnings or losses.

### 3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, The Standard and MLIC, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as reported in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest income, and interest earned on participant notes receivable as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment amounts included in the notes to financial statements.
- All investment information included in supplemental Schedule H (Form 5500), Line 4i -Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

# Noodles & Company 401(k) Plan

## Notes to Financial Statements

---

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023:

*Insurance Company Pooled Separate Accounts* - These accounts are valued based on the redemption price of units held by the Plan, which is based on the fair value of the separate account's underlying assets. Unit values are determined daily by the Issuer by applying the net asset value (NAV) of the underlying fund less a management fee. These funds are direct filing entities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

### ***December 31, 2024***

	Level 1	Level 2	Level 3	Total
<b>Total Assets</b> , in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments, measured at NAV <sup>(a)</sup>				24,402,294
<b>Total Investments</b> , at fair value				\$ 24,402,294

### ***December 31, 2023***

Investments, measured at NAV <sup>(a)</sup>				22,343,149
<b>Total Investments</b> , at fair value				\$ 22,343,149

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### *Investments Measured Using the NAV per Share Practical Expedient*

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

## **5. Income Tax Status**

The Plan adopted a non-standardized pre-approved profit-sharing plan document. The IRS has determined and informed the pre-approved profit-sharing plan document, by an opinion letter dated June 30, 2020, that the pre-approved profit-sharing plan document qualifies under Code Section 401. The plan administrator believes that the Plan, as amended, is designed and being currently operated in compliance with the applicable sections of the IRC. Accordingly, no federal or state income taxes have been accrued in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **6. Related Party and Party-in-Interest Transactions**

The Plan invests in pooled separate accounts and a guaranteed interest fund held in a group annuity contract issued by MLIC. Administrative fees were paid from the Plan to The Standard and its affiliates during the year ended December 31, 2024. Investor advisor fees were paid to the Advisor during the year ended December 31, 2024. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

## **7. Plan Termination**

Although the Company has not expressed any intent to discontinue the Plan, it may do so at any time. In the event of termination of the Plan, participants become fully vested in all accounts and the assets of the Plan and shall be distributed to the participants in proportion to their respective account balances.

## Notes to Financial Statements

### **8. Concentrations, Risks, and Uncertainties**

The Plan provides for various investments in pooled separate accounts and a guaranteed interest fund. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024 and 2023, there were three investments which individually represented more than 10% of investments held. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held as of December 31, 2024.

### **9. Reconciliation of Financial Statements to Form 5500**

Excess contributions refunded are reported net with participant contributions on the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes they are shown as distributions.

### **10. Subsequent Events**

The Company has evaluated subsequent events through September 19, 2025, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
