INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Air Power, Inc & Production Systems, Inc. Retirement Savings
and Profit Sharing Plan
High Point, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Air Power, Inc. and Production Systems, Inc. Retirement Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of November 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended November 30, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of November 30, 2024 and 2023, and for the year ended November 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Air Power, Inc. and Production Systems, Inc. Retirement Savings and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Air Power, Inc. and Production Systems, Inc. Retirement Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Air Power, Inc. and Production Systems, Inc. Retirement Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Air Power, Inc. and Production Systems, Inc. Retirement Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as shown in the Table of Contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AIR POWER, INC. AND PRODUCTION SYSTEMS, INC. RETIREMENT SAVINGS AND PROFIT SHARING PLAN

Notes to Financial Statements

For the Year Ended November 30, 2024

1. DESCRIPTION OF PLAN

The following description of the Air Power, Inc & Production Systems, Inc. Retirement Savings (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan covers substantially all full-time employees of Air Power, Inc. and Production Systems, Inc. (the “Employer”), who are twenty-one or older. Participants can make deferrals immediately upon hire and are eligible for Company contributions after one year of service.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. The Plan also allows Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in Target Date funds until changed by the participant. The Company has elected to contribute 100% of the employees’ elective deferrals that do not exceed 3% of the employee’s compensation as defined by the Plan. The Company will also match 50% of employees’ elective deferrals that exceed 3% but do not exceed 5% of eligible compensation. Additional amounts may be contributed at the option of the Company’s board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Employer’s contributions, as well as the Plan’s earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their voluntary contributions and the Employer’s contribution plus actual earnings thereon.

Payment of Benefits

Benefit payments from the Plan may be made upon proper application by a participant for retirement, disability, financial hardships, death (in which case the payment is made to the beneficiary), or employment termination, as specified in the Plan document. In-service withdrawals are also permitted under certain circumstances. A participant can receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account.

Notes to Financial Statements

For the Year Ended November 30, 2024

1. DESCRIPTION OF PLAN, CONCLUDED

Forfeitures

Benefit payments to terminated employees partially vested in the Plan include their vested portion of the Employer's discretionary contributions. The nonvested portion of terminated participants' account balances is used to reduce the Employer's future contributions or pay the Plan's administrative expenses, as determined by the Employer at its sole discretion. As of November 30, 2024 and 2023, there were \$7,159 and \$0, respectively, of nonvested accounts available for future use. For the year ended November 30, 2024, \$2,734 forfeited nonvested accounts were used to pay plan expenses.

Investment Options

All investments are participant directed. Participants can choose from various investment options which consist of registered investment companies (mutual funds) held by Matrix Trust Company. Participants may allocate their contributions across these funds in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

Loans

Participant loans are not permitted under the terms of the plan agreement.

Administrative Expenses

The Employer may elect to pay the administrative expenses of the Plan. If not paid by the Employer, administrative expenses are required to be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments. All such costs and expenses will, unless allocable to the accounts of particular participants, be charged against the accounts of all participants on a pro-rata basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

AIR POWER, INC. AND PRODUCTION SYSTEMS, INC. RETIREMENT SAVINGS AND PROFIT SHARING PLAN

Notes to Financial Statements

For the Year Ended November 30, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONCLUDED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants are recorded as they are withheld from the participants' wages. Contributions from the Employer are recorded in the period in which the related participant contributions are due.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing the financial statements, the Plan administrator has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued.

3. INVESTMENTS

Matrix Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information for the years ended November 30, 2024 and 2023. All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

4. TAX STATUS

The Plan is the Air Power, Inc. and Production Systems, Inc. Retirement Savings and Profit Sharing Plan Prototype Non-Standardized Safe-Harbor Profit Sharing Plan with CODA. The IRS has determined and informed the Employer by a letter dated June 30, 2020, that the volume submitter plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Generally accepted accounting principles in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices: in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles in the United States of America are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value on a recurring basis. There have been no changes in the methodology used as of November 30, 2024.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. All investments held by the Plan are mutual funds and are deemed to be actively traded and are classified as level 1.

6. FAIR VALUE MEASUREMENTS, CONCLUDED

Common Collective Trust

Common collective trusts (CCT) are valued at fair value by the banking company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The CCT is considered an indirect investment in FBRICs which is carried at fair value using net asset value practical expedient on November 30, 2024. Therefore, it is not carried at contract value in the statements of net assets and is not categorized within the fair value hierarchy on November 30, 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes the Plan's valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine fair value of investments could result in a different fair value measurement as of the reporting date.

The following table presents the fair value hierarchy for the balances of assets of the Plan measured at fair value on a recurring basis as of November 30, 2024 and 2023:

Investment Assets at Fair Value as of November 30, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,289,688	\$ -	\$ -	\$ 17,289,688

Total investments	<u>\$ 17,289,688</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,086,074</u>

Investment Assets at Fair Value as of November 30, 2023

Mutual funds	\$ 17,509,511	\$ -	\$ -	\$ 17,509,511
Common collective trust - at NAV	-	-	-	780,762
Total investments	<u>\$ 17,509,511</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,290,273</u>

7. COMMON COLLECTIVE TRUST/STABLE VALUE FUND

The Federated Hermes Capital Preservation Fund is invested in instruments having fixed income characteristics, including, but not limited to, guaranteed investment contracts, security backed contracts, certificates of deposit, obligations fully guaranteed by the United States as to principal and interest, and money market funds.

Certain events limit the ability of the Plan to transact at net asset value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which could limit the Plan's ability to transact net asset value with participants are probable of occurring.

Notes to Financial Statements

For the Year Ended November 30, 2024

7. COMMON COLLECTIVE TRUST/STABLE VALUE FUND, CONCLUDED

The funds had no unfunded commitments at November 30, 2024 and 2023. Participant level transactions take place daily; typically the liquidation would be processed one business day after requested. Plan level liquidations require notice to Matrix Trust and could result in the Plan's investment in the stable value fund being placed into an investment only account for up to 12 months.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are held through Matrix Trust Company. Fees are paid to NWPS, the Plan administrator, and to Davenport & Company LLC, who provides investment advice. Air Power, Inc., the Plan sponsor, provides certain accounting and administrative services for which no fees are charged.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.
